### AUTO HIT BY TRAIN

Machine, Thrown Into Air, Strikes Escaping Occupant.

Harrisburg, Sept. 14.—The motor of Snively Ryder's automobile choked as the machine was crossing the tracks of the Northern Central railroad. Just as the Buffalo flyer rounded the curve at Dauphin, seven miles north of here.

The party jumped out and Ryder and his son tried to push the car off the track, but the locomotive hit it and sent it flying backward, the automobile hitting Mr. and Mrs. Harry F. Slaymaker, members of the party. Mrs. Slaymaker was not badly hurt, but Mr. Slaymaker's head was cut open, and at the Harrisburg hospital it is said he may die. He is assistant passenger trainmaster for the Pennsylvania railroad here.

### WIFE TOOK POISON

Sensational Sequel of Death of Peter Mourette in August.

Binghamton, N. Y., Sept. 14.—A sensational sequel to the death of Peter Mourette, who died Aug. 30 at Sidney, under circumstances which led to a suspicion of murder, occurred last night when the wife of the deceased, Mrs. Hattie Mourette, took poison at her home in that village and is not expected to live. Mourette's illness and death have been under investigation by Coroner Hand for two weeks and the stomach of the dead man has been in the hands of Albany chemists for analysis.

### DOZEN MEN

### BURIED IN RUIN

When Walls of Burned Building Collapsed.

Pittsburg, Sept. 14.—One man was killed and nine others seriously injured when the walls at the Blank Transfer and Storage company's building here, recently destroyed by fire, collapsed, demolishing two adjoining buildings and burying more than a dozen men in the ruins.

The dead man, Herman Tiege, an employe of a local paper, with those who were seriously injured, were in a two-story hotel next door to the walls when the accident occurred.

Two workmen were tearing down the walls of the Blank building when the crash came. The men were unable to jump and both rode the walls to the ground in safety, five stories below.

The monetary damage is estimated at about \$15,000.

### American Fishing Tug Seized.

Windsor, Ont., Sept. 14.—The Ontario fisheries inspector at Port Bryce on Saturday seized the American fishing tug Charles F. for fishing in Canadian waters. The tug was brought to Amherstburg this morning and will be sold by auction.

### FUGITIVE TRAPPED BY SNEEZE

Alleged Thief Hides Under Barrel, but Presence Is Discovered.

Chicago, Sept. 14.—Betrayed by a sneeze, Grant Cornell was arrested in an alley at the rear of 831 Main street, Evanston, charged with stealing from the James Motor Express company, by which he was employed.

Policeman John Keane called at the house where Cornell roomed at 831 Chicago avenue, Evanston, early in the afternoon and the latter fled to the alley. The policeman followed, but Cornell had darted out of sight. Just as Keane was about to depart from the alley and search elsewhere he heard a sneeze come from what appeared to be an empty, overturned ash barrel. He investigated and found Cornell sitting on the ground with the barrel blaced over him.

### PEARY'S SHIP TO BE IN LINE

Will Be One of the Features of Hudson-Fulton Naval Parade.

Commander Peary's ship, the Roosevelt, will be one of the features of the Hudson-Fulton naval parade on the opening day of the celebration. The following telegram was received in New York Friday night: "Sydney, C. B., Sept. 10. 'Hudson-Fulton Celebration Committee. 'Peary Arctic club applies for position for its steamer Roosevelt with the North Pole in tercentennial parades. 'H. L. Bridgman."

A favorable reply was promptly sent, and the Roosevelt will be assigned to a place of honor close to the Half Moon and Clermont, which will lead the parade. In all probability, Peary himself will be on board, together with the members of the Peary Arctic club.

## The Season of New Things.

Striking evidence of that fact everywhere. In a day the whole appearance of the store has changed. New crisp autumn merchandise has replaced summer goods on all sides.

We're ready for early fall business in every department. Your opinion of what we consider the best bought stock of merchandise we ever assembled is awaited with deep interest. Assortments are better and more varied than ever before.

We believe that everywhere the standard of quality has been improved at not the slightest advance in price.

**New Ruchings.**—Many new ideas in ruching have been brought out for the fall season all of which are represented in this showing.

## The Most Enticing Breakfasts

### Are Now Shot from Guns

Puffed Wheat and Puffed Rice were served last month for seventeen million meals.

But millions of others lacked them. There are millions yet who don't know them.

If you are among them, we invite you to try them. Serve one of these foods tomorrow.

The world, as you know, doesn't jump to a food which all are not finding delightful.

The foods of the day are the foods that are best. That is always so.

The foods of this day are these crisp, gigantic grains—puffed to eight times their natural size.

These whole, unbroken, nut-like grains, made four times as porous as bread.

You'll like what others like. We do you a kindness when we ask you to try these foods.

### Puffed Wheat—10c

### Puffed Rice—15c

These are the foods invented by Prof. Anderson, and this is his curious process:

The whole wheat or rice kernels are put into sealed guns. Then the guns are revolved for sixty minutes in a heat of 550 degrees.

That fierce heat turns the moisture in the grain to steam, and the pressure becomes tremendous.

Then the guns are unsealed, and the steam explodes. Instantly every starch granule is blasted into a myriad particles.

The kernels of grain are expanded eight times. Yet the coats are unbroken, the shapes are unaltered. We have simply the magnified grain.

One package will tell you why people delight in them. Order it now.

### HUDSON-FULTON CELEBRATION NEW YORK CITY.

Three hundred years ago, Henry Hudson, an Englishman in command of a Dutch expedition, with eighteen men, explored the Hudson River from Sandy Hook to Troy in his small craft, the "Half Moon."

One hundred and ninety-eight years later, Robert Fulton established, with his steamboat, the "Clermont," a regular water service between New York and the towns along the Hudson river to the North.

This year, New York City, with sister cities and towns along the Hudson, will celebrate these two achievements by a series of imposing observances, religious, historical, military, naval, musical and literary, extending from September 25 to October 9.

Replicas of the "Half Moon" and the "Clermont" have been built and will play a large part in the celebration. They will be the center of attraction in the great naval pageant on Saturday, September 25. The United States Government will have fifty-two warships anchored in the Hudson, and Great Britain, France, the Netherlands, Italy, Germany, Argentine, Guatemala, Mexico, and Cuba will be represented by war vessels.

Two great parades of water craft will escort the "Half Moon" and the "Clermont" in triumphal procession past the war leviathans, first in the morning and again in the evening, when all the vessels will be illuminated.

On September 28 there will be a grand historical pageant, and on September 30 a big military parade in New York City.

On October 1, the "Half Moon" and "Clermont" will proceed up the Hudson to Troy escorted by hundreds of river craft, including torpedo boats.

A magnificent carnival parade will be held in New York on Saturday evening, October 2, which promises to eclipse all previous attempts.

The Pennsylvania Railroad, the direct line to New York, with its unsurpassed service of fast express trains, will sell excursion tickets to New York for this period at reduced rates of fare.

Full details concerning specific fares, dates of sale, return limits, and train service may be obtained of Ticket Agents.

## A Southern Gentleman

adopted the following plan to provide a fund for his children when they should reach the age of 21 years.

When each child was born, he deposited a dollar in the savings bank in its name. The next year he deposited two. He kept this up each year, depositing the number of dollars the birthday represented in years.

**\$306.16**

was the amount at the child's credit when he became of age. It had a good effect because it taught the children the value of money.

Have you a boy—or girl? Why not do something for them? One dollar will open an account in this bank.
