**Republican Ticket.**

**STATE.**  
Governor, **JOHN K. FENER,**  
Washington County.  
Lieutenant Governor, **JOHN M. REYNOLDS,**  
Bedford County.  
Secretary of Internal Affairs, **HENRY HOUCK,**  
L Lebanon County.  
State Treasurer, **C. FRED WRIGHT,**  
Susquehanna County.

**COUNTY.**  
Congress, **PETER M. SPEER,**  
Venango County.  
State Senate, **J. K. P. HALL,**  
Elk County.  
Assembly, **W. J. CAMPBELL,**  
Tionesta Borough.

THE Republican State candidates are booked for an afternoon meeting in Tionesta, Friday, Oct. 7th. Keep the date in mind and be on hand to greet them.

**EX-PRESIDENT ROOSEVELT** won handsily in the New York State convention yesterday, his majority for temporary chairman being 125 over his opponent Vice President Sherman. The convention will nominate a candidate for Governor and other state officers today.

PROSPECTIVE voters should not forget that Oct. 8 is the last day upon which to pay state and county taxes in order that the receipt therefor may be used for voting purposes this fall. Unless the voter has paid a state and county tax within two years of the coming Nov. 5, he should attend to the matter immediately. Republicans are cautioned not to overlook this important matter.

THE national encampment of the G. A. R., at Atlantic City last week elected as the commander in chief John E. Gilman of Boston; senior vice commander in chief, Charles Burrows, Rothford, N. J.; junior vice commander in chief, William James, Jacksonville, Fla.; surgeon general, John L. Smith, Spokane, Wash.; chaplain in chief, Rev. Thomas Harwood Albuquerque, N. M.; Rochester, N. Y., was selected as the place for the encampment next year. The "old boys" had the time of their lives at this encampment, so they say.

THE recent death of two children—one in Franklin and another in Harrisburg—from lockjaw caused by vaccination, is calculated to bring home with greater force than ever the argument that it would be the part of wisdom to "stop, look, listen." To compel a helpless child to run the gauntlet of death by lockjaw, or be deprived of an education, is cowardly of the rank and most despicable sort. The lives of two children sacrificed to the most terrible of deaths within a week. How many children have died from smallpox in Pennsylvania within that time, or within years for that matter? Do you read of any? And yet the strong arm of the law demands that the innocent child shall be inoculated with the virus of smallpox, with all its attendant risks to life, or be deprived of its schooling, while all the rest of mankind may mingle and congregate in hordes, spreading deadly disease at will, without fear or molestation. What fairness or decency is there in such a statute? But we'd perhaps better stop here; some people might get the notion that we are opposed to compulsory vaccination for the little ones.

**The Berry Campaign.**

The prediction of State Chairman Walton that the Republican ticket will be elected by the largest majority ever recorded by the Republican Party in Pennsylvania in an "off" year is entirely justified by the political conditions throughout the State. The enthusiasm with which Representative Tener and his associates have been received on their speaking tour emphasizes the satisfaction of the people over the Republican ticket. The opposition to the Republican Party will accomplish nothing so far as the State ticket is concerned. But in another direction it may do harm and must be dealt with. In addition to State officials thirty-two members of Congress will be elected.

In 1904 the Republicans elected their candidates in thirty-one of the thirty-two districts. In the present Congress five Pennsylvania districts are represented by Democrats. This year the Republicans should increase their Congressional representation. And there is where the third party must be considered. One by one it is endorsing Democratic candidates for Congress. The only thing Mr. Berry and his friends think they can accomplish is the election of men who will join the ranks of the free trade Democracy in the House at Washington. If they succeed in doing this and the Democrats should happen to control the House in the Sixty-second Congress, Pennsylvania will have sent to Washington men who will vote for a Democratic tariff bill, which is precisely the sort of tariff bill this State does not want. The Republicans of Pennsylvania should take no chances on Mr. Berry and his Bryan candidates. There is but one way to deal with the situation. Every Republican voter must go to the polls on November 8th and cast his ballot for the entire Republican ticket. It will not do to take Republicans in for granted. If the Republicans of this State do their duty every Bryan candidate for Congress will go down in defeat with the Bryan candidate for Governor.

**MEETINGS.**

**One Year's Work To Be Studied in the State Model Orchards.**

There will be a public meeting in the orchard of J. E. Gaul, near Marienville, on Wednesday, Oct. 5th, 1910, for the purpose of showing the benefits resulting from improved methods in use in the Model Orchards conducted under the cooperation of the Division of Zoology of the State Department of Agriculture.

This is one of a series of Fall Meetings held throughout the State at this season. At these meetings treated trees will be compared with those not treated, and sprayed fruit shown beside unsprayed growth under the same other conditions.

Lectures will be delivered by experts from the Department, and an opportunity given for asking questions. Determination of specimens will be made, and growers are invited to bring twigs of diseased or infested trees for identification.

The Model Orchard movement was inaugurated several years ago by Prof. H. A. Surface, Economic Zoologist, for the purpose of familiarizing the farmer and fruit grower with the best practical measures available for the control of destructive pests, and in order to show how well these operations have succeeded meetings are held in the orchards where both fruits and trees can be examined by all who attend. The session begins at one o'clock p. m. The State's representatives will be present rain or shine.

**Monument For a Good Town.**

Grit  
Vim  
Push  
Snap  
Energy  
Schools  
Morality  
Churches  
Harmony  
Cordiality  
Advertising  
Talk about it  
Write about it  
Cheap property  
Speak Well of it  
Healthy Location  
Help to improve it  
Advertise in its papers  
Patronize its merchants  
Elect good men to office.  
Good country contributory  
Honest competition in prices  
Make the atmosphere healthy  
Faith exhibited by good works

Fire all croakers, loafers and dead beats. Let your object be the welfare, growth and promotion of your town and its people. Speak well of the public-spirited men and also be one of them yourself. Be honest with all your fellow men. Don't think that your commercial organization will run itself. Co-operation is the foundation in the movement.

The above, from the Chester Times, is very clear and certainly furnishes a splendid code by which to build up a town or community. If any community should adopt this code, it would never be in need of a monument—for it would live forever.

**THREE DIE FROM TOADSTOOLS**

Fourth Person Who Ate Them In New Jersey Will Recover.

Orange, N. J., Sept. 27.—Out of four persons who ate toadstools for dinner in West Orange last week one appears likely to survive. The man who suggested the feast and gathered the fungus died at the Orange Memorial hospital on Friday. He was Joseph Smolek. Ahead of him died Otto Kovista and his daughter, Jennie Kovista, who had listened to the assurances of Smolek.

Michael Tabenja, the fourth member of the party, is at the hospital today, giving the first favorable symptoms since he was taken to the institutions, two days after the feast. Tabenja will recover, according to the hospital physicians.

Tabenja and Smolek were apparently the worst off when they were admitted to the hospital. The daughter, only nine years old, gave way to the ravages of the poison, however, and she was the first to die. Her father followed her soon.

Smolek had induced his companions to believe that the toadstools were a new variety of mushrooms—"French mushrooms," he called them.

**COAL DIRT UTILIZED**

Finds Ready Market Converted by Oil into Combustible Bricks.

Hazleton, Pa., Sept. 27.—The only colliery in the Lehigh field at which the fine coal dirt is put to use is that at Drifton. There the smallest sizes of culm, formerly thrown in huge banks and still disposed of in that manner by other operations, is sold to the Standard Oil Company.

The Standard Oil Company has certain grades of oil that are so low that they cannot be refined with any profit. These are filtered through the culm from these Drifton mines and form small round cakes of material full of combustibles. The cakes are also made in the shape of bricks and find a ready market.

JOHN O. SHEATZ, former treasurer of Pennsylvania and one of the most active organizers of the Keystone party, has withdrawn from that body and in explanation says: "I have resigned from the committee because I am a Republican." There it is in a nutshell. We expressed doubt some weeks ago whether a real Republican can stomach that Keystone medicine. The "anti-machine test," applied to Democrats only is having its effect. Republicans who believed in the sincerity of the thing at the beginning are losing their faith with the knowledge that Democrats alone need apply for congressional endorsement. Mr. Sheatz is an independent Republican. He can't stand it. What are other independent Republicans going to do about it?—Titusville Herald.

—"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by Tionesta Pharmacy.

**RECENT DEATHS.**

**ZAHNISER.**

This community was saddened by the news of the death of Charles Zahniser, which occurred at four o'clock Saturday morning, September 24, 1910, at the hospital at Bradford, Pa. For some months Mr. Zahniser had not been in good health and on September 12th was operated upon for appendicitis, at the hospital. The operation was entirely successful and he rallied nicely from the shock, but other complications set in which could not be overcome and he passed away at the time stated.

Charles Abram Zahniser was born January 24, 1872, at North's Mills, Mercer county, Pa., and was the son of the late Henry Martin and Elizabeth DeFrance Zahniser. When the deceased was a child ten years of age the family came to Forest county, settling on a farm at Stewart Run, where he grew to manhood. He followed farming and the lumber business for a time, but in later years was engaged in the oil business as a driller, at which he was considered an expert. He was employed at different times in the oil fields of Pennsylvania, Ohio, West Virginia and Indiana. About two years ago he moved from Tionesta to Bradford.

He was a young man of upright character who made many friends here as well as elsewhere, all of whom will extend their sympathy to the sorrowing family at this time. A short time ago he was happily converted and united with the Free Methodist church. He was also a member of Tionesta Lodge, No. 309, I. O. O. F.

Mr. Zahniser was twice married, his first wife being Miss Nettie Thomson, of Stewart Run, to whom he was united July 5, 1895, at Limestone, N. Y. Her death occurred at Pleasantville, Pa., July 3, 1900. His second marriage was with Miss Marie Anna Matha, of Tionesta, December 31, 1907, who survives him.

Besides his wife he is also survived by the following brothers and sisters: Rev. A. D. Zahniser, of Blairsville, Pa.; Rev. J. J. Zahniser, of Port Alleghe, Pa.; Rev. E. S. Zahniser, of Meadville, Pa.; Rev. R. A. Zahniser, of New Brighton, Pa.; H. M. Zahniser, of Bradford, Pa.; Rev. A. H. M. Zahniser, of Youngsville, Pa.; Mrs. J. M. Vanderlin, of Bakers-town, Pa., and Mrs. R. N. Randlett, of Zellenople, Pa. His step-mother, Mrs. H. M. Zahniser, now of Rimersburg, Pa., also survives.

A short funeral service was held Sunday afternoon at four o'clock at the home in Bradford. The remains were brought to Tionesta and services were held in the Free Methodist church Monday afternoon at two o'clock, conducted by Rev. E. L. Monroe, who was assisted by Rev. J. J. Zahniser. Interment was made in Riverside cemetery.

**Nebraska.**

Mrs. J. A. Small and daughter, Lorna, are visiting the former's sons in Pittsburgh this week.

By oversight last week the correspondent forgot to mention that Charles Thompson and wife, of Endeavor, spent Sunday in town with friends.

Mr. Sparks, of Eagle Rock, and friend, Mr. Smith, of Pittsburgh, spent Sunday at the home of A. H. Hunter.

Ed. Bean, of Kellottville, called on his brother, Isaac, one day last week.

On Saturday night about forty of Miss Ira Preston's friends gave her a pleasant surprise by gathering at her home in honor of her eighteenth birthday. The young lady received many beautiful and useful presents.

T. D. Collins has gone to the west to attend to some business.

Merton Klinefister spent Sunday with his father on Church Hill.

The saw mill resumed operations Monday morning, after a shut-down on account of low water.
