

Announcements.

ASSOCIATE JUDGE.

We are authorized to announce John G. Watson, of Kingsley township, as a candidate for Associate Judge, subject to the decision of the Republican voters at the primaries June 5, 1909.

DISTRICT ATTORNEY.

We are authorized to announce M. A. Carringer, Esq., of Tionesta, as a candidate for District Attorney, subject to the decision of the Republican voters of Forest county at the primaries June 5, 1909.

THE Tionesta Globe thinks there is some hope for the boy who has to be driven into the bathtub, but mighty little for the one who has to be driven away from the mirror.

AN item was published last week to the effect that the Republican State convention would be held "June 19th." This was an error, as it should have read "Wednesday, June 16th."

ACCORDING to a good old German belief Thursday, April 1st, was "apple day." According to the legend if the sun shines fair on that date there will be a bumper yield of apples. As that day was one of the few real sunny periods that has occurred, a heavy yield of apples may be expected.

THE Marathon long-distance run craze is going to weaken a lot of young men and cause serious heart and other troubles, if untrained and unscientific youths keep on trying its attractions. Long distance running is not good for the man who is not trained up to it.

THE general road bill, carrying an appropriation of \$4,000,000, was passed by the House at Harrisburg, Tuesday of last week, with no opposition. This means that Tionesta will get the balance of her paving this year, as the bill will not doubt be signed by the Governor, with possibly a slight paring of the appropriation.

THE man in town thinks all a farmer has to do is to sit under a shade tree and watch things grow. A farmer thinks all the town man has to do is to sit behind the counter or a desk and rake in the money. This is the reason that every farmer wants to move to town and every town man wants to move on a farm.—Conneautville Courier.

IN spite of the autos there are more horses than ever in the United States. A recent estimate places the number at twenty millions and this is a marked increase. Also, there are four million four-legged mules. Probably there will continue to be an increase in the horse population, but not in proportion to the number of human inhabitants.

THE new school code bill was passed finally in the House at Harrisburg, Monday, by a vote of 107 to 86. It has been greatly changed by many amendments and will hardly be recognized by its friends. The capital park extension bill, carrying an appropriation of \$2,000,000, which had been defeated, was re-commissioned and passed by a vote of 119 to 78.

IF you don't believe that the local opinion campaigns out in Indiana are lively these times, you should read the press dispatches, one of which reads as follows: "In Blackford, the saloon men gave out meat tickets for every free lunch the women served, and every hour when the church people rang the church bells the liquor advocates fired anvils and had bands on the streets playing lively airs. In many parts of the county relays of temperance people were appointed to plow for farmers while they went to the polls."

IN the spring the town man's fancy turns to thoughts of garden seas, and he toils with hoe and shovel, sowing all his nice green grass; and he plants the seeds of pumpkin and of cabbage and of beans, and he has some soothing visions of a mess of early greens. In the spring the cow-herd revives, longing for some verdant grub; she is tired of eating sawdust and old turnips from a tub; and she sizes up the garden that the town man loves so well, and she climbs the fence at midnight—and it would not do to tell what the town man says when viewing all the ruin she has wrought; type will sometimes melt when printing language only half as hot.

AN exchange, in pointing out the absurdity of the expression, "as silly as a goose," says naturalists, who have been studying the fowl for years have come to the conclusion that she is the wisest old bird going. She never quarrels without cause; she sees danger before any other fowl; she has more courage than the rooster; she is far braver than the gobbler, and, if given a fair show, she can beat off the fox. A flock of geese, squatted around the barnyard at night, is a much greater protection than the watch dog. They are light sleepers, and will give the alarm the instant they see a stranger moving about. So in future say "As wise as a goose," and give her all credit.

THE average young man does not realize that knowledge is capital, and that learning how to be useful to his employer is more important than the pay he receives. "When you get a job," says Success Magazine, "just think of yourself as actually starting out in business for yourself, as really working for yourself. Get as much salary as you can, but remember that that is a very small part of the consideration. You have actually gotten an opportunity to get right into the very heart of the great activities of a large concern, to get close to men who do things; an opportunity to absorb knowledge and valuable secrets on every hand; an opportunity to drink in through your eyes and your ears, knowledge wherever you go in the establishment, knowledge that will be invaluable to you in the future."

Prohibition Convention.

A convention of the Prohibition Party of Forest county will be held at the Court House, Tionesta, April 21, 1909, at 1:30 o'clock p. m., for the purpose of suggesting names for to be voted for at the Spring Primaries. An evening meeting will be held which will be addressed by David B. McCalmont, Chairman of the State Prohibition party. Everybody, irrespective of party affiliation, is cordially invited and urged to be present at these meetings. C. A. LANSON, County Chairman.

Death of Hon. John A. Proper.

Ex-Judge John A. Proper died at his home in Tionesta at 8:15 p. m., Saturday, April 10, 1909, of ailments incident to old age. He was the eldest of a family of eleven children, only one of whom survived him, Isaiah Proper, of Wallaceville, Venango county, who is in his 80th year and in feeble health. His wife, Sarah Proper, passed to the other shore on April 22, 1904. He is survived by three sons and four daughters, as follows: Mrs. Daniel Walters of Tionesta; Mrs. S. A. Varner of Litchfield, Illinois; O. W. Proper, Mrs. F. R. Lanson, J. F. Proper, Miss E. R. Retta Proper and F. C. Proper, all of Tionesta. Funeral services were held at his late home Tuesday afternoon at 2:00 o'clock, conducted by Mrs. Clara Watson of Jamestown, N. Y., and the body was laid to rest in Mt. Collins cemetery.

John Archer Proper was born in Plum township, Venango county, Pa., on Sept. 12, 1815. His father's name was Daniel Proper of Holland Dutch, and his mother Margaret (Archer) Proper, of Highland Scotch descent. His grandparents were pioneers of Plum and Cherrytree townships. In youth our subject received the limited education which the schools of that early day afforded and he improved these opportunities, going to school and working on his father's farm until he was of age, when he went from home, going to Randolph, N. Y., where he worked for some time. He next engaged as a jobber in the lumber business in Warren and Venango counties. The writer obtained from Judge Proper some years ago the following statement of his interesting life which I give in his own words as near as possible: "I was named for my maternal grandfather, John Archer. My grandparents, the Archers, died within a short time of each other during the war of 1812. When the soldiers passed through Cherrytree village where they had settled, on their way to Erie, they caught the camp fever and died and were buried among the first in the old Cherrytree graveyard. I was married to Sarah Grove in September, 1847, in Plum township. She was a daughter of Jacob Grove, who was a son of Peter Grove, the famous pioneer and Indian fighter. His family consisted of two girls and two boys." Concerning himself he further says: "I lumbered on the Conewago about eight years. At that time the Indians helped me to run my lumber; they made good raftmen as well as good pilots. I ran the Allegheny river for over 30 years. As a pilot I ran rafts for Guy Irvin and Judge Chamberlain and never stove or wrecked a raft. I knew the river well and often ran both day and night from Warren to the mouth of the Ohio."

These sketches are interesting as they relate to the early days and illustrate the vast enterprises and hardships of this portion of our State, in which our subject was so prominent an actor. As immediately connected with his Forest county life, he came into what is now its borders in 1847, and purchased warrants 3816 17 and he thus narrates it: "I then bought the tracts on Little Coon creek, cleared up a field or two with great labor, raised hay and farm products, planted an orchard, built two saw mills on it and sawed off about 15,000,000 feet of lumber. I originally supposed that there was only 1000 acres in these two tracts, but Richard Irwin surveyed it for me, and it turned out to be 1,300 acres. I afterward sold this property to John A. and Joseph G. Dale."

In the fall of 1856 he purchased two farms in Clarion county and lived on them until the fall of 1867. Selling these places he then moved to Tionesta where he has resided ever since. "Man in his time plays many parts," has been truly said, and our subject was no exception to the general rule. After coming to Tionesta he purchased the Tionesta Hotel at the mouth of the creek, a famous old inn of the town in its day. He was the well known proprietor for a few years and bought other valuable property in the same vicinity. He is accompanied by John Reek, deceased, was extensively engaged in merchandising, the firm being known as Proper & Reek. They eventually sold out the store to M. Einstein. After this he was largely engaged as an oil prospector, especially in the Balltown field, which business was successful in his hands. He also purchased a large tract of over 500 acres adjoining the borough known as the "Arbuckle tract," later known as the "Proper farm." This he cleared up in fine shape and placed thereon valuable buildings, and it is worthy of note that the first crop he put out was a field of wheat which yielded a bumper crop, having enough for himself and shipping away two car loads by rail. Can I do better than to here quote from the "History of Forest County," where it says:

"Judge Proper was one of the most rugged and enterprising pioneers of that section of the county, of remarkable strength, courage and powers of endurance; a natural woodsman and noted hunter, having in recent years, when nearly 70 years of age, hunted and killed as many as four deer in one day." This is a fine tribute but to it may be added that for over half a century he has been a citizen of what is now Forest county, that he was one of the last linking this generation with the earlier settlers of this section. To boys who have grown up, become men and to their families he was always a familiar and welcome person, and was one of the most widely known and respected citizens of the northwestern part of our State. As an Associate Judge he was not one in name only, for he had the natural ability and fearlessness to decide for himself what justice and mercy required when occasion offered. The fields he cleared, the houses he built, the industries he promoted are all monuments and witnesses of his energy and activity, but this long and useful life is now ended and he peacefully passes away to that rest so welcome to the weary toiler of earth. Without being a professor of any particular creed he was governed by mercy and justice, and it may well be said of him, as was written of one of his acquaintances much like him by a native poet: "He was a man of rare good sense, of close investigating mind, self-educated, and a man of letters. But few like him are left behind. He practiced on the Golden Rule. The best, the fairest rule are given. To take us safely through this world, And point the way to peace and heaven." S. D. I.

—Rev. B. F. Feit has been invited to preach the anniversary sermon for Tionesta Lodge, I. O. O. F., at Venus, Venango county, on the 25th of this month. He has accepted the invitation and those who attend may expect a good sermon.

—Lee A. Amsler, son-in-law of Mrs. M. C. Carringer, of this place, who was operated upon for acute appendicitis in the Kane hospital, two weeks ago, has so far recovered that with his wife he expects to leave next Saturday for their home in Marien, Va.

—Mrs. C. A. Parker, of Parker, Pa., died at her home on Thursday last, after a five months' illness of pernicious anemia, aged about 56 years. She was the mother of Mrs. John Flick, of Tionesta. The remains were brought to Scotch Hill, Pa., for interment, on Monday. The members of the Flick family attended the funeral services, which were held in the Scotch Hill M. E. church.

—Hon. John Lamb of Silver City, Idaho, who has been visiting with his relatives and friends in Pleasantville and Franklin, is visiting at S. D. Irwin's and A. B. Kelly's for a short time. He is now living in Silver City, where he is the editor of a paper and has been a member of the Idaho State Senate for two or three terms. Mr. Lamb carried the Idaho State returns of the last presidential election to Washington. His sister, Mrs. W. J. Bleakley, of Franklin, accompanies him here.

—In noting the enlistment of Benjamin Withersell in the U. S. Navy last week, the impression was given that he was the only Forest county boy now in Uncle Sam's navy. This, we learn, is not the case, as Howard Campbell, who made his home with his cousin, Mrs. Frank Nash, at Kelleitville for a number of years, has been in the navy for the past three years, and is now "gunner's mate" on the battleship Tennessee. The young man's term of enlistment expires next year, and his friends then expect his return to them.

—Announcements have been received here of the marriage of Miss Flossie Bell, daughter of Mr. and Mrs. Albert W. Lusher, of North Side, Pittsburg, and Mr. Harry J. Miller, of the same place, which took place April 11, 1909. They will be at home after May 1st at 2505 Perryville avenue, Pittsburg. The bride will be pleasantly remembered here as a frequent visitor at the home of her aunt, Mrs. John Noble, and the family formerly resided at West Hickory, where they conducted the Globe Hotel for many years.

—Charles M. Johnston, son of Mr. and Mrs. S. C. Johnston, of Tionesta, and Miss Bertha Lurana Hunter, daughter of Mr. and Mrs. D. W. Hunter, of Stewart Run, were united in marriage at seven o'clock, Wednesday evening, April 8th, 1909, at the home of Mr. and Mrs. Lewis Whitton, in Tionesta, Rev. H. A. Bailey, pastor of the Presbyterian church, officiating, the ceremony being witnessed by the relatives of the bride and groom. A sumptuous wedding dinner was served immediately after the ceremony. We unite with the many friends of the young in wishing them long life, prosperity and happiness.

—Among the many visitors in town Sunday for the church dedication we note these, it being impossible to secure a complete list: Mr. and Mrs. Orion Siggle, Miss Jennie Siggle, J. G. Carson, of West Hickory; Mrs. J. B. Siggle of Oil City; J. S. Henderson of East Hickory; Mrs. Mollie Hunter of Mason, Ill.; J. R. Alt of Tylersburg; Mr. and Mrs. J. C. Bowman of Titusville; Mr. and Mrs. M. F. Catlin and W. A. Kribbs of Kelleitville; Hon. F. X. Kreitzer, Mr. and Mrs. E. L. DeWolfe, L. P. Gaiser, Mr. and Mr. Lyman Cook, Mr. and Mrs. Fred Klinesiver, Miss Lura Harding, Mrs. Wm. Myers, Miss Mary Thompson, Wm. McCullough, Melvin Sibble, A. H. Hunter and Miss Evadna Hunter of Nebraska.

—Clyde C. Foreman, eldest son of Mr. and Mrs. H. M. Foreman, of Tionesta, left Monday morning on his way to New York city, from whence he sails on Saturday for Oporto, Portugal. He will eventually become a missionary for the Free Methodist church in Inhambane Province, Portuguese East Africa, and goes first to Portugal to learn the Portuguese language, which is a provision required by law of any missionary or teacher in Portuguese territory. He expects to remain in Portugal for at least six months before going on to Africa. The province to which he goes is peopled by the Giongas and Batsu tribes and they are yet in a most wretched state of heathenism. The church already has a mission station and twelve outposts there. The worst danger to which a missionary is exposed is the malarial fever, which attacks all foreigners who are not extremely careful. Clyde is splendidly fitted by education, physique and energy for the work which he is undertaking and his many friends here will wish him God-speed in his efforts to help lift the load of darkness from the minds of the benighted people of the dark continent.

New Railroad Talk.

The Titusville Herald, in a two-column article published yesterday, states that it has positive information that the Pennsylvania Utilities company, a New Jersey corporation with \$50,000,000 capital, will build a new steam railroad from Titusville through Tionesta to the coal fields at Punxsutawney, and that the Erie railroad is behind the scheme. Upon this road there may also be operated the gasoline or electric cars. The Pennsylvania Utilities company is planning steam railroads from Titusville to Union City and from Titusville to Cambridge Springs; also a trolley line to Meadville, branching from the Cambridge line at Little Cooley, and a trolley line down Oil Creek to Oil City. The talk of a railroad in this direction is almost too good to be true. We have talked new railroads so many times and then had the schemes flatter out, that this time we won't get excited until we see the new road coming. However the Herald says it has been "shown the goods" and that the road will surely be built. We can assure the projectors that the new road will be welcomed with open arms, should they decide to come this way.

Mr. Hill came up on Saturday to be with his family for Easter. Miss Hill is improving slowly.—Cous. Russell, whose illness was noted in the REPUBLICAN some two weeks ago, is not gaining as rapidly as his many friends would wish for. Like every one who leaves town for to see something new, they invariably return.—LaVerne Spencer is home for a short visit with his parents.—A number of our local base ball fans held a meeting one evening last week and organized a team to clout the ball this season. We have not been informed just when the season will open, but all teams in the county will get a chance to cross bats ere the season fades away. With our pennant chasers Frank E. The boys are getting all the practice they can.—Mrs. Earl Downey and Mrs. Frank Littlefield of Porkey were shopping in town Saturday.—The high wind on last Wednesday did very little damage in this vicinity, except to the telephone company, which was soon repaired again. The derricks at the old wood factory were propped but the place has been abandoned for a year and it was no material damage to anyone.

Whig Hill.

A Terrific Windstorm.

A terrific wind storm passed over this section, in fact over the whole country, last Wednesday, and great losses in property damaged and destroyed are reported from many sections. The wind kept up all day and far into the night, and at times reached the velocity of a howling gale. Not much damage is reported in this vicinity. The oil fields near here suffered very little, owing to the fact that few standard rigs are now used. A large chicken house which Archie Davis was building on the old Hinch place, up town, was blown down. At West Hickory a new building not yet completed at the tannery was wrecked. The roof was torn off the barn on Harry Lovell's old farm on German Hill, part of which had gone to previous storms. The glass front of Anderson & Wolf's store at Newmansville was blown in but was caught before it fell and no damage resulted. The smoke stack on C. Daum's mill, near Tylersburg, went down. A house being built for John Prather on what was formerly the Jacob Overlander farm at the mouth of Jughandle run, on Tionesta creek, was destroyed. Mr. Prather has been particularly unfortunate of late. Two weeks ago last Saturday his house and about all of its contents were destroyed by fire, which caught while he was absent at work in the woods. The house was a log structure and boarded up on the outside. Mr. Overlander informs us that it was one of the oldest dwelling houses in this section, having been built by Judge Wm. White about eighty years ago.

Rev. J. R. Miller has closed his revival meeting at Greenwood. There were upward of ninety conversions during his stay in that place.—Rev. Strayer of the U. M. church, April 11th.—Mrs. M. Maze, who has been confined to the house for some time with something like pneumonia, is improving now and is able to be about again.—Mrs. J. B. Campbell, who has been on the sick list for some time, has been recovered.—One of the boys from Redelyffe undertook to clip his horse by the fire line one day last week, with the result that he burned his horse to death and came very near burning the barn also.—Miss Flossie Braden, teacher of Pleasant Grove school, became very ill on Friday of last week, but was better at the conclusion of the week.—Clint Hottel lost a very valuable dog one day last week by the animal coming in contact with a load of shot.—Peter Knight, who has been suffering untold agonies from a cancer on his face for a long time, is improving slowly.—Some of our farmers are busy plowing and getting ready for spring planting.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by Dunn and Fulton.
