G. H. Lowe & Co. have leased 200 acres of land from the Bowman Lumber Co., near the new Gollinza oil field, and will make a location for a well today. Len Snyder has the contract to drill the well. The lease embraces Warrants 5157 and 5158, lying east of the Forest Gas Co. holdings.

The Forest Gas Co. finished and shot another good oil well last Saturday on the Lacy lands, near Gollinza, it being their No. 19. The well is showing up as good as any of the wells previously drilled by this company and it is thought will make an initial production of ten to fifteen barrels per day when first put to pumping.

Twenty-five cans of wall-eyed Pike, or salmon, were deposited in the Allegheny river at this point last week by our local anglers. These are from the state hatchery at Union City, and as each can contains not less than a thousand fish, the fishing should show up some better in a year or two as a result of the planting.

Pennsylvania, since Columbus day has been added to the list, which comes on October 12, has more legal holidays than any other state in the Union. They are New Year's Day, Lincoln's birthday, Spring election day, Washington's birthday, Good Friday, Memorial Day Independence Day, Labor Day, Columbus Day, Fall election day, Thanksgiving and Christmas. Twelve in all.

The Petroleum telephone company is said to be extending its service from Oil City to Henry's Bend, and will ultimately reach as far up the river as Tionesta and Tidoute. The Forest County phone people already have communication with outside communities through the Petroleum lines by connection at West Hickory, Titusville, etc. The proposed new lines will still further improve the service.

Charles E. Wellborn, Jesse L. Strauss, Schuyler Hozard and W. A. Jones, men interested in the promotion and building of the Titusville Northern railroad, were registered at the Mansion House on Sunday. The survey of the road from Union City to Titusville has been completed and stakes have been set along the rights of way. No member of the company is willing to state just when the construction work will be commenced.—Titusville Herald.

A patient in the North Warren asylum named Wm. Conway, whose home is in Emlenton, escaped recently and on Monday afternoon walked out through Tionesta township. He inquired the way to Lickingville and went in that direction. It is thought he was headed for Emlenton. He stopped at Andrew Wolf's farm and talked in a rambling manner, which led to the supposition that he had escaped from Warren. An investigation made later proved this to be true.

The National Transit Co. evidently has faith in the staying qualities of the Gollinza oil field, which was opened some time ago by the Forest Gas Co., as it has arranged for the erection of a pump station in that field. A party of prominent officials of the company passed through Tionesta Monday from a tour of inspection, during which it was decided to begin at once the building a pump station on Big Coon creek, about a mile above Gollinza. The station will be equipped with the latest improved machinery and the oil will be pumped to Crown, from which point the company now has a pipe line into the field. The members of the party of Transit Co. officers here were, W. B. Miller, general manager, and F. D. Williams, general superintendent, of Oil City, and M. J. Newton, superintendent of the Clarion division, and H. A. Walter, his assistant, of Emlenton.

Alfred Peterson, aged 48 years and single, who gives his residence as Wilcox, Pa., is in jail here charged with trying to drown himself Sunday at Kellettville. According to his story he was working at Loleta and started Saturday morning to walk to Wilcox. He became lost in the woods and Saturday night came out at Hastings, on Tionesta creek. Sunday he showed up at Kellettville and jumped into Tionesta creek, trying to drown himself. Justice of the Peace John Shaw rescued him from the water, and Drs. Detar and Serrill pronounced the man mentally unbalanced, whereupon the justice committed him to jail. Constable James Grove brought him down Sunday night. Peterson said he had been drinking heavily for weeks and this with abuse seems to have deranged his mind. The Commissioners of Elk county have been notified and have advised that the man be held here a few days to see if his condition improves.

Farmers in the southern portion of Forest county should be on their guard against horse thieves, as they are again active in Venango county, and the opinion has been expressed there that these criminals have established a chain through which stolen horses are passed from one to another and finally landed in some sequestered spot in the backwoods of this or other counties of this section. The latest victim of the thieves is J. H. Pearce, near Utica, who lost a horse, a brand new buggy and a set of harness. Saturday night. The horse was a bay mare, 10 years old, weighing about ten hundred pounds, with two white feet and a white star on forehead. The buggy was a top one with red running gear and a black body. The harness was an old set. The horse was trailed for a distance towards Franklin by means of a foot from which a shoe was missing, but the trail was lost on the brick pavement at the Sugar Creek bridge. This is the second horse stolen in that vicinity in the past three weeks.

The Pittsburgh Gazette Times says of him: "Young Curtis Proper, a first year student at Washington and Jefferson academy, who lives at Tionesta, was easily the star of the meet. His time in the 100 yard dash was 10 4-5 seconds; in the 200 yard dash, 23 4-5 seconds; in the 200 yard hurdles, 28 seconds, and the distance in the running broad jump was 19 feet 1 inch. Col. Lucius Rogers, postmaster at Kane for the past half dozen years, died rather unexpectedly on the morning of the 18th inst., although his health had been poor for several months prior. Col. Rogers, who was aged 81 years, had been prominent in journalism and politics for more than fifty years, being on terms of intimate relationship with many of the most prominent figures of anti-bellum days. He served his country gallantly in the civil war, and his whole record as soldier, civilian and politician is a clean and honorable one.

A gang supposed to be four yeggmen blew open the safe in the Rousseville post-office early Friday morning and got away with \$15, the postoffice records and 800 blank money orders. The Rousseville constable, with a posse of three officers, overtook a bunch of four suspects near President Friday afternoon and after a lively pistol duel captured one, a young man who gives his name as Thomas McMahon, and he is now in the Franklin jail. The other men took to the woods and escaped. No trace of them has since been found.

One year, minus one day, in the county jail, plus the time already served, was the sentence imposed by Judge George S. Criswell Tuesday afternoon on Venango county's celebrated prisoner, Frank Barnes. Barnes has served 11 months of jail sentence to date, being committed June 25 last. He was much pleased with his sentence and according to his statement given before the court, he had good reason to dread a recommitment to the penitentiary.

Mr. Weller has purchased the timber and expects to be on the job for about two years. The mill will be ready for operations about the first of July.

James Harkins, the 14-year-old son of Mr. and Mrs. Ed. Harkins, of Buck Mills, was quite painfully injured about the head and back last Wednesday evening by losing his balance while riding to Kellettville on a handcar. There were several occupants on the car and James was riding backwards and assisting in propelling the machine, when he fell from the car, striking on the ties with his head, the cog gearing making a very severe scalp wound. The accident occurred about a mile above town and he was brought to the office of Dr. C. Y. Detar, who, assisted by Dr. W. Serrill, required several stitches to close up the wound. We are informed the boy is improving rapidly.

Miss Lena Cunningham, a 10-year-old daughter, of Mr. and Mrs. Richard Cunningham, was painfully injured last Sunday while at play with some other children in one of the tannery company's barns. She was unconscious for several hours, but at this writing is gaining slowly.

Woodford & Elzer's shows were treated to a large and dissatisfied audience Friday evening. It was the intention of the company to show about midway between here and Buck Mills, but as they cut out their midway they gave their performance on the tannery lands. So another great event has passed away and we hear everyone making expressions about being stung.

The ball game Saturday on the ball grounds was well attended and the teams participating were the Kellettville all home players vs. an aggregation from Mayburg, Porkey, Trueman and Warren, all wearing Mayburg uniforms. Score, 9 to 8 in the visiting team's favor. The slab artists were Kaye and Bows for Kellettville; Paul Green, a Warren pitcher, and Burch of Mayburg, catcher. The game was loosely played and was anybody's game to the finish. Earl Small acted as umpire and was fair and impartial. This is one game for each team and we look forward with pleasure to the time when the third game will be played.

James Hunter and son Burr of Beaver Valley have begun peeling bark on their job above town on the Wheeler & Dusenbury lands. We understand they will peel about 400 cords. The bark will go to some of the Elk Tanning Co.'s tanneries and the logs will be taken to Endeavor by rail.

The Haymakers, Friday Evening.

On Friday evening, May 28th, at the court house, the Choral Society of the Presbyterian church will present "The Haymakers," an operatic cantata by George F. Root. "The Haymakers" is founded upon scenes and incidents connected with the hay field, the farm house and the hay making season, and is given in two parts. Part I represents farm action in the morning and at noon and Part II those in the afternoon and evening. There are a goodly number of solos, duets, trios, quartets, quintets, and these are interspersed by bright catchy choruses. The director, Rev. H. A. Bailey, has worked very hard to make this cantata a success and we believe that it will be appreciated by the music loving people of the town. Only amateurs are taking part and while each does his part very creditably, it will not be expected to hear an artist's rendition of the cantata. "The Haymakers" has been found useful and pleasant for musical practice, and innocent and healthful as a means of recreation and enjoyment by all those participating in it. It is hoped that it will receive a most liberal patronage.

The cast is as follows:

SOPRANOS—Mrs. Sharpe, Mrs. Gaston, Emma Arner, Blanche Pease, Mrs. Haines, Mrs. Swanson, Mrs. Landers, Nellie Davis, Louise Foreman, Hazel Fones, Ethel Clark, Glenna Weaver, Beulah Clark, Marguerite Blum.

PIANISTS—Edith Hopkins, Elizabeth Randall.

A Delightful Occasion.

Mrs. Archibald B. Kelly and Mrs. Sule H. May Sharpe had the pleasure of attending the meeting of the Tidioute Chapter of the Daughters of the American Revolution, of which they are members. The meeting was held at Maple Shade, Endeavor, the home of Mrs. George Warden, last Saturday afternoon. The hostesses of the occasion, were Mrs. Warden, Mrs. Josephine Sheastey of Kittanning, Mrs. Jennie A. Vail and Miss Martha Morrow of West Hickory. The house was beautifully decorated with Spring flowers and the veranda was inclosed with the waving folds of "Old Glory." A most gracious welcome was extended to the members, of which about sixty-five were present. A large number were in attendance from Tidoute, Warren and other places. A delicious lunch was served at twelve o'clock. The souvenirs were dainty boxes decorated with the faces of George and Martha Washington, while a toy cannon was tied on the corner of each box with a red, white and blue ribbon. The boxes were filled with ice cream. The Regent, Mrs. Charlotte S. Cummings, of Tidoute, called the meeting to order at half past two o'clock. The most important feature of the occasion was the reading of the report of the National Continental Congress of the Daughters of the American Revolution, held in Washington, D. C., the week of April 19th. The report was given by Mrs. Orion Siggins, of West Hickory, the delegate from the Tidioute Chapter. The close attention of every member was held while she gave a most glowing and interesting account of the most notable Congress ever held by the Daughters.

A very pleasing violin solo was rendered by Mr. Thrum, of Buffalo, N. Y., accompanied by Miss Mary Alice Warren. He is a young forester, who has spent some time in the lumber woods around Endeavor, but left that afternoon for the School of Forestry at Biltmore, Asheville, North Carolina.

Mrs. Kelly and Mrs. Sharpe expect to entertain the Daughters at the opening meeting of the Chapter, next October.

When You Are Buying Saws

You might as well get with a reputation and a record back of it. We have the

Diston, Simond's, and Vanadium Steel Saws.

Mr. E. W. Wilson of Union Saw Co., the manufacturers of the Vanadium Steel Saws, in a contest between American and British quality, gave the following demonstration at the Waldorf-Astoria Hotel, in New York City, Feb. 19th, last, with one of the ordinary 9 tooth saws made for wood:

1st—He sprung the saw from point to heel twice in both directions, showing no permanent set.

2d—With a hammer he bent the teeth of the saw at right angles to the blade without fracturing the teeth.

3d—The filing demonstrated that the steel in the saw was no harder than the ordinary saw.

4th—He then took a plank, drove two twenty-penny nails in the edge of same and cut the plank through, at the same time cutting off the nails, after which he took a two-inch steel pipe and cut it in half.

We confidently assert these Vanadium Steel Saws will save the mechanic enough in a year in filing and setting to pay ten times over the difference between their cost and that of the ordinary hand saw. Come and see the saws. We have a number of different kinds and at prices to suit all. Tools for the farmer as well as the tradesman. Everything in Hardware. If you don't deal with us we both lose money.
