

Calendar for September 1909 showing days of the week and dates.

Republican Ticket.

STATE. Justice of the Supreme Court, ROBERT VON MOSCHIZSKER, of Philadelphia, Auditor General, A. E. SISSON, of Erie, State Treasurer, JEREMIAH A. STOBBER, of Lancaster. COUNTY. Associate Judge, SAMUEL AUL, Jenks Twp. District Attorney, M. A. CARRINGER, Tionesta Boro. Coroner.

If an Englishman can get within 120 miles of the South Pole a Yankee can certainly go the whole distance.

EVEN the friends of Dr. Cook must admit that Peary was a mighty good second. But Mr. Peary seems quite averse to playing second fiddle for his polar bear dance.

BUTTERMILK has taken the place of the highball as a popular beverage in Tennessee. The principal point in favor of buttermilk is that it does not inspire the drinker to sing.

Gov. JOHNSON, of Minnesota, died at 3:25 yesterday morning, after a brave fight for life following an operation. In his death the nation loses one of its most distinguished citizens and statesmen.

Dr. Cook has at least got a number of decorations in Europe which nothing Peary can say will take away. But European decorations are now too common in America to make it likely that he will be satisfied with these.

To vote a straight party ticket and at the same time vote for or against the proposed constitutional amendment at the coming November election, it will be necessary for the voter to mark his ballot 12 times. One mark will be required in the square opposite the party name for a straight vote for all the candidates of that party, and as there are 10 amendments and a schedule, 11 more marks will be necessary. The voter who undertakes to split his ticket will, of course, have as many additional marks as there are state and county offices to be filled.

E. H. HARRIMAN'S will by which he disposed of about \$100,000,000, was short and to the point. It reads: "I, Edward H. Harriman, of Arden, in the State of New York, do make, publish and declare this to be my last will and testament; that is to say: I give, devise, and bequeath all of my property, real and personal, of every kind and nature, to my wife, Mary W. Harriman, to be hers absolutely and forever; and I do hereby nominate and appoint said Mary W. Harriman to be the executrix of this will." Mrs. Harriman is the richest widow in America.

"I AM a lawyer myself, and admire my profession," said President Taft in his recent remarks concerning the law's delay, "but I must admit that we have had too many lawyers legislating on legal procedure, and they have been prone to think that litigants were made for the purpose of furnishing business to the courts and lawyers, and not courts and lawyers for the benefit of the people and litigants." It is human nature for a representative to think of his own profession first in legislative matters, and as a majority of the legislators are always lawyers, it isn't much wonder the interests of that profession are carefully looked after, rightly concludes the Punxy Spirit.

"If you live until next spring you are going to witness one of the most magnificent sights the heavens have ever disclosed before your eyes," says a well known member of the astronomical force of the United States Naval Observatory. This comet comes only once in a lifetime and many persons are born, live and die without ever catching a glimpse of its marvelous dash of fire across the skies. It was last seen in 1838 and few persons now alive can say they ever witnessed it. The astronomical world is now on the watch, and huge refracting and reflecting telescopes are trained upon the heavens from many points of the earth in a common effort to locate the comet, which is approaching earth at a terrific rate. There is a friendly rivalry to see which will pick up the comet with their mirrors.

THE editor of the Oil City Blizzard outshells this whole North Pole business, so far as Dr. Cook is concerned, in this single paragraph: "If the claim of Dr. Frederick A. Cook that he reached the North Pole is eventually proved to be untrue the man will go down in history as the greatest fakir the world has ever known. Not only that, but he will be the greatest actor that has ever appeared in the world, and in addition, as a colossal liar he will outrank the venerable Baron Munchausen. So whether the Doctor's story be true or false a pillar in the Hall of Fame awaits his name as the greatest discoverer or the greatest fakir and actor the world has ever produced. But as day succeeds day the doubts are being swept away, and in the minds of most people there now remains no more question that he discovered the pole than that Christopher Columbus discovered America."

The President's Clarion Call.

President William H. Taft, the accepted head of the victorious Republican army, is making a triumphant journey from the Atlantic to the Pacific and back again, and is receiving the honor and homage due his exalted office from the whole people. A proud, contented nation is inspired by his dignified yet wholly democratic spirit, and in one harmonious cheer the whole people wish him and his party the abundant success so richly merited.

President Taft's opening speech delivered at Boston, at the commencement of his 13,000-mile trip, outlined his reasons for making it. He wants to meet the people face to face, to see them and talk with them, thus gaining a more intimate knowledge of conditions. He wishes to inform them as to the policies of his administration. He finds certain westerners advocating a contest between the East and the West for the domination of the country. He deprecates all this. He wants peace. He reasons that this is one great Nation and that it cannot thrive as it should unless there can be unity between the sections. He would have the people, for instance, study the currency question and get together. He would not have one State fighting against another State over the currency, nor one faction tearing at the throat of another faction, but in perfect good order he would have a currency measure agreed upon.

Nor would he have the country further aroused over the tariff question. He realizes that we cannot be at the revision business all of the time, and that for the present the existing bill ought to be allowed to stand. While he does not contemplate another revision of the tariff during his administration, at the same time he proposes to employ the foreign tariff board in making investigation upon which a revision may, when demanded, be made. What the President said at the home of Representative James A. Tawney, of Minnesota, who has been threatened with defeat because he voted for the Republican tariff bill, left no room to question what the President's position with respect to the tariff is. Speaking broadly, the President's position was that he would not inspire the drinker to sing.

Gov. JOHNSON, of Minnesota, died at 3:25 yesterday morning, after a brave fight for life following an operation. In his death the nation loses one of its most distinguished citizens and statesmen.

Duhring.

Miss Ellen Miller of Straight went to Loretta Wednesday, returning Thursday, accompanied by Miss Esther Johnson.

John Heighbarger and Lon Williams of Marienville are at present in our town, their former home, and are employed on the Killbuck job.

The log train is now running on the new road that runs in the woods, with Carl Spetz as fireman, Frank Sanford, conductor, and Ed Spetz, brakeman.

Arthur Irwin of Straight and Violet Mitchell of Duhring were Marienville visitors Tuesday and also made the family of Charles Anderson, of the Keller farm, Frostown, a short visit.

Mr. Sathvann of Duhring left Tuesday for Richmond, where he will visit his daughter, granddaughter and sister.

There will be held tonight, Saturday, the 18th, a surprise party, a farewell, also birthday together, in honor of Mr. and Mrs. F. G. Berg. They intend parting from us soon. The present will be a hand painted cream pitcher and sugar bowl. Ice cream and cake will be served and the entertainment will consist of games and songs.

A few children have been home from school lately on account of vaccination. We have learned our new minister's name is Rev. D. J. Fran. We all wish Rev. Shindeldecker a very happy married life, as we hear he was married this week. Mrs. Mitchell of Duhring made Mr. Shindeldecker a horse shoe of roses, etc., for the wedding, which was very beautiful. She is an expert with flowers.

Carl Spetz is again home from Franklin, where he was once employed, and is now working on the log train here.

Loleta and Duhring played ball Sunday afternoon. The score was 11 to 1 in favor of Duhring. Some of the boys took dinner at Mr. Miller's, Mr. Spetz's, and Mr. Kinney's. Come again, boys. Duhring intends going down Sunday for a return game.

Andy Anderson of Kane was in town today looking after business affairs.

Later—the party at Duhring Saturday evening was well attended. All reported a fine time. The present was presented and the recipients were much pleased. All ate heartily and went home happy.

Chas. Eastwood visited the E. T. Downey family Sunday, returning to his home in North Clarendon in the afternoon.

Mr. and Mrs. Lafayette Littlefield and family of Tiona visited the former's parents, Mr. and Mrs. John Littlefield, the past week.

Nathan Burdick and Lottie Buss of Henry's Mills visited the O. E. Ripert family over Sunday.

Mrs. R. W. Burdick returned to her home at Henry's Mills, after a two weeks' stay with her daughter, Mrs. Thomas Miller.

Mr. and Mrs. Sorrell returned to Porky after a two weeks' stay at their home at Pleasantville.

It is reported a man, not a gentleman, whipped his horse terribly while passing through town Saturday. The horse fell exhausted at the lower end of town, there being a large gash cut in the horse's side. Some time ago a team that had been driven from Sheffield was tied to a telephone pole at twelve o'clock and left standing in the hot sun until half past five in the evening. It seems a humane society in badly needed here. It would be better for the poor dumb brutes and probably teach the drivers that abuse their horses a bit of good common sense.

The sick in town are improving nicely. The Sabbath school was well attended by the children Sunday morning, but only three adults were present. Where are the parents of all those children that they seldom if ever attend Sabbath school?

Base Ball.

TIONESTA 5, YOUNGSVILLE 2. The Kellestville team cancelled the game scheduled to be played here Saturday and Tionesta was fortunate in getting the Youngsville team to fill the date. The visitors were a clean and fast bunch of players and with Johnson of Sheffield in the box made us go the whole route to win. Johnson pitched fine ball. His support was a bit ragged, particularly at first base, but after all only one of the errors, coupled with a base on balls, figured in the score. Worley of Polk was the Tionesta pitcher and his work could not have been improved upon. He held the Youngsville sluggers to two hits in seven innings and was finely supported. In the eighth they scored twice on an error, a passed ball and two singles. They got dangerous again in the ninth with two singles but fast fielding cut off their chances. Tionesta scored once in the second on Worley's single, Shriver's at first and Henry's corking double. We got three more in the fifth. Henry singled and Weaver forced him out at second. Lawrence drew a base on balls and scored with Weaver when Haslet smashed out a three bagger. Haslet scored on a dropped throw to first. Our last run came over in the sixth on Worley's single, Shriver's fine double and Henry's long fly to middle. There was no kicking from either side and the game was played in record-breaking time, much to the delight of a large crowd. C. F. Feit umpired the first three innings because the regular umpire, Philip Blum, was not on the grounds when the time to play arrived. The score:

LOST TO FRYBURG. The Tionesta team went to Fryburg last Thursday without a regular pitcher and with rather a weak line-up, losing both games, the first by a score of 4 to 1, the second 7-6. The boys seemed to have an off day and made many errors. The morning game went seven innings by agreement. Stroup pitched for Tionesta and Duffy of Oil City for Fryburg. Honors were about even, the hits being seven for each team. In the afternoon Tionesta had Ted Clark, the junior team pitcher, in the box, and he held Fryburg to seven hits, while Tionesta gathered 11 hits off Lilly of Oil City and Duffy. Lilly was knocked out of the box in the fifth inning, when a three base hit, a two base hit, a life, a hit batsman and a home run brought in four runs and tied the score. Duffy relieved Lilly. Fryburg won in the ninth on a hit and an error. A tabulated score of the games was not kept.

Mayburg. The infant daughter of Mr. and Mrs. Frank Rayhorn died on Wednesday after almost a week of intense suffering.

Mr. and Mrs. Card and daughter Cressed, of Sigel, Pa., spent Sunday with Wm. Richards and family.

Mary Zuber left Wednesday for St. Marys, Pa., where she has a position in one of the millinery stores.

Frank Von Tackey and son of Titusville, Samuel Peterson and A. W. Richards of Warren, came over in the former's auto on a tour of inspection of the Jefferson Gas company's property here Wednesday, being joined here by Wm. Richards, and going thence to Sigel and inspecting the company's property there.

W. J. Campbell and family of Tionesta were visiting friends in town Sunday.

Viola Horner left this morning for Franklin to be gone an indefinite time.

A number of our ball boys are leaving town, making ball playing almost a thing of the past.

Chicken stealing has begun in our town again, so everyone is on the lookout.

Miss Anna Blausser spent Sunday with her parents at Nebraska.

Mrs. T. J. Bruce of Titusville was visiting her daughter here this week.

—There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
