—The public roads are in bad condition but if given half a chance they would dry up rapidly. Three or four days of dry weather would do the work.  
—Frank Joyce received a carload of flagstone paving last week, all of which had been ordered to be laid in the upper part of town. Let the good work go on.  
—The large bell was removed Monday from the old to the new M. E. church tower, where it will hereafter call the faithful, and "whosoever will," to worship.  
—Keep in mind the annual Easter supper to be given by the ladies of the M. E. church this evening, beginning at 5:30, in the W. R. C. hall. Go and get a good supper.  
—At license court in Warren last week all applicants holding licenses the past year were granted excepting one which was held over for a week. All new applications were refused.  
—The summer normal is an assured success if numbers count for anything. The committee is receiving applications daily and from all appearances the attendance will be larger than ever before.  
—At the first Presbyterian church yesterday morning the Rev. J. W. Smith invited the congregation to note that the members of the choir wore no hats. In this connection he asked that the members of the congregation also leave off their hats during services.—Warren Times. We fear the popular dominie is raising a delicate question right here at the very beginning of the Easter tide.

—Senator Penrose and Congressman Wheeler have sent a quantity of garden seeds to the REPUBLICAN office for distribution among their constituents. They will be given out to all who call as long as they last.

—The first and final account of Anna P. Clapp and J. J. Darlington, executors of the estate of the late John M. Clapp, late of Washington, D. C., has been filed in Franklin. The amount for distribution is \$335,378.76.

—Leeper has a factory for the manufacture of canvas gloves. B. A. Shotts & Son are at the head of the new industry which is turning out about 50 dozen pairs daily, and the capacity will shortly be increased to 200 dozen pairs.

—There will be no preaching services at the Presbyterian church next Sabbath, owing to the dedicatory services at the new M. E. church, and all attendants at the former are invited to participate in the services at the latter church.

—Chas. A. Anderson is still in business at the old stand and has 75,000 vegetable and flowering plants of all kinds ready for delivery at his greenhouses at the river bridge. Give him a call when you begin gardening. Prices reasonable. If

—Warren will have a very important Masonic meeting on or about April 23d, which will be attended by officers and members of the lodges of Warren, Forest and Venango counties, including the District Deputy Grand Master, W. H. Cullis, of Oil City.

—Thus far this year there have been 16,000 automobile licenses issued by the Pennsylvania Highway Department, this being 4000 ahead of the record for the same date last year. Applications are being handled at the rate of 100 a day. Look out for the buzz wagon.

—The early gardener is getting a trifle "cheery," and is about ready to tell you how he has onions and lettuce well on the way and about ready for the table. It's the substantial fellow that can furnish you with a good mess most any time you want it, that really counts.

—Remember the moving picture entertainment at the court house on the 15th inst., under the auspices of the Tionesta high school. The show comes with recommendations as one of the best on the road. Reserved seats can be had at Dunn & Fulton's drug store, beginning next Monday.

—If April showers bring forth May flowers, they likewise bring forth a whole lot of trouble and vexation to the fellow who is trying to get a few seeds into the ground that a start may be made toward a little early gardening. You see the pesky thing works both ways, and all is not sunshine and felicity.

—Prothonotary Geist, who recently purchased the Dr. Dunn property north of the doctor's residence, is remodeling and improving the surroundings considerably. A cellar and new foundation walls are being built, and the building will be set back so as to allow the erection of a new addition to the front, making a commodious and modern dwelling.

—If you forgot to plant a tree last Friday, one of the spring arbor days, you will have another opportunity given you on the 23d inst., which is the second day designated by the Governor for this laudable work. However, it is in order and a very good idea at any time to plant a tree or a dozen of them, regardless of any special arbor day proclamation.

—The State Department of Health has notified the Armstrong Water Company, at Kittanning, to take steps, within 90 days "to, at all times, furnish pure and wholesome water to its consumers, or the State Department of Health will be forced into the unpleasant duty of placing the entire subject in the hands of the Attorney General." Complaints entered by a citizen's water committee caused an investigation.

—The habit of treating those who are nearest and dearest to us with discourtesy and disregard is one that clouds the sunshine of too many homes, says an exchange. When we learn to be polite, not only to society people, but as husbands and wives, sisters and brothers, parents and children, we shall do well. No home can be happy wherein sarcastic speech and rude disregard for one another's rights is the rule.

—G. W. Osgood makes the following report of weather conditions for the month of March: Total rainfall 24 inches; snow 15 1/2 inches; coldest day, 18th, 10 degrees above zero; warmest day 9th, 55 degrees. One thunder storm occurred, on the 27th, during which snow fell thick and fast. In the corresponding month a year ago 51 inches of rain fell and 3 1/2 inches of snow; the lowest temperature was on the 19th, 14 degrees above zero.

—R. M. Hernan has forty-five acres of land under lease at the upper end of town and is getting the tools on the ground preparatory to drilling several wells. The first venture will be on the Kelly lot. A well drilled near this location over thirty years ago was pumped for a short time from the third sand, but the sand was hard and the well was abandoned. It is hoped to find a soft streak in the sand. Here's hoping for a gusher, Robert.

—William Bowers of Rouseville, shooter for the Harper Nitro-glycerine Company, who is well known in this vicinity, had a narrow escape Tuesday of last week, on the Hilton lease, near Oleopolis, when his team and wagon with 148 quarts of the deadly explosive upset and went over a 15-foot embankment. Two of the cans were smashed against a rock, their contents escaping, but strange to relate did not explode. It required the combined efforts of the well crew, the driver and a block and tackle to get the wagon back on the highway again, after which Bowers went on and shot the well without any further incident.

—An unusual transaction in which a Bradford man sold his wife to another man for 50 cents has been reported and the deal was binding in every particular. After passing the remark to a friend that he was tired of married life, the man said he would be willing to sell her for 50 cents if he could get it. The purchaser placed his hand in his pocket and pulled out several silver pieces and handed over a half to the owner of the wife. The wife was then informed of the transfer, and she remarked it "was so sudden," but entered no complaint. A matter of fact is that the woman appeared to be much pleased over the transfer. She procured her hat and coat and bade her husband good-bye and went to live with her new husband. She is still with him and appears to be happy.

—When you pull down the town in which is your home and your business, you are pulling down yourself, and when you build up your own town, you build up yourself and your neighbor. Try to banish from your mind the mistaken idea that good things are away off in some other locality. Give your town all the praise it can legitimately bear. It will certainly do you no harm and will cost you nothing, and above all, patronize home institutions. Be a booster.

—One of the wonders of this age are the moving pictures, and with each year great advancement is made along this particular line. During the coming engagement of the Edwin J. Hadley Co. the usual large and representative audience will have the pleasure of seeing another superb program, which will be the finest this organization has ever presented. The colored views will be a revelation to those interested in color photography. Always clean and high class, the Hadley exhibition is conceded to be the most popular attraction of its kind now before the public. At the court house, April 15, under the auspices of the high school.

—Forest County now has a representative in Uncle Sam's navy, Benjamin Withersall, of Endeavor, having left on Friday for Newport, R. I., where he is to report for duty. The new recruit is a fine specimen of young manhood, is aged 17 years, and passed a splendid physical examination at Oil City last week. The term of his enlistment is four years. His father is a veteran of the civil war, knows all about the hardships of war and military discipline, and reluctantly gave his consent to his son's enlistment, but didn't think he ought to deprive the boy of a taste of Uncle Sam's rigid schooling since he seemed so anxious to give it a try.

—Every spring, as regularly as the frogs tune up for their first concert, Br'er Jake Wenk of the Forest REPUBLICAN, goes into ecstasies over the savory buffalo sucker of the upper Allegheny, but up to this time he has never attempted to show us by sending us a supply of the toothsome fish. How do we know that the buffalo sucker is of superior flavor? Of course we do not doubt Mr. Wenk's veracity or his judgment concerning what is good to eat, but at the same time we would like to make a personal test of the edible qualities of the buffalo sucker.—Punxsy Spirit. Hang it, man, the "buffaloes" are not ripe yet, and we never get excited till they're "on the rifles," which is long about the 20th of May. At that time if the water's clear and conditions are right we'll "show you" whether you are from Missouri or Punxsutawney.

—Easter this year falls on Sunday, April 11th. Easter is a movable feast, because it falls on different dates in different years. It is kept on the Sunday next after the fourteenth day of the Paschal moon; the Paschal moon being that moon of which the fourteenth day (approximately the full moon) occurs on or next after the 21st of March. Hence Easter cannot occur earlier than March 22d (when the fourteenth day of the Paschal moon is Saturday, March 21), nor later than April 25, (when the fourteenth day of the Paschal moon is Sunday, April 18.) The only example of the two extremes in the twentieth century will be in the year 1923 at which time Easter will occur on April 25, the later extreme. During the twentieth century we find that March 24, 1940, comes next on the other extreme, which is mentioned before in this article is March 22d. March 27 will be Easter in the year 1910.—Exchange.

**Program of the Dedicatory Exercises of the New M. E. Church.**

The new Methodist Episcopal church in Tionesta is now completed and the handsome edifice will be dedicated to the worship of God next Sunday morning at 10:30 o'clock. Services in preparation for this important and long-looked-for event will begin in the new church to-morrow, Thursday evening, this being the first service to be held in the building. Great preparations have been made for all the services by the pastor and congregation, and Easter Sunday will mark an epoch in the history of Methodism in Tionesta. Many of the former pastors of the congregation have signified their intention of being present to lend their assistance. A specially trained choir of the younger people will render appropriate music, in addition to which there will be a number of solos by prominent singers. The program so far as outlined is as follows: Thursday evening, April 8th, 7:30.—Sermon by Rev. W. P. Murray of Erie, Superintendent of the Erie District. Friday evening, 7:30.—Sermon by Rev. J. R. Rankin of Jamestown, N. Y., Superintendent of the Jamestown District. Saturday evening, 7:30.—Sermon by Rev. Dr. Charles Boswell of Philadelphia, Pa., Corresponding Secretary of the Home Missionary and Church Extension Society. Sunday, April 11th.—At 7:00 a. m. the Holy Communion will be administered; 10:30 a. m., sermon by Bishop Joseph F. Berry of Buffalo, N. Y., followed by a short address by Dr. Boswell, after which will come the dedicatory service, in which the full ritual service of the church will be used; 3:00 p. m., a platform meeting, which will be addressed by the resident pastors and visiting clergymen; 7:30 p. m., sermon by Dr. Boswell.

The pastor, Rev. W. O. Calhoun, has also arranged to hold services each evening of the following week and it is expected to have a different speaker for each service. A general and cordial invitation is given to all to attend all these meetings.

The last service in the old church on Sunday evening was largely attended. The speaker was Rev. F. M. Small, a former pastor, and his interesting talk was mainly a reminiscence of his parsonage here.

**Teachers' Examinations.**

Examinations for teachers' certificates for 1909 will be held as follows: Nebraska, Saturday, May 1. West Hickory, Monday, May 3. Marienville, Wednesday, May 5. Clarington, Thursday, May 8. Kellettville, Thursday, June 18. Tionesta, Friday, June 18. Tionesta, Saturday, August 28. D. W. MORRISON, Co. Supt.

**For Constipation.**

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Samples free. For sale by Dunn & Fulton.

—Ex-Judge C. A. Hill has so far recovered from his recent severe attack of illness as to be able to be out again. Capt. Knox, another of the old veterans who has suffered severe illness this winter, is able to be about, but wisely thinks he'll not venture out till pleasantly settled weather has come.

—W. L. Osgood of Star was a caller at the REPUBLICAN office Monday morning. "Billy" came near losing his domicile by fire on Sunday about the noon hour. When he discovered the blaze, which was near the chimney, he had eaten a hole in the roof about two feet square, and only the prompt work saved the building.

—Quite an unusual gathering occurred here last Sunday, April 4th, when the children of Mr. W. W. Walford were all assembled at his home, it being the first time they have been together in many years. There are five daughters and one son. They mourn the loss of a beloved mother, who was called away more than a year ago.

—Jas. R. Morgan is in receipt of a note from a relative dated the first inst., in which the report of the death of his brother, Gilbert, is confirmed. The death occurred at 11:55 a. m., February 19th, 1909, at Mountain Branch Soldiers' Home, Johnson City, Tenn. Two sons survive, W. W. Morgan, at Eau Claire, Butler county, Pa., and Charles C., whose present whereabouts is unknown to friends here.

—Rev. Arthur Zahniser, stationed at Blairsville, Pa., as presiding elder of the Greensburg district of the F. M. church, visited his father here a few hours Thursday, having spent last week at Youngsville assisting his brother, Rev. Archie Zahniser, in his ministerial work for a short time. The latter is rapidly recovering from his rheumatic trouble, and expects to be able to resume his regular pastoral labors shortly.

—Mrs. M. L. Rhodes, of this place, who is a relative of the family, has been informed of the death, on the 14th ult. of George Lawson eldest son of John Lawson of Corry, Pa., who will be remembered by many of our citizens as a former section foreman on the railroad stationed at this place, and who removed from here 25 years ago. The deceased was aged about 40 years, and resided in Chicago where death occurred of acute gastritis at a hospital. He is survived by his wife.

—Elmer E. Patterson, for the past 18 years a resident of Forest county, has removed to his former home near Volant, Lawrence county, occupying a farm on which he resided before coming to this county. Mr. Patterson owns a farm on the Tylersburg road in Tionesta twp., where he resided for several years before returning to Lawrence county. In connection with many other friends, the REPUBLICAN regrets the loss of Mr. Patterson and family to our community, but wishes them prosperity and happiness at their new home.

—Charles Anderson and sisters have moved into the old Wenk homestead, next door to ye editor. Other movings in town during the past week or two are: Axel Aronson from the Randall house on Elm street to the Moor house on Vine street, Mrs. Moor having moved to Oil City; Lewis Whitton from the Douth house on Vine street to the Foreman house on the same street; Frank Robinson from Falconer, N. Y., to the Walford house on Elm street, which he purchased some time ago; Charles McCool from the Canfield house on Walnut street to the Fogle Farm, Harmony township; Silas J. **Death of Former Forest County Citizen.**

Joseph Reed, at one time prominently engaged in lumbering in this county, and who will be remembered as such by many of our older citizens, died at his home at Kinsman, Ohio, on Saturday last and was buried on Monday of this week. Mr. Reed at one time operated a mill on the headwaters of Beaver creek, Hickory township, where he owned an extensive tract of pine timber. Afterwards he manufactured lumber for Hall & May at Buck Mills, on Tionesta creek, for a number of years. About 37 years ago he retired from the lumber business and engaged in farming, buying a large farm on the outskirts of the town of Kinsman where he spent the remainder of his long life, being upward of 80 years of age when he died. His widow, who in maidenhood was Miss Rebecca Everhart, survives, also 6 daughters and one son. Of a kindly, generous and sympathetic nature, Mr. Reed leaves a good memory amongst the old residents who bore his acquaintance in this section.

**School Children Badly Burned.**

While 200 school children were watching the shooting of an oil well near the high school building in the city of Bradford Friday afternoon a terrible explosion of natural gas seriously injured 25 of the pupils, some of whom, it is feared, fatally. After the shot was over a large number of the children rushed up to the well to gather up the stones thrown up from far below the surface. The shot broke into a pocket of gas and the inflammable fluid poured out of the casing in a great volume. The engine with which the well was drilled was standing some distance away and the gas reached the smoldering coals in the fire box. Instantly the air seemed filled with fire and then the cries of the seared and burned children told those who stood near that an awful accident had happened. Among the most seriously burned was Clara Sager, a son of Rev. A. T. Sager, a former Free Methodist minister of Tionesta. The lad was taken to the hospital along with three other badly injured children all of whom at last account were in a critical condition.

**Porkey.**

Rev. R. J. Montgomery is visiting relatives at Brookville, Pa.

Dollie Bean is suffering from pneumonia.

**Best Treatment for Colds.**

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free preparation and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain indoors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to prepare your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by Dunn & Fulton.

**ANOTHER OF MANY CURES.**

A child of Harry Fisher, Drake at Tionesta, Pa., was completely cured of wetting the bed by taking "Barosm," which made a strong and healthy child in a short time. Barosm is pleasant to the taste and strengthens the Stomach, Liver, Kidneys and Bladder.
