TEN KILLED IN WRECK

and 40 Injured When Two Big Electric Cars Collide.

When Physicians Reached the Scene They Found Farmers and Villagers Endeavoring to Care For the Wounded and to Extricate the Dead and Dying by Light of a Few Lanterns. Many Wounded Pinioned in the

Ten persons were killed and 40 infured in a wreck on the Chicago, Lake Shore & South Bend railroad in Porter county, Ind., Saturday night, two of the big electric cars colliding head-on. According to General Manager Wallace, the wreck was due to a disobedience of orders by Motorman George A. Reed of the eastbound car, who was

Reed received instructions at Gary to wait at Wilson, a short distance west of Baileytown, the point at which the disaster occurred, for the westbound car to pass. The impact of the cars was so great that they were reduced to a mass of wreckage.

The dead: George A. Reed, motorman, Michigan City, Ind.; Ray F. Merriman, South Bend; Charles J. Person, Porter, Ind.; Edward Gilbertson, Porter; A. Barber, Mishawaka, Ind.; F. T. Moore, residence unknown; William Leon, secretary of the Downgiac Motor works, Dowagiac, Mich.; F. A. Lake, president Dowagiac Motor works; H. H. Hutson, Niles, Mich.; Charles S. Wantson, Porter.

The eastbound car, going 50 miles an hour, was telescoped and almost demolished. In this train were all of the killed and most of the injured. Passengers on the westbound train scaped with bruises

Darkness greatly interfered with the progress of the rescuers, and to make matters worse the nearest telephone was a mile away.

Superintendent Welsh of the Interurban line was in Michigan City when the accident occurred, but it was impossible to run electric cars to the scene because the trolley line had been broken. Three physicians were sent in a gasoline traction speeder and three more were dispatched in an automobile. When the physicians reached the scene thew found scores of farmers and villagers rushing about endeavoring to care for the wounded and to extricate the dead and dving by the light of a few lanterns. Many of the wounded were pinioned in the wreckage so that it was necessary to use axes.

SIGEL GIRL'S MURDER

Man Arrested at Schenectady Apparently Not Leon Ling.

Keeper of the Restaurant Above Which the Body Was Found Returned and Surrendered Himself. Girl's Mutilated Body Is Buried Quietly-Meeting of Converted Chinamen Held to Raise Money For Reward For Capture of Murderer.

New York, June 22.-After a bit of police flurry, an hour or two of unerified reports and telephoning beween cities, the murder of Elsie Sigel of this city and granddaughter of Major General Franz Sigel of Civil war fame, has resolved itself into an unsolved crime again.

Chung Sin, who formerly occupied a coom adjoining that where the girl's body was found, is held by the police at the little city of Amsterdam, N. Y., but what has been learned from him has served to clear up the case little. if any. Ar Schenectady, the Chinaman, at first thought to be Leon Ling or William L. Leon, who is sought as the girl's murderer, has, according to all indications, pretty well established that he is an unoffending Celestial who formerly worked in a restaurant in New York and whose arrest was brought about merely through a strikingly unfortunate resemblance to Leon

The disappearance of Chung Sta about the time the murder was discovered here made the police eager for his apprehension, which was considered second in importance to that of Leon, but the interview with him at Amsterdam seems to have brought out nothing of value to the authorities. He maintains that he rarely associated with Leon and while acquainted with Elsie Sigel knows nothing of the murder.

Sun Leong a Material Witness. While the authorities up-state were putting the Chinamen through an inquisition Sun Leong, keeper of the restaurant above which the body was found, was being questioned at police headquarters here. Sun Leong disappeared on the night the body was found, but quietly and calmly surrendored himself early vesterday. He is being detained as a material witness. but his voluntary surrender is taken to mean that he is not implicated in any way in the crime

In the midst of all the police activity the body of Elsie Sigel was quietly and did not reappear. buried in Woodlawn cemetery. As the father had announced that he wished to avoid any more publicity. the coffin containing the mutilated form was taken directly from the morgue to the burying ground in a plain undertaking wagon. The cere mony at the grave was strictly private and was attended only by her father. two brothers, Reginald and Theodore, and by her uncle. Franz Sigel.

Mrs. Sigel, it will be recalled, broke down completely when she learned of her daughter's death and is now in a direction cutting the horse to pieces sanitarium.

The scholars, he continued, keenly felt the a sgrace that the murder had brought upon the mission schools and stood ready to aid the police in every way to bring about the capture of the murderer.

COURTS DEATH FOR SCIENCE

Physician Inoculates Self With Strange Disease For Experts' Study.

Philadelphia, June 22.-For the sake f medical science and to determine the nature of the "straw disease," which was discovered several weeks ago among sailors of P. A. B. Widener's yacht Josephine and other harbor craft, Dr. Joseph Goldberger, an attache of the local marine hospital service, has gone to Washington with his arm a mass of blisters and small pimples that the scientists there may study the strange disease.

Dr. Goldberger was assisted in his

experiment by Dr. Jay F. Shamber of the hospital force on the contagious liseases, who has inoculated himself with virus from Dr. Goldberger's arm. From the time the disease was first reported the government, state and city authorities have been interested in it. In view of the fact that many cases of it have been treated as hives, the physicians believe there are many Mar cases that have not been re

RUMORS ABOUT HARRIMAN

Caused Decline In Union and Southern Pacific Stocks.

New York, June 22.-Rumors that E. H. Harriman was critically ill in Vienna, a report that at times was exaggerated to the extent that he was dead, all met with prompt denial by his close associates at the Union Pacific offices. Notwithstanding this, the reports, coupled with a sharp bear raid, caused a decided break in the stock market and the decline in the so-called Harriman stocks had not been checked when trading closed.

Union Pacific dropped four points, recovered only a quarter, leaving a net loss of 3% for the day.

Southern Pacific showed a net loss of 2%, Reading 4%, and Amalgamated Copper 3%. Losses as high as 12 points from the high water mark of a few days ago were recorded.

As to the wild rumors, one of Mr. Harriman's closest associates said that he felt convinced any report purporting to indicate that Mr. Harriman was seriously III was utterly false.

"We have received several cable messages from Mr. Harriman today," he said. "One of these was addressed to a member of his family and gave no hint of any change in Mr. Harriman's condition."
