

The Smart and Silberberg Co

## Entirely New Foulard Silks.

The Season's Pronounced Favorites, Blue and White Polka Dots, a Pure Silk Cloth at 45 Cents a Yard.

Ten pieces of these just received by express. The one particular favorite of this season's styles. Navy Blue Foulard with white dots and spots have been in such great demand as to cause them to become exceedingly hard to get. This lot of ten pieces we just happened on. The cloth is a nice quality of satin foulard 26 inches wide, and the price, 45c, is very attractive.

### Utica 10-4 Sheeting.

Bleached, 28c; regularly, 37 1/2c. Unbleached, 26c; regularly, 35c. A splendid opportunity for housewives and hotel-keepers.

### Wash Fabrics to Close, 15c.

A final closing price on practically all that is left of Wash Fabrics—fabrics that ranged in price from 25c to 50c.

### Genuine Motoro Silks, 89c.

What do you think of our selling silks that cost us \$1 for 89c, and all new goods too? Motoro Silks were advertised extensively in all the fashion journals. They are beautiful and are surely an ideal dress fabric but for some reason they did not sell. We marked them originally \$1.35, although city stores got \$1.50 for them—89c now. 27 inches wide, all colors.

### Green Trading Stamps When You Pay Your Account.

If you settle your account in full prior to the 15th of the month, you may secure the S. & H. Trading Stamps—one stamp with every 10c of the amount. We make this liberal inducement where accounts are paid in full. It would be impractical and impossible to give stamps with partial payments.

### Trifles

are very important things in business.

Large corporations and business houses of all kinds appreciate the enormous importance of trifles.

An ounce of weight taken off a finished product, a few minutes time saved, a cent or two less cost of manufacture—these often mean the difference between profit and loss.

And still unthinking people squander pennies, nickles, dimes and dollars never realizing that they are throwing away the Profit of Life—Independence.

Save something every day. We pay

### PROTEST AGAINST PICTURES

Clergymen Ask Governor Hughes to Suppress Jeffries-Johnson Films.

Albany, Aug. 2.—Formal protest against the exhibition in the cities of this state and particularly in New York City of the pictures of the Jeffries-Johnson fight was made to Governor Hughes by a delegation consisting of clergymen. The protest grew out of the Cooper Union mass meeting held last Thursday night which protested in the name of decency and morality against the exhibition and appealed to the governor for the suppression of the pictures.

The Rev. Dr. Jermy Price of the Washington Heights Methodist Episcopal church, Manhattan, was the principal spokesman before the governor.

Dr. Price asked the governor to do whatever was possible to see that the law was obeyed and cited an opinion of Chief Justice Swanzy of New Jersey to the effect that there was already law enough for the suppression of the pictures.

Resolutions of the United Christian Endeavor societies of New York were submitted to the governor in protest and the Rev. Dr. Wynans of the reforms bureau followed with a discussion of the legal aspects of the matter.

### AMERICAN VESSEL BEACHED

Leaking Schooner Ran Ashore Off Coast of Wales by Captain.

London, Aug. 2.—The American schooner J. Percy Bartram, which sailed from Glasgow for Newfoundland, went ashore seven miles from St. David's Head, the westernmost point of Wales on the Pembrokeshire coast. It is feared that she will be a total loss.

The vessel sprung a leak on Saturday night when off Strumble Head and despite the all night labors of the crew at the pumps, the efforts to stop the inflow of water proved fruitless and on Sunday morning the captain decided to run the vessel ashore. All on board are safe.

### RANGERS IN FATAL BATTLE

Three Killed and Two Wounded in Clash With Mexicans.

San Antonio, Tex., Aug. 2.—Three people were killed and two others wounded in a fight between Texas state rangers and Mexicans at San Benito late last night. The dead are: Deputy Sheriff Henry Lawrence; a ranger named Carnes, and Anastacio Trevino, a Mexican.

The officers were being guided to the hiding place of the assailants of Mr. Donnin, engineer of the San Benito water works, who was murdered at a dance a month ago, when they were shot from ambush. The Brownsville rifles have been ordered to the scene.

### WOMAN AVIATOR HURT

Machine Drops on Sightseeing Car, Killing a Boy and Injuring Several.

London, Aug. 2.—Mme. Franck, a French woman, who recently planned to fly across the English channel, but who was stopped by the weather, was severely hurt while flying at Sunderland in a Farman biplane. The machine collided with a flag pole and, dropping 25 feet, landed on a sightseeing car, crushing and killing a boy. A number of persons were injured. Mme. Franck's leg was broken and her throat was badly cut by coming in contact with the wire braced of the biplane.

### The Phonograph.

One need not be afraid of operating a machine too constantly, as there is little danger of wearing it out, and the motor will give better service when used frequently than when allowed to stand unused. In all cases avoid winding the spring too tightly. Stop when it offers strong resistance. In many cases it is specifically stated that the needles should not be used more than once, and these directions should be observed. Not to follow them means almost certain damage to the records. The machine should be kept well oiled; otherwise its motion will become sluggish. Sewing machine oil may be used for that purpose. The records should be kept free from dust, as dirt clogs the sound wave grooves and tends to give a scratchy sound to the reproduction. A good record cleaner may be made by gluing a small piece of velvet carpet to a wooden block. Such a cleaner always should be used on dusty records before they are placed on the machine.

### WALL PAPER
