—County Treasurer Holeman desires to notify all dealers who have thus far failed to pay their mercantile tax, that unless the same is paid on or before July 5th, an additional 10 per cent. penalty will be added. This is the law in the case, and the Treasurer has no discretion in the matter.

—A life insurance company having over fifty million dollars (\$50,000,000) of insurance in force desires an experienced representative for this vicinity. To such a person the company is prepared to offer a general agent's contract direct with its home office. For full particulars address this office.

—Henry Wagner of Tionesta township had a bone broken in his right foot last Thursday. He was unloading logs at the Dutt & Foreman mill when a log rolled on his foot. Dr. Dunn dressed his injuries and he is getting along nicely.

—Ray Birtell shipped a crate of this spring's chickens to a commission merchant in Buffalo, last Wednesday, for which he realized the sum of 35 cents per pound. The fowls averaged 1 1/4 pounds in weight and at this rate there ought to be good money in raising chickens.

—F. C. Proper got a good well last week in his No. 25 on the Proper reserve, at Balltown. It was shot Wednesday and is showing up for an average well. At Golliza Hague & Collins are reported to have a nice well in their latest venture on the Collins lands. The well was finished and shot Monday.

—The borough school board organized for the year last evening by re-electing last year's officers, as follows: President, W. G. Wyman; secretary, J. R. Clark; treasurer, J. C. Scowden. There is no change in the personnel of the board. A meeting for the election of teachers will be held next Monday evening.

—Senator Penrose has sent to this office a quantity of public documents bearing on farming, gardening, fruit culture, etc., and any one interested in these pursuits is welcome to come in and help himself to the literature while it lasts. The subjects treated are many and the authors are people of note in their special lines.

—An extraordinary large load of lumber was hauled to the station here last Friday, from the sawmill of Andrew Wolf, on Little Tionesta creek. The load contained 2,750 feet of pine lumber, weighed 7,850 lbs., and was in charge of Walter Reynolds, who was driving a rather small team of horses owned by Mr. Wolf.

—J. Wesley Stewart, who left Warren about two months ago on the little steamer "City of Warren" bound for the Gulf of Mexico, died on the 3d inst., in a hospital at Wilkingsburg, from pneumonia. He had resided in Warren for some time, where he has a brother living. His parents reside in Altoona, where the body was taken for burial.

—The Tionesta township school board organized Monday with the election of Henry Wolf as president, Mrs. P. R. Smearbaugh, secretary, and Jacob Smearbaugh, treasurer. The board will receive sealed bids June 25th for the erection of a new school building at the Huddieson school. The old building will be sold to the highest bidder.

—On June 17th an eclipse of the sun will occur, which will be unlike any in history. While the view point for astronomers will be in the far north, a part of the eclipse will be visible throughout this state at sunset. The eclipse of the moon last Thursday night was only a partial success, the night being somewhat cloudy when fair Luna poked her head above the horizon.

—The new order relative to the maintenance of the criminal insane will not affect Forest county as seriously as at first supposed it would, as out of the entire number now in the asylum at North Warren under the county's keeping, there is but one who will come under that head. This patient's keeping will add but \$2.50 per week to the county's expense for maintenance.

—At the graduating exercises of the State training school for nurses at the State Institution at Polk, on Thursday last, eleven young ladies and gentlemen were given their degree, and among the number was Miss Mary F. Lovejoy of Tionesta, who has been a student nurse at that institution for the past two years. A nice program was rendered, closing with a reception and dance.

—The storm of Friday night was one of the severest of the season, but no damage worth mentioning resulted in this vicinity. The display of lightning was both terrifying and grand, and the continuous peals of thunder were calculated to unnerve the coolest and most indifferent person. The rainfall was very heavy and lasted nearly an hour, causing good-sized floods in both the creek and river at this point.

—At a meeting of the alumni association of the Tionesta high school, held in the school building last Wednesday evening, it was voted to hold the annual reception on Friday evening, July 24. The following officers of the association were also elected: President, Miss Maud Canfield; vice president, Glenn Henry; secretary, Miss Marie Dunn; treasurer, Miss Clara Henry; assistant treasurer, Miss Hazel Fones.

—A new counterfeit \$5 silver certificate has come to the attention of the secret service bureau. It is of the series of 1899 (Indian head) and is a photo-mechanical production, printed on bond paper, of good quality and blue ink lines to imitate the silk fibre of the genuine. According to Acting Chief Moran of the bureau, the poor character of the workmanship on the Indian head should be the means of detecting the counterfeit now in circulation.

—There is a dispute as to the ownership of eight hundred acres of timber in Howe township, Forest county, and H. A. Crary secured a writ of estoppel prohibiting the Central Pennsylvania Lumber Company from cutting it. At a hearing before Judge Rice the first of the week the writ was dissolved when the defendant company gave a \$300,000 bond and will now cut the timber. The question of title will likely be decided later by the courts.—Sheffield Observer.

—Three young men were arrested here Sunday morning by Sheriff Maxwell charged with the theft of a boat from Drumm & Engstrom of Warren. The boat disappeared Saturday evening and the owners followed with another boat, overtaking the men here. The accused claiming they found the boat adrift and were on their way to Oil City. They were lodged in jail here and Tuesday morning Constable J. G. Brown of Warren took them to that city for a hearing before Justice Perry.

—The Venango Spectator notes that a Franklin citizen is in possession of a copy of the Venango Herald, published in that place in March, 1826. The county commissioners' annual report is the principal feature of the paper, taking up practically the entire space. The commissioners signing the report were John Witherup, John Broadfoot and Alexander Holeman, the latter being the grandfather of our present county treasurer, Geo. W. Holeman, and the father of our worthy town-lady, Mrs. J. G. Dale.

—I. B. Gerow, agent for the P. R. R. at Miller Farm, a former Tionesta boy, had the scare of his life Saturday morning. He was leaving the telegraph office for a moment and as he went to step from the doorway to the ground he saw a rattlesnake coiled there. He recovered his balance just in time to avoid planting his foot in the middle of the snake's economy. Afterward he recovered his composure and with the assistance of a friendly club and a garden hoe he dispatched the reptile expeditiously. It was three feet in length.

—Harry Canfield concluded a deal this week with Mr. and Mrs. Robert P. Bender for the purchase of the Globe Hotel, with the livery stable connected, at West Hickory, and will take possession of the property tomorrow. Consideration private. Mr. and Mrs. Canfield will move to West Hickory to personally conduct the business, which is a guarantee that it will be done in a first class manner. We commend them to the good people of that community. Mr. and Mrs. Canfield have a considerable amount of furniture and household goods to dispose of at their home on May street and the same can be had on reasonable terms at private sale.

—Don't think because the reporter sees you getting on the train that he ought to know who you are and where you are going, or if he sees you greet some friends that he knows who they are and where they are from. We aim to get all the news, but you may be the one we don't happen to know. We try to become familiar with names and faces, if possible. But during the years past we have been to church and failed to see you there; we have hung around the town pump, but some of you weren't there; we have loafed on the street; we've even risked our reputation on back streets on a dark night, but you weren't all there. And we'll be hanged if we know where to find you all. So if you are going or coming, or know anybody cutting up queer capers, let us know.—Ex.

—Beware of Fourth of July injuries, all of which are more or less serious, and many prove fatal. The American Medical Society has been busy in the compilation of figures which show a startling state of affairs as resultants of the careless and reckless handling of firearms and explosives on Independence day celebrations, and the society has passed strong resolutions condemning the practice of methods which are so reckless of human life and health. Here are some of the statistics: In the United States there occurred in the last five years 23,673 injuries, and of this number 1,153 resulted fatally. Of these injuries 3458 occurred in Pennsylvania, the fatalities reaching 172. The statistics of 1908 are 5623 for the United States with 163 fatalities; for Pennsylvania, 987, with 21 fatalities.

—Last Friday night was the fiftieth anniversary of the big frost, June 4th, 1859, according to the best evidence obtainable. Many people are still living who have a distinct recollection of that wonderfully devastating circumstance, and can recall the appearance of all sorts of vegetation on the day following, June 5th. We are told that one week from that date not a green leaf was to be seen anywhere in all this section, and that every vestige of cereal or vegetable was frozen to the ground, and starvation stared the people in the face. Much buckwheat was sown and corn re-planting, and the farmers reaped an abundant harvest of both in the fall. Flour, which shot upward in price immediately after the frost, came down again as quickly, and sold for less than before the freeze, owing to the large shipments that came from the western states.

Important Timber Deal.

A timber deal of considerable magnitude was closed recently by Dr. J. C. Dunn and J. J. Landers, of Tionesta, when they purchased from Mrs. Betsy Adamson, of Philadelphia, all the remaining timber on the lands of the late Joseph Adamson in Kingsley, Howe and Johns townships, this county, which was formerly known as the Salmon Creek Lumber and Mining Company property. The purchase includes all the merchantable timber and pulp wood on 8,147 acres, embraced in warrants 5105, 5108, 5109, 5110, 5128 and 5129. The greater part of this land has been cut over, but there is yet six or seven million feet of saw timber and from seventy to ninety thousand cords of pulp wood on it. Of the saw timber two and a half million feet is hemlock, and the balance oak, chestnut, pine, cucumber, poplar, ash, etc. The new owners have already closed a contract with the New York & Pennsylvania Company of Johnstown, Pa., for the removal of the pulp wood, who expect to begin operations at once with a large force of men. Messrs. Dunn and Landers afterwards disposed of an interest in the property to J. F. Proper, of Tionesta, and they are preparing to peel the bark and manufacture the lumber. Their mill will probably be located near the old mill of the Salmon Creek Lumber Co. at Kellettville. These operations will give employment to a great many men and will add much to the business activity of that section for some time to come.

Clean Up.

The citizens of the Borough are entitled to commendation for their efforts to keep their properties and the Borough in a sanitary condition. It is due to this cleanliness that we are so free from contagious diseases. In order to assist the people in this very important duty we have recommended and suggested to the Borough Council that certain "Cleaning-up-Days" be fixed, not to exceed one each month, at which time all lot owners and occupiers of lots be requested to place all accumulations of refuse, as rotten fruits or decaying vegetable matter, etc., in receptacles of some kind on the side of the street and that it then be hauled away by the Borough.

The Board of Health has instructed its Health Officer, Peter S. Lindel, to make a general inspection of the Borough to see that, if any nuisances exist that may be prejudicial to good health, that same, if found, may be removed. This is done for the benefit of all and we hope that every person will assist the Health Officer in making this inspection by telling him of any unhealthy place they may know of, whether it may be in the cellar or on the lot, as the right of inspection extends to all parts of the house as well as to the lots. By order of BOARD OF HEALTH.

—Sick headache, constipation and biliousness are relieved by Rings Little Liver Pills. They cleanse the system. Do not gripe. Price 25c. Sold by J. R. Morgan.

FROM ANOTHER CORRESPONDENT.

A timber deal of considerable note was consummated recently that for acreage surpasses the majority of sales. The particulars, which we are unable to give as authentic, are substantially as follows: Dr. J. C. Dunn, J. J. Landers and J. F. Proper, all of Tionesta, are the owners of all the timber on the Adamson property, the deal going through a couple weeks ago. This tract comprises about 8,000 acres and lies on Salmon creek and its tributaries. There is considerable local history attached to this property that through lack of space we are unable to give. Some 25 years ago the tract was made to denude this vast tract of its monster forest beauties and we might say that all these years have seen the forest grow smaller until now there is but a handful, as it were, left. The siege against this timber was carried on by several companies, a few of which we might mention here: J. M. Kepler, Tionesta Lumber Co., T. D. Collins, and the Nelson Creek Lumber Co. The last named company operated the tract until the contract expired in 1906. Since then nothing has been removed. It is estimated there are 100,000 cords of pulp wood, aside from the saw timber, still remaining on the lands. The timber for manufacturing is upward of ten million feet. The pulp wood will go to the New York and Pennsylvania Company at Johnstown, while the saw timber has as yet not been contracted for.

The primary election held in the hall Saturday was very light, owing to the fact that but very few candidates were up for nomination. J. G. Watson, our home candidate for Associate Judge, received a very flattering vote, 88 to 4. This is indeed a good way to show one's friendship, and although defeated in the county, one has the assurance that they can poll a good vote where they are best known.

Our first twilight ball game of the season was played on the home grounds Saturday between the Marienville team and our home team. The game was started at 6:30 and after seven innings had been ground off to the entire satisfaction of the home team, the game was called on account of darkness, score 11 to 3, our game. The Marienville boys conducted themselves as gentlemen and took their defeat gracefully, this making their second loss for one afternoon, the Mayburg boys treating them to a similar drubbing as they received at our hands.

A severe local electrical storm visited this section Friday evening. The storm broke about nine o'clock and for an hour the rain came down very plentifully. No damage was reported here, except an oil tank at Porky was struck by lightning and destroyed. The tank contained 100 barrels of oil and belonged to the South Penn Oil Co.

S. A. Lyle has purchased a property from A. L. Weller and has moved into his house.

W. E. Barrett is having an extension built on the house occupied by him and owned by T. D. Collins.

Mr. and Mrs. W. N. Goode were called to Weston's Mills, N. Y., on Friday to attend the funeral of Mrs. Goode's father, Mr. Hollamby, who was a farmer, and who died on Thursday, aged about 69 years.

A strict quarantine has been established on the houses of Michael Rendosh and Wm. Nelson, which each contain diphtheria patients. All cases are of a mild type and it is hoped no further quarantine shall be necessary.

Chas. Johnson has moved his family from Clarendon into the John Watson house on church street.

Richard Matthias, John Cunningham and J. C. Wilkinson visited friends and relatives at Crown on Sunday.

Mrs. J. L. Simmons went to Warren on Thursday to do some shopping.

Miss Kate Guenther and nephews, Ross and Reed Weller, were in Warren, Saturday.

Mrs. Chas. Pope, accompanied by Mrs. R. H. Shannon and son, called on friends at East Hickory and Endeavor, Thursday. While returning home their horse began showing signs of fatigue, so they thought. After spending some time on the road and as darkness was fast coming on, a good Samaritan dove in sight, who also proved to be a postmaster in epidemics, hastily diagnosing the case in its true form. They were soon on their way again, breathing a prayer of thanks.

Miss Edith Spencer visited her parents on Sunday.

Mrs. J. C. Miller visited her parents at West Hickory, Thursday.

Mrs. Chas. Russell is visiting friends in Tionesta.

W. J. Miller and family drove down to Shippenville Saturday to visit Mrs. Miller's parents. Mr. Miller will return today while the other members of the family will remain for some time.

Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. Samples free at Dunn & Fulton's drug store.

—Arthur Stroup came home Saturday from the Lawrenceville, Illinois oil field quite badly crippled. On Monday of last week while at work on a lease in that field he fell in such a manner as to throw his left ankle out of joint, at the same time splitting the bone of his leg. The injury is a very painful one and will probably disable Arthur for several months.

FROM ANOTHER CORRESPONDENT.

A timber deal of considerable note was consummated recently that for acreage surpasses the majority of sales. The particulars, which we are unable to give as authentic, are substantially as follows: Dr. J. C. Dunn, J. J. Landers and J. F. Proper, all of Tionesta, are the owners of all the timber on the Adamson property, the deal going through a couple weeks ago. This tract comprises about 8,000 acres and lies on Salmon creek and its tributaries. There is considerable local history attached to this property that through lack of space we are unable to give. Some 25 years ago the tract was made to denude this vast tract of its monster forest beauties and we might say that all these years have seen the forest grow smaller until now there is but a handful, as it were, left. The siege against this timber was carried on by several companies, a few of which we might mention here: J. M. Kepler, Tionesta Lumber Co., T. D. Collins, and the Nelson Creek Lumber Co. The last named company operated the tract until the contract expired in 1906. Since then nothing has been removed. It is estimated there are 100,000 cords of pulp wood, aside from the saw timber, still remaining on the lands. The timber for manufacturing is upward of ten million feet. The pulp wood will go to the New York and Pennsylvania Company at Johnstown, while the saw timber has as yet not been contracted for.

The primary election held in the hall Saturday was very light, owing to the fact that but very few candidates were up for nomination. J. G. Watson, our home candidate for Associate Judge, received a very flattering vote, 88 to 4. This is indeed a good way to show one's friendship, and although defeated in the county, one has the assurance that they can poll a good vote where they are best known.

Our first twilight ball game of the season was played on the home grounds Saturday between the Marienville team and our home team. The game was started at 6:30 and after seven innings had been ground off to the entire satisfaction of the home team, the game was called on account of darkness, score 11 to 3, our game. The Marienville boys conducted themselves as gentlemen and took their defeat gracefully, this making their second loss for one afternoon, the Mayburg boys treating them to a similar drubbing as they received at our hands.

A severe local electrical storm visited this section Friday evening. The storm broke about nine o'clock and for an hour the rain came down very plentifully. No damage was reported here, except an oil tank at Porky was struck by lightning and destroyed. The tank contained 100 barrels of oil and belonged to the South Penn Oil Co.
