—Bert Conroe, of Tidouite, a teamster employed on Frank Black's stocking job for Wheeler & Dunsberry, on Queen run, just over the Hickory township line in Warren county, was the victim of an accident last Thursday morning, in which he suffered a badly fractured leg. His right leg was badly fractured about four inches above the ankle, the bone also being split down into the ankle. He was rolled around the log and was considerably shaken up, but aside from the broken leg was not seriously injured. He was taken to the home his brother-in-law, Emery Parker, at Queen, where he is now quartered. Dr. M. C. Kerr of West Hickory was summoned and reduced the fracture.

Ackerman vs. F. A. Myers and G. L. Ackerman. A subpoena was granted in the divorce case of Sarah H. Kirkwood, of Tionesta, vs. Charles E. Kirkwood. As there was not sufficient business to demand the same no jury was drawn for the November term of court.

October Wedding Bells.

CONNELLY-ROBINSON.
The marriage of Mr. James J. Connelly of Pittsburg, and Miss Martha Arletta Robinson of Tionesta, was solemnized at the Presbyterian manse, Meadville, Pa., October 25, 1909, the pastor, Rev. W. B. Irwin, officiating.
The foregoing paragraph will doubtless prove a pleasing surprise to many Tionesta people, where the bride is so well known and so universally esteemed. The culmination of the pleasant relations of the past year or more between these worthy young people in a happy union was not unlooked for by their friends here, but the time when it should be consummated was kept a profound secret. The bride has long been regarded as one of Tionesta's noblest types of young womanhood, whose splendid womanly qualities of mind and heart have gained for her a wonderfully large circle of friends, and the gentleman who has won her for his companion in life is surely to be congratulated. Mr. Connelly is one of Pittsburg's wide awake, energetic business men, where he is highly esteemed by his acquaintances, and where the worthy couple will probably make their home. Be that as it may, the very best wishes of all our people for a most joyous life journey goes with them.

EDWARDS-SMEARBAUGH.
This morning, October 27, 1909, at 8:30 o'clock, at the home of Mr. and Mrs. William Smearbaugh, a pretty marriage was solemnized when their daughter, Miss Josephine, became the wife of David Henry Edwards, M. D., of Washington, Pa. At the hour stated the contracting parties, who were unattended, appeared in the prettily decorated parlor and took their place before a bank of ferns, palms and potted plants, and were there met by Rev. H. A. Bailey, pastor of the Tionesta Presbyterian church, who performed the ceremony, which was simple but beautifully impressive and wholly unostentatious. The bride was plainly but tastefully gowned in a traveling suit. The guests were limited to the bride's family and a few of her and the groom's immediate relatives. The wedding breakfast was served in five courses, and about one hour was consumed in the discussion of the elegant repast, after which, 'midst a shower of goodwishes and well wishes the happy couple took the 11:01 train for a wedding trip that shall include the cities of Buffalo, Chicago, Cincinnati, New York and Philadelphia.
The bride was born and reared in Tionesta, where she has ever enjoyed the highest esteem of all, and where her popularity has been limited only by her circle of acquaintances. Dr. Edwards is one of the leading physicians of the bustling city of Washington, Pa., where he enjoys an extensive practice, built up by close and conscientious attention to his profession, and where, after the first of December, they will be at home to their friends. May good health and happiness attend them all their days.

Fatal Injury to Frank Thomson.

Frank R. Thomson, a son of Mr. and Mrs. John Thomson, deceased, was born near Stewart Run, this county, October 17, 1865, and died at the Good Samaritan hospital in Zanesville, O., October 20, 1909, from the effect of injuries received on Tuesday, October 19th. The accident is somewhat mysterious. He was engaged in drilling an oil well and was alone in the derrick at the time, so that no one will ever know just how he received the fatal injuries. Two men who were in the engine house noticed him lying on the floor of the derrick, and immediately went to his assistance. They found that he was suffering from a severe wound on the head, probably caused by a bolt or other tool falling from the derrick. He was unconscious and although removed at once to the hospital, and receiving the best medical attention, he never regained consciousness, his skull being crushed. On January 2, 1895, he was united in marriage to Lucy N. Canfield, who with their two children Leroy and Robert, survive him. Also six brothers and two sisters, James of Nebraska; Albert, of Tionesta; Hugh of Chanute, Kansas; John and Gilbert, of Chicago; Charles, of Bradner, O., and Mrs. Q. Jamieson and Mrs. J. R. Clark, of Tionesta. Mr. Thomson was an honest, industrious citizen, one who made a host of friends wherever he went, who with his family, mourn his untimely death. He left this month with his family sixteen years ago and followed the occupation of an oil well contractor. He located first at Bradner, Ohio, and later at North Baltimore, Ohio, which was his home at the time of his death. The body arrived in Tionesta Friday evening accompanied by his widow and two children, and his brother Charles. The funeral party repaired to the home of G. T. Anderson, and at 2 p. m., on Saturday, the funeral services were held in the M. E. church, conducted by Revs. W. O. Calhoun and H. A. Bailey, followed by the interment in Riverside Cemetery, the members of Tionesta Lodge, No. 389, I. O. O. F., of which he was a member, having charge of the services at the grave.

Fire at Lickingville.

The dwelling of Samuel H. Sigworth at Lickingville, Pa., was destroyed by fire about noon on Monday of this week. Mr. Sigworth was making some gas connections in the building when the gas was ignited, and before the fire could be turned off almost the whole of the lower story of the building was a mass of flame. Scarcely any of the contents were saved, the family escaping only with the clothing they wore. When the gas ignited Mr. Sigworth ran to the cellar to shut off the supply and when he returned he was severely burned about the face and head in making his escape from the room, which was all aflame. A summer kitchen adjoining the house was also burned, and many windows in buildings on the opposite side of the street were broken by the heat. The loss is estimated at about \$2,500, with insurance to the amount of \$1,000.
This building was one of Lickingville's landmarks, it having many years ago been occupied as a store by the late Solomon Sigworth, and stood on the corner of the road leading from Newmansville to Fryburg.
Latest report from Mr. Sigworth is to the effect that he will recover from his burns, although they are quite severe.
—The Treasury Department has lately settled the question of the legality of drawing bank checks below \$1.00 by depositing that person who has an account in a bank can draw on it for any size check they wish without violating the law.

The Teachers' Institute.

The forty-third annual session of the Forest County Teachers' Institute, which closed Friday noon, was all that it promised to be and more. In fact it was the most successful ever held in the county. This was due to the untiring efforts of the County Superintendent, D. W. Morrison, who spared neither time or money to bring only the best talent before his teachers.
Dr. Preston, a member of the New York State Institute Staff; Prof. Teitrick, one of the Deputy State Superintendents; Dr. Warren, a former supervisor in the Elmira schools; and Dr. Smith, of the University of Pennsylvania, proved themselves peers in the educational realm. That they were appreciated was shown by the good attendance of the teachers and the keen interest taken by them in each session.
The talks given by Prof. Teitrick on "My Boy's Teacher," were very helpful. He showed that the teacher must be energetic, progressive, resourceful, and a leader in the community in which he lives. In his talk, "Laws of Teaching," he said: "A good teacher is a good questioner." The questions should be grammatical, logical, concise, clear and snappy.
Dr. Preston in his talk on the "Present Trend of Educational Thought," said that education is now vocational and that the reason so many pupils drop out of the 7th and 8th grades, they feel there is nothing in it for them. New York has remedied this by establishing the trade schools. Boys fourteen or fifteen years of age can enter these schools and discover themselves as it were. In discussing "The Home and the School," he urged that the teacher and parents co-operate to bring out the best in the child.
In his talk on "First Steps in Reading," Dr. Warren urged that teachers set a standard and then strive to attain it. There must be a certain foundation be laid in order that the child can learn to read well. Prepare him through the story. The story will give him an appetite and he will be anxious to learn. Be on the look out for good methods or plans and incorporate them in your own teaching wherever it is practicable.
On Friday morning Dr. J. George Becht, Principal of the Clarion State Normal, greeted the teachers in his usual genial manner and gave a very inspiring and helpful talk.
The evening entertainments were of an unusual high order. The Commonweal Male Quartette came recommended as one of the most popular companies of the institute platform. Those hearing it Wednesday evening agree that it is the best ever brought to the town. Dr. Warren's Recital of "Julius Caesar" is a scholarly interpretation of the great classic and is intensely interesting, so much so that Dr. Warren held the audience spellbound for nearly two hours.

RESOLUTIONS.
Resolved, That we tender to our Superintendent, D. W. Morrison, our sincere thanks for the deep interest he shows in the public schools of the County, for the sympathy and encouragement he gives each individual teacher, and for the most excellent corps of instructors he procured for the institute.
Resolved, That we express to the instructors of the Institute our gratitude for the help received from their inspiring talks and for the new outlook of the educational world given to the teachers of Forest county.
Resolved, That whereas it has pleased God in His infinite wisdom to remove from our midst our co-workers, Miss Kittle Hepler and Miss Alta Ledebur, that we tender our heartfelt sympathy to their families in this bereavement.
Resolved, That we extend our thanks to the County Commissioners for the use of the courtroom, to the ministers for their co-operation, and to all who in any way contributed to the success of the Institute.

Toasts also were given by Prof. R. B. Teitrick, of Harrisburg, M. A. Carringer, Esq., Supt. D. W. Morrison and T. E. Ritchey, Esq.
The all-pervading spirit of the banquet was loyalty to the Clarion Normal. Long may she live and may each succeeding year be more successful than the last.
