

Calendar for April 1910 showing days of the week and dates.

Announcements.

CONGRESS.

ENDRAVOR, Pa., Nov. 29th, 1909. MY DEAR EDITOR:-You are hereby authorized to announce my name as a candidate for Congress in the Twenty-Eighth Congressional District of Pennsylvania, subject to the rules governing the Primary to be held Saturday, June 4th, 1910.

EDITOR FOREST REPUBLICAN:-Please announce that I am a candidate for Congress subject to the election to be held on the 28th of the Twenty-eighth Congressional District of Pennsylvania, at the primary election to be held Saturday, June 4th, 1910.

ASSEMBLY.

We are authorized to announce A. R. Meichling, of Barnett township, as a candidate for Assembly, subject to the decision of the Republican voters at the primaries, June 4th, 1910.

Mr. Wheeler Stands on His Record.

WASHINGTON, D. C., April 2nd, 1910. EDITOR FOREST REPUBLICAN:-I am writing this to you for the purpose of placing before you a somewhat connected story of the work which your representative in Congress has done since his election four years ago, but with particular reference to the position taken by myself on the tariff bill which held the attention, not only of the Congress, but of the entire country during the first session of the 61st Congress.

When I announced my candidacy as my own successor for the 28th Congressional District of Pennsylvania, I felt that I had the support of the Republican newspapers of that District, and I have no reason to believe that that support will be denied me now. So much has been done in Washington recently of vital moment, not only to this district but to the country in general, that I feel that a review of the work done by your Representative may not come amiss, especially when the campaign grows warmer and the record made by your representative may be a subject of criticism. I do not believe there is any class of men entitled to commendation for the work they are doing as the editors of the country newspapers, and whenever possible I have recognized them in every case, believing them to be unselfish in their efforts to shape public opinion along right lines.

So far as my vote on the several schedules of the Payne tariff bill is concerned, it is necessarily a subject for commendation or criticism, not believing that you are interested in Republican success in our District and that you stand for simple justice. I beg to submit the following resume of those schedules in which my position is particularly interested and my position on the same.

I not only worked for, but supported, a duty on Crude Oil because four of the five counties in the 28th Congressional District are interested in Oil production, and when I say that I labored for a duty on Crude Oil, every member of the Ways and Means Committee will bear me out. In that statement, as well as Emery, Jr., and Thomas W. Phillips, special representatives of the independent producers. The vote on the Crude Oil amendment shows that but 47 Representatives stood for the amendment, and Pennsylvania gave 12 of that number, myself included, for the proposition.

I supported a duty on Coal, on Lumber, and on Wood Pulp. I voted to place hides on the free list, because, in the 28th Congressional District, Pennsylvania has the largest number of tanneries in any one congressional district in the United States, and I voted to put a duty on Iron and Steel, because our District is very largely interested in these products.

In passing let me say that I have more special pension bills to my credit than usually falls to the lot of even a Pennsylvania member of Congress. During my term more than 1000 pension cases have been favorably considered by the Pension Office, and in addition to that your Representative has secured the passage of thirty Special Pension bills ranging from \$25 to \$50 per month.

I stand on my record as representative of the 28th District of Pennsylvania, believing that I have reflected the sentiment of our voters upon the questions before the Congress of the United States. It is not asking too much, I would be pleased to have your views on the situation, and any suggestions you may desire to make upon the campaign as it progresses will be most heartily appreciated. Thanking you for your friendly wishes shown me, and hoping I may be in a position to reciprocate, I am, Yours very truly, N. P. WHEELER.

The National Transit Co.'s pump station at this place started pumping its stock of oil on Friday morning. The large tank is about 100 feet across and is leaking through rust holes.

Thomas Chambers, is in charge of the pumping. We lost another family who were good neighbors and an honor to the community when our woman, H. E. Gillespie, moved to Kelleetville, on Thursday.

Mrs. Gillespie was a teacher in our Sunday school and will be missed very much. We understand that Mrs. Maria Weaver will take the Sunday school class. Our best wishes accompany these people.

Ralph W. Whitehill returned from Wenatchee, Washington, Thursday last but as yet we do not know what his intentions for the summer are.

We are in possession of a lot of newspaper clippings of the year 1902 from the Warren Mail, all of which are Porkey news. It is a pleasure to read them and recall these pleasant times so long past.

Strange, yet true, there are some of the people mentioned in these news still residents of this place, but most of those young people are now heads of families.

EFFORT TO SETTLE STRIKE

Coal Mining Firms and Heads of Local Unions Have Conference.

Pittsburg, April 5.—An effort to settle the strike affecting 40,000 miners was made here today by a conference between 25 coal-mining firms and heads of the local miners' union.

Considerable progress towards settling the matter in dispute was made. The conference will be continued.

What the miners want is a straight "run of mine basis," while the operators are willing to have the old scale and give an increase of 5 cents, and in addition furnish the new dynamite explosive at the same cost as the black powder. A compromise is expected shortly.
