The Individual or the Trust Company for Trustee.
 Where an individual is appointed to act as executor or trustee, the duty of fulfilling the office is sometimes very seriously interfered with because of personal interests.
 It often happens that an individual executor is not qualified by experience to act advantageously and economically, whereas in the trust company, trained officials accustomed to work of this character, give personal attention to all details.
 Then again there is a possibility of the individual, owing to inexperience or lack of knowledge, yielding to the temptation to employ the funds or properties in his charge in hazardous investments with results disastrous to the estate.
 The Trust Company protects your estate against such risks.
Total Assets \$3,000,000.00

INVESTIGATING BEEF TRUST

Probing Into Operation of Packing Company Which Violates Anti-Trust Law.

Chicago, July 19.—The federal grand jury investigation of the so-called beef trust has begun in earnest. W. S. Kenyon, assistant to Attorney General Wickereham, took the officers and employees of the National Packing Company before the inquisitorial body when the grand jurors convened after a two days' vacation. The witnesses will be questioned about the organization and operation of the packing company, which it is alleged, violates the Sherman anti-trust law. Mr. Kenyon would not discuss the inquiry in any way. Officers and employees of the National Packing company who were subpoenaed to testify today are Ralph Crews, chief counsel; Arthur Golby, assistant treasurer; Lemuel B. Patterson, vice president; William E. Welber, general auditor; C. G. Snow, secretary; Alonzo W. Egan, director, and Assistant to President Edward Thilden; J. J. Risch, assistant general manager.

Engine Overturms on Curve.
 Lancaster, Pa., July 19.—An engine and tender on the Pennsylvania railroad, near Marietta, were overturned while rounding a sharp curve. S. E. Bixler of Harrisburg, a brakeman, was instantly killed; D. E. Denlinger of Philadelphia, a fireman, was fatally injured, and two other trainmen were hurt, but not seriously.

Subpoena in Divorce.
 COUNTY OF FOREST, ss.
 The Commonwealth of Pennsylvania to the Sheriff of said County, greeting: Whereas, Frank Zaendel, did on the 28th day of February, 1910, prefer his petition to our said Judges of the said Court of Common Pleas for said County, praying for the causes therein set forth, that he might be divorced from the bonds of matrimony entered into with you, Lizzie M. Zaendel. We, therefore, command you, the said Lizzie M. Zaendel, that you, settling aside all other business and excuses whatsoever, you be and appear in your proper person before our Judges at Tionesta, at a Court of Common Pleas there to be held for the County of Forest, on the 4th Monday of September, 1910, to answer the petition or libel of the said Frank Zaendel, and to show cause, if any you have, why the said Frank Zaendel, your husband, should not be divorced from the bonds of matrimony, agreeably to the Acts of Assembly in such case made and provided. Herein fail not.
 Witness the Honorable W. E. Rice, President of our said Court, at Tionesta, the 24th day of June, 1910.
 J. C. Geist, Prothonotary.

To Lizzie M. Zaendel:
 You are hereby notified to appear before the Honorable Judges of the Court of Common Pleas, at Tionesta, Pa., on the Fourth Monday of September next to answer as set forth in above subpoena.
 S. R. MAXWELL, Sheriff.
 July 11, 1910.

Engineer Pittman, Captured by Madrid Forces, Maltreated.
 William Pittman, the young American mining engineer who was captured by President Madrid's forces while he was laying mines in the recent battle at Bluefields, has been maltreated. Jose de Oliveira, American consul at Managua, who visited Mr. Pittman recently, reported to the state department that Pittman had been confined in a filthy cell and deprived of food. Mr. Oliveira reports that Pittman was removed from Bluefields on July 4. Pittman told him that on the trip his captors had failed to provide him with food and that he was left altogether dependent for subsistence on the charity of fellow travelers. Upon his arrival at Managua, he was thrown into a cell 5 feet wide and 6 feet long in a crowded prison. At the time Mr. Oliveira visited Pittman in his little cell at the Managua jail Pittman was not being furnished food by the prison authorities and was in starving condition. As soon as the consul learned of Pittman's conditions he made vigorous representations to Senator Madrid, president of the defacto government in Western Nicaragua, protesting against the treatment accorded the prisoner. Mr. Oliveira reminded Senator Madrid that he had promised to treat Pittman with consideration. Consul Oliveira demanded that Pittman be removed to a larger and cleaner cell. This demand was granted by Madrid, who also agreed to allow Consul Oliveira to furnish Pittman with an adequate supply of food and a sleeping couch. Senator Madrid informed Consul Oliveira that no definite action regarding Pittman had been determined upon by the Madrid faction. Mr. Oliveira, however, has been informed by the department to keep in communication with Pittman and insist that he be treated properly.

MOTOR GASOLINE
 Treat your machine right by using the right gasolines.
WAVERLY 76° MOTOR- STOVE—
 Three special grades. Made from Pennsylvania Crude Oil. Give instantaneous, powerful, clean explosion. Positively will not form carbon deposits on spark plugs or in cylinders. Ignites readily—never fails. Ask your dealer, Waverly Oil Works Co., Independent Oil Refiners, Pittsburg, Pa.

TWO KILLED BY GAS

Man and Woman Accidentally Suffocated In Easton, Pa.

After a Night of Revelry and Debauchery the Two Were Discovers in a Room, the Woman Dead and the Man Dying—Both Parties Were Married, the Man Having a Wife and Child, While the Woman Had a Husband With Whom She Did Not Live.

A night of revelry and debauchery at Easton, Pa., ended in the discovery the morning after of the dead bodies of Benjamin Hughes, 45 years old, of 446 East Jersey street, Elizabeth, N. J., a machinist in the Central railroad shops at that place, and Mrs. Mary Kirkendall, aged 48, of Avenue C, Fayonno, N. J., wife of Ronaldo Kirkendall. Hughes and Wilbur Ross of 447 East Jersey street, Elizabeth, came here Saturday to visit Schweitzer of North Sitgraves street. Subsequently Mrs. Schweitzer, mother of Mrs. Kirkendall, and the latter's sister, Mrs. Jennie Seitz of Phillipsburg, N. J., came to the house. There was considerable drinking and at midnight Hughes and Mrs. Kirkendall, Ross and Mrs. Seitz went to a house in South Sitgraves street and registered for the night. In the morning when Mrs. Seitz awoke and did not find the other couple moving about she opened the door of their room and found the room filled with gas and the couple apparently suffocated. Physicians were summoned and they pronounced the woman dead.

The found signs of life in the man, but after two hours' work gave up. Hughes leaves a wife and a six-year-old daughter. Mrs. Hughes left Elizabeth Friday to visit friends in Philadelphia. Mrs. Kirkendall did not live with her husband. Ross, who is about 35 years of age, has been married twice and has three children. He says he supposes his family will now be broken up. Hughes and Mrs. Kirkendall had never met until Saturday. The gas had been turned on accidentally.

CONFINED IN FILTHY CELL
Engineer Pittman, Captured by Madrid Forces, Maltreated.
 William Pittman, the young American mining engineer who was captured by President Madrid's forces while he was laying mines in the recent battle at Bluefields, has been maltreated. Jose de Oliveira, American consul at Managua, who visited Mr. Pittman recently, reported to the state department that Pittman had been confined in a filthy cell and deprived of food. Mr. Oliveira reports that Pittman was removed from Bluefields on July 4. Pittman told him that on the trip his captors had failed to provide him with food and that he was left altogether dependent for subsistence on the charity of fellow travelers. Upon his arrival at Managua, he was thrown into a cell 5 feet wide and 6 feet long in a crowded prison. At the time Mr. Oliveira visited Pittman in his little cell at the Managua jail Pittman was not being furnished food by the prison authorities and was in starving condition. As soon as the consul learned of Pittman's conditions he made vigorous representations to Senator Madrid, president of the defacto government in Western Nicaragua, protesting against the treatment accorded the prisoner. Mr. Oliveira reminded Senator Madrid that he had promised to treat Pittman with consideration. Consul Oliveira demanded that Pittman be removed to a larger and cleaner cell. This demand was granted by Madrid, who also agreed to allow Consul Oliveira to furnish Pittman with an adequate supply of food and a sleeping couch. Senator Madrid informed Consul Oliveira that no definite action regarding Pittman had been determined upon by the Madrid faction. Mr. Oliveira, however, has been informed by the department to keep in communication with Pittman and insist that he be treated properly.

COL. GUFFEY ASKS RECEIVER

Assets Estimated at \$17,000,000, Liabilities at \$7,000,000.

The business affairs of Colonel James M. Guffey of Pittsburg, Pa., Pennsylvania member of the Democratic national committee and one of the best known oil men of the country, were placed in the hands of a receiver. The assets of Colonel Guffey are estimated at \$17,000,000, his liabilities at less than \$7,000,000. Inability to realize on his assets which consist largely of coal lands in West Virginia is said to be the reason for Mr. Guffey's embarrassment. The proceedings when made public last night caused somewhat of a sensation. John Daley one of Mr. Guffey's creditors and a former business partner, went into common pleas court No. 4 and asked for a receiver for the oil and coal king. John S. Willard of Pittsburg was appointed receiver and was placed under \$100,000 bond by the court, the American Security company of New York furnishing the bond. Colonel Guffey issued a statement expressing regret that it had become necessary that his affairs be placed in the hands of a receiver but it would afford protection to himself as well as to all his creditors. "My assets are more than double the amount of my obligations and I do not expect the receivership to continue for any great length of time," said Mr. Guffey. It is set forth in the receivership papers that Guffey is perhaps the largest holder of the West Virginia coal lands in that state alone being 136,700 acres. About three years since, or previous to the panic, Colonel Guffey invested heavily in coal lands there and it is thought that this has in the main been responsible for his troubles. This property is said to be worth about \$3,000,000, containing about two billion tons of coal and at the Guffey offices it was estimated that a profit of 1 per cent per ton on this coking coal would total a profit of \$2,000,000 to the Guffey interests. The receivership bill filed alleged that Colonel Guffey has not the ready money with which to meet claims of creditors who have threatened to sell his collateral. These creditors are understood to be banks in Pittsburg, Philadelphia and other parts of Pennsylvania.

The Pittsburg man who began as a poor boy who took a hand in Pennsylvania politics quite early in life and for years has been acknowledged as the leader of the Democracy in this state. His pocketbook was long and always open. He came into national prominence in politics in 1891 when he was elected Democratic national committee man from Pennsylvania, replacing William F. Harrity.

DEAD MAN DRIVES HORSES
Jesse Smith of Brighton Succumbs to Heat on Speedway but Holds Reins 20 Minutes.
 While driving a team of horses on the Brighton speedway at Boston, Mass., Jesse Smith of Brighton was overcome by the heat and died. He continued to hold the reins of the horses for fully 20 minutes after death, the animals galloping a mile and a half before they were stopped. Motorcycle park policemen noticed the body swaying in the seat, but, thinking that the driver was asleep, followed for a short distance. The noise from the puffing engine of the motorcycles frightened the horses, so they commenced to gallop, scerved from the road and crashed through a fence. The policemen ran to the spot and discovered that Smith had been dead for some time.

NEW COUNTERFEIT FUND
Secret Service Warns Against Fraudulent \$10 Gold Certificate.
 The discovery of the existence of a new counterfeit \$10 gold certificate has been announced in Washington by John E. Wilkie, chief of the secret service division of the treasury department. The certificate is represented to be of the act of July 12, 1882, series of 1901, and bears the check letter "D," plate No. 150, the signature of W. T. Vernon, register of the treasury, and Lee McClung, treasurer of the United States, and the portrait of Hillegas.

The note is from a photographic plate printed on bond paper in which the coloring of seal, serial numbers and back appears to be a brownish-red waterproof ink. The silk fiber is imitated by red and blue ink marks. The counterfeit appeared first in Kentucky.

"CRUSH W. J. BRYAN"
Nebraska Democratic Leaders Will Try to Shelve the "Peerless One."
 "Crush W. J. Bryan" is the word sent out from the Democratic leadership to all counties of the state where conventions have not been held. Not a single Bryan man is to be placed on delegations regardless of the instructions given the delegates by the county conventions. The poor showing made by Bryan and his county option scheme in Saturday's county conventions was so surprising to the insurgents that they have determined to rid themselves of the "peerless leader." Special effort will be made in the counties yet to hold conventions to prevent the naming of a single Bryan sympathizer. Bryan is not to be placed upon a single committee.

STILL EVADES JUSTICE

Scotland Yard Unable to Unravel Crippen Murder.

Analysis of Woman's Organs in Now Being Made in Order Find Out if Poison Had Been Administered to the Singer—Two Other Murders in London and the Police Are Unable to Catch the Criminals—Police Think Crippen is Still in England.

London, July 19.—Dr. Danford Thomas, coroner, began an inquest over what is left of the body of Belle Elmore, the music hall singer, which was found last Wednesday in the cellar of the house which she occupied with her husband, Dr. Hawley Crippen, in Hilldrop Crescent, North London. Dr. Thomas told the jury that the remains were supposedly those of Mrs. Crippen. There was not, he said, a great deal of evidence to lay before the jury and it would be necessary to adjourn the inquiry as an analysis of the organs is now being made in order to find out if poison had been administered to the singer. The police and the Scotland Yard detectives are still without the slightest clue as to the whereabouts of Dr. Crippen and the LeNeve woman. It looks as though Scotland Yard has given up hope of detecting Crippen and his former stenographer, with whom he is supposed to be in hiding.

Pawnbrokers to Be Vigilant.
 Scotland Yard started out on another lead today. The officers notified all pawn brokers in the United Kingdom to be vigilant in accepting a pledge from a man or woman answering the description of Dr. Crippen or the woman. The reason for this is that, the police say, they have reason to suspect that Dr. Crippen did not have more than 100 pounds in his possession when he fled, and they argue that he will shortly be compelled to pawn some of Belle Elmore's jewelry, which cannot be found. It is known that Belle Elmore possessed jewels of considerable value. In addition to the Crippen mystery, Scotland Yard has two other mysterious murders which it has been called upon to unravel.

Widow Anderson, an actor, was shot and killed in his flat last Saturday night. Scotland Yard has issued an appeal in which it asks possible witnesses of this tragedy to disclose themselves. Up to the present Scotland Yard has not the slightest clue to the murderer. The other case is that of Mrs. Isabella Wilson, who was found slain in her ship. The police are without a clue to the author of the crime.

Crippen Became Confused.
 The doctor, Mr. Nash testified, was nervous and seemed to be much depressed. He sobbed bitterly when talking about his bereavement. At first he told Mr. Nash that his wife had died at Los Angeles. When Mr. Nash questioned him more closely as to the details, the doctor said she died at a town near San Francisco, the name of which he could not remember. The doctor declared that he had received his wife's ashes from a crematory, but he could not remember the name of the crematory and was also unable to produce a death certificate. The doctor became more and more confused as Mr. Nash continued his questioning. Mr. Nash thereupon went to Scotland Yard and laid the case before the officers.

Inspector Dow of Scotland Yard was the next witness. He testified that he visited Dr. Crippen on July 8. At that time Crippen made a statement in which he declared that he had fled about his wife being dead. So far as he knew, the doctor said, she was still alive. Dr. Crippen went on to say that in the beginning of February he and his wife had entertained a party of friends at their home in Hilldrop Crescent. A little incident occurred which displeased his wife. After the friends had left she created a pothole over it, saying among other things that she intended to leave him for another man.

Crippen told the inspector that he thought the man referred to was Bruce Miller. He said he believed the latter was in Chicago and he assumed that his wife was with him in that city.
Correction in Prize Awards.
 Bisley, July 19.—An official correction to the result of the shooting for the King's prize was announced today. Radice of Oxford's standing as winner is not disturbed, but Beveridge placed second instead of Lieutenant Morris of Canada. The latter gets third prize.

DINKS TO NECK IN QUAGMIRE

Woman's Crises Attract Men to Lonely Spot in Time to Save Her.

Secaucus, N. J., July 19.—Mrs. Herman Frahm, Jr., who lives on the Secaucus road, nearly lost her life in a quagmire near Penn Horn creek. She had sunk up to her neck before she was rescued by Thomas Hoefner, a farmer, and a number of other men. The woman had been gathering blackberries and tried to take a short cut to her home, when she lost her way and wandered into the quagmire. As she sank slowly in the treacherous mud and slime she shouted for help, and her cries were heard by Hoefner and by Christopher Stanton and a gang of men under him who had been at work laying a gas main and were on their way home. It was difficult to find the spot whence the cries for aid came, but when this had been done prompt action was taken to save the woman.

While Hoefner and several other men waded out toward where the woman was sinking others got a boat and forced it through the marshes. With the aid of a plank which had been taken along the woman was dragged out of the mud and brought safely to land ground.

TRAIN HITS AUTO; TWO ARE KILLED

Party Attempts to Cross Tracks Ahead of the Locomotive.

Columbianna, O., July 19.—Charles Gongaware, a farmer, and his 12-year-old son Charles were instantly killed when an automobile in which they were riding struck the fast freight train at a Pennsylvania railroad crossing near here. Henry Oehrle, the driver, had one leg broken in three places and was otherwise so injured that he may not recover. Frank Hum, the fourth occupant of the machine, escaped with severe bruises. Oehrle started to drive the machine across the tracks just after an east-bound freight train had passed and was caught by a westbound train. The automobile was completely demolished. Gongaware is survived by his wife and a daughter. All of the occupants of the automobile lived near here.

THREE-CENT FARE DEFICIT

Cleveland Railway Short \$78,928 After Four Months' Operation.
 Cleveland, July 19.—A deficit of \$78,928 is declared by the Cleveland Street Railway company after four months' operation under the three-cent fare rule. The report of the company for the month of June shows a deficit of \$48,927. The directors passed a resolution to borrow \$250,000 to meet pressing obligations. The street railway company was lifted out of a two-year receivership on March 1 and handed back to the original company to be operated on a three-cent fare basis. A profit was shown on the first month, but since then there has been a steadily growing deficit.

DEATH WINS RACE

Attempt to Beat Train on Crossing Ends Disastrously.
 Willoughby, O., July 19.—Chester Huff, 22 years old, mechanic, is dead, and Lewis Nichols, 35 years old, garage owner, is dying, as the result of a collision between an automobile which they were driving and a freight train.

Nichols attempted to drive his machine over a railway crossing as a fast freight approached. The train struck the automobile, hurled Huff's mangled body over 50 yards. Nichols was caught on the pilot and carried. He was so badly injured that there is no hope of his recovery. Huff was married six months ago. Nichols has a wife and three children.

OBJECTS TO WRECK SCENES

Railroad Asks Mayor to Suppress Motion Pictures of Disaster.
 Hamilton, O., July 19.—A motion picture management in this city has incurred the displeasure of the Cincinnati, Hamilton & Dayton railway management by exhibiting motion films of the wreck which occurred at Middletown on July 4. The pictures were taken an hour after the wreck, and, according to the railroad officials, are morbid and distressing in character. The railroad company asks that the pictures be suppressed. The mayor is making an investigation.

Killed Before Wife and Children.
 Pittsburg, July 19.—While remonstrating with a group of seven fire-eigners who were fighting in front of his home in McKees Rocks during the night, Metzro Botnar, 44 years old was shot dead by one of the men. Botnar's wife and five children were witnesses of the slaying and his 11-year-old son Peter proved a hero by dashing at top speed after the fleeing foreigners, causing the arrest of two of them.
