-Local railroad men are not inclined to believe the story emanating from Rochester to the effect that the New York Central is about to trade the "Peanut" branch to the Pennsylvania for the W. N. Y. & P. No one can see of what service the line from Batavia to Syracuse river division of the P. R. R. began its would be to the Pennsylvania, or why trips last Sunday afternoon, running the Buffalo division should be sacrificed. ago and promptly denied by the officials of the New York Central. Almost any in the afternoon but the extra coaches kind of a rumor is possible regarding railroads now. The majority of them are train arriving here at 8:53. The leaving supposed to originate in the section crews. -Titusville Herald.

-It is a rather general impression that physicians make use of anti-toxin when other treatment falls, or only in serious cases of diphtheria. The teaching has ever been that if auti-toxin is to be of any value at all it must be employed within the first 36 hours, or before the poison bas affected serious changes in the body. Anti-toxin is of great value in those who -Ain't your Uncle Sam the great old serious than those following any potent persons unable to purchase it.

-Up to this minute all kinds of crops, with the exception of hay and some fields of oats, are doing well. Potatoes promise a good yield and the acreage is above the average. Wheat, which is being harvested, is exceptionally good. Corn is generally fair, but is suffering from cold Blackberry bushes are well loaded but need more rain if the crop is to amount to much. If blossoms count for anything there ought to be a big chestnut crop, as the trees in this vicinity were white with them a week ago. Butter nuts, which are already well along, will be abundant, the trees being well weighted with the fruit. So cheer up. Things are going about right.

-As to the speed to which automobiles may attain on the public highways, secor at a rate of speed greater than is reasonable and proper, having regard to the Sabbath. width, traffic, and use of the highway or so as to endanger property or the life or drive a motor-vehicle at a rate of speed thorities having charge of any of the high-"Danger: run slow," and at these places the speed limit shall not exceed the rate of a mile in five minutes."

-- Don't become a chronic complainant, Under the title "Butter-side Down," The Classmate, a paper for young people, admonishes persons who have formed the habit of grumbling at every unpleasant incident in their lives that they are making a great mistake. Commenting on this easily acquired characteristic, the Altoona Tribune says the person who floor butter-side down, and who intimates that it is just his luck to meet with adversities of that unpleasant sort, is the one who turns a black scowl toward the beavens should the rain be falling on a day selected for an outing. This is a very bad habit. Once indulged in it is likely to cloud one's whole existence. He who grumbles about the weather will complain concerning the nature of his work,

New Presbyterian Church for Tionesta

At the congregational meeting of the Presbyterian church Monday evening the question of erecting a new edifice on the plans submitted by Architects Charles & Bailey of Oil City, was unanimously decided in the affirmative. The meeting was organized by the election of Judge guest of Miss Blanche Pease last Samuel D. Irwin as chairman, and Mr. A. C. Brown, secretary. The minutes of -Miss Agnes Joyce of Buffalo, N. Y., the last meeting of the congregation, June meeting the trustees of the church were appointed a committee to receive subscriptions toward a building fund, with instructions to report at the next called meeting. This committee, through its chairman, A. B. Kelly, reported that subscriptions amounting to nearly \$8,000 had been pledged and enough more was in sight to warrant the congregation in going on with the work. The report was so encouraging that a motion to appoint a -Miss Colyn Clark arrived home Mon- building committee with full authority to Chinaware, proceed with the letting of the contract and finishing the edifice, was unanimously adopted. That committee was announced and is composed of the following persons: A. B. Kelly, Charles Clark, W. F. Killmer, A. C. Brown, G. W. Robinson, and S. S. Sigworth. The first three named are already trustees of the church. The building committee announced that it would proceed at once with the negotiations and hoped to be able to submit plans and specifications within the next ten days, so that the contract could be let at the earliest possible moment. With The plans as contemplated by the archi-

tects have been on exhibition at the Dunn attended the Odd Fellows' picnic church for some time and have been very favorably commented upon by all who have examined them. They contemplate a complete transformation and enlargement of the present edifice into a modern structure, capable of seating comfortably nearly seven hundred people, which it is thought will be ample for years to come. The walls will be of brick veneer with stone trimmings, and, judging from the Mrs. Sigworth for a visit in New York perspective view given with the plans the new edifice will be a very handsome structure, strictly modern in all its appointments. The church is to be congratulated on the vim and enthusiasm with which it has taken hold of the pro-

Two Barns Destroyed by Lightning.

During the very severe electrical storm which passed over this section of the country last Thursday evening about nine o'clock the barn of George Edmiston, near Johnlowen, Washington township, Clarion county, and that of M. J. Sandrock, near Lickingville, in the same township, were struck by lightning and totally destroyed by the fire which followed the bolts. The Edmiston barn was a structure 30x40 feet, with shed attached, and with the barn were burned a set of harness, wagon, binder, hay fork, two tons of hay, eight bushels of buckwheat and twelve bushels of oats. A chicken coop was also burned, but all but one of the fowls were saved. A buggy and grain drill were saved from the barn. Mr. Edmiston's loss will be close to \$500, on which he carried an insurance of \$500. Mr. Edmiston is peculiarly unfortunate as to losses by storms, his house baving been struck by lightning some years ago and badly damaged.

The Sandrock barn was a fine, large structure, built on the bank plan. A wagon, corn shredder, some chickens, a calf, and a lot of hay, straw and grain were destroyed with the barn. Mr. feet. Mr. Hepler received the most se-vers bruises, but fortunately no bones are not yet affected. The after results is located at Pine Grove, W. Va., where he have been exposed to diphtheria but who are not yet affected. The after results is located at Pine Grove, W. Va., where he have been exposed to diphtheria but who are not yet affected. The after results is located at Pine Grove, W. Va., where horses and all the cattle except the calf. He placed his loss at about \$1,500, on which he had an insurance of \$1,000.

The reflections from both these fires were plainly visible here and caused considerable speculation as to their location, but definite information on the subject was not received until the following morning. It was first noticed about 9:20 and the fires did not appear to die out until nearly 11:00. Residents of Tylersburg declars that the electrical storm and rain was the most severe that they had experienced in years.

Minister Drops Dead.

Rev. J. R. Miller a well known Methodist minister of this section, dropped dead Sunday morning last as he stepped from the rostrum after having preached a sermon at Blue Ridge, Barnett twp., this county, one of the appointments of his charge. Heart disease was the cause, The deceased had been pastor of the Clarington M. E. church during the past year. He was aged about 63 years and was a survivor of the civil war. He leaves a wife and several children. Rev. Mr. Miller had been a member of the Erie conference for many years, his last appointment being at Scotch Hill, where he was stationed for five or six years. He also served the church at Marienville four years. He was a popular minister and many will hear of his sudden death with genuine sorrow.

Bowel Complaint in Children, When six months old the little daughter of E. N. Dewey, a well known merchant of Agnewville, Va., had an attack of cholera infantum. Chamberlain's Cholic, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in cases of bowel complaint in children and when given according to the plain printed directions can be relied upon with perfect confidence. When reduced with water and sweetened it is pleasant to take, which is of great importance when a medicine must be given to young children. For sale by Dunn & Fulton,
