Announcements.

CONGRESS.

ENDEAVOR. PA., Nov. 29th, 1909.

My DEAR EDITOR: - You are hereby authorized to announce my name as a candidate for Congress in the Twenty-Eighth Congressional District of Pennsylvania, subject to the rules governing the Primary to be held Satorday, June 4th, 1919.

NELSON P. WHEELER.

EDITOR FOREST REPUBLICAN:-Please announce that I am a candidate for Congress subject to the decision of the electors of the Twenty-eighth Congressional District of Pennsylvania, at the primary election to be held Saturday, June 4th, 1910. Joseph C. Sibley. Franklin, Pa., February 21, 1910.

THERE is just \$38 for each individual in the country, says the Government statisticians. Many a chap, whose pile is something less than 38 cents, wonders who has the balance of his share.

THERE is something gratifying to patriotism to all this prospective old world acclaim of Theodore Roosevelt. It is at once a tribute to one of the most striking personalities of modern times and to the great American democracy whose spirit he incarnates as no other one man has done. Perhaps that is the secret of his popularity with the American masses .-Milwaukee Sentinel.

LEWIS EMERY, Jr., of Bradford, has announced as a candidate for Congress in the 21st district, running on the Republican ticket. His present announced competitors are Congressman C. F Barclay, of Sinnemahoping, and C. E. Patton, o Curwensville. It is said that Mayor Mc-Creight, of Dubois, will also be a candidate, Mr. Emery and family left iast week for a three months' visit in Peru, where he has large butiness interests.

"Don't git sorry fer yeurself," said Mrs. Wiggs, and the Punxsutawney Spirit thinks a better maxim was never promulgated. When you reach the point where you conclude that you need sympathy, you become a unisance, instead of a help, to your friends. Appreciate what you have. Be thankful that matters are not worse. A living is all anybody gets out of life, and whether he enjoys life or not depends more upon his disposition than upon his surroundings.

THE Punx sutawney Spirit has recently experienced the annovance of a "moving day" and now occupies its own building. a modern seven-story skyscraper, with elevators and everything else to correspond. Br'er Smith and his Spirit are the newspapers go, and we rejoice with him and his excellent business partner, John

A DECISION of Interest to Pennsylvania automobilists was announced by the quarter sessions court in Philadelphia when it held that anyone can operate an automobile in Pennsylvania without wearing a badge or taking out a license, provided no compensation is received. The decision reverses a city magistrate who fined a driver of an automobile because he had no license. The automobile was owned by the driver's sister and be was paid no compensation. The court holds that the word "chauffeur" means a person who is hired to care for a motor car and who is paid to attend the machine and run it. Chauff-urs in Pennsylvan:a must be licensed and the commonwealth claimed that all persons who operated automobiles came within the definition of the term the case was instituted as a test case by the quaker City Automobile elnb.

What Congressman Wheeler Has Done for Old Soldiers.

WASHINGTON, D. C. March 18 .- Congressman Nelson P. Wheeler has secured a favorable report on his bill to increase from \$12 to \$36 per month the pension of Jno. O. Anderson, of Chandlers Valley. Mr. Anderson is a respected citizen of Chandlers Valley and the news that his pension is to be multiplied by three will be welcome news to his friends all over the country and to old soldiers generally. This action by the House Committee means that the bill will pass and become a law at this sesson of Congress.

With this favorable action of Mr. Anderson's claim, Mr. Wheeler has practically broken all precedents in the matter of securing action on private pension bills. Only a few years ago a Congressman considered himself fortunate if he Redelyffe in the evening at 7:30. secured favorable action on four bills during a session. But since the convening of Congress last December, a little more than three months, Mr. Wheeler Saturday. has pushed to a successful issue no less than 13 bills of this character, and as this session will continue for a couple of months yet, other meritorious bills for Mr. Wheeler's constituents will also receive favorable action. The names of the Redclyffe Friday evening and entertained lucky thirteen, exclusive of Mr. Anderson are as follows:

J. C. Pettigrew, of Franklin, \$12 to \$24 per month; Nathan Laughner, of Ridgway, \$12 to \$24 per month; Edward L. Morris, of Youngsville, \$12 to \$30 per month; John W. Campbell, of Grove City \$12 to \$24 per month; Timothy Sullivan, of Jamestown, \$12 to \$24 per month; Loren Philips, of Kinzua, \$12 to \$24 per month; Walter Harwood, of Columbus, \$12 to \$24 per month; W. W. Brubaker, of Greenville,, \$12 to \$30 per month; Henry W. Fielding, of Franklin \$12 to \$30 per month; John Wood, of Stoneboro, \$12 to \$34 per month; W. V. Thompson, of

Pleasantville, \$12 to \$30 per month. means that instead of the thirteen old state treasurer, as state officers; congresssoldiers mentioned drawing in the aggre- men, state senators and members of the gate \$150 per month, they will draw \$354 Legislature. The uniform primary will a month, a tidy increase.

The people in this community stood the winter very well, although it seemed quite an endurance test for many, who say they never lived through such a winter. They are nearly overcome with joy at being able to tread on Mother Earth again, instead of wading the deep snows.

Interesting Figures on Savings.

There is a marked disparity between the statistics published some months ago, from the Comptroller of Currency, and those just given out by the National Monetary Commission regarding savings

As both sets of figures are official it ought to be explained that those of the Monetary Commission are the later, and were gathered from 18,245 banks while the Comptroller seems to report only mutual savings banks, as he speaks of only 1703 institutions. The date of the latter report is December 6, 1908, while the Commission's report gives statistics as of April 28, 1909. On the latter date there were in the United States and the island possessions 18,245 banks which receive savings deposits, with 14,894,696 depositors and \$5,678,735.00 on deposit. The Comptroller's figures gave 1703 banks, 8,831,863 depositors and \$3,713,405,709.00 in the banks. It is largely on the latter sayings do not exist, but the Monetary Commission finds the field well occupied. In the last 50 years the population has increased 193 per cent, while bank deposit increased 3,460 per cent. This would seem the weather is getting warmer and the to show that banks are established as rapidly as there is need for them.
