—The Boro authorities had the mud scraped from the paved streets the last of the week. The job was completed by a thorough washing of the pavement with the fire hose, and it was with a very pardonable pride that our citizens traversed these streets during the Memorial Day parade, Monday.

—Burgess Reek desires all to remember the ordinance prohibiting the shooting of cannons, cannon crackers, and all other dangerous explosives within the borough limits, and gives fair warning that the ordinance will be strictly enforced this coming Fourth. And every patriotic citizen will say "amen" to the decree of the Burgess.

—Mrs. Fred Rudolph, whose home is near Whig Hill, terminated the existence of a monster rattlesnake not far from her door yesterday last week. Up in this community when a lady sees one of these venomous reptiles she doesn't fall in a swoon, but proceeds at once to dispatch the undesirable denizen with utmost promptitude.

—Henry Miller, of Beaver Valley, accompanied by several friends, visited a rattlesnake den on Camp Run, in Hickory township, a few days ago and made a record that we believe will stand for awhile. They dispatched an even 40 of the venomous reptiles, and they carried from three to eighteen rattles each. What think ye of that?

—An effort is being made by the temperance people of the county to secure Governor Frank P. Hanley, of Indiana, to speak in Tionesta in September. Governor Hanley's reputation is such that his coming should arouse the interest of every thinking man and woman in the community, whether in sympathy with his views or not.

—A large assortment of Campbell's Stains and Floor Finishes have just been received by Bovard's Pharmacy. These Stains are unequalled for staining and varnishing furniture and interior wood work. The floor finish is very durable and suitable for all floors. Ask for color card. For sale in Kellettsville by Frank E. Harkless and Mrs. M. Andrews.

—County Superintendent D. W. Morrison, Rev. W. O. Calhoun and Rev. H. A. Bailey have contracted with the Coit Lyceum Bureau of Cleveland, Ohio, for a citizens' lecture course for Tionesta for the coming winter. The course will consist of five numbers—a colored ladies' quartette, a ladies' trio, two lectures and a lady entertainer. The first number will be given in November, followed by one each month. Please bear the course in mind and be ready to subscribe for tickets when the committee calls on you.

—Rowing is a splendid exercise for either sex. In a man it helps to develop the vigor and robust health that he so much desires. It will add to his muscular and vital strength, and to his manhood, from every standpoint. One of the special advantages of rowing is that it takes you in the open air. It is not a hot-house exercise. You are not forced to confine the exercise to any one particular point. Wherever sufficient water may be found, one can indulge in this superior sport.—From June "Physical Culture."

—The supervisors of every township in the state will shortly receive a notice from the state authorities to take a measure of every foot of public road in their districts. This will involve the measurement of almost 10,000 miles of road and must be done to comply with the Jones bill to give townships a bonus on every dollar of cash work they collect. Under this act every township is put on a cash basis unless its people vote for a work tax. The Jones bill takes effect as far as cash distribution goes on the first Monday of next March.

—The temperance essay contest conducted by the County W. C. T. U. has been closed in the local unions, and the prize essays from the several townships are now in the hands of the county superintendent of scientific temperance instruction. The judges appointed to decide on the prize essay of the county are Rev. S. F. Marks, of Tidoute, Judge F. X. Kreitzer, of Nebraska, and Hon. A. R. R. Meching, of Clarington. A prize of five dollars is given for the best county essay in each grade. Lowell Monroe was the successful contestant in the Borough high school, and Clair Huling was the only contestant in the grammar grade of this school.

—On Monday, June 14, 1909, the flag of the Union will be 132 years old, and that date has been set apart as Flag Day, which is to be made more important and more significant than ever before. The Governors of the various states by proclamation have called upon the public to display the Stars and Stripes from all state and public buildings in observance of the day and have urged that it be celebrated with exercises appropriate to the occasion. Mayors of cities have been called upon to recognize the anniversary and by public proclamation invite their fellow-citizens to join in ringing Old Glory to the breeze. And the response has been such as to indicate the most wide-spread observance since the day was set apart.

—Perhaps the most noticeable feature of the June Woman's Home Companion is the wealth of fiction. There are ten stories in this issue—not heavy, psychological diagnoses of world-worn minds, but breezy stories of love and fun that are suitable to the season. Among the writers in this issue are Edward Everett Hale, Maude Radford Warren, Cyrus Townsend Brady, Marion Hamilton Carter, Mary Hastings, Ernestine Winchell, Georgia Wood Pangborn, Fredrick M. Smith, Marion Hill, Annie Hamilton Donnell and Rosa Naomi Scott. The stories are illustrated by prominent artists among whom are F. C. Yohn and John Cecil Clay. Naturally, much is said about weddings in this June issue.

—The Pennsylvania Railroad Company is sending notices to the newspapers concerning its policy of making public the details of accidents along its line. Among other things the notice says: "The management of this company realizes that upon occasions of accidents it is of the greatest importance that the number and names of any who may be injured should be made known immediately. This is all the more urgent as a means of relieving the anxiety of the families and friends of passengers who may be on the train. The railroad company is, of course, in the best position to obtain this information, and the newspapers may be assured that the company will make public such information as it can obtain, freely and fully."

Killed by Falling Tree.

Elmer Peterson was killed Monday while working in the bark woods at Charles Peterson's camp near Hastings. The accident happened in a way that has caused the death of a number of men in the bark woods. The first tree lodged in another tree, and when the second one was cut down the workman was unable to get out of the way of the two falling trees and was crushed to death. Undertaker Borden drove down and brought the body to this place, and the funeral was Wednesday afternoon from the home of Axel Nelson, Rev. C. A. Hallberg conducting the services, and burial in Sheffield cemetery. Peterson was a single man aged about twenty-five years, and had been in America about eight years and made his headquarters at Ridgway. He is survived by his parents in Sweden and by a brother and sister in this country.—Sheffield Observer, May 27.

Sorely Stricken Family.

Herman Sager, aged 23 years, a son of Rev. S. Sager, a Free Methodist minister, who has many friends and several relatives in this section, was drowned in the river at Cobalt, Ontario Can., last week. The parents are residents of Buffalo, N. Y., and have had many heavy afflictions. A few years ago, when located at Peterboro, Can., where Rev. Sager was interested in the Star of the East mining venture, his youngest son had the sight of both eyes destroyed by an explosion of a fulminate of mercury cap, which he found and was pounding with a shovel. A year later his second son was shoveling the snow from the roof of their residence at Peterboro when he lost his footing and fell through a skylight, gashing his bowels in a terrible manner, and causing death three days later. And now their third son has lost his life by accident.

Rev. Sager was formerly stationed in Tionesta as pastor of the Free Methodist church, and he and his family are remembered in the community by a large circle of friends, whose sympathies will go out to them in their sore afflictions.

This latest accident occurred on Thursday, according to a letter received by an Oil City friend.

Memorial Day in Tionesta.

Memorial Day in Tionesta was observed in a most commendable and very orderly manner on Monday, the weather being perfect, and the town being attired in its greatest splendor in honor of the day and its memories. A full account of all the doings connected with the occasion is given on the fourth page of this paper, ably written by Judge Irwin, and will amply repay a careful perusal.

—Monday while Andrew Mealy of the Township was in town taking in the Memorial Day exercises, he had the misfortune to fall on the pavement and quite severely bruise his face. Dr. Bovard gave him the necessary medical attention and he is expected to get along without further trouble. Mr. Mealy is upward of 84 years of age and says he felt himself growing weak when he fell.

—County Superintendent D. W. Morrison has completed all arrangements for holding the annual teachers' institute, which will be held in the court house, Tionesta, October 18 to 22, 1909. The instructors engaged are O. L. Warren, of Elmira, and S. J. Preston, of Syracuse, New York State Institute instructors, and R. B. Teitrick, of Harrisburg, Pa., Deputy Superintendent of Public Instruction. For the evening attractions there will be two concerts and two lectures.

—J. Frank Mealy of Newmansville, was tried in Clarion last week on a charge of felonious shooting, and the jury rendered a verdict finding the accused guilty of shooting with intent to maim, not to kill. This is the case in which a Syrian peddler named Michael Elliot nearly lost his life by being shot in the head with a charge of birdshot by young Mealy, aged about 18 years, at whose home the peddler had stayed over Sunday. The injured man was brought to Tionesta and from here taken to the Oil City hospital, from which institution he was discharged some weeks ago, having lost the sight of his right eye as a result of the shooting. The prosecutor in the case was John Curll of Newmansville. Up to yesterday the young man had not received his sentence. He claimed the shooting was accidental.

—The cantata, "The Haymakers," given by the choral society of the Presbyterian church in the court house last Friday evening, was greeted by an audience that filled the large court room to the doors. The production was an artistic and musical success in every way, especially as to the singing, the costuming and stage settings. The cast included thirty-eight persons and without particularizing it is sufficient to say that each fulfilled his or her part to the satisfaction of all, every number being enthusiastically received and applauded to the echo. Many expressed themselves as desiring to see the cantata repeated. Rev. H. A. Bailey, the director, is deserving of much praise for the excellent training he gave the members of the company and he is duly grateful to all those who stood by him so nobly and helped to make the cantata a success. The gross proceeds were about \$80.00.

—The meeting of the executive committee of the Forest county W. C. T. U. was held at the home of Mrs. Ida Small, at Nebraska, on Thursday, May 27, 1909, and was one fraught with pleasure to all present, partaking largely of the nature of a social gathering, as well as a business meeting. Previous to taking up the business matters for which the meeting was called a delicious three course luncheon was graciously served by the genial hostess. The principal business before the committee was the arrangement of the details for holding the county convention in September next, which is to be in the new M. E. church at Tionesta, the date being left open for the present, and will depend on such arrangements as can be made with speakers from abroad. The program for the convention was discussed but only partially arranged. Twelve members of the committee were present, as follows: Mrs. M. F. Catlin, Kellettsville; Mrs. W. F. Jones, Newtown Mills; Mrs. J. H. Derickson, Suis M. Carson, Mrs. J. P. Huling, Mrs. Sule M. Sharpe, Mrs. A. B. Kelly, Mrs. G. F. Watson, Mrs. J. E. Wenk, Tionesta; Mrs. N. G. Cole, Mrs. J. A. Small, Mrs. Lyman Cook, Nebraska.

—Miss Florence Fulton, having completed a success full term of teaching in the schools at Parker, Pa., is visiting her brother R. A. Fulton and other Tionesta friends, and at the expiration of her visit here will go to her home in Danbury, Conn., for the summer.

—Miss Emma Salagiver, one of the faithful and efficient nurses at the State hospital at North Warren, has been ordered by her physician to take a six months rest in order to recuperate from a threatened nervous breakdown. She is at present visiting friends at Bradford.

—The REPUBLICAN acknowledges a delightful serenade by the Endeavor martial band which furnished the music for Memorial Day services. With fife Henry Miller and Emory Witherell, who blows the big bass drum, at the head of affairs this organization can furnish music that will stir the patriotism in the dearest soul in spite of itself.

—Mrs. M. E. Abbott and Miss Julia Anderson of East Hickory, Miss Justina Sigms, Mrs. J. F. Shesley, Mrs. W. E. Davis, Mrs. V. T. Zahniser, Miss Martha Morrow, Miss Margaret Morrow, Miss Mary Vail and Dr. W. G. Morrow, of West Hickory, attended the Haymakers cantata here Friday night, the doctor taking part in the production.

—Mr. and Mrs. P. M. Bredel, Mr. and Mrs. Earl Finley, and Dr. and Mrs. Chas. H. Davis, formed an auto party which left Buffalo Saturday morning and arrived here Sunday afternoon where they took luncheon at Hotel Weaver before proceeding on their return trip, expecting to reach Warren that evening. While here they were guests of Dr. Davis' brother, James D., and "Monk" found time to shake hands with a number of old friends.

Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. Samples free at Dunn & Fulton's drug store.

Kellettsville.

Stella Goal, who has been assisting Mrs. E. E. Wilson in her millinery store for several months, returned to her home near Lickingville Monday.

Kate McMillan of Tionesta is the guest of her sister, Mrs. Chas. Russell.

J. M. Nugent of Towanda, N. Y., spent several days in town last week.

Mrs. W. E. Carbaugh and son Earl, and Mrs. J. P. Smith and sons are visiting relatives at Nemansville.

Ida and Elizabeth Ray of Warren visited their brother, J. F. Ray, of this place over Sunday.

Fred Slocum of Erie is visiting friends in town.

Mrs. F. Shaw and daughter Gladys and Misses Warden, McKean and Fox, of En. deavor, visited friends here over Sunday.

J. R. Rich and family of DuBois have moved into the house vacated by J. B. Gardner, whose place he takes with the tannery company.

F. B. Robbins and sons, John and Julian, spent Monday in Tidoute.

FROM ANOTHER CORRESPONDENT.

A. L. Weller is at work on his new bank barn below town, the dimensions of which are to be 40x46 feet. The foundation, which is of concrete, is nearing completion, and it is expected to have the entire structure ready by harvest time, the middle of July.

Considerable work has been laid out on the numerous roads hereabouts, and it is expected to take some time yet to put the highways in good condition. The storm of July 30, 1908, which was one long to be remembered, has still left traces of its destructiveness that persistent labor only can eradicate.

A vast improvement to our street lighting service has been added at the intersection of School street with the public highway, and directly in front of the residence of Harry B. Dotterer, who, with M. F. Catlin, is the donor. Everybody welcome to all the light they can get.

E. E. Ricketts, a solicitor for the Titusville Herald, spent several days in this vicinity last week in the interest of the best daily paper that comes to our town. He arranged for a regular correspondence from here and we can say that his selection is a good one.

Dr. Harry Davis has about completed a laboratory in connection with his dental parlors.

The ball game Saturday between the Regulars and Yanigans was a rather lopsided affair, having gone to the latter team 15 to 1. The players did not fill their regular positions and a part of the regular team assisted the yanigans. The new uniforms arrived last week and the boys look very neat in their natty togery. If appearance goes for anything, and we think it does, we have a very swell line-up, even if we are unable to affix many victories during the season. Play ball!

Geo. R. Johnson has purchased a driving horse from Kribbs & Ray's stable.

Mr. Darby and wife of Ridgway were in town Wednesday, having driven down in their auto. Mr. Darby is the traveling salesman for the Elk Tanning Company in this district.

A mothers' meeting was held at the Methodist parsonage Wednesday afternoon. Dr. Merriman of Shelburne Falls, Mass., is spending a few days with friends here.

Mrs. O. L. Johnson has been sick with sciatic rheumatism for the past week but is somewhat improved now.

Mrs. S. A. Lyle has been ill for the past couple of weeks but is improving slowly.

Mrs. Gus Sandstrom is visiting relatives in Warren for a few days.

Patrick Welsh spent Sunday at Olean.

Otto Mason, wife and daughter are visiting friends at Lopez, Sullivan county, Pa.

J. E. Stitzinger and son Leroy are in Clarion county, where they will remain a few days, after which they will go to Titusville, where Leroy will be left with relatives.

Clyde Weiser, wife and two children visited friends in Tyersburg Saturday.

Diphtheria has developed in the family of Michael Rendish, an employe of the kindling wood factory. Nine children comprise the family, three of whom are down with the disease. A strict quarantine has been established.

An incident occurred at the Kingsley House, Thursday evening, that for a time looked rather dubious for the party interested, but by quick action on the part of the loser the matter was settled satisfactorily. The particulars are that on that evening John R. Flynn, failing to remember that all public places were closed at 6 p. m., did remain in his office until about 9:30, and then remembering the closing time had been changed, left his office so hurriedly that he left his wallet lying on the counter. He did not even close the door in his haste and a party having been near at hand did convert the same to his person. Mr. Flynn went immediately to his room and having no sooner reached his cot than remembering his error he hastened to the office to find that the object of his trip had been removed. Hurriedly returning to the hotel he inquired of all the men about the place and not finding the prospective wallet he immediately swore out a search warrant, and with the assistance of Constable Grove the pocket-book and contents were soon recovered. The moral in this incident is just as forcibly brought out as one could wish: Never leave your purse on the counter, for obvious reasons.

What Four Per Cent. Means.

The Oil City Trust Company pays four per cent. on time deposits, which means that you receive four dollars for each one hundred you leave with them for a year, or forty dollars for each thousand, or four hundred dollars on ten thousand. The interest for a six months' period, of course, amounts to just half these figures. This gives you better returns on your money than high grade bonds will pay you. You can get your money readily, and have no commissions to pay as in the case of bonds.

Of Interest to Farmers and Mechanics.

Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also valuable for sprains, soreness of the muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by Dunn & Fulton.

When You Are Buying Saws

You might as well get one with a reputation and a record back of it. We have the

Diston, Simond's, and Vanadium Steel Saws.

Mr. E. W. Wilson of Union Saw Co., the manufacturers of the Vanadium Steel Saws, in a contest between American and British quality, gave the following demonstration at the Waldorf-Astoria Hotel, in New York City, Feb. 19th, last, with one of the ordinary 9 tooth saws made for wood:

1st—He sprung the saw from point to heel twice in both directions, showing no permanent set.

2d—With a hammer he bent the teeth of the saw at right angles to the blade without fracturing the teeth.

3d—The filing demonstrated that the steel in the saw was no harder than the ordinary saw.

4th—He then took a plank, drove two twenty-penny nails in the edge of same and cut the plank through, at the same time cutting off the nails, after which he took a two-inch steel pipe and cut it in half.

We confidently assert these Vanadium Steel Saws will save the mechanic enough in a year in filing and setting to pay ten times over the difference between their cost and that of the ordinary hand saw. Come and see the saws. We have a number of different kinds and at prices to suit all. Tools for the farmer as well as the tradesman. Everything in Hardware. If you don't deal with us we both lose money.

Men's Straw Hats.

Sunday last was the day when the majority of men appeared with new straw hats.

We believe it will seem a lot more as though summer was here to stay, when the soft and stiff hats are discarded for a light weight, cool looking straw.

We would like to show you our 1909 straw hats.

HOPKINS' STORE.

Clothing Department

The question of a spring suit will soon have to be decided.

Our Aim

Every season is to improve on last season. Our line of spring suits plainly shows the result of our effort this time.

We sell a very good suit for \$ 8.00
A cracker jack suit for 10.00
A dandy suit for 12.50
And a Jim slicker suit for 15.00

We have the goods and we want to sell them.

A little time spent in looking our clothing will be time well spent.

Come and see.

When You Are Buying Saws

You might as well get one with a reputation and a record back of it. We have the

Diston, Simond's, and Vanadium Steel Saws.

Mr. E. W. Wilson of Union Saw Co., the manufacturers of the Vanadium Steel Saws, in a contest between American and British quality, gave the following demonstration at the Waldorf-Astoria Hotel, in New York City, Feb. 19th, last, with one of the ordinary 9 tooth saws made for wood:

1st—He sprung the saw from point to heel twice in both directions, showing no permanent set.

2d—With a hammer he bent the teeth of the saw at right angles to the blade without fracturing the teeth.

3d—The filing demonstrated that the steel in the saw was no harder than the ordinary saw.

4th—He then took a plank, drove two twenty-penny nails in the edge of same and cut the plank through, at the same time cutting off the nails, after which he took a two-inch steel pipe and cut it in half.

We confidently assert these Vanadium Steel Saws will save the mechanic enough in a year in filing and setting to pay ten times over the difference between their cost and that of the ordinary hand saw. Come and see the saws. We have a number of different kinds and at prices to suit all. Tools for the farmer as well as the tradesman. Everything in Hardware. If you don't deal with us we both lose money.

Men's Straw Hats.

Sunday last was the day when the majority of men appeared with new straw hats.

We believe it will seem a lot more as though summer was here to stay, when the soft and stiff hats are discarded for a light weight, cool looking straw.

We would like to show you our 1909 straw hats.
