Conservatism

Read what

Hon. William B. Ridgely,
Controller of the Currency,

had to say on this subject before the Trust Company Section of the American Bankers Association, September 13, 1904.

"Conservatism is really the foundation of all good banking, and it is more especially so in trust company operations than in anything else. The purely trust functions of the old fashioned trust company are undoubtedly the highest development of the principle of credit and of confidence. They are the highest application of that principle to the relation of man to man in business."

It is just such Service that we offer our Clients.

"Figgering Some."

Here is an incident that a Chanute man tells as having occurred in a certain Kansas town. He was in the ticket office and watched the proceedings. A man came up to the window and asked for a ticket to Kansas City, inquiring the price.

"Two twenty-five," said the agent. The man dug down into a well-worn pocketbook and fished out a bill. It was a bank note for \$2. It was also all money he had. "How soon does this train go?" he inquired. "In fifteen minutes," replied the agent. The man hurried away. Soon he was back with three silver dollars, with which he bought a ticket. "Pardon my curiosity," said the ticket seller, "but how did you get that money? It isn't a loan, for I see you have disposed of the \$2 bill." "That's all right," said the man. "No, I didn't borrow. I went to a pawn shop and pawned the bill for \$1.50. Then as I started back here I met an old acquaintance, to whom I sold the pawn ticket for \$1.50. I then had \$3 and he has the pawn ticket for which the \$2 bill stands as security."

AEROPLANE RACES

Aviation Week at Atlantic City.

It is not a far cry back to "Darius Green and his flyin' machine" when aerial navigation was considered impossible.

Today Atlantic City is preparing for a great Aviation Meet from July 2 to 11, when three of the greatest flyers of the modern world will demonstrate their mastery of the air.

Glenn H. Curtiss, the holder of the world's record for speed, will fly daily from July 4 to 11.

Walter E. Brookins, who holds the record for high flying, will give exhibitions July 7 to 11 in a Wright aeroplane.

This is the first contest between the Wright and Curtiss machines.

It is also expected that Charles K. Hamilton, the great long distance aviator, will be present and race from July 7 to 11.

There will be prize events each day, including a fifty-mile flight over a five mile circular course, and prize high flying, July 7 to 11, directly over the beach front and ocean.

The Pennsylvania Railroad is the direct route to Atlantic City, and excursion tickets are on sale from all points. Connections are made in Broad Street Station, Philadelphia, with trains over the Delaware River Bridge, all-rail route.
