## PRaise FOR MR. KNOX

### Open Door in China Is Purpose of the Administration.

President Had a Busy Day in Pittsburgh—Addressed Students of State College For Women—Saw the Pittsburgh Pirates Beat His Brother's Team—Delivered an Address at the Grant's Birthday Dinner of the American Club.

Pittsburg, May 3.—Anyone in this town who had an idea that Secretary of State Philander Chase Knox was not in accord with the administration and would resign must have been surprised if he heard what President Taft had to say about that cabinet officer and the department of state at the Grant's birthday dinner of the American club. The president praised Mr. Knox without stint.

The president also expressed the hope that the negotiations which have been conducted under Mr. Knox and now in progress will insure peace in the Orient, of which "we have not lost hope," and said: "Open door in China, too, is the purpose and intention of this administration to conserve and maintain."

Before he went to the banquet the president had a busy day. Among other things he addressed the students at the Pennsylvania State College for Women, and saw Hans Wagner and nine others of the Pittsburgh Pirates beat his brother C. P. Taft's Chicago Cubs 5 to 2.

## GREAT AMERICAN SCULPTOR

### Death of John Quincy Adams Ward at His Home in New York.

John Q. Ward, the sculptor, who had been ill since February last, died Sunday morning at his residence, 296 Manhattan avenue, New York. Just before his death Mr. Ward was at work on a seated statuette of August Belmont.

For a quarter of a century John Quincy Adams Ward, because of his age, reputation and the extent of his work, had been described as the dean of American sculptors.

He was born at Urbana, O., in 1830. He never studied a day abroad. His first work of real note was the Indian Hunter, now in Central park. Among some of his other well-known works are "The Pilgrims," "Shakespeare" and the "Seventh Regiment Soldier," all in Central park, and the statue of Washington in front of the treasury.

One of Mr. Ward's last commissions was an equestrian statue of General Phil Sheridan, over which there arose a dispute. It was to be erected in Washington by the Army of the Cumberland but the society rejected the model. He brought suit against the society for \$32,000, alleging breach of contract.

## DIED FROM EATING GREENS

### Farmer Dead and His Wife, Three Children and Hired Man Seriously Ill.

As a result of eating greens gathered from a field Antonio Mardo is dead and his wife and three children and a hired man are seriously ill, but it is thought that they will recover.

All the sick people, who reside near that city, were hurried to St. Mary's hospital in Amsterdam. When a farm hand entered the Mardo home soon after the dinner hour Saturday he found Mardo and one of his daughters unconscious and the rest of the inmates violently ill. He hurried them to the hospital. An autopsy will be held on the body of Mardo.

## HUSTON CONVICTED

### Found Guilty of Conspiracy to Cheat the Commonwealth.

Joseph M. Huston of Philadelphia, architect of the state Capitol, was found guilty of conspiracy to cheat and defraud the commonwealth of Pennsylvania.

The jury returned a verdict at 5:20 p. m., having been out 26 hours. Huston is recommended to the leniency of the court on account of his previous irreproachable reputation.

## SETTLERS OWE \$1,000,000

### lg Government Can Collect Success in Reclamation Is Assured

Washington, May 3.—The acid test of the practicability of all the government reclamation work is at hand. On April 1 there was due and payable into the reclamation fund from the settlers on the various projects approximately \$1,000,000 for water rights. If the farmers are able to meet their payments it evidences that the government is able to secure a return on its investment. If the payments are not made the law is a failure in one of its most important provisions, and the operations of the reclamation service would quickly be brought to an end.

## Count De Lesseps Injured.

Barcelona May 3.—Count De Lesseps fell while flying in a biplane and was injured about the face. His machine was wrecked.

## News of Death by Wireless.

New York, May 3.—A wireless dispatch dated "On board S. S. Vigilancia, 228 miles south of Scotland lightship," received by the Sun says that Mrs. J. A. Phillips, resident of Montreal, Canada, died suddenly at 10 Sunday morning of apoplexy. Mrs. Phillips came aboard at Tampico, Mexico, where she had been visiting friends.

## HAVENS SWORN IN

### A Cordial Reception Accorded Him by the Democrats.

James S. Havens of Rochester was sworn in as a member of the house of representatives, succeeding to the seat filled for so many years by the late James Breck Perkins. The new member was acclaimed by the Democrats, but the Republicans sat silent as the victor in the recent fight in the 32nd New York district was inducted into the office that George W. Aldridge tried in vain to reach.

Representative Sulzer, the senior Democratic member from New York, did the honors for the recruit from Rochester. As soon as the perfunctory business of the day had been transacted Mr. Sulzer arose in his place and announced that Representative-elect Havens was present and ready to take the oath of office. This brought forth applause from the Democrats. As Mr. Havens and Mr. Sulzer marched down the aisle towards the bar of the house, where the oath was administered, the Democrats again applauded and after Mr. Havens had subscribed to the oath there was more applause.

Nearly every Democrat in the house shook the new member's hand at one time or another in the course of the day, and whenever Foss, the newly elected member from Massachusetts, and Havens appeared together the Democrats smiled and asked the Republicans how they liked the two new Democratic members. The Republicans, however, were keeping their mouths closed and pretended that they did not see the point of the joke.

## JEFFRIES BREAKING DOWN?

### Rumors Reach New York That He Is In Poor Condition.

Is James Jeffries ill and is there an attempt to conceal the fact from the public? Rumors have reached Broadway all the way from California that Jeffries is in poor physical condition; that he finds it impossible to do strenuous work and that he is actually in need of medical attention.

Letters have been received here from sporting men on the coast to the effect that Jeffries is worrying a lot as to his ability to get into proper trim for the fight with Johnson and is somewhat discouraged because he still finds his wind deficient. One of these letter writers in a screech to the Sun man says:

"Do not be surprised if there is an explosion at Jeffries' camp. He is ailing with various troubles and is in no condition to train hard. Berger and Choyinski both want to keep the truth secret because the truth may hurt the fight, but nevertheless it is a fact that Jeffries is ill and may call the fight off at any moment."

"Jeffries is nervous and ill-tempered nearly all the time. He looks heavy and flabby and he has nothing of the old speed. If the fight took place within a week Johnson would cut Jim to ribbons first and then knock him out. There is a conflict of authority at Jeffries' quarters and the big fellow seems visibly annoyed by it. He looks disgusted and as if he is sorry he ever decided to return to the ring. If he does not call the fight off it will be for two reasons—either he will think he can get back his old strength, or unwillingness to lose the \$10,000 forfeit."

This kind of information will be received by many persons with knowing winks, for they are the ones who have insisted from the start that there'd never be a fight; also that neither Jeffries nor Johnson ever intended to fight and made the match solely for the purpose of squeezing a flood of money out of the easy going public.

## \$100,000 FOR BARLOW HEIRS

### Government Soon to Pay For French Seizure of Frigate Betsy.

The heirs of the late Solomon Barlow are son to receive from the government \$100,000, this being the result of the French seizing the frigate Betsy in the year 1779, and at that time valued at \$125.

The war department has been investigating Barlow's claim, and now five of his grandchildren are to receive from the government the sum of \$100,000, that being the amount of the claim after a lapse of 112 years. Mrs. Plautner and Mrs. Colebaugh, both of Morrison, Ill., are two of the heirs.

## DRAGGED ALONG ROADBED.

### Pittsburg, May 3.—With his foot caught in the steel stirrup of a freight car, Robert Laffey, 16 years old, of Twenty-first and Carson streets, was dragged head downward some distance in the Pittsburg and Lake Erie yards and probably fatally injured. His skull was fractured and his leg broken.

## Killed by Train.

Fairpoint, O., May 3.—Frank Mills, a well-known citizen of Bannock, was run down by an eastbound freight train on the Cleveland, Lorain and Wheeling railroad and instantly killed.

## BARRED FROM STATE

### Department Finds Irregularities in United Surety Company.

President Knabe and His Son Said to Have Used the Insurance Company For Their Personal Financial Ends—it Appears That the Metropolitan Trust Company Received 16 Per Cent For Discounting a Note For the Knabes Endorsed by the Company.

The insurance department of New York state has forbidden the United business in the state, owing to an impairment of the company's capital and to irregularities in the conduct of its business. The department finds that Ernest J. Knabe & Baltimore and William Knabe of this city, who until recently controlled the company, used the company for their personal ends in financial operations, and the investigation which brought these to light also revealed such practices on the part of some financial institutions that the insurance department has brought them to the attention of the banking department.

In the one specific case affecting a banking institution made public in the insurance department's formal statement, it is set forth that the Metropolitan Trust company got 16 per cent for discounting a note of the Knabes, secured by an indemnity bond given by the Surety company.

The Knabes seem to have been good payers of these bonuses, for their testimony shows that in something over a year they paid between \$40,000 and \$50,000 to brokers representing them in such transactions, the greater part of the money being turned over to the financial institutions.

While investigating the People's Mutual Life Insurance association and league, the insurance department found that the Knabes had some connection with the Louisville promoter, John Tevis, who tried to get control of that concern to reinsure its business in the Federal Life Insurance company of Canada, and that through Tevis the Knabes had become interested in that Canada company.

What the department there learned suggested an investigation of the United Surety company's affairs and this was undertaken in connection with the Maryland department. Besides the revelations already noted, this examination revealed considerable loans to personal friends of the Knabes on doubtful collateral.

## MATRIMONIAL FRAUD CHARGE

### Father and Daughter Held to Federal Grand Jury in Jefferson City.

Jefferson City, Mo., May 3. — J. A. Campbell, 62 years old, a wealthy farmer of Morgan county, and his daughter, Mrs. Mabel Addison, were held to the federal grand jury under \$1,000 bonds to answer a charge of conducting a fraudulent matrimonial scheme.

Search of Mrs. Addison's rooms at her father's home by postoffice inspectors brought to light more than 400 letters from men in all parts of the United States, Canada and Mexico. Several of the letters had contained sums of money running from \$5 to \$50 for a wedding outfit.

Campbell, who inserted an advertisement in a matrimonial paper about six months ago, confessed, but said he inserted the advertisement "just for fun" and that the replies came so fast he was unable to return the money as fast as it came in.

## SCHOOL MONEY CAUSES A STIR.

Kittanning, Pa., May 3.—The alleged discovery that nearly \$3,000 is being retained in the county treasury from the school districts of the county has created a great stir. The money has accumulated in the sheep fund, restricted by an act of assembly to not exceed \$200, and school boards are making demands on the commissioners for their pro rata share. Much of the fund has been held in the treasury for years.

## A CONTINUING AGREEMENT

### Evidence to Connect F. Augustus Heinze With Copper Pool.

New York, May 3.—After a day of almost fruitless delving into the operations of the Heinze family and associates in United Copper in 1907, the government at the trial of F. Augustus Heinze succeeded in bringing out some evidence by which it is hoped to connect the defendant with the alleged pool in that stock which culminated in October of that year with failure of the firm of Otto Heinze & Co. and the panic.

Although Otto Heinze, the defendant's brother, insisted that F. A. Heinze had no connection with any pool or with the operations that were undertaken to protect it in the market, the government attorneys got Max Shultz, his partner, to identify an agreement given by F. A. Heinze to the firm of J. F. Bache & Co. in which F. A. Heinze undertook to guarantee any accounts the firm then had or might have in the future with A. Schultze or Arthur P. Heinze, his brother.

This agreement was dated Jan. 10, 1906, and the defence got Mr. Schultze to say that it had no reference to United Copper or any transactions in 1907, but Judge Hough admitted it in evidence, declaring that on its face it was a continuing agreement. J. F. Bache & Co. was one of the brokerage houses to whom the checks of the firm of Otto Heinze & Co. were made out which Heinze is alleged to have overvalued. These checks were to pay for United Copper stock which was sent in response to the call sent out on Oct. 14 by the firm when it looked to them as if the shorts had been cornered.

## WHITE SLAVE TRAFFIC

### Evidence Secured by Grand Jury as to Price Paid For Young Girls.

New York, May 3.—The price paid in the New York "white slave" market for young girls was made public after the special grand jury of which John D. Rockefeller, Jr., is foreman had returned indictments against Belle Moore, a negro woman; Alec Anderson, a negro, and Harry Levinson, charging them with the sale for purposes of prostitution of four girls.

It appeared that G. A. Miller, one of the secret agents employed by the district attorney in the present investigation, paid \$40 for Ida Greenberg and Gussie Ehrlich, whom he procured from Harry Levinson, and \$120 for Alice Milton and Belle Woods, two girls said to be under 18 years old, whom he purchased from Belle Moore. Alec Anderson is said to have partaken in the second transaction.

It was asserted that the grand jury may be asked to indict the Moore woman and Anderson on a charge of kidnapping in connection with an 11-year-old girl who was seen by the district attorney's agent in a flat said to have been run by the negro woman, but who disappeared while negotiations for a sale were under way.

The three prisoners who were in the Tombs in default of \$15,000 bail each were taken before Judge Crain in part I of general sessions later in the day and arraigned for pleading. By request of their counsel the prisoners were granted until Thursday to make their pleas. Bail was fixed at \$25,000 for each of the defendants.
