

**No Paper Next Week.**

The REPUBLICAN force is just as patriotic as ever and will therefore celebrate the "ever glorious" in a safe and sane manner; hence no paper will be issued from this office next week. We trust all our readers may enjoy the festivities of Independence Day and come through it without a scratch or scar. In the meantime if any of you have business to transact with the financial end of the institution you'll find a fellow at the desk ready to fill out and sign receipts for all moneys left at the sanctum.

"Don't forget that next Tuesday is "show day," when Howe's Great London Shows will pitch their tents in this place. It is claimed to be the biggest aggregation ever exhibiting in Tionesta, so don't miss it.

"There's been a heap of good growing weather in the past week and all sorts of crops are looking well, except possibly the grass crop. One sees very few good meadows this year in traveling through the rural districts.

"Marienville and Kellettville will both celebrate the Fourth in old fashioned style on Monday next, July 5th. At the former place an ox-roast will form one of the attractive features. Tylersburg will celebrate on the 3d, Saturday.

"Special reduced prices are being given on all women's suits, dresses, muslin underwear, etc., as well as special reduced prices in men's and boys' suits for the fourth of July at Monarch Clothing Co.'s great cut price sale which ends July 4.

"Wm. Lawrence closed a deal last week with F. R. Larson for the recently remodeled house which the latter gentleman moved from the M. E. church lot to a lot adjoining the Gas office last summer. Mr. Lawrence buys the property as an investment.

"Fine Cabbage plants, 25 cents per 100, or \$2.00 per 1,000. Thousands of them in four of the best varieties. Also thousands of the White Plume Celery, transplanted plants, 50 cents per 100. Mail orders promptly filled. C. A. Anderson's greenhouse, near river bridge, Tionesta. if

"How often do we hear people say: "Where in the world do all the flies come from?" It is simple enough. The toper makes the blue-bottle fly, the sterner father makes the gad fly, the blacksmith makes the fire fly, the driver makes the horse fly, the grocer makes the sand fly and the boarder makes the butter fly.

"G. H. Lowe & Co. got a good gasser but no oil in their first well on the Rowman lands, Green township, which was drilled through the Clarion and sand the last of the week. The gas was found in the stry sand, however, a short distance above the Clarion. The company is preparing to drill the second well on these lands.

"Children's Day will be observed at the Presbyterian church next Sabbath morning, the exercises taking the place of the usual preaching services. A nice program is being rehearsed by the children of the Sabbath school, and those who attend may expect to be well entertained. A general and cordial invitation is extended.

"G. H. Lowe & Co. got a dry hole in their No. 5 well on their lease on the Pleasantville road, last week, it being their fourth well on the Abbott tract. They have moved their machine to drill on the A. C. Walters farm, in the same neighborhood. Six strings of tools are running in the vicinity of the Abbott tract lease.

"The wind and rain storms of Wednesday and Thursday last did considerable damage to fruit and shade trees in this vicinity. A fine maple in the court house yard was split by the heavy wind on Wednesday, a tree went down on the old Dr. Hunter property on River street, and H. E. Moody had two trees split, a peach and a maple.

"An important congregational meeting is called for this, Wednesday, evening, at the Presbyterian church to consider plans for the remodeling of the church edifice. It is earnestly desired that, not members only, but all who attend the regular church services, be present at this meeting, that a full and free expression may be had.

"The directors of Howe township have elected the following teachers for the coming year: Brookston, No. 1, Miss Della Sutton; No. 2, Miss Grace Jaycox; No. 3, R. W. Kiggs; Frost, Miss Evadna Hunter; Hastings, Miss Lena Anderson; Lynch, J. E. Hecker; Porkey, Miss Pearl Allaire; Sheriff, Harry A. Smith; Watson Farm, Miss Mary Flinn. Term begins August 30th.

"Moses Hepler has been awarded the contract for building the new school house which is to replace the old Huddeson school house in Tionesta township. The bids were opened by the board Saturday, and Mr. Hepler's, \$899.57, was found to be the lowest, there being four other bids submitted, and all but one within \$50 of the amount of the successful bid. The building is to be 28x40 feet with 12-foot ceiling and a vestibule inside. The old structure was sold to Mr. Hepler for the sum of \$38.30.

"A case that is interesting to Pennsylvania fishermen will probably be tried at an early date. Henry Raymond, of Youngsville, Warren county, has been arrested upon the complaint of Lee Clough, of Spring Creek. Spring creek, a favorite trout stream runs through about two miles of Clough's land and many millions of trout fry have been distributed in its waters and tributaries in past years. Recently the governor signed a bill opening to fishermen any stream that has been stocked by the state.

"The Tionesta junior ball team went to Tidoute last Thursday and took the juniors of that town into camp in a well played game by a score of 9 to 5. The Tionesta players were Ellis, 2b., Siggins, m., Henry, ss., Clark, p., Maxwell, c., Hunter, 3b., Fliak, l., Foreman, lb., and Zaver, r. Tidoute's battery was Albright and Kaitenbaugh. Tionesta had 11 hits to Tidoute's 6. Clark had 3 strikes-outs and Albright 11.

"At a meeting of the directors of the Oil City Trust Company, held June 29th, a dividend of six per cent. was declared out of the earnings of the past six months. The directors also transferred \$150,000.00 from Undivided Profits and Current Earnings to Surplus Account. This gives the company a Surplus of \$450,000.00, in addition to its Capital of \$300,000.00, and makes it the largest financial institution in northwestern Pennsylvania.

**Sudden Death of Andrew Carlson.**

Our community was shocked this morning to learn of the death of Andrew Carlson, one of our old and well known citizens, which occurred this Wednesday morning at one o'clock, from heart trouble. Few were aware of his illness which had extended over a couple of weeks, but he was feeling so much better yesterday that he went to the garden and did some light work. A short time before the hour stated he was taken with a vomiting spell, and before his physician could be summoned he passed away. Mr. Carlson was aged about 74 years and was a native of Sweden. He came to this country about 42 years ago, having been a resident of Tionesta for more than 25 years, his home being on the west side, where he had been in the employ of the P. R. R. and for the past four or five years a retired pensioner of that company. The deceased was one of our most highly respected and honorable citizens and his sudden demise is very much lamented by a large circle of friends in Tionesta and vicinity. His wife and one son, Charles, survive and have the sympathy of all in their sudden bereavement. Funeral services will be held at the home tomorrow at two o'clock.

**Temperance Essay Contest.**

The judges selected by the County W. C. T. U. to decide on the merits of the essays written by the pupils of the schools of Forest county have made their awards, and the contest was won by pupils of the Marienville school. The first award was made to Harold Kendall of the high school department, the subject being "The Value of Total Abstinence to a Life," and to Hazel Groce was given the first award in the grammar grade, the subject assigned being "What is the Harm in a Glass of Beer?" Three essays on each subject were submitted in the final contest for the county prizes, and the Judges, Hon. F. X. Kreitzer of Nebraska, Hon. A. R. Meehling of Clarington, and Rev. Dr. Marks of Tidoute, made the awards on the numbers of the essays, having no knowledge of the names of the writers, so that all possibility of favoritism was precluded. All the other essays received high compliments from the judges on the excellence of ideas presented and originality of argument. These essays now go to the State Union where they will be entered in the contest for higher honors.

The ladies' aid society of the Presbyterian church will serve sandwiches, coffee, ice cream and cake, beginning at 10 o'clock a. m., Tuesday, July 5th, in the J. F. Proper building, near the corner of Elm and Bridge streets. Remember the time and place and give the ladies your patronage.

At a meeting Saturday the Green township school directors elected the following teachers for the coming year: Nebraska, No. 1, Miss Ruth Cook; No. 2, Charles Dotterer; Blum, Miss Beba Cole; Tubbs Run, Miss Evelyn Grove; Gultonville, Miss Belya Hoover; Youngk, Miss Jeanette Haugh; Golinzn, Miss Olive Blauser; Flynn, Miss Eva Kiser; Hinderer, Miss Grace Reed. Length of term, seven months.

Harry Smith, who resides on the Spring Creek road north of the city, permitted his left hand to become entangled in a jack at an oil well where he was working Sunday morning. The hand was torn considerably. He was brought to this city where the middle finger was amputated at the second joint by Dr. J. C. Wilson and Dr. H. H. Dight. He will have a sore hand for several weeks.—Tionesta Herald.

Lanson Brothers, millers, closed the bread-making contest last Wednesday with an exhibition of the bread at the home of C. A. Lanson and an award of the prizes. There were twenty-five contestants and some fine-looking bread was placed on exhibition. The judges were Mrs. Charles Hunter and Miss Mayne Fitzgerald, who awarded first prize to Mrs. Charles Walters, of Tionesta township, second prize to Mrs. R. A. Childs, of Tionesta township, and third prize to Mrs. C. A. Hill, of Tionesta. The first prize was three sacks of Gold Medal flour, second prize, two sacks, and third prize, one sack.

Theodore Bell, who has been employed by David Frost in the bark woods between Sheffield Junction and Brookston, was brought to Tionesta Thursday by Constable W. J. Mohney, of Marienville, and lodged in jail, charged by his wife with threatening to do her bodily harm. Bell was arrested Wednesday by Constable Mohney and at a hearing the same day before Justice A. C. Gregg, of Brookston, was sent to jail in default of \$500 bail. The Bells have not been living together for some years, Mrs. Bell being engaged in keeping house for Alex. Shay at Lynch, and it was because of this fact that the threats are alleged to have been made.

At a meeting of the board of directors of the Citizen's National Bank of Tionesta, on Monday, Prothonotary J. C. Geist was elected cashier of that institution to fill the vacancy caused by the resignation of Sherrill Smith, and the new incumbent enters upon his duties at once. Mr. Geist, who will not resign as Prothonotary, the two positions being entirely compatible, is an accountant of many years' experience and is thoroughly equipped for the responsible position to which he has been called. His pleasing geniality and affability will win friends for the bank, and the management will discover that it has made no mistake in the selection of Mr. Geist as the cashier of the institution.

The long-drawn out dispute in Hickory township, Mercer county, over the expenditure of school funds for transporting pupils to and from the high school will likely end in the courts. In their annual report the auditors of the district state that they refuse to approve the expenditure of \$290 paid out for the purpose and surcharge the directors with that amount. They state that they believe that the directors had no legal right to expend school funds for this purpose. Members of the board last year held that they had a perfect right thus to spend pupils in remote parts of the district reached the high school, but at the time protest was made by some of the taxpayers. The matter has assumed such shape since the publication of the auditors' report that it will undoubtedly have to be carried into court for settlement.—Mercer Dispatch.

Howe's Great London Shows.

The general consensus of opinion of the five or six thousand Atlanta people who attended the afternoon and night performances given by Howe's Great London Shows is that no clearer, cleverer artists ever raised their canvas in Atlanta, and every person attending the afternoon or evening performance will be a walking, talking advertisement for this show should "the circus" come this way again. All the horses, all the animals of the menagerie, looked trim, well fed and cared for; the wagons, the cages, seemed more than mere good leaf and tins decorations. From the ticket sellers and takers to the ushers, and even the canvas men, the circus attaches appeared neat and courteous. But, best of all, there wasn't a "graffer" with the show. For each dime or dollar spent by the amusement seekers, either in or about the show, an equivalent to the full was given of entertainment. There have been large shows in Atlanta in past years, circuses that spread large tents, needed more cars for transporting paraphernalia and exhibits, shows that made more pretense and blew louder blasts of publicity, but never one that gave patrons more for their money or made a better impression of cleanliness and decency. To praise in detail all that should be praised would be to consume columns of space, so it is not a clearer, cleverer artists ever raised their canvas in Atlanta, and every person attending the afternoon or evening performance will be a walking, talking advertisement for this show should "the circus" come this way again.
