 proves to be a good one, being estimated
 at 500,000 feet per day.

 has the contract for drilling a test well on
 the Frederick Stitzinger farm in Tionesta
 township, moved his drilling machine
 out last Wednesday to begin work.

 one and should be generally adopted.

 a no-hit no-run game for Harrisburg
 against Reading, Aug. 9th, Harrisburg
 winning 1 to 0. On Aug. 12th Hoch also
 dipped the Trenton team into the white-
 wash tub by a score of 2 to 0.

—Sam. T. Carson, who has been clean-
 ing out some old wells for Kahle Bros.,
 near Lineville, has the contract of drill-
 ing a number of new wells for the same
 firm, a work which will probably keep
 him busy until late in the fall.
 —Copious rains during the past few
 days covering a large portion of the state
 have had the effect to break what had
 already assumed a serious drought, and
 all crops and vegetation have taken on
 new life, thanks to a kind Providence.
 —The story about the Standard making
 butter out of oil has finally been resolved
 into the fact that a butter company pur-
 chased a site for a creamery from an oil
 company at Bayonne. It does not require
 very much foundation on which to build
 a Standard story.—Blizzard.
 —"Cute," the pretty little French
 poodle dog at the Hotel Weaver, ran out
 to bark at the Watson auto Saturday
 morning and two wheels of the heavy
 machine ran over him. Doggie was flat-
 tened out some, but strange to say was
 not killed, and seems to be getting along
 all right.
 —William Vogus, a jobber for Dunn,
 Landers & Co. on Salmon creek, Kings-
 ley township, killed a big black rattles-

 and thirteen inches across at the widest part
 when spread out.

 the two stone abutments for the new
 county bridge across Maple creek, on the
 road leading from North Pine Grove to

 contract price is \$4.41 a perch.
 —The Warren Evening Times has at-
 tained its ninth birthday, and a healthier
 or better behaved youngster is not to be
 found in this neck of the journalistic
 woods. As Brer Walker says, the Times
 "wasn't started to fill a long felt want,"
 but it has made good, nevertheless, and
 we congratulate and best-wish-it to the
 bitter end.
 —There will be a lawn party Saturday
 evening, August 21, 1909, on Gen. R.
 Johnson's lawn, Kelletville, for the benefit

 cream, cake and coffee will be served,
 together with many delicacies of the sea-
 son. Music by the band. If weather is
 stormy, same will be held in M. An-
 drews' hall.
 —The tearing down of the Central
 House barn will remove another familiar
 landmark, but its removal will improve
 the looks of the corner between Bridge
 and Walnut streets. The barn was built
 by Robinson & Bonner over thirty years
 ago. G. E. Gerow, who occupied the

 gether, each of which measured six feet
 and two inches from tip to tip. They
 did not keep the birds to be mounted,
 which is to be regretted, as this species
 is quite rare.
 —A pick-up ball team went up to

 there by a score of 20 to 6. The batteries
 were, Tionesta, Clark and Bankhead;

 game with the local juniors but found
 the team had disbanded. The same pick-
 up team played them, Tionesta winning

 Bankhead; McGraw, Morrison and Mor-
 rison.
 —Friday while Henry Blum, of Cropp
 Hill, Tionesta twp., was carrying an ax,
 which he had swung over his shoulder,
 he slipped and in his effort to save him-
 self from falling threw the ax in such a
 manner as to strike the back of his head
 making a cut several inches in length,
 making the attention of a surgeon neces-
 sary. The accident, while peculiar, is
 one which might easily happen to any
 person, and in this case Mr. Blum was
 fortunate in not being more dangerously
 injured.
 —For thirty-three years the Lock Haven
 Normal School has been the most
 efficient and largest secondary school in
 central Pennsylvania. Its graduates are
 leading citizens and are doing their share
 of the world's work. They carry with
 them the high ideals of the school. It
 demands high scholarship of its pupils,
 but it also insists on right living. It is
 a home school and looks after the individ-
 ual needs of its pupils. Its catalogue is
 not only handsome but it mirrors the
 work of the school. Send for a copy.
 —The London "Lancet," the leading
 medical journal of the world, says that
 the best and simplest fly-killer is a weak
 solution of formaldehyde in water (two
 teaspoonfuls to the pint). Place in plates
 or saucers throughout the house. Ten
 cents worth of formaldehyde will last an
 ordinary family all summer. It has no
 offensive smell, is fatal to disease organ-
 isms, and is practically non-poisonous
 except to insects. Pyrethrum powder,
 which may be bought at any drug store,
 burned in the house will also kill the
 flies.
 —James H. Hullings, of Parsons, W.
 Va., a former Tionesta boy, has our
 thanks for one of the pretty new Lincoln
 pennies. The coinage of these new cents
 has been discontinued because the de-
 signer placed his initials upon them, and
 it was supposed they would have a place
 among the "rare" coins until it was
 learned that something like 28,000,000 of
 them had been turned out.

Mr. Wuerzga is an expert in the culture of strawberries and estimates that he has sold more than \$3,000 worth since he commenced business in that line, and says there is but one secret to his success—care and attention. Cholera Infantum Cured.
 "Something like two years ago my baby, which was then about a year old, was taken seriously ill with cholera infantum, vomiting and purging profusely, writes J. F. Dempsey of Dempssey, Ala. I did what I could to relieve her but did her no good, and being very much alarmed about her went for a physician but failed to find one, so came back by Elder Bros. & Carter's Remedy and Mr. Elder recommended Chamberlain's Cholera, Cholera and Diarrhoea Remedy.
