-The Ridgway Advocate says: Forest Hoff, of Warren, Pa., and A. R. Mechling, of Clarington, and several other capitalists who are interested with them are in town Wednesday, completing the purchase of the property of the Ridgway Bedding Company for the purpose of establishing in this place a new oil refining plant. The Ridgway Bedding Company being a corporation, some red tape was necessary before the sale of the property could be made. It took some time to give each of the stockholders notice of the proposed sale, and also for the board of directors to go through the formality of passing a resolution to sell the property. These formalities baying been completed the directors of the company are in shape to sell, and bence the buyers are here to close the deal and get ready to start their new industry for Ridgway. Thier purpose is, as we understand it, to manufacture lubricating oils and they will employ quite a number of men. Though the industry will not be nearly so large as some of our others, yet it is one that ought to be steadily prosperous and quite a belp to the town. We are glad to extend a cordial welcome to the gentlemen at the head of this position and wish them the best of success in this new undertaking in Ridgway.

William J. Campbell.

The REPUBLICAN takes pleasure today in presenting to the people of Forest county a good likeness of the good-looking candidate of the Republican party for Assembly, with the assurance that they will find Mr. Campbell just the clean, straightforward, business-like personege that his likeness portrays him to be,

WM. J. CAMPBELL. Republican Nominee in Forest County for Assembly.

Mr. Campbell was born in Clarion county in 1870, just forty years ago. He found in a drug store. attended the public schools of his community until old enough to dig for himself, when he began work in the lumber woods and on the sawmills of his neighborhood, and before he reached his majority was able to take hold of any part of the work and carry it through successfully, becoming an expert sawyer. He first came to Forest county in 1887, remaining several years. Shortly after his marriage with Miss Elsie A. Buzard, of Knox, Clarion county, in 1893, he moved to Youngsville, Warren county, where he remained four years. While there he became engaged in the wholesale lumber business, with headquarters at New Castle, Pa. In 1899 he removed to Tionesta, where he purchased a house and lot on May street, which has since been his home. He has never relinquished his affection for the lumber business, in which he has been signally successful.

Mr. Campbell is today one of our wide awake, progressive citizens, baving served with credit on the borough council, and has always pulled the right way when any project for the betterment and

upbuilding of the town was proposed. Two years ago he was a candidate for the nomination, and while unsuccessful at that time, he didn't get sore, but took his defeat gracefully, and now that the Republicans have nominated him he asks in all fairness that they stand by and elect him as the representative in the Assembly. And there is not a question but that they will do that very thing.
