Announcements.

CONGRESS.

ENDRAVOR, PA., Nov. 29th, 1909.
My DEAR EDITOR:—You are hereby authorized to announce my name as a candidate for Congress in the Twenty-Eighth Congressional District of Penn-sylvania, subject to the rules governing the Primary to be held Saturday, June 4th, 1910. N. P. WHEELER.

W. J. CONNORS, chairman, of the Democratic State Committee of New York, is said to have received two million dollars in stock from a telephone company for his influence. If true, this incident proves how determined the "unterrified" are to reform the finances of the country and regulate the big corporations, even if combinations.

A FARMENS' week will be held at to 18, inclusive. This meeting will be culture and Experiment Station of the Pennsylvania State College for the benefit of the people of western Pennsylvania. It is believed that many hundreds of a few weeks ago, when further proof was practical farmers may be willing to spend furnished and resulted in the back penfour full days with the scientists of their School of Agriculture and Experiment Jan. 26. Station, who will discuss the problems of practical farmers, stockmen and fruitgrowers. Livestock judging will be a feature of the meeting. Two lectures will be given during each period of the day, except the evening, when all the people will be brought together in one half for illustrated lectures.

"I AM gathering proof which will show that American farm products are being sold cheaper abroad than they are in this country," is the statement of Secretary Wilson at the "high cost of living" hearing being conducted by a sub committee of the House Committee on the District of Columbia. Mr. Wilson gave strong evidence to show that the producer at the present time was getting a little more than formerly for his food products while the ultimate consumer was paying an excessive price. Until recently the American people were getting the cheapest food in the world," continued Mr Wilson. "But nowdays not enough people know how to farm profitably, know how to get enough out of a day's work, know how to make an acre respond. The lure of the factory has called the farmer from the -plow.

THERE are 10 kinds of United States money in circulation. Can you name them? They are gold coins, standard silver dollars, subsidiary silver, gold certificates, silver certificates, treasury notes (1890), United States notes (greenbacks), national bank notes, nickel coins and bronze coins. Of these four are legal tender in the payment of debts in any ounts. They are gold, standard silver dollars, treasury notes of the act of 1890, and greenbacks. Three kinds are legal tender in limited amounts; silver dimes. quarters and halves to the amount of \$10: nickels and copper cents to the amount of 25 cents. Three kinds of money which perhaps have the largest circulation are not legal tender at all. They are gold certificates and national bank notes, Hewever, most people are glad to get all kinds in any amount.

Pension Allowed After 35 Years.

After 35 years of patient waiting, and when she had about concluded to give up the effort, Mrs. Evan Jenkins of Fruit avenue, South Sharon, received a check for \$1377, due her on account of the death of her father, Morgan Combs, who died from the fever, while defending his country during the Civil war.

The woman is the mother of 11 children and her husband is among those who are out on the tin mill strike. The money could not have arrived at a more opportune time, and there was a season of thanksgiving at the home when the money was safely in the woman's hands. Congressman Nelson P. Wheeler and Attorney Horace Davis were instrumental in having the woman's claim recognized after it had been turned down a number of times. Mr. Davis secured the necessary proofs and the local Congressman succeeded in having the claim given a hearing within the past few weeks.

When Mr, Combs died his daughter was but a young girl. When the law was passed to pay \$8 per month toward the claim without being recognized. A short time later the amount was increased to \$10 per month. The first application was they have to accept all the stock of all the filed 35 years ago, but the woman was result of the arrival of a fine girl baby at never given a hearing.

During the term of Hon. Joseph Sibley in Congress, six years ago, Mrs. Jenkins Greenville Monday to Friday, March 14 tried again to obtain the money due her, but the Congressman reported the claim under the auspices of the School of Agri- hopeless. It was revived by Mr. Wheeler during the past year, but was again rejected. The present member of Congress succeeded in having the matter reopened sion being allowed .- Sharon Herald,

A very small crowd greeted the knights of the birchen rod in the morning. The afternoon attendance was larger, but withal a poor representation for a town having in the neighborhood of 1,000 souls.
