Donovan Home Burned at Stewart Run

The dwelling house of Mrs. Patrick Donovan, situated on Stewart Run, in President township, Venango county, four miles from Tionesta, was totally destroyed by fire last Wednesday evening.

The fire was discovered by Mrs. Donovan at 6:15 o'clock, in a room over the kitchen, and is thought to have been caused by a defective flue. Mrs. Donovan was engaged in doing up the evening work and first noticed the fire when smoke began coming down the stairs.

She gave the alarm and her four sons, William, Patrick, Daniel and James, made a hard fight to put out the fire. There was plenty of water near-by, but the flames had gained such headway that nothing could be done to save the building.

After exhausting every means to save the house, the boys turned their attention to saving what they could of the furniture. All of the parlor furnishings, a bookcase and rocking chairs from the sitting room, and the sideboard and chairs from the dining room were carried to a place of safety.

Everything else in the house went up in smoke. The family lost all their good clothing, except one new suit owned by James. Nine barrels of flour, 200 bushels of potatoes and all their canned goods and fruit were also destroyed.

Included in the loss were 15 good guns of various patterns. Five of these guns were owned by Messrs. Wm. J., Edward and Maurice Breene, of Oil City. The balance were owned by the Donovan boys.

One of these, a rifle which James Donovan had his face severely scorched while fighting the fire. The spread of the flames must have been rapid, as Daniel had been in the room over the kitchen only a few minutes before and no signs of fire were seen.

Fortunately the wind was blowing away from the other buildings on the place and the flames did not spread. The house was a large, modern and very comfortable dwelling. It was two-story and contained thirteen living rooms and the main part had been built new a few years ago.

The loss on the house will probably be close to \$3,000 and on the contents about \$1,000. This is a total loss, as the insurance policies had been allowed to lapse last fall. The family has the sympathy of all in their loss, but is not disheartened and has gone to housekeeping again in a small building on the farm. The home will be rebuilt in the spring.
