Justice of the Supreme Court, ROBERT VON MOSCHIZISKER, of Philadelphia. Auditor General, A. E. SISSON, of Erie. State Treasurer, JEREMIAH A. STOBBER, of Lancaster. COUNTY. Associate Judge, SAMUEL AUL, Jenks Twp. District Attorney, M. A. CARRINGER, Tionesta Boro. Coroner, ...

1909 AUGUST 1909. Calendar grid showing dates from 1 to 31.

In June, 1908, only 32,000 immigrants landed in America, but last June over 85,000 arrived. Foreign laborers want a slice of Uncle Sam's prosperity.

The Oil City Blizzard asserts, with the directness and positiveness of an alienist, that "because Harry Thaw refused to take a drink, when invited, is not conclusive proof of insanity."

The Pennsylvania Day orator at the Seattle exposition will be Hon. W. U. Hensell of Lancaster county. It is doubtful whether the state could be more creditably represented. Surely not in an oratorical way.

At present prices, America's wheat harvest is worth approximately \$650,000,000, and the promised crop will be worth \$1,300,000,000. With those two crops alone the farmers could pay off the national debt and have a million dollars surplus says the Philadelphia Press.

It seems funny to the Franklin News man that men who never can make farming pay here in Pennsylvania, right near the market for everything they can raise, will put money into farming in Mexico, if some slick promoter comes along with promises of a fortune to be made in "plantations" that are too far off to be watched.

OIL CITY is evidently considered worth looking after, in a political way, as James P. Whitt, of Sharon, who is willing to serve this district in Congress, and Gus Evans, who is the right hand man of Congressman Wheeler, were both here to-day looking over the ground, probably for the purpose of getting an idea of the prospects for a good crop of votes when the harvest time comes. Mr. Whitt certainly has a charming personality and one that he had to cut short his visit, in order to hurry home and pitch in a game of baseball the lawyers of Sharon are to play to-morrow against those of Mercer, would indicate that he is all right on this great national issue.—Blizzard.

The publication of the proposed amendments to the constitution begins in the press of the state this week and will continue till election day in November, when the amendments will be voted upon, the question being upon their adoption or rejection by the qualified electors. While there are ten amendments, but one subject is embraced, that of doing away with the spring elections, or rather the winter elections, held in February. Incidentally, however, the terms of many officials will be lengthened, those now set at three years will be made four years, and those which are now five years—justices of the peace and associate judges, for instance—will be lengthened to six years. The proposed changes seem to be popular with the people, and it is probable that the amendments will carry by a large majority in the state.

With reference to the tariff bill, which has been passed by the House as reported by the Conference Committee, and now only awaits favorable action by the Senate and the signature of the President to become law, there is of course a diversity of opinion. While there are those who are not satisfied, and many who think it little if any better than the present law, the Washington Post, which is conservative, just about voices general public sentiment when it says the bill, as it stands, will be accepted by the country as the best that can be had at this time, taking into consideration the innumerable items involved, the political and sectional interests affected, and the divergent views of the President, the Senate and the House. As the bill stands, the President is fairly entitled to credit for having accomplished his great object—the fulfillment of his pledge and that of his party for "genuine revision" and "substantial revision downward." The duties on some articles are higher and upon others the same as before; but on other important articles of common necessity the reductions are substantial. Many of the reductions made by the House are retained in the bill. Other reductions made by the Senate are retained. Other reductions have been forced by the President below either the House or the Senate figures. Few of the increases made by either the House or the Senate have been retained. The best administrative features of the House and Senate bills have been preserved. The greatest novelty in the bill is the provision for a corporation as a revenue producer, and its effect upon the business of the country. Since the agreement was reached to reduce this tax one per cent, there has been a disposition to give it a fair trial, in the hope that President Taft and his advisers are right in their contention that the tax will ultimately meet with public approval.

Kelletrille.

Mrs. C. Y. Detar, Russell and Margaret are visiting at Earl Catlin's, in Sheffield. J. M. Nugent of Towanda, N. Y., was in town several days last week. Roberta Hendricks is visiting friends in Tionesta. Mr. and Mrs. J. F. Ray and son Willard spent several days at East Sandy, visiting Mr. Ray's parents. Carroll Berlin of Starr is the guest of his uncle, A. L. Weller. Goldia Hill is visiting friends in New Castle. Dr. C. Y. Detar and Dr. H. L. Davis drove to Tionesta Friday. Red Detar spent Saturday in Warren. Mrs. W. S. Hendricks is visiting friends at Starr. Walter Wilson and Julian Robbins visited friends in Marienville last week. Mr. and Mrs. Scott Weber and son James visited relatives in Titusville over Sunday. Mr. and Mrs. Leon Watson spent several days in Williamsport last week. Mrs. Margaret Baldwin is the guest of her daughter, Mrs. Scott Weber. Mrs. Geo. Silale, of Venus, who had been visiting relatives here for a few days last week, returned home Sunday. Scott Mealy has been suffering from a severe attack of tonsillitis. Clara Jenkins is visiting friends at Venus.

FROM ANOTHER CORRESPONDENT. Jacob Shaffer's drying horse was quite badly injured last Wednesday afternoon by being run down by an auto which was trying to pass the horse on the public road below town. Mr. Shaffer had slipped the halter from the horse, allowing it to graze along the highway, when J. G. Richards attempted to pass it with his machine but was unsuccessful, striking the horse along the flank and causing the auto to come to a very sudden stop. The horse is somewhat disabled but it is likely it will recover.

The Kelletrille ball team played a very interesting game of ball with the Tionesta team on Wednesday.

Rev. R. J. Montgomery and wife have returned from an extended visit at Chautauque. W. W. Kribbs departed Monday for a western trip of a couple months duration. He will be met in Pittsburgh by Mrs. Kribbs, who will accompany him. They expect to visit all the places of importance before their return.

Squire Zuendel disposed of a case of malicious mischief on Friday at 2 p. m. All the parties are Howe township residents and just how they became entangled in the clutches of the law is one of those mysteries usually aired in a court scene. While no names are used it is fair to say that the court expounded the law in such a manner that we feel sure there shall be no trouble for some time to come.

A pleasant surprise was tendered Mrs. B. F. Winans on Wednesday, it being the forty-fifth anniversary of her birth. Friends from Ross Run and Starr were present and assisted in making the occasion an enjoyable one. An elaborate lunch was served at the noon hour.

Chas. Russell returned home last Friday from a pleasant ten days' visit at his old home at Gowanda, N. Y.

Mrs. O. L. Johnson is visiting relatives and friends at Olean, N. Y., for a few days.

W. A. Kribbs attended the races at Titusville a few days last week.

Ralph Decillis, employed in Buffalo for the past six months, is visiting friends in town.

H. H. Watson and wife, Mrs. W. A. Shewman and Mrs. Cora Feit stopped for a few hours in town on Friday, on their way from Warren, where they had gone earlier in the day. They made the trip from Warren here by way of Sheffield in 1 1/2 hours, the distance being 38 miles. Harry is well pleased with the new auto.

Mrs. W. A. Dusenbury made a pleasant call on friends here, Wednesday. Mrs. Dusenbury formerly resided at Newtown Mills and this was her first visit to the old home in some time. She was one of a party of about eighteen Portville autoists who were touring a considerable portion of Pennsylvania. Frank Pope and son of Frewsburg, N. Y., are visiting relatives in town. T. P. Karns and family and W. F. Rudy and family visited relatives at East Hickory over Sunday. Mrs. Kate McNaughton of Golliza visited her mother, Mrs. W. H. H. Dotterer, and other relatives a few days last week. A 10-pound boy was born to Mr. and Mrs. George Klimester last Thursday, July 29th.

Pleasant Grove.

The farmers around here have their hay about all cut and in the barns and they are feeling happy.

Guy Leslie and Miss Hattie Black of North Pine Grove attended prayer meeting here last Wednesday evening. Albert Wolfgang of Bell's Mills was visiting friends here a few days last week. Miss Eda Campbell went to Franklin last Wednesday and will remain a few weeks with her sister, Miss Etta, who is captain of the Salvation Army in that city.

Miss Anna Campbell, who has been visiting relatives in Elk county for a few weeks, returned home Saturday.

Harry Hotel is working for J. B. Campbell at present, but is talking of going to Sheffield to work in the near future.

Some of our farmers are plowing and getting their ground ready to sow in wheat.

The party at H. Fulton's last Saturday evening was well attended and all report a pleasant time.

John Silvis visited at George Gould's, near Redely, Sunday.

James Mumford of Brookville passed through our town last Monday on his way to visit Squire Barton at Greenwood.

Guy Hotel is clearing a piece of ground for his brother Clint. What our town needs is a good livery stable so that our boys would not have to go to Marienville to get a rig to take their best girls out driving.

West Hickory.

Everybody that could get a rig of any kind or color went to the Pleasantville camp meeting Sunday.

Mrs. Wilson is home from a six weeks' stay at her son's at McGraw.

Miss Engdahl has gone to Jamestown, N. Y.

Miss Vail is home from Clymer, N. Y. Mrs. Frank Shaw and family, of McKeesport, are visiting her parents, Mr. and Mrs. W. P. Siggins.

Mrs. Weikal and daughters visited Mrs. John Vail last week.

Miss Josephine Siggins is home from Chautauque.

Dr. Morrow was an Oil City visitor the last of the week.

Mr. and Mrs. Gilbert were Titusville visitors last week.

Bert Gilbert and family of Salem, W. Va., have been visiting his parents, Mr. and Mrs. M. N. Gilbert.

Miss Edith Atherton is visiting friends at Centerville.

The Epworth League of West Hickory will give a fish supper Saturday evening, August 14th, from 6 to 10 o'clock. Lake fish will be served. Supper, 25 cents. Everybody invited.

Morrow & Carson begin work Wednesday on a second water well for the tannery, the first not proving sufficient. The tannery's gas well will furnish all the gas needed.

The ball team will give a dance next Friday evening at Putnam's hall. Proceeds are to be used for grading the new grounds.

The Coming Building Material.

Concrete is composed of cement, sand, and fine rock or gravel. Its manufacture is as old as the Roman Empire, but it is only of late years that Portland cement has been known; and that the wonderful combination of cement and steel, reinforced concrete, has become an important factor in building operations, especially in supplanting structural steel. So far as the supply is concerned and likewise the value of concrete as a building material, its position as a competitor of stone or as a supplement to stone in building operations is in most instances unassailable, while the reinforced concrete beam and column have, in the opinion of many engineers, great advantage for certain purposes over steel framing. The constituents of concrete are not only unlimited in quantity, but they are widely distributed, so as to be cheaply procurable in every section of the country; and when properly made it seems to be not only the equal, but in many respects the superior, of the very best building stone, excepting probably the question of appearance. Moreover, it is useful in a score of ways where stone and brick cannot be economically employed. Sand and rock or gravel are, of course, present in every State in the Union in absolutely inexhaustible quantities, and the materials for the manufacture of cement are only slightly less widely distributed and plentiful.—American Review of Reviews for August.

Neighborhood Notes.

Harry C. Pulliam, president of the national league of base ball clubs, committed suicide by shooting himself through the head in his room at the N. Y. Athletic club on Thursday. Long continued illness is assigned as the cause.

Mrs. Edward Hancock and her daughter, Margaret, were badly, but not fatally, burned by the explosion of an oil can with which the daughter attempted to start a fire in the kitchen stove at their home at Broadtown, Crawford county, Friday. The building was fired and came near burning down.

Dr. C. S. Kerr of Embleton is made the defendant in a \$20,000 damage suit for having caused the death of John Donovan a farm hand near Little Falls, N. Y. The accident happened last week while the doctor and several friends were making an auto tour through that section, his car, which was in the lead, running the victim down.

Court Stenographer John C. Morz has completed a transcript of the testimony in the case of James and Helen Boyle, alleged abductors of "Billy" Whitt, and has forwarded it to Captain E. R. Breck, a Pittsburg attorney, who, it is said, will endeavor to secure another trial for Helen Boyle. Deputy Attorney Cunningham will be at Mercer Aug. 4 to consider any claims which may be made by Mercer county residents for the \$15,000 reward offered by the state for the arrest of the kidnappers.

The Derrick in its monthly report says the field operations for July in New York, Pennsylvania, Ohio, Indiana, Illinois, Kentucky, Kansas, Oklahoma, Louisiana and Texas show a marked decline from the work in June. There were 192 fewer wells completed, the new production fell 2,197 barrels below that for June and there was an increase of 43 in the number of dry holes. Illinois, alone, shows an increase in completed wells and new production. In New York the decrease is less apparent, being but two in number of rigs and 20 in the number of drilling wells. In the fields producing Pennsylvania oil 813 wells were completed during July, with a production of 6,742 barrels. This is a decrease of 21 wells and 631 barrels in daily production, the July wells having an average daily output of less than 84 barrels.

An example of Edward Everett Hale's light-heartedness is told in Woman's Home Companion for August. One day when he was about eighty years old he and I boarded a surface car in New York. The car was crowded, but a lad promptly arose and gave him his seat. "Thank you, my boy," said Hale with great heartiness. "I'll do as much for you some day when you are eighty—if I'm around then."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous surfaces. The Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Base Ball.

TIONESTA 2, KELLETRILLE 1.

The devotees of the great national game were treated to one of the finest exhibitions given here in recent years when Tionesta and Kelletrille came together last Wednesday afternoon on the local grounds. The teams seemed to be very evenly matched and both pitchers did some fine pitching and received excellent support from the players behind them, as a glance at the box score will show. By a combination of fortunate circumstances Tionesta had about all her good team of a few years ago in the field and it was a real pleasure to the fans to meet them again on the ball field and cheer them on to victory. Kelletrille appeared with their regular team and while they were defeated they were by no means disgraced and have no reason to feel ashamed of the game. We shall be glad to see the teams meet again. The game abounded in many brilliant fielding feats and was not decided until the last man went down in the ninth inning. Both teams played ball from the jump and there were no unseemly disputes with the umpire, who had many close decisions to make. The score:

Box score for Tionesta vs Kelletrille. Columns: TIONESTA, AB, R, H, PO, A, E. Rows: Weaver, 3; Haslet, 2; Lawrence, 4; Hagerty, 1; Stroup, 1; Foreman, 1; J. Bankhead, 3; Shriver, 3; H. Bankhead, 3. Total: 28, 1, 6, 24, 10, 1.

Summary.—Earned runs, Tionesta 1, Kelletrille 1; base hits, Weaver, Stroup; 2 base hits, Haslet, Greer; sacrifice hit, Kays; stolen bases, Haslet 1, Lawrence 3, H. Bankhead 3, Huff 1, Murphy 1; struck out, by Bankhead 10, by Kays 4, base on balls, of Bankhead 4. Time, 1:35. Umpire, Philip Blum.

TIONESTA JRS. 9, TIDIOUET JRS. 8.

The Tidouet Juniors came down Saturday and for a time it looked as though they would just swallow our boys whole without even the formality of greasing them, the score standing 6 to 0 in Tidouet's favor at the end of the second inning. However our boys got their second wind after this and by good playing had the score tied at 8 all at the end of the ninth, finally winning out in the eleventh. Batteries—Tionesta, Clark and Maxwell; Tidouet, McBride, Hanlon and Kaltenbach.

It would be difficult to find anywhere else in the state as fine a group of buildings as adorn the campus of the Lock Haven Normal School. They are on a commanding elevation facing the beautiful West Branch, are surrounded by the picturesque rolling hills of the Allegheny system, and most important of all, the drainage is perfect. The school is most fortunate in having plenty of pure mountain water. School opens September 6th. Address the Principal for a catalogue.

A horse and buggy owned by L. C. Cline fireman at the Franklin water pump station, was stolen at an early hour Saturday morning. The property is described as follows: Iron grey mare, five years old; two white hind feet and a small puff on one hind leg; wears a No. 5 shoe and there are no calks on the toes of the front shoes; white star on forehead. The buggy is black and has a top. It is about a year old, but a little scuffed. The harness is new. The outfit is valued at \$225.

Intense Colicky Pains Relieved

"For some years I suffered from intense colicky pains which would come on at times and from which I could find no relief," says I. S. Mason, of Beaver Dam, Ky. "Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me by a friend. After taking a few doses of the remedy I was entirely relieved. That was four years ago and there has been no return of the symptoms since that time. This remedy is for sale by Dunn & Fulton."
