CONVICTS STILL FREE

A true copy of Joint Resolution No. 4 ROBERT McAFEE,

Escaped Sing Sing Prisoners Reported on Buttermilk Mountain.

Bloody Battle Will Undoubtedly Take Place Before the Desperate Men Are Taken Into Custody - "Big Bill" Green, the Fattest Prisoner in the Institution, Had \$1,000 In Trust In Ossining, Which He Tried to Get Before He Escaped.

White Plains, N. Y., Oct. 11,-The posse of keepers and deputy sheriffs who are searching for the five con victs who escaped from Sing Sing prison, including "Big Bill" Green, the fattest convict in the institution, are now almost postive that the fugitives are hiding in the dease woods on Butthe great estate of John D. Rockefeller at Pocantico Hills.

All day long about 40 officers beat he brush on this mountain, but could make little headway, because of its density. They found footprints and it is generally believed that all the convicts are together and are hiding m some cave or deserted Italian shanty, if not on Buttermilk mountain, somewhere along the new Catskill aqueduct, which passes through that section.

Prisoner Wanted Suit of Clothes. The police of White Plains have rereived information that the wife of one of the convicts who lives at Mt, Kisco had received a letter from her husband, asking her to send him a blue suit of clothes and \$200. It is said that the letter was delivered by a third party, a friend of the convict.

Two detectives have been placed on this messengers trail and he will be followed in case the clothing is It is also stated that Green has \$1,

000 in trust in Ossining and that he has made efforts to get this money through friends. . This gives credence to the report

hat the convicts are hiding some where in Westchester county, with which Green, as well as Walter Branpigan, a Black Hand bandit of Mt. Kisco, are familiar. As the men are all armed, it is

feared that if their hiding place is found that there will he a bloody batle before they are taken into custody. Some think that Green would kill moself rather than go back to Sing

CYCLONE OF FLAMES

250 Persons Perish In Rainey River Conflagration.

Sixty Blackened Corpses Have Been Found-Wind Blowing 50 Miles an Hour Started a fire that had been Smouldering in the Forests Into a Terrific Blaze, Which Arose 100 Feet In the Air-2,000 People Arc Reported Homeless-Several Towns

Completely Wiped Out. More than 250 dead, millions upon millions of dollars worth of property destroyed, three thousand refugees fleeing from the flames, is an epitome of the happening of the day's. hell

gossion in the Beltrami county, Minn., forest fires. Thirty-five typhoid fever patients were carried on improvised litters from Spooner just before it was wiped off the map. Forty-five were carried from Beaudette, and the Mecca of all the refugees, carried or littering from exhaustion, was Rainey

River, across the water from the fireridden district of Minnesota. While a heavy wind is sweeping a raging sea of fire eastward on the south side of the Rainey river in Ontario, at a velocity of 50 miles an hour, the great body of flames passed

this section, revealing a calamity that already reaches the proportion of an international disaster. Sixty blackened corpses have been found in the path of the flames and a vast area is yet to be searched for dead, while the towns of Spooner, Beaudette and Pitt have been totally

destroyed, with a property loss that

cannot be intelligently calculated at

present. With the exception of the destrurcion of the mills and stock of the Rat Portage Lumber company, near Rainey river, following the course of the flames, which touched a corner of the town, the principal loss is sconfired to the south side of the river, and chiefly sustained along the American border.

The missing included some two thousand residents of Beaudette, Spooner and Pitt, some of whom are dead, but the most of whom are safe in Rainey River and the adjacent towns on the Canadian side of the The fires have been smouldering in that district for months and were

started anew by the terrific win4

which began to blow two days ago. The wind increased in velocity with the heat until a wave of flame over a hundred feet high and as long termilk mountain, which is a part of leaped barriers half a mile wide in It was this situation that caused so many to perish on the railraod track. They sought this opening in the bushes, but were burned to cin-

ders by the heat wave leaping this barrier of some 300 yards along the clearing of the railway tracks. The women and children have found shelter with the families of Canadians, but most of the men are living in box cars.

EXPELLING JESUITS

Popular Feeling In Lisbon Strong Against Clergy. The expulsion of ecclesiastics is still

going on in Lisbon, Portugal, Cardinal Neto, former patriarch of Lisbon. and the Bishop of Boja were among the first exiles. The children in the monastery and convent schools are being sent to their parents. The Marquis de Pompal, the clerical leader and chief of the Jesuits, has been arrested.

Popular feeling against the church is very strong in Lisbon. The government opposes excesses and says it will prevent them, but Queibaes has been the scene of shameful vandal ism by a mob.

The accounts of the origin of the trouble there, cabled yesterday, are conflicting. The throwing of bombs by Jesuits is as vehemently denied on one side as it is asserted on the other.

Sympathizers with the Jesuits say the mob attacked the Jesuits without the least provocation, but they admit that the Jesuits fired rifles in selfdefense.

fused to make an appropriation for church expenses the config year. When Whitlock was sent here last year by the conference there was a strong protest, but the bishop refused to yield, and at the conference at Upper Sandusky week before last he was return for another year.
