—Harold Bruner, the 13-year-old son of Mr. and Mrs. Harry Bruner, of Oil City, is some fisherman, like his dad. While visiting here last Thursday he went fishing at the islands above town and brought home a fine string of eight bass.

—State Commissioner of Health Samuel G. Dixon has called the attention of the physicians of the state to the fact that infantile paralysis, hook worm and pellagra are on the list which must be reported in Pennsylvania to local health boards by physicians.

—Hon. George S. Criswell and Marshall Phipps, both of Franklin, have been appointed by Governor Edwin S. Stuart to the board of trustees of Polk institute. Judge Criswell succeeds S. M. Jackson, deceased, and Mr. Phipps succeeds the late E. W. Echols.

—The Free Methodist campmeeting at Pleasantville drew quite largely from the populace of this community last Sabbath, and the attendance at the grounds is said to have been immense, perhaps the largest ever assembled at that place on any previous occasion. The meeting closes next Sunday night.

—Francis Thorpe, a boy aged about seven years, was drowned in the river Monday afternoon, shortly after 3 o'clock, near the Pennsylvania railroad bridge, between Oil City and Siverly. With companions he was bathing in the river, and in some manner got in where it was too deep. The body was recovered.

—Rev. J. P. Burns, who for the past ten years has been the popular pastor of the M. E. church in Youngsville, will exchange pulpits next Sunday with Rev. W. O. Calboun. He will preach at Nebraska at 11 a. m., at Cropp Hill 3 p. m. and at Tionesta at 7:45 p. m. Dr. Burns is a strong preacher and all are most cordially invited to attend these services.

—H. F. Hobbs, of Hookstown, Beaver county, gives the following description of a horse that was stolen from him within the past week: A dark brown mare, nine years old, weighing about 1,000 pounds; mane and tail light; foretop cut short; white saddle mark on right side; lump on right hind leg; two lumps on right shoulder; a puff on fleshy part of right hip.

—A hundred-foot stretch of paving has just been completed on Walnut street, beginning at the crossing on Elm street and running toward the river. The work was done by private enterprise, the Forest County and the Citizens National banks bearing the expense. The improvement is a creditable one, very greatly enhancing the beauty and appearance of things about that corner, and since it cost the borough nothing we can all endorse it to the full extent.

—According to these two items in the Clearfield Journal, Editor McQuown must be having troubles of his own: "The man who lets his chickens run at large to the great annoyance of his neighbors is no man at all. He isn't a good neighbor and his friendship isn't worth cultivating." "With eggs and butter going up, and flour on the rise, and meat going skyward, and our subscribers forgetting that they owe us, what are we poor printers going to do?"

—According to a circular sent to Meadville, the man who recently swindled L. H. Landerbach, a county seat attorney, out of \$3,000 by means of forged title papers, is wanted in many places. According to the circular his speculations in various parts of the country where he carried out similar swindling schemes, amount to \$137,470. He is a German, wears wigs and false teeth to disguise himself and is believed to carry a couple of guns in his coat pockets, always having one or both hands on their handles.

—The arrangements for Franklin's second Old Home Week celebration, Aug. 7-13, are now complete and give promise of a big time for the entire seven days. Special features include flights daily, except Monday, by the Strobel airship; concerts and drills by the Juvenile Military Band, of Greenwood, Ind.; exhibitions afternoon and evening by the Johnny Jones Carnival Shows, free loan exhibition, and ball games Tuesday, Thursday and Saturday. If you've ever been a resident of Franklin you should be there on this occasion.

—A formal charge of murder has been lodged against Charles McGuire, the man arrested last week by Trooper Kurtz of the state police, in connection with the killing of Horton B. Craig on the 23d ult, while acting as a guard to paymaster Brown, who was on his way to the Widon coal mines and carrying a large amount of money wherewith to pay the miners. The charge was made by Fred M. Brown of Reynoldsville, at a hearing before a justice of the peace in Kittanning. McGuire being held without bail to answer at the next term of court.

—The illustrated catalog of the Clarion State Normal School has just come from the printer's hands, and is a handsome edition. The front-piece is a beautiful panoramic view of the entire plant of seven buildings. In addition to this there are fine individual pictures of the Chapel, Seminary Hall, Navarre Hall, and Music Hall done in rich photographic brown color. Pictures of the athletic teams, the Principal's offices and Manual Training students at work adorn its pages. Perhaps the most attractive pictures are scenes from the Campus Pageant, that unusually attractive event of commencement week. These scenes represent a Roman Holiday and in detail illustrate "A Gladiator Combat", "The Barbarians Who Sacked Rome", "Roman Girls Rejoicing", "Children Before the Emperor", "Worshipping Vesta", etc. The catalog also contains a description of the four years course of study which will be started at the opening of the fall term. The volume is indeed a very attractive one.

—The Endeavor W. C. T. U. held its annual business meeting at Kindergarten Hall, July 29th, when the following officers were elected: Mrs. Mary Bassett, president; Mrs. Middleton, vice president; Mrs. J. J. Jones, secretary; Mrs. Dora Crider, treasurer. Mrs. English, Mrs. Beatty and Mrs. Boughton were elected superintendents of flower mission work. Mrs. Warden, Mrs. Bassett and Mrs. Middleton were elected delegates to the county convention.

—Now just listen to these two items from the Brookville Republican: While motoring in Forest county recently Lee B. Murphy almost ran down a black bear which was enjoying a snooze on the highway.—On Saturday, July 16, during the progress of a thunder shower, lightning struck a tree on the Bell Bros. job, at Millstone, and killed thirty-six rattlesnakes. This fact is vouched for by three reputable citizens of Barnett township, who state that they counted them and they were all there! Thirty-six, ladies and gentlemen, thirty-six, rattlesnakes shuffled into innocuous desuetude in one fell stroke!

—Negotiations have been completed whereby Harry H. Craig becomes sole proprietor of the Dunn & Craig pharmacy, having purchased Dr. Dunn's interest in the store. Mr. Craig has been in charge of the pharmacy during the past six months, or since the firm was originated, and his thorough knowledge of the business—being a registered pharmacist—and by courteous treatment of its patrons, has popularized the store greatly. His patrons may rest assured of the same kind treatment and careful attention to their wants in their future dealings with him. And by these methods he hopes for a continuance of the patronage of the public.

—A nervous exchange excitedly announces that "present indications are that the bear crop, to be gathered by Bruin and his tribe seem to be numerous, and disposed to be mischievous. They are destroying crops, and carrying off pigs and sheep in considerable numbers. When the bear season opens hunters and farmers will get very busy." Now, when bears take to destroying crops, carrying off pigs and sheep, especially pigs, it is high time that "the bear season opens" right away, before all the sheep, pigs and crops are destroyed. It would be a blamed shame to put off getting busy till the season officially opens.

—The Superior court has just handed down an opinion in a case of much importance to oil and gas men, as well as landowners, sustaining Judge Criswell of the Venango county courts. The court ruled that men who had leased oil and gas lands, paying a rental when gas alone was found, could not shut in the latter wells and refuse to pay the rents. A company leased a farm and struck a gas well. After the well had been connected to a line and the fluid used for a considerable time, the owners shut in the gas for future use and refused to pay rent while it was shut down. Judge Criswell decided the case in favor of the land owner, who brought suit to recover rent, giving an opinion that the landowner was entitled not only to the rentals but also to gas for his own consumption.

—We happened in a home the other day, says an exchange, and over the parlor door saw the legend, worked in letters of red: "What is home without a mother?" Now what is the matter with "God bless is our dad?" He gets up early, lights the fire, boils an egg, and wipes off the dew of the dawn with his boots while many a mother is sleeping. Dad buys chickens for the Sunday dinner, carves them himself, and draws the neck from the ruins after every one else is served. "What is home without a mother?" Yes, that is all right; but what is home without a father? Ten chances to one it is a boarding house, father is under the slab and the landlady is the widow. Dad, here's to you—you have got your faults—you have lots of them—but you're all right, and we will miss you when you're gone.

—The Lock Haven State Normal School has had gratifying success, both as a training school for teachers and as a preparatory school for such students as desire to go to college. Its home life is particularly attractive to its students and patrons. Probably no other feature has contributed so much to its success. Parents realize that their children are well taken care of, both morally and educationally. Reference is made to this fact because the burning question with most parents is chiefly the one bearing upon the advantages any school offers in the way of safe-guarding and developing the characters of its pupils. The splendid patronage that this ideally located school now has is the best assurance of its worth as an institution of learning. It issues a beautiful catalogue which will be sent free to any one writing for it. Rooms are now being reserved for the fall term beginning September 6th. If

**A Bad Fire at McCrays.**  
 A bad fire occurred at an early hour last Friday morning at McCrays, located on the E. & O. railroad two miles northeast of Marienville, in Jenks township, when a dwelling house, store building and barn owned by Mrs. Marvin Neal, of Nansen, Pa., were totally destroyed. The fire was first discovered between twelve and one o'clock in the morning and is supposed to have caught from a burning tin on the railroad setting fire to some straw near the barn, which burned first, followed by the house and store building. There was no water with which to fight the fire and nothing could be done to save the buildings. The buildings were all of a substantial character, the house being two-story and the others one-story. The house and store were erected about twenty years ago by the late John Green. The house was occupied by George Harp, a contractor who is taking out pulp wood for the Johnsonburg paper mills, and who also boarded some of his employees. His loss on furniture, groceries and other supplies will be \$700, on which there was no insurance. Other employes occupied the store building as a dwelling, but they were able to save their effects. Mrs. Neal's loss on the buildings will be fully \$1,500. No insurance.

**Mayburg Wins in Tenth Inning.**  
 MAYBURG, PA., July 30.—Mayburg won today's game from a strong team of Hickory, Tionesta, Kellettville and Pleasantville players under Hickory management. Lawrence scored for Hickory in the first of the tenth, followed by Richards and Nicholas for Mayburg. The score then stood 8 to 7 in Mayburg's favor, with no one out. Score:
