prised their little school mate, Leola  
Thomson, last Thursday afternoon. All  
reported a fine time.

unclaimed for in the Tionesta, Pa., post-

One of the first questions that will be  
asked by the census enumerator when he  
calls next spring is, who is head of the  
house? As that question has never been  
fully settled in some households, it might  
be well to have it out in the meantime.  
Chamberlain's Cough Remedy is a  
very valuable medicine for throat and  
lung trouble, quickly relieves and cures  
painful breathing and a dangerously  
sounding cough which indicates con-  
gested lungs. Sold by Dunn & Fulton.  
The Franklin city council has passed  
a curfew ordinance which provides that  
all children under 16 years of age shall  
be on the streets by 8 o'clock in winter  
and 9 o'clock in summer. The mayor is  
given power to suspend the provisions of  
the ordinance on special occasions.  
John Masterson, who for a number of  
years has served very capably as agent at  
Struthers Station, near Warren, has been  
appointed Division Agent of the Valley  
Division of the Pennsylvania Railroad.  
He will have supervision of all agents on  
that division, which encompasses the  
lines from Pittsburg to Clear and from  
Red Bank to Driftwood. Mr. Masterson  
will have his headquarters at Oil City in  
the offices of the Superintendent of the  
division.

Kirk Urey, aged 19 years, of Sandy  
Lake, Pa., a cousin of A. C. Urey, of this  
place, died last Thursday of lockjaw. A  
week previous to his death the young  
man fell and forced a small splinter of  
wood into the fleshy part of his nose. The  
wound was very slight but lockjaw de-  
veloped and he died in horrible agony.

From many nearby places come re-  
ports that quail and pheasants are dying  
in large numbers from starvation. The  
deep snows have covered up the birds'  
natural food supply and great damage is  
being done by this old-fashioned winter,  
which threatens to undo the work of the  
past decade of the State Game Commis-  
sion.

At the stockholders' meeting of the  
Oil City Trust Company, held at the of-  
fices of the company, the following stock-  
holders were elected directors to serve for  
the ensuing year: Joseph Seep, W. R.  
Barr, George Lewis, J. R. Campbell,  
Henry Suhr, W. W. Spilane, James P.  
Kern, H. H. Fair, D. T. Borland, A. M.  
Lowentritt, S. H. Simpson.

Miss Mary Louise Magee, one of the  
well known ladies of the town, died  
Saturday morning at the home of her  
sister, Mrs. Margaret R. Hunter, in Ti-  
doute. She had been ill since Tuesday  
with pneumonia. She was a charter  
member of Tidoute Chapter, D. A. R. The  
funeral was held Monday afternoon at  
the home of Mrs. Hunter.

The special services at the Presbyteri-  
an church of Clarion this week are at-  
tracting large audiences and a very com-  
mendable interest is being manifested.  
Rev. H. A. Bailey, of Tionesta, is preach-  
ing powerful evangelistic sermons and  
they seem to be making a strong impres-  
sion on those who hear them. It is hoped  
this series of meetings may be productive  
of great good.—Clarion Democrat.

Fred Rudolph, who has a job of  
stocking for Wheeler & Dusenbury, on  
Ross Run, had the misfortune of losing a  
good team horse, valued at \$200, by death,  
Tuesday of last week. Fred was here  
Thursday and purchased a horse from  
Ed. Harmon, of Lickingville, to replace  
the dead animal. The new horse was a  
fine sorrel, weighing 1,325 pounds, and  
attracted much attention while stabled at  
the Hepler livery barn.

The home of Rev. J. N. Fradenburgh  
at Union City, a retired minister of the  
M. E. church, who is well known in this  
vicinity, was destroyed by fire last  
Thursday night. The fire started near  
the kitchen, of unknown origin, and it  
was with difficulty that the minister's  
fine library, said to be one of the best  
collections in the State, was saved. Most  
of the household goods were also saved.  
Loss was \$5,000, insurance \$3,500.

We have received with the compli-  
ments of Congressman N. P. Wheeler a  
large amount of vegetable seeds from the  
U. S. department of agriculture. The  
collection embraces corn, lettuce, parsnip,  
radish and turnip, just the kind you  
need for your gardens in this section of  
the country. They will be distributed  
free to all who care to call for them. With  
the present state of the weather it may  
seem like "rubbing it in" to be talking of  
garden seeds and such, but summer will  
be on you before you know it.

The contract for Venango county's  
new jail was let on Tuesday of last week  
to the Stewart Jail Works company of  
Cincinnati. Their bid was \$35,495, nearly  
\$4,000 lower than the lowest bid of nine  
other contracting firms. Charles & Bal-  
ley, the firm of Oil City architects, who  
drew the specifications, made an estimate  
that the jail could not be built for a sum  
much less than \$50,000. The difference is  
an agreeable surprise to the county offi-  
cials, as well as the taxpayers. The work  
is to be started as soon as the weather  
will permit.

For a decade of years there has been  
on the part of young men a movement  
away from the farm—going into the cities  
and towns, and finding employment with  
manufacturing concerns and business  
houses. We don't think many of them  
have saved much money, but their course  
has aided greatly in bringing on our present  
high prices. They may have got a  
little higher wages than they would have  
made on the farm, but those of us who  
stick to our bush are now compelled to  
pay exorbitant prices for living.—Brook-  
ville Democrat.

General Charles Miller of Franklin,  
has filed a petition for divorce against his  
wife, Emma A. Miller, alleging cruel and  
barbarous treatment. They were married  
in 1905. Mrs. Miller, it is charged, re-  
fuses to live in Franklin, and General  
Miller having all his business interests  
centered there, finds it impractical to  
leave Franklin. Mrs. Miller was former-  
ly the wife of A. D. Bales, a piano  
tuner of Meadville, who divorced her for  
desertion in the courts of Crawford county  
at Meadville. The subpoena is made  
returnable the fourth Monday in April.  
At the College of Veterinary Medi-  
cine, University of Pennsylvania, Phila-  
delphia, on February 2, 3 and 4, the joint  
meetings of the Pennsylvania Live Stock  
Breeders' Association and the Pennsylva-  
nia Dairy Union will be held. Sixty-  
two cash prizes are offered for corn. The  
apple exhibit of the Pennsylvania Horti-  
cultural Association has been secured. The  
Pennsylvania Agricultural College  
will make a display and demonstration.  
There will be a big butter, cheese and  
milk show. A notable show of horses,  
both stallions and geldings, will be held.  
Cattle of leading beef and dairy breeds  
will be on hand. Cattle, sheep and swine  
will be used in demonstrations on foot  
and on the block, conducted by experts.  
Everything is free to the public. For  
entry blanks apply to E. S. Bayard,  
Secretary, 203 Shady Avenue, E. E.,

A heavy snow storm last Thursday  
night gave us about eight inches more of  
sleighting, making nearly two feet on the  
level and traveling mighty hard. The  
depth of the snow has been reduced very  
materially by the heavy rains on Monday  
and Tuesday. Conditions were right for  
a big break-up, but a sudden cold snap  
this morning seems to have stopped this  
and saved the sleighting. Sunday morn-  
ing the mercury dropped to nearly 5°  
below zero and our citizens awoke to a  
condition of nature not often seen even in  
this country of sudden changes. The  
moisture in the air on Saturday had been  
turned into frost a half inch thick, which  
covered everything. The effect produced  
on shade trees and in the woods was in-  
describably beautiful. Even the air was  
full of the frost, making a sort of haze,  
and it will probably be a long time before  
we see its like again.

They are doing big things again at  
the Wheeler & Dusenbury plant up at  
Endeavor. On Thursday Wm. Hall,  
driving the company team, hauled in a  
load of green white pine logs which scaled  
4,816 feet. The scaler was Frank Wheeler.  
There were three 40-foot logs, one  
42-foot log and one 45-foot log in the load,  
which was brought from Warrant 5217,  
in Kingsley township, to the McDonald  
sliding, a distance of at least five miles.  
Mr. Hall was proud of his load and the  
team and thinks the feat will be hard to  
beat.

The Republican voters of Kingsley  
township, in caucus at Kellettville last  
Saturday evening, nominated the following  
ticket for the February election: Super-  
visor, J. F. Ray; school directors,  
C. Y. Datar, Charles Donley, George  
Klinestiver; assessor, James M. Ault;  
auditor, W. H. Brazee; Kellettville pre-  
cinct, Judge of election, W. A. Kinch;  
inspector, H. B. Dutterer. Newtown pre-  
cinct, assistant assessor, Carlos Heath;  
Judge of election, E. E. Zuendel; inspec-  
tor, Clarence Jones. Mayburg precinct,  
ass. assessor, Wm. Dushner; Judge of  
election, H. V. Mathews; inspector, J.  
G. Richards.

According to a decision handed down  
at Franklin by Judge Griswell, in a test  
case on the petition of residents of  
Cherrytree township, road taxes must be  
either entirely worked out or entirely  
paid in cash. According to the opinion  
taxpayers cannot pay part of their taxes  
in work and part in money. It must be  
one or the other, cash or work. Under a  
former law recently repealed, either way  
of payment was allowable and the peti-  
tion filed by the people of this section  
was for the purpose of getting an opinion  
on the matter, and the court ruled as  
stated. Until the decision is overruled  
by a higher court Venango county tax-  
payers will be bound by it.

Misses Mary and Bessie Morgan, un-  
der the name of the Tionesta Millinery  
Co., have purchased the millinery busi-  
ness of F. Walters & Co., closing the  
deal and taking possession of the store  
last Thursday. The retiring firm has  
been engaged in the millinery business  
in Tionesta for the past seventeen years  
and by conducting a high class fashion  
emporium well merited the success it  
achieved. In retiring from the business  
they hear with them the best wishes of  
many friends. The new owners come  
into the business well equipped to keep  
the store up to its usual high standard  
and by close attention to the wants of the  
trade hope to merit a continuance of the  
store's fine patronage.

The Local Institute at Endeavor.

One of the most interesting and in-  
structive local institutes in the history of  
Hickory township convened in the  
high school room at Endeavor, Saturday  
morning at nine o'clock. Rev. J. F.  
Scherer of the Presbyterian church led  
the devotional exercises and the program  
was carried out as it had been arranged.

The opening paper was read by Miss  
Pease, of Tionesta, on the subject of Pri-  
mary Reading. The great importance of  
the foundation of an education was well  
brought out and the plans by which good  
results may be obtained were well dis-  
cussed. Miss Pease told of the sentence  
method supplemented by phonics, and the  
discussion which followed laid great stress  
upon the latter.

Literature in History and Geography  
was the next paper and was read by Miss  
Carpenter, of Endeavor. The importance  
of literature as a supplementary to history  
and geography was the theme and several  
examples of classic literature that might  
be used were given. The discussion  
brought up the subject of eliminat-  
ing the wars and their battles from our  
public school texts and the necessity of  
shortening the course in some way.

Literature in the Fifth and Seventh  
Grades was well discussed by Prof. Gill,  
of Tionesta. He not only told of the im-  
portance of good literature in the grades  
but gave some of the books that are so  
much appreciated by children and every  
teacher was able to get something for his  
or her individual needs.

At this point in the program seven boys  
from the sixth, seventh and eighth grades  
of the Endeavor school very pleasingly  
sang a selection entitled "Billy and Me."

Miss Martha Morrow, of West Hickory,  
then read an excellent paper on the Lan-  
guage Work in the Upper Grades, which  
was much appreciated. The value of  
choices literature in heart culture was em-  
phasized and the necessity of substitut-  
ing correct for the incorrect expressions  
of the children.

The Teacher's Dream, by Miss Julia  
Anderson, of East Hickory, was very  
clever, but not expected to materialize  
before the millennium.

By this time the hands of the clock had  
reached the noon hour and the institute  
adjourned to the Kindergarten Hall,  
where a very sumptuous repast was pro-  
vided by the High School girls.

At two o'clock the work of the insti-  
tute was resumed and a selection was  
beautifully sung by Rev. J. F. Scherer,  
Clifford Wadsworth and Chester Jones.

Supt. Morrison then gave us some legal  
requirements and Mr. Feit of Tionesta  
read a splendid paper on Western Histori-  
cal literature.

Prof. Fish, of Tidoute, was called upon  
for Criticism of the Public School and as-  
sured us that no one is exempt from criti-  
cism, but that no one has a right to se-  
verely criticize any one or any thing  
without giving a new or better way for  
doing the thing criticized.

F. R. Shafer, of Nettown, a former  
teacher in the Endeavor school, was  
present and gave a talk on the Profes-  
sional Qualities of a Teacher. "The two  
most important qualities," says Mr.  
Shafer, "are intense honesty and loyalty  
to one's work."

A lullaby was then sung by the Tionesta  
quartette, assisted by Miss Carpen-  
ter in Miss Osgood's absence.

Primary Number Work was well dis-  
cussed by Miss Laura McKeon, of En-  
deavor, and Physical Training, by Miss  
Christine Anderson, was one of the best  
papers on the program.

By this time it was more than four  
o'clock and after Prof. Gill had invited  
all present to be at a similar gathering to  
be held in Tionesta in three weeks, the  
institute adjourned.

Iva D. Carpenter, Sec'y.

a common, every-day cough mixture. It  
is a meritorious remedy for all the

of her brother, E. A. Yetter at Kane.

bevy of girls at the Morganza Reform

During a very pleasant call at our  
office Monday, Miss Nettie Hunter and  
Mrs. Minnie Grove showed us a relic of  
their father, the late Dr. W. F. Hunter,  
which they prize very highly. It was  
his matriculation card at the University  
of Pennsylvania, Philadelphia, for the  
session of 1850-1, dated Nov. 9, 1850, and  
signed by W. E. Horner, Dean of the  
Medical Faculty. The card certifies that  
the bearer is entitled to admission to the  
lectures on demonstrative medicine and  
on demonstrative surgery. It also con-  
tained pictures of the buildings of the  
university which we venture to say those  
who are acquainted with the institution in  
these later days would fail to recognize.

ANOTHER CORRESPONDENT.

Arrangements have been about com-  
pleted whereby Kellettville is to enjoy  
another manufacturing plant. The Key-  
stone Handle Co., of Corydon, have made  
arrangements to use all the hardwood  
suitable for handles that is on the Ad-  
dams tract lately purchased by Dunn, Lan-  
ders & Co., of Tionesta. The representa-  
tives of the Keystone Co. were here last  
week looking over a site to erect their  
factory and they have two properties in  
view, either one of which has railroad  
switches. The erection of the mill will  
commence soon and when in operation  
will give employment to about 20 labor-  
ers. It is estimated it will take five  
years to manufacture the material on the  
one tract alone, while there are a number  
of other accessible lots that can be secured  
later on, which may make a permanent  
thing of the industry.

The heavy fall of snow on Friday was  
an unwelcome article as it required the  
constant use of the snow plow over all  
the tracks of the S. & T., the logging  
roads and switches until the rail was vis-  
ible again. Even the public roads about  
town were treated to a similar remedy.  
Those that labor on the roads report the  
snow so deep that it is almost impos-  
sible to accomplish anything in the line  
of work at all. The last few days have  
been particularly busy ones for Geo. W. Os-  
good, the weather forecaster.

Word has reached here of the death of  
Frank Blaisdell, which occurred at his  
home at Redbank, N. J., on January 6th.  
Mr. Blaisdell resided in Kellettville  
about six months some three years ago  
where he had charge of the building of the  
Standard Wood Co. factory. Mr. Blaisdell  
is a large owner of stock in the  
Standard Wood Co. and it has been under  
his personal supervision that so many of  
the wood factories throughout the coun-  
try have been built. The deceased had  
been ill for some time and last year spent  
a few months in South America, where  
for a time his ailment, which was cancer  
of the stomach, responded to treatment.  
Mr. Blaisdell was a very wealthy man  
and everything he entered into increased  
as if by magic.

Joseph G. Brewster has accepted an  
enforced layoff as assistant night watch-  
man at the wood factory, by sustaining a  
fracture of the right forearm a week ago  
by losing his equilibrium while perched  
on the top round of a ladder while in the  
act of knocking the pecky leeches from  
the eaves of his residence. Joe never  
could ascend to a lofty height without  
losing his head, as it were, and we trust  
he will govern his desires accordingly  
and not ever try to climb to the summit  
of Mt. McKinley.

George R. Johnson and wife visited  
with their son and family, O. L. Johnson,  
at Sheffield over Sunday.

George Klinestiver was a business visitor  
at Warren Saturday.

F. R. Klinestiver has been busily taking  
an inventory of the goods for the Salmon  
Creek Mercantile Co.

A sordid load of the elderly ladies who  
still enjoy a ride on the snow, went up to  
Mayburg Saturday evening and attended  
the services at the Free Methodist church.  
Wm. Stover and family, Mrs. S. E.  
Shaw and two children, of Endeavor, and  
Mrs. Nellie Brennan and children visited  
relatives in town Sunday.

Mrs. M. Andrews is slowly recovering  
from her illness. She is so much im-  
proved that her son, Ches., and wife left  
Monday for their home in Collingwood,  
Ohio.

S. A. Lyle departed for the West Vir-  
ginia lumber woods on Monday.

Herman McCoy and family have re-  
turned from a two weeks visit at Little  
Valley, N. Y.

Billy Hopkins spent last week at Kane  
and other nearby points.

Word has reached us that F. P. Walker,  
Ala., is dangerously ill at that place.

# Half Price Sale

of  
**Boys' Reefers,**  
8 to 17 sizes.

## Children's Overcoats,

3 to 8 sizes.

Almost all good kinds of cloth represented in these coats, but not a  
cotton mixture in the whole lot as every coat on sale is absolutely all wool,  
and some of the Reefers Coats are wool lined in addition. Every garment  
perfect in style, workmanship and cloth.

An opportunity to buy your boy a Winter Coat at about the price of  
the cloth, say nothing about the trimmings and make, as half price with us  
is exactly as we state, as while we are not pretending to be more holy than  
the other fellow, we don't juggle the price tickets.

We have not figured cost in making this cut, but how many and how  
soon we can sell them.
