Lawyers Are For Von Moschizskier.

Philadelphia, Oct. 19. An unusual tribute has just been paid by members of the Philadelphia bar to Judge Robert von Moschizskier.

Fourteen of the most prominent practitioners, headed by the acknowledged leader of the profession, John G. Johnson, and including Attorney General M. Hampton Todd, former Attorney General Hampton L. Carson, former Judge of the Superior Court W. W. Porter, former District Attorney George S. Graham and John C. Bell, Senator Ernest L. Tustin, Alexander Simpson, Jr., George Wharton Pepper, Owen J. Roberts, Joseph DeF. Junkin, Henry P. Brown, Samuel M. Hyneman and Francis Shunk Brown have united in an address to the members of the bar of the state in support of Judge von Moschizskier's candidacy.

It is a purely non-partisan document, as among the signers are Democrats and well-known independent voters, as well as members of the Republican party.

It is an unsolicited, genuine and sincere endorsement, prompted solely by a desire to have the citizens of the state recognize the importance of electing a thoroughly competent and absolutely trustworthy man to the highest court in the commonwealth.

Address to Pennsylvania Bar.

The address, which is sent out over the signatures of the lawyers named above, reads as follows: To the Lawyers of Pennsylvania—

Irrespective of political affiliations we, as members of the bar of Philadelphia, knowing Judge von Moschizskier as a man, as a lawyer and as a judge, in view of his nomination for the office of associate justice of the supreme court of Pennsylvania, desire to express to the profession throughout the commonwealth, the opinion entertained, we believe, by this bar generally of his entire fitness for that high office.

Intelligent by nature, a close student, fond of research, with an acute, alert and discriminating mind, with an unusually retentive memory and wide experience in legal and other affairs, he is quick to comprehend, though deliberate in the maturing of his judgment. He combines with knowledge of the law, keen logic, sound judgment and clear, forcible expression.

During his six years of service upon the common pleas bench of this county he has displayed thorough conscientiousness, great industry and capacity for work, united with absolute fearlessness, freedom from narrowness or prejudice and the ability to dispatch legal business in the most practical way.

Six reversals, with almost 400 written opinions delivered, is a remarkable record, and testifies most strongly to his accuracy and the thoroughness of his grasp of facts and law.

Judge von Moschizskier has the esteem and good will of this bar and this community as a self-reliant and courageous man, as a good citizen and an able, considerate judge.

Judge von Moschizskier's Strength. The nomination of Judge von Moschizskier has met with popular support, and his candidacy has been growing stronger every day since the Republican convention adjourned.

The closer his record on the common pleas bench is studied, the better are his admirable qualities appreciated. Known as the "writing judge" among his colleagues on the bench, Judge von Moschizskier has long been looked upon as one of the most industrious and painstaking jurists in the state. He delights in delving into his law books and frequently works way into the night preparing his opinions, which are models of thought and accuracy of expression, and which form an important part of the jurisprudence of recent years.

Our State Amendments.

The failure of the constitutional amendments in New Jersey has attracted attention to the rather long list of amendments pending in Pennsylvania. In some respects the amendments run on similar lines, and the prediction is made that the defeat of the proposed constitutional changes in New Jersey may be repeated here. We see nothing to justify this judgment. The New Jersey amendments aimed to

accomplish certain reforms to which a good many were opposed, but the Pennsylvania amendments are mainly in the interest of economy. There are ten of these amendments and a schedule. The mere printing of them fills two newspaper columns of small type, but nearly all of them are modifications of the Constitution to accomplish a single object, viz, the reduction of elections in this State one-half. The uniform primary law practically duplicates each election and makes them a very considerable expense to the taxpayers. It is seen that there are twice as many elections as are necessary. To reduce the number one-half, and so fix the terms, that county and municipal elections will not come in the same year with the State and general elections, requires a good many incidental changes, the lengthening of the term of some office a little longer in their places than was originally intended; yet all who believe that the reduction in the number of elections by one-half is a desirable end will vote for these amendments. Even under the reduction we will have one election every year. At present we have two and though some of them in popular estimation are of little importance they cost about as much as if they were. Two Legislatures have approved these amendments without seeing anything to object to in them, and we have no doubt the people will confirm them with their approval.—Media American.

Samuel Aul,

The Republican nominee for Associate Judge, was born at Georgeville, Indiana county, Pa., December 3, 1853, where his younger days were spent and where he grew to manhood. Nineteen years ago, in 1890, he came to Reddyffe, Forest county, and entered into contract with the Maple Creek Lumber Co., large operators in that vicinity, to do the stocking of their mills, remaining with the firm until 1897, or until they ceased operations. Mr. Aul then transferred his operations to Lamonsville, Jenks township, and was employed for several years in a similar capacity with Lamons Bros. In 1900 he took a contract of stocking the extensive mills of Amsler & Campbell, who afterwards transferred their interests to the Central Pennsylvania Lumber Co., and for this firm Mr. Aul has done the stocking down to the present time. In all these contracts he has shown his ability as a manager, his work being perfectly satisfactory to his employers. During these years he has employed hundreds of men, not one of whom ever left his employment dissatisfied. Some years ago he purchased a considerable body of land near Marienville where he cleared up a fine farm which he has under a fine state of cultivation and where he resides with his well contented and happy family, consisting of wife and six children. Mr. Aul is a pleasant, affable gentleman, generous and honorable in all his dealings with his fellow men; a large man, with a heart in proportion to his size. His qualifications are unquestioned, and he will always be found fair and just if elected to the office of Associate Judge.

M. A. Carringer,

The Republican nominee for District Attorney, is one of Forest county's brightest young lawyers, whose success has been very marked since his admission to the bar several years ago. Mr. Carringer came to Forest county with his parents when a mere lad, and being of a studious turn soon led his classes in the public schools of his home town, and at his graduation therefrom attended Bucknell college from which fine institution of learning he graduated with high honors. Taking up the study of law he fitted himself admirably for that profession, so that today he is peer to any attorney of his age in this section of the state. He has no opposition in his contest for the position of District Attorney and will therefore be elected with practical unanimity, and it goes without saying that he will fill all the requirements of the position with satisfaction to the people and credit to himself.

Byers of Tionesta township; Mrs. Andrew Carr of Franklin, Pa.; Miss Alice Mauk of Pittsburgh, Pa.; Mrs. John Smith of Scotch Hill, Pa.; Mrs. Minnie Ried of Mill Creek, Pa.; Frank Mauk of Loleta, Pa.; Willis Mauk of Franklin, and Samuel Mauk of Pittsburgh. The funeral services were held Monday afternoon at the home of Mrs. Ried, at Mill Creek, the interment being made at Helen Furnace.

BAIR.

Mrs. Catherine Bair, who has spent the summer months for several years past with her son-in-law and daughter, Mr. and Mrs. J. A. Freas, at the mouth of Little Hickory creek, in Hickory township, died last Thursday morning at ten o'clock from the infirmities of old age. She was born at Warriors Mark, Huntingdon county, Pa., November 22, 1830, and has spent the greater part of her life in this state. Early in life she became the wife of Benjamin Bair, whose death occurred in the year 1861. She is survived by three sons, S. H. Bair, of San Jose, California; A. W. Bair, of Milwaukee, Wisconsin, and I. R. Bair, of Sacramento, California, and two daughters, Mrs. Elizabeth Lyon, of Altoona, Pa., and Mrs. J. A. Freas, of Little Hickory, Pa. The burial took place at Altoona, Pa., on Saturday, the body being laid to rest beside that of her husband in the cemetery at that place. She was aged 88 years, 10 months and 22 days.

RHODES.

Augustus Rhodes, one of the respected residents of German Hill, Green township, died at his home at four o'clock, Monday morning, October 18, 1909, after a long illness of diabetes, aged 57 years, 5 months and 14 days. He was the son of Mr. and Mrs. John Rhodes and was born on the old Green farm, at what is now Kellestville, in Kingsley township. His grandfather, Hiram Green, was one of the first settlers of that section, and was famous in his day as a pilot on Tionesta creek and the Allegheny river. After he reached the age of five years Mr. Rhodes made his home with the family of the late Amasa Purdy, in which he was reared to manhood. With them he went to Dilanti, N. Y., in 1865, where they remained one year. They also spent a year in Kansas. Returning to this county about 1867, they again took up their residence on the farm on German Hill, where the balance of his life was spent. About the year 1874 he was married to Miss Elizabeth Ann Cropp, of Cropp Hill, who survives him with three sons, William, George and Henry Rhodes, all residing at home. The eldest son, J. Frederick Rhodes, died July 19, 1898, as the result of injuries sustained in a fall from a trestle on the B. & O. railroad, near Bruin, Pa. Mr. Rhodes is also survived by one sister, Miss Jane Rhodes, of Hickory township. He was an honest, industrious man, a good citizen, and bore the respect of all who knew him. The funeral services will be held today at 11 a. m. in the Zuendel Evangelical church, German Hill, conducted by Rev. E. L. Monroe. Interment will be made in the Zuendel cemetery.

Seeks Pardon From Life Sentence.

J. C. Hunter, now serving a life sentence in the penitentiary at Deer Lodge, Mont., on a charge of having killed his son-in-law, Otis Walbridge, in the State of Montana, more than twelve years ago, is appealing to his friends to aid him in securing a pardon. He stoutly maintains his innocence and claims that his conviction was brought about by evidence of his own daughter through the intrigue of others. Hunter is a former resident of this vicinity, having been born near Tionesta about 58 years ago, his father being William Hunter, long since deceased, and who resided on a farm on Hunter run about three miles from Tionesta. The following clipping from a Montana newspaper gives some idea of the case:

In response to the request of the board of pardons, which is investigating the appeal of J. C. Hunter, now serving a life sentence in the state penitentiary for the murder of Otis Walbridge, the husband of Mrs. Arvilla Cassandra Melville, an affidavit has been forwarded to Governor Toole, stating that in the presence of several witnesses, Mrs. Melville admitted that Hunter had been convicted on her perjured testimony. In the spring of 1897, according to the story told by Mrs. Melville, who was at that time the wife of Otis Walbridge, she and her father, J. C. Hunter, and Walbridge left Saltee on a trip overland. Her father and Walbridge quarreled, and one afternoon they went out hunting, her father taking with him a shotgun. Hunter returned alone. Upon the witness stand at the trial in Phillipsburg a few years later, Mrs. Melville testified that her father told her he had killed Walbridge, and that he threatened to kill her if she told of the shooting. She also testified that her father burned his coat and trousers, which were covered with blood. Upon this testimony solely Hunter was convicted. It is stated, in the affidavit forwarded to Governor Toole that, while she was in the county jail in this city last year, awaiting trial on the charge of bigamy, Mrs. Melville stated, in the presence of a number of witnesses, that her father was not responsible for the death of her husband, Walbridge, but that the latter was shot and killed by George Melville, her present husband, who is now in jail in Helena, awaiting trial for the murder of W. G. Guthrie, at Bald Butte, Mont., May 11. A written confession is also in the hands of Attorney General Galen, in which Mrs. Melville makes the same statement, accusing Melville of murdering Walbridge in order that he might himself marry her. In this confession she stated that she was forced by Melville to perjure herself at the trial of her father at Phillipsburg, by swearing falsely against her father in order to shield Melville.

Mr. Hunter's appeal to his friends to help him in his efforts to bring his case properly before the board of pardons is a pathetic one, and we understand they will make an effort to aid him in getting a hearing. The marble statue of Senator Matthew Stansbury Gray was placed in position and tared of its canvas wrappings Saturday without ceremony in its appointed place in the marble rotunda of the state capitol.

For the Children's Sake

Try Foods Shot from Guns

Let us put it up to the children—this question of their breakfast food. Serve them a dish of Puffed Wheat or Puffed Rice, then ask what they want to have next. See if your children, like legions of others, are delighted with these queer foods. There are no other foods in existence which are anywhere near like these. So we cannot compare them with others. Puffed Wheat—10c Puffed Rice—15c These are the foods invented by Prof. Anderson, and this is his curious process: The whole wheat or rice kernels are put into sealed guns. Then the guns are revolved for sixty minutes in a heat of 350 degrees. That fierce heat turns the moisture in the grain to steam, and the pressure becomes tremendous. Then the guns are unsealed, and the steam explodes. Instantly every starch granule is blasted into a myriad particles. The kernels of grain are expanded eight times. Yet the coats are unbroken, the shapes are unaltered. We have simply the magnified grain. One package will tell you why people delight in them. Order it now. Made only by The Quaker Oats Company
