A Complete Refutation.

The following letter disproves the charge that Representative Wheeler neglected the oil interests of his district:

WASHINGTON, D. C., April 5, 1910. HON. NELSON P. WHEELER, M. C., House of Representatives, Washington, D. C.

MY DEAR CONGRESSMAN: I notice the publication in certain of the Pennsylvania newspapers of an article unjustly reflecting upon your course as a member of Congress in relation to caring for the interests of the Independent oil producers and refiners during the consideration of the Tariff Bill in the special session of Congress last spring and summer.

As one of the members of the Independent Oil Men's Conference, which was held in Washington last spring, and as one who was present in Washington during all of the time when the legislation affecting the interests of the Independent oil men was under consideration by Congress, and as one who attended all the meetings and was thoroughly familiar with the whole situation; I take great pleasure in saying that no member of Congress was more faithful and earnest in his efforts to help the interests of the Independent oil producers and refiners than was Congressman Nelson P. Wheeler, of the 28th Pennsylvania District.

From the very inception of the contest to its close, you were always active, honest and energetic in your endeavors to help the Independent Oil Men's Committee to success in their work; and I am sure that all the members of that Committee felt that Congressman Wheeler was at all times a true and loyal, helpful friend of their cause. With best wishes,

Very truly yours, H. B. MARTIN, Secretary Anti-Trust League, Pine Grove Camp.

May Close Narrow Gauge Road Above Foxburg.

FOXBURG, April 11.—(Special.)—It is stated here on good authority that the Baltimore & Ohio railroad is seriously considering closing its narrow gauge road between this place and Kane, a distance of approximately ninety miles.

All of the engineers and firemen on the road met here on Sunday and brought their locomotives with them, the purpose being to inspect the equipment.

For more than a month last winter the road between Kane and here was closed on account of the deep snow.

Between this city and Kane are the following stations: St. Petersburg, Turkey City, Blair's, Knox, Shipperville, Clarion Junction, Artibus, Lucinda, Snyderburg, Tyersburg, Crown, Yowinkel, Gilfoyle, Lamont, Marienville, McCrays, Byrontown, Watson Farm, Sheffield Junction, Chaffee, Russell City, Nansen, Carlson and LaMont.

It is thought that the company could have maintained service if it had tried. It opened the road only when the business men along the line invoked the aid of the state railway officials.
