A Successful Vacuum Cleaner for \$20.00.

After trying a half dozen or more low priced so-called vacuum cleaners we have at last found one that is practical and in every way satisfactory.

The Crown Vacuum Cleaner costs but \$20.00, but it does all the work of any of the high priced machines. It is easily operated, requires no electric or other motive power (except hand) and is built so that it has no intricate parts to wear out.

We have thoroughly investigated the Crown and do not hesitate to recommend it. Let us have your order for one. The factory is at present sold ahead on them, so that first come, first served.

A Window Full of Silk Parasols, \$1.39.

Can you figure out how we can sell a Silk Parasol, made of all silk taffeta, long princess handle of white maple, cord and tassel and steel paragon frame, all for \$1.39?

Let us tell you, it takes pretty close figuring. The manufacturer buys a big lot of materials way under price, then he scales down the cost of making, selling, etc., and cuts his own profit in half. Then he puts them out in big lots and the stores that have certain buying facilities get a chance at them, and we by sacrificing our profits can place before our trade a remarkable line of Parasols at a remarkable price.

The colors are navy, royal, rose, reseda, emerald, pongee, sky, etc.

STEEL MEN REJECT TERMS

South Bethlehem Strikers Propose Public Meeting With Employers on May 29.

South Bethlehem, Pa., May 17.—Despite the good offices of J. Davis Brodhead, who at the request of the strikers of the Bethlehem Steel company has been in negotiation with the company looking to the settlement of the struggle, the strikers' executive committee voted to lay the conditions he obtained on the table.

A series of resolutions were adopted, one of which declared that applications for positions be made by the men and that a public meeting be arranged for May 29 between the company officers and the workmen.

Among the conditions submitted by the company through Mr. Brodhead was one barring from retirement workmen who had injured company property or "attacked the integrity of the company." Overtime and Sunday work were made optional. Permission to submit grievances only as individuals also was stipulated.

GRIM RELICS OF EARLY FIGHT

Manitoba Workmen Unearth 20 Indian Skeletons in Common Grave.

Snowflake, Man., May 17. Workmen digging on the brow of the hill on the Charles Sims homestead unearthed the skeletons of 20 human beings which had been buried in all sorts of positions. The bones were those of men, women and children who, in the ages past, had been slaughtered, evidently in some battle between warring tribes of redskins.

The spot could have been no peaceful Indian burying ground, as the bodies were thrown in every position, some on top of the others. The skeletons show the men to be of giant stature.

Beads and other adornments for Indian women are quite plentiful. To Dr. Corbett of Snowflake belongs the credit of making the discovery.

HOTEL MAN DEAD; WIFE SHOT

Woman Blames Husband For Affray, the Result of Alleged Domestic Trouble.

Pittsburg, May 17.—W. A. Weller, proprietor of the Island Avenue hotel in McKees Rocks, a suburb, is dead and his wife is believed fatally wounded as the result of a shooting affray caused by domestic troubles. The man, said to be at the bottom of the trouble, escaped during the excitement of the shooting affray caused by domestic troubles. The man, said to be at the bottom of the trouble, escaped during the excitement of the shooting. He is not known to any of the members of the family, employees or guests.

During a moment of consciousness Mrs. Weller said, her husband shot her and then himself. The alleged trouble between the couple dated from six months ago when Weller ejected a traveling man from the hotel. Weller was 36 years old and his wife several years his junior. She is a handsome woman and actively interested in society.

Father's Method. During a recent slight illness the five-year-old Teddy, usually so amiable, flatly and obstinately refused to take his medicine. After a somewhat prolonged and ineffectual argument with him his mother at last set the glass of medicine down, leaned her hand on her hands and "played" that she was crying. A moment passed, and the tender-hearted Teddy, unable longer to bear the sight of his mother's stricken attitude, inquired, "What's the matter, mother, dear?" Without removing her hands from her eyes she replied, "I'm grieved that my son won't take his castor oil for me." Whereupon Teddy sat up in bed and offered consolingly: "Oh, I wouldn't feel bad if I were you, mother, dear. Father will be home soon, and he'll make me take it."—Dellreuter.

SUMMER VACATIONS.

The time is coming for summer outings. Have you thought about yours yet?

No country on the face of the globe contains so many delightful summer resorts as the United States, with its near neighbor, Canada.

The Pennsylvania Railroad will issue its popular Summer Excursion Book on June 1, and you will find it a wonderful help in plotting out your summer trip.

It contains descriptions of about eight hundred of the leading resorts of North America, lists of hotels and boarding houses at these various places, a map, routes and rates from the principal stations on the Pennsylvania Railroad, and other valuable information.

If you have grown tired of the resort you have visited for years, you may make a selection from this book for a stay of a day, a week, a month, or the whole summer.

You may plot out an extended tour covering mountain and seashore, or a fishing trip, or a hunting jaunt, by rail or boat or a combination of both.

Any Ticket Agent of the Pennsylvania Railroad will be glad to furnish a copy of this valuable book for Ten Cents, or it will be mailed you postpaid, on receipt of Twenty-five Cents, by Geo. W. Boyd, General Passenger Agent, Philadelphia, Pa.

Trifles

are very important things in business.

Large corporations and business houses of all kinds appreciate the enormous importance of trifles.

An ounce of weight taken off a finished product, a few minutes time saved, a cent or two less cost of manufacture—these often mean the difference between profit and loss.

And still unthinking people squander pennies, nickles, dimes and dollars never realizing that they are throwing away the Profit of Life—Independence.
