HAD SHARE IN THEFT

Express Clerk Escaped Suspicion Because of Assault by Pal.

Clerk Kicked Unconscious by Blow on Head With an Iron Pipe From One of His Accomplices After He Had Placed the Express Packages Where They Could Get Them Easily. Christmas Generosity to a Girl Proved His Undoing.

The mysterious \$14,000 robbery at the office of the Canadian Express Co. at Niagara Falls, Ont., on the afternoon of Nov. 4 has been cleared up by the confession of William Dobson, the clerk who was assaulted by the robbers, to the effect that he, together with Charles J. Flynn, who runs a saloon in North Main street, Niagara Falls, N. Y., and Puri S. Whistler of Pierce avenue, and two other men whose identity he does not know, planned the whole affair and got the money, \$14,169.98 in all. Dobson, Flynn and Whistler are under arrest.

Dobson's desire to do something handsome at Christmas for a young woman with whom he had been keeping company led to his undoing. He had been under surveillance for a month past, the Surety Company of North America, his bondsman, having put officers of the Thiel detective agency of Montreal on the case when called upon to make good the amount of the robbery.

Superintendent Carrington of this agency, suspected Dobson, despite the fact that the assault upon him made him appear an innocent party. He learned that Dobson received but \$50 a month, and when he found him sending drafts to Engano for large amounts and purchasing \$250 mink furs he accused him directly of the robbery and Dobson broke down and confessed.

He said the affair had been planned by Flynn, Whistler, once a United States Express messenger, and himself, in Flynn's saloon on Oct. 15, when he was telling them of the large amounts of currency daily shipped to Toronto and Montreal. Flynn proposed that Dobson notify him when a particularly heavy shipment was to be sent, and he would see to the rest. Flynn engaged the two men, and when he received the word Whistler drove these men across the river to the Canadian Express company's office.

Dobson made the job easy for them, and when they came into the office he turned his back, expecting a light tap on the head. Instead, the robbers used a heavy piece of iron pipe and felled him unconscious to the floor, after which they made off with the money. The seriousness of the assault on Dobson is what saved him from suspicion for so long a time. Flynn was arraigned here and, awaiting examination, was held for the grand jury.

MUST KEEP CARS WARM

President of Cincinnati Traction Company Indicted on Four Counts.

W. Kesley Schoepf, president of the Traction company, Cincinnati's street railway, was indicted by the Hamilton county grand jury for failure to keep the street cars warm. The indictment contains four counts, each charging a separate offense. It is alleged that he has knowingly failed and refused to comply with the state law which requires that each car operated in Ohio shall have the motorman's vestibule kept at a temperature of not less than 60 degrees.

AMERICANS IN CANADA

Some 91,000 Went North to Settle the Past Year.

Due in a large extent to the American invasion, Winnipeg and Western Canada have just concluded the most prosperous year recorded in their history. In the last twelve months some 91,000 Americans have come north to settle, each bringing his quota of cash, farm stock and implements. This is another record for immigration from the south.

In Winnipeg the bank clearings for 1909 were \$770,649,332, an increase of 25.50 per cent over the figures of 1908. In 1904 the total clearings were \$294,601,437, and bankers predict they will amount to over \$500,000,000 for the present year. The customs returns for the five months of the present fiscal year exceed the whole of the last fiscal year. Permits were issued for buildings to cost \$8,235,000 in Winnipeg.

Operators Not to Strike.
There will be no strike of telegraphers on the Big Four railroad. This was decided at Cincinnati Saturday. The basis of the settlement of the trouble between the telegraph operators and the road will not include a 20 per cent increase in the pay roll.

UNINSPECTED MEAT

Dr. Melvin Says Half of That Consumed is in That Class.

A law authorizing federal inspection of dairy products entering interstate trade and the necessity for state and municipal inspection of meat and meat products, as a further measure of protection for the public health, are two subjects discussed at length in the annual report of Dr. A. D. Melvin, chief of the bureau of animal industry in the department of agriculture.

Dr. Melvin says that the federal meat inspection law, which applies only to products entering interstate trade, has proved effective, but he says there is a real and serious danger to the public from uninspected meat, and almost half of the meat consumed in the United States comes within that class.

CORPORATION HAS A SOUL

Defendant's Plea to the Contrary Overruled by Justice Teal.

The appellate division of the supreme court at New York affirmed the conviction and \$500 fine of the Star company, publisher of the New York American, for publishing a libel against John G. Rockefeller, Jr., of "poisonage." The defendant complained that its challenge to one of the jurors was improperly overruled. Justice Scott says that the juror's chief defect appeared to be "that he was too intelligent and conscientious."

CURTISS CO. ENJOINED

Judge Hazel Grants Temporary Injunction in Airship Suit.

Buffalo, Dec. 3.—Judge Hazel in U. S. circuit court handed down a decision upon the motion of the Wright company for a temporary injunction restraining the Curtiss-Curtiss company and Glen H. Curtiss from manufacturing flying machines, as an infringement upon patents held by the plaintiff corporation. The plaintiff company thus wins the first victory in what is expected to be a long and hard fought legal battle.

The state game farm located near Sherburne, N. Y., will have in charge the distribution of eggs for hatching, which will be placed in the hands of farmers and others who make formal application for them without cost to the individuals.

MISS PAUL TO TAKE A REST

Is Much Enfeebled From Her Treatment in English Prison.

London, Jan. 4.—Miss Alice Paul of Philadelphia, the American suffragette who served a month in Holloway jail for militant methods, will sail on the American liner Haverford for Philadelphia on Jan. 5. Miss Paul is much enfeebled through the forcible feeding she was subjected to by the prison authorities and her doctors have ordered her to take a rest.

WEAVER QUITS POLITICS

Announces That He Will Hereafter Devote Himself to Divine Healing.

General James B. Weaver, veteran campaigner for Greenbackism, Populism and later for Bryanism, has adieu to politics last week at Des Moines and announced that for his few remaining years he would lead a crusade in behalf of divine healing.

ANDREE'S BALLOON?

Said to Have Been Found at Reindeer Lake in Arctic Circle.

Father Turquetit, a Missionary in Northern Saskatchewan, Heard Story of "a Large White House Covered With Ropes Which Fell From the Heavens"—Eskimos Said That the Three White Men Died Shortly After They Descended—Priest Thinks They Were Murdered.

Prince Albert, Can., Jan. 4.—His Lordship Bishop Pascal of the Roman Catholic church today announced that he had several official dispatches from Rev. Father Turquetit, missionary for Northern Saskatchewan and McKenzie river districts, about the finding of Andree's balloon, 900 miles north of here, near Reindeer Lake in the Arctic circle, by Eskimos and Indians.

Many are of the opinion that the "large white house covered with ropes which fell from the heavens," as described by the Indians, is the balloon in which Andree, accompanied by Dr. Strinberg and Herr Franckel, sailed over twelve years ago.

Father Turquetit speaks Cree, Chipewewa and Blackfoot fluently, and readily understands the Eskimo language. He is stationed in the far north. At Reindeer Lake there is a settlement which is almost entirely inhabited by Chipewewa Indians, but there are some Eskimos there also.

FEDERAL INCOME TAX

Indications That New York Legislature Will Oppose the Proposition.

Albany, Jan. 4.—The indications are that the federal administration's income tax proposition would meet with decided opposition in the state legislature. It undoubtedly will be made a party question by caucus action when it comes squarely in the legislature.

FEARS FOR HIS FAMILY

Dr. Castriello Asks Help of the State Department.

Washington, Jan. 4.—Dr. Salvador Castriello, the agent in Washington of the revolutionary party, has appealed to the state department for aid in obtaining information from his wife and family who are in Managua. Dr. Castriello has had no word from his wife for about two weeks. He cabled to Henry Caldera, the American vice consul at Managua, for information as to the safety of his family, but received no reply.

PEERS ON THE HUSTINGS

Members of Upper House Unusually Active in Present English Canvass.

London, Jan. 4.—Although there is still a fortnight before the opening of the polls for the general election the close of the present week will see the end of the participation of the peers in the campaign.

REPORTS OF MARINE DISASTERS

Hamilton, Bermuda, Jan. 4.—Every steamship arriving here brings some report of marine disaster during the recent heavy storms. The British steamship Kilsyth, from Maraballa Dec. 10 for Philadelphia, brought in the crew of the bark Crown, lumber laden from Tusket Wedge, N. S., Dec. 11 for Bahia Blanca. The bark was abandoned, waterlogged, 1,100 miles east of Bermuda. The Kilsyth picked up the crew and brought them here.

BENZOATE OF SODA

Suit to Test State's Right to Prohibit Its Use as a Preservative.

Indianapolis, Jan. 4.—The case of William Brothers company of Detroit, picklers and preservers, and Curtice Brothers company of Rochester, N. Y., manufacturers of catsup, against H. E. Barnard, state food and drug commissioner, and the state board of health came up today before Edward Daniels, master in chancery in the federal court, who will hear evidence in the case.

The complainants seek to enjoin the defendant from enforcing against them the rule of the state board against the sale of foodstuffs in which benzoate of soda is used as a preservative.

The complainants attack the constitutionality of the law under which the orders of the state board were made, and also deny the contentions of the state board that benzoate of soda was harmful and a deleterious substance.

TONG WAR IN NEW YORK

Notices Posted Declaring For Vengeance on the On Leong Tong.

New York, Jan. 4.—The Little Hook Koh boys scammed through the streets of Chinatown this morning pasting long yellow and red slips of paper on available walls as if they were pasting notices of a circus coming to the quarter. But before each slip was dry a crowd of five or six Chinese gathered about it, nudging each other and chattering in short snappy sentences.

The translation of the most important of these slips is this: "All the companies and Tong in Chinatown, namely the Four Brotherhood society, the Hip Sing Tong and all the minor families in that neighborhood, have openly declared war against the great On Leong Tong. Not so many days ago members of the On Leong Tong crept up to the rooms of two old men, the two oldest men in the Four Brotherhood society, and murdered them in cold blood."

There appears to be very little doubt that there will be a "big fight" soon. The posters are pasted all over the quarter and every Chinaman reads those posters religiously as each one appears and goes and tells his friends about them for fear he might not have seen them.

26-INCH WATER MAIN BURST

For Nearly an Hour Geyser of Water Shot 25 Feet in the Air.

Boston, Jan. 4.—The 26-inch water main running beneath Tremont street burst at about 6:30 o'clock last night near the corner of Tremont and Hollis streets, and for nearly an hour a geyser of water shot 25 feet into the air and caused a flood in the neighboring thoroughfares. Two theaters, the Majestic on Tremont street and the Globe on Washington street, an eighth of a mile away, were put out of business by the flow of water into the cellars and both houses were obliged to cancel their scheduled performances for the night.

The water flowed north down Tremont street, where the break occurred, thence down Elliot street to Washington street, there being a solid river, three feet deep in places, from building to building. Many of the cellars of stores and business houses were filled. Furnace fires were extinguished and goods in storage considerably damaged.

Hundreds of pedestrians were marooned in doorways for upward of two hours until the water settled from the sidewalks, and the surface trolleys in the flooded district were obliged to take roundabout routes. Tremont street from Hollis to Elliot was undetermined and it is thought that the foundations of some of the buildings in the immediate vicinity were damaged.
