# NOTTO VISIT THE POPE

### Col. Roosevelt Found It Inexpedient to Accept Conditions.

On March 23 Ambassador Leishman Cabled to Cairo That the Holy Father Would Be Glad to Grant an Audience to Mr. Roosevelt and Hoped Nothing Would Arise to Prevent It-Roosevelt In Reply Declined to Make Any Stipulation.

Colonel Roosevelt will not be regived by the pope, according to the Outlook, of which the colonel is a contributing editor.

In its issue Monday morning the Outlook says that Pins IX., who is lately in possession of a complete set of Colonel Roosevelt's works, endeavored to impose conditions before Colonel Roosevelt even thought of taking steps or making engagements that might have been distasteful to the Vatican.

it is gathered from the cablegrams that passed between Minister Leishman and Colonel Roosevelt, the pope feared a repetition of the Fairbanks incident and desired to utter a gentle hint in time. The Outlook states though that it is authorized to say that Mr. Roosevelt had not directly or indirectly communicated with the Methodists or any one else and had not made any agreement to speak to or receive anybody.

"He entered Rome," the Outlook says, "with no arrangements of any kind save an audience with the king, so that the Vatican, in endeavoring to impose conditions upon him, actel before he even thought of taking steps for any engagements whatever As soon as Colonel Roosevelt left the jungle at Gondokoro in February he wrote to Ambassador Leishman at Rome saying that he would be glad of the hone, of a presentation to His Holiness. At Cairo he received a dis-

patch from Mr. Leishman as follows: "Rome, March 23,-The rector of the American Catholic college, Bishop Kennedy, in reply to an inquiry which I caused to be made, requests that the following communication be transmitted to you. It begins: 'The Holy Father will be delighted to grant an audience to Mr. Roosevelt on April and hopes that nothing will arise to prevent it, such as the much regretted incident which made the reception of Mr. Fairbanks impossible."

Mr. Roosevelt replied in a telegram dated March 25 in which he said: "Please present the following to Bishop Kennedy: 'It would be a real pleasure to me to be presented to the Holy Father, for whom I entertain high respect, both personally and the head of a great church. I fully recognize his entire right to receive or not receive whomsoever he chooses for any reason that seems good to him, and if he does not receive me, I shall not for a moment question the propriety of his action. On the other and I, in my turn, must decline to make any stipulation or submit to any conditions which would in any way limit my freedom of conduct. I trust that on April 5 he will find it conven-

ient to receive me. "Theodore Roosevelt." This reply was communicated to the Vatican on the same day and on March 28 Bishop Kennedy was instructed to send the following communication: 'His Holiness would be most pleased to grant an audience to Mr. Roosevelt, for whom he entertains high esteem, both personally and as the former president of the United States. His Holiness recognizes Mr. Roosevelt's entire right to full freedom of conduct. On the other hand, in view of circumstauces for which neither His Holiness nor Mr. Roosevelt is responsible, an audience could not take place except on the understanding expressed in the former message."

Mr. Leishman telegraphed this to Mr. Roosevelt at Cairo, and the latter on March 29 telegraphed to the ambassador.

"The proposed presentation is of course now impossible."

### TWO TEACHERS KILLED

Masked Burglar Surprised Four Women and Demanded Money.

A masked burglar shot and killed Miss Blackstone, a teacher in the Jefferson school at Springfield, Mass., and fatally wounded Mrs. Dowd, in thhe Round Hill section of the city early Friday night.

The murderer made his escape but the whole city is being scoured by the police. Two suspects have been taken into custody. The burglar made his appearance in the parlor where four women were sitting about a table trying to solve a jig saw puzzle. He demanded money and as Miss

Blackstone started to run from the room he commanded her to stop, threatening to shoot, but she did not heed him. The burglar fired one shot which penetrated her back, going through the heart, killing her in stantly. Mrs. Dowd threw up her arm in an attempt to grasp the burglar and was shot through the head. ### MINERS QUIT WORK

Failure to Sign New Scale Necessi tated a Shutdown.

At 6 o'clock on Thursday night practically every miner of the 45, 000 in the Pittsburg district walk ed out of the mines and at mid night not a wheel was turning. The scale expired at midnight and owing to its not being again signed for the coming year the strike is on.

While strike leaders declare that it will be a matter of but a few days until the scale granting the advance asked is signed, there is bitter dis appointment over it having been nec essary to close the mines. Now that they have been closed operators say they will not be in a hurry to open them.

The operators are prepared for long strike. Not in years have the mines run as full as in the past two months and coal is stocked up heavily at every available point. It come out that the river interests have pool -d issues with the railroads and mines in this strike and great tows of coal supposed to be rent south by the river have been tied up and will not be allowed to leave the Pittsburg pools until all danger of strike is over Though most of the river coal was loaded to fill pressing orders in the Eouth, these orders have been can celled and the coal will be held.

The worl men declare they are in better condition to handle a fight than ever before, that they have more money in the treasury and that the operators are pressed with orders and cannot afford a long strike.

### DREAD GYPSY MOTH

Orchardist's Arch Enemy Appears on Long Island.

The dread gypsy moth is report ed to have been discovered on Long Island in a railroad freight car containing nursery stock from Masanchusetts and the state department of agriculture has taken steps to pre vent the spread of the pest.

The legislature recently appropriat ed \$50,000 as an emergency fund to pe used in combatting the moth should it enter the state.

When the great gypsy moth begins to emerge for its annual feast on the foliage it will encounter 1,000,000 foreign enemics which were not in the woods last summer. One hundred colonles of the little Japanese parasite known as the schedius, have just been planted from the insectory by W. F. Fiske. In each colony there are about 10,000 parasites. These colonies have been liberated in different parts of the infected area. In three months about 1,000,000 more will be liberated.

They attack the gypsy moth eggs, showing a marked preference for the eggs in which the embryonic caterpillars have developed. With one of these in its way the little gypsy moth caterpillar will have slight enances of ever reaching the foliage on the trees.

# **WORK OF GOLDEN RULE COPS**

#### Cleveland Police Stations Turned Into Moral Hospitals.

Cleveland, April 5 .- Chief of Police Kohler, who has abolished the police man's club in favor of the Golden Rule, has given out figures showing. as he believes, the superiority of the Golden Rule over the billy. The figures show in the first three months of the year 1907, the last year of the old system, the police had made 7,126 arrests. In a similar period in 1908 2,679 arrests were made, in 1909, 1,405 and this year 1.283. In a special bullotin to the force giving these figures Chief Kohler says:

It is both gratifying and encouraging to note how widespread has become the interest in our common sense so termed golden rule policy in the last two years and three months, and we can now look forward to the very hour when no tide of partisan or factional strife can overwhelm it, as it is manifest in the following comparisons of arrests for the first quarter (January, February, March) of the years 1906 and 1907, when we were still laboring under the mistaken theory that a great number of arrests showed our ability as policemen, and 1908, 1909 and 1910 when we became absolutely separated from the usual criminal procedure of the country, that we have made our police stations not places where punishment as usually interpreted, hardens the Mr. Asquith introduces in the house heart of apparent violators, making it ency for them to become second offenders, but we have made them what might be termed moral hospitals, where advice, good will, protection, correction and if possible reformation is the watchword.

The chief goes on to say that 50,000 is only a fair estimate of the number of first and minor violators who have been spared the police court.

The blackmailer also conversed with her over the telephone repeating the demands, and instructing her to place the money on the steps of the Hanna

### WANT OF TACT SOMEWHERE

#### Differing . Opinions .as .to . Colonel Roosevelt's Action at Rome.

New York, April 5 .- The news from Rome was very generally discussed here and opinion was shaded all the way from the view that Colonel Roosevelt had acted in a characteristically hasty and impetuous way to the view that he had made himself immortal by refusing to be bound by antiquated

conventions. Protestant ministers were for the most part frankly bubbling. The important Catholic ecclesiastics decline to express any opinion as to the misundering which prevented Pope Pius

IX. from receiving the colonel. There was none of the "harsh and bitter comment such as may excite mistrust and anger" as Colonel Roosevelt seemed to apprehend when he wrote the exclanatory letter to the Outlook. Here and there the colonel was girded for writing such a letter. on the ground that it was calculated more to stir up feeling than to smooth down. There was some comment also as to why Mr. Roosevelt, if he Aid not intend to make a speech before the Methodist brethren, could not have assured the pope privately or given a bint at least that nothing in the nature of the Fairbanks epi-

sode would occur. There were a few who went so far as to say that the colonel never had any serious intention of being received by the pope and let himself out of a difficulty with his usual astuteness, avoiding offense to the Methodists and giving comparatively little to the Catholics because of his insistence only on independence of action.
