 —The Derriek's oil report for January shows 201 wells to have been completed in the Pennsylvania oil fields, with an increase in production of 329 barrels. There were 509 new rigs and drilling wells reported which is a loss of 41. A decrease in completed work of 51 wells was also indicated.

—Following is the list of letters lying uncalled for in the Tionesta, Pa., post-office for week ending Feb. 8, 1911: Mr. E. V. Bowker, Mr. J. W. Oliver, Mr. Oliver Blakeslee, J. W. JAMIESON, P. M.  
 —The sawmill of the Central Pennsylvania Lumber Company at Loleta was shut down for two months. There is no foundation for the report that the mill at this place is to be shut down.—Sheffield Observer.  
 —The REPUBLICAN acknowledges subscription renewals from the following persons during the past week: Ed. Rudolph, Whig Hill; Joseph Clark, Tionesta; S. L. Vail, West Hickory; M. D. Spencer (new), Kellettsville.  
 —The grippe has laid hold on a great many of our people during the past two weeks. The editor and family are no exception to the general rule and consequently the REPUBLICAN office is running short-handed this week.  
 —Dunn, Landers & Co. have sub-contracted a portion of the timber tract which they own on Salmon creek to A. L. Weller, of Kellettsville, Pa., who will have charge of the stocking and manufacturing of the lumber there.  
 —Charles Cookson, who has been employed in the woods above Kellettsville, had the misfortune to break his leg a few weeks ago but was able to be brought to his home last Friday accompanied by his son James.—Fisher cor. Clarion Rep.  
 —The blizzard which struck this section Sunday night or Monday morning gave us a snowfall four or five inches of and makes us think that Punxsutawney woodchuck knew his business when he crawled back into his winter quarters.  
 —How to cure a cold is a question in which many are interested just now. Chamberlain's Cough Remedy has won its great reputation and immense sale by its remarkable cure of colds. It can always be depended upon. For sale by all dealers.  
 —The infant son of Mr. and Mrs. Byron Walters, of Nebraska, died Tuesday afternoon. The funeral services will be held at the house this afternoon, conducted by Rev. W. O. Calhoun, and interment will be made in the Zuendel church cemetery, German Hill.  
 —Fred Horner, who is employed in the saw mill at Mayburg, had the misfortune to have four toes on his right foot badly smashed by getting caught in the cog wheels of the log carrier. The accident happened last week and Mr. Horner is still forced to use a crutch.  
 —W. W. Kemble was reappointed postmaster of Tidoute last week and the Senate confirmed the appointment on Wednesday. Other appointments of postmasters in this district are: John H. Martin, Greenville; James S. Kennedy, Grove City; Wm. A. Boyd, Sandy Lake.  
 —The revival meetings at Nebraska are proceeding in a very successful manner. Mrs. Frances R. Crawford, of Gowanda, N. Y., who is assisting in the meetings, will come to Tionesta to assist Rev. W. O. Calhoun in holding meetings in the Methodist Episcopal church as soon as the meetings close at Nebraska.  
 —Raughts, Elk county, is right in the middle of a gas boom. Everybody is talking about the vast prospects of this and that, and the noise of the agitation is even finding its way into other districts. The Jefferson County Gas company is in the lead on drilling good producers, and the Standard Oil Company is also very active, having several good leases in the village.  
 —The woodchuck did not see his shadow in Tionesta last Thursday, but some people say that doesn't count, as only at Punxsutawney, where the original home of the woodchuck is located, are reliable forecasts obtainable. A message from Canoe Ridge, Punxsutawney, states that he saw his shadow at 7:45 o'clock in the morning. He immediately retired to his hole and there will be six weeks of additional winter weather.  
 —April 30th has been set aside this year as Tuberculosis Day, and will be observed in 200,000 churches in the country in a manner similar to that of Tuberculosis Sunday in 1910, when over 40,000 sermons were preached on the prevention of consumption. In the first official announcement of the occasion was given by the National Association for the Study and Prevention of Tuberculosis, the leaders of the movement state that they hope to enlist all of the 33,000,000 church members in the country.  
 —A very peculiar accident happened at the home of T. T. Moll, at Russell, Warren county, Saturday night. Just as the family were nearly ready to retire for the night a crash was heard and it was found that a heavy chandelier had broken off at the ceiling and fallen to the floor, leaving the burning gas pouring from a 1-inch pipe in a large circle to the floor and back to the ceiling. Mr. Moll succeeded in stopping the flow of gas with a towel. Mr. Moll is the father of Mrs. John Muenzenberger, of Chicago Heights, Ill., formerly of Tionesta.  
 —Misses Mary and Bessie Morgan, who under the name of the Tionesta Millinery Co. purchased the millinery business of F. Walters & Co. a year ago, and have since conducted the business in the Walters block, last week purchased the millinery store of Misses E. and N. Hayes, Main street, opposite the public square, Alliance, Ohio. They have moved their stock of goods from this place to Alliance and left Monday evening for that city. The business was in a prosperous condition here, but seeing a better opening, the young ladies made the change. While we are sorry to lose them, we wish them abundant success in their new home. They are thoroughly familiar with all the details of the millinery trade and will succeed.  
 —An epidemic of typhoid fever in the family of Mr. N. B. Host, at Tylersburg, has been reported, and there are nine in the family, which number sixteen in all, that are sick with the disease. The mother and wife was stricken about three weeks ago, and after being sick only a few days, gave way to the disease and died, and after her death first one and then another became ill until nine had been recorded. We understand that the first physician called in was at a loss to know what the epidemic really was, so Dr. Beatty, of this place, was summoned and found that the disease was typhoid fever, which probably originated from an old well, the water of which was being used for family purposes. Two nurses from the hospital here are now in charge of the unfortunate man's home.—Kane Republican.

—C. Victor Johnson, Representative from Crawford county, proposes punishment to exceed two years in prison for the class of crooks who hang around houses at night to peep into windows. It would not be a bad idea to pass that bill.  
 —The owners of the big circuses have decided to spend more money advertising in newspapers and less on billboards. They know the sort of advertising that brings returns, and, from the newspaper man's standpoint, at least, their decision is a wise one.  
 —It has been announced by M. J. Beach, president of the Elk Tanning company, that a number of their tanneries, recently closed, would be started at once, running at about 80 per cent of their capacity. The lay-off has been for about two weeks.  
 —The Martha Washington Tea, which the ladies of Class L, of the Presbyterian Sunday School, had advertised for Feb. 23d, has been changed to Tuesday evening, Feb. 21st, at 8 o'clock, in the basement of the church. Price ten cents. Everybody invited.  
 —We are retailing feed and flour as follows: Corn meal, \$1.10 cwt; midd and oats chop, \$1.20 cwt; wheat midds, \$1.60 cwt; winter wheat bran, \$1.45 cwt; cotton seed meal, \$1.75 cwt; shelled corn, 60c per bushel; oats, 45c per bushel; wheat flour, \$1.35 per sack; buckwheat flour, 25c per pound. Lanson Bros., Tionesta, Pa.  
 —The galloway tribe has its aristocracy, too. Witness the sale of six eggs at the Sunwick Poultry farm of South Plainfield, N. J., some time ago, for \$125. The producer of those eggs was a prize single-comb White Orpington. May her tribe never increase, at least for egg-consuming purposes. She is a plutocrat of plutocrats.—Titusville Courier.  
 —An annual Bee Keepers' Convention and mid-winter basket picnic will be held in the L. O. F. banquet hall, Falls Creek, Pa., Tuesday, Feb. 21, 1911, with sessions at 9:00 a. m. and 1:00 p. m. Prominent speakers will be present, among whom will be Prof. H. A. Surfaice, Economic Zoologist of the Pennsylvania Department of Agriculture.  
 —Miss Ethel Elder, a student nurse at the Oil City hospital, died last Thursday from injuries supposed to have been sustained in handling Miss Anna Shelton, the 700-pound girl patient in the institution, who was operated upon a short time previous. Miss Elder was aged 21 years and was the daughter of Mrs. Sara Elder, of Richmond, Clarion county.  
 —R. P. Shultz, a well-known P. R. R. freight engineer of Oil City, running between there and Olean, N. Y., was seriously injured early Thursday morning at Kitzua. He had stopped his train to take water and was walking on the trestle at that point when he slipped and fell, dropping a distance of 12 feet. In alighting he "straddled" a small iron rod which inflicted a severe internal injury. He was taken to his home in a serious condition.  
 —It is stated that one of the insurance companies doing business in Erie is about to make the experiment of supplying a trained nurse to look after the needs of its policy holders who may be ill. It is a good business policy. An insurance company is interested in keeping its policy holders alive as long as possible. Dead men pay no premiums and this company is simply displaying a wise regard for its own interests in the move it has undertaken.—Erie Herald.  
 —Representatives of the Coal, Iron and Oil Fair Circuit Association met in Butler Tuesday and fixed the dates for the fairs next summer, as follows: Kittanning, August 15; Butler, August 22; Indiana, August 29; DuBois, September 5; Brookville, September 12; Clarion, September 19; Dayton, September 26. The Apollo Fair Association was admitted to membership subject to the ratification of the association. If Apollo is admitted her date will be either August 8 or October 3.  
 —The basket ball team of the Union Church Athletic Association went to Sheffield last Friday evening for a game with the team of that place, and brought home a defeat in their first game by a score of 41 to 9. The boys report a good time and fine treatment, and say the other fellows won because they played better ball. The team was made up of the following players: Curtis Proper, Joseph Weaver, forwards; H. H. Craig, center; Chas. Flick, R. J. Hopkins, guards; and George Ellis, substitute.  
 —A bill has been presented in the Pennsylvania legislature providing heavy penalties for a father or mother who deserts a family. This state has been entirely too lenient with this class of deserters and there ought to be no hesitation on the part of the legislators to enact the bill into law. Much of the poverty and distress that comes to the attention of the poor authorities and those engaged in charitable work is the outcome of the practice of desertion. Under existing laws a wife deserter is practically immune if he succeeds in getting into another state, and by making it a crime of a higher grade, the authorities will be able to bring the offenders back on requisition papers. It is a practice that should be most emphatically discouraged by the law and when stringent legislation is passed it should be rigidly enforced.  
 Dwelling House Burned at Nebraska.  
 The dwelling house occupied by John Richards, at Keppeltown, just above Nebraska, with all its contents, was completely destroyed by fire Monday night. The family had gone to church at Nebraska and when they returned about 9:30 found the house wrapped in flames, which had gained such headway that no one could enter the building. A gas fire had been left burning in the kitchen stove and the fire is supposed to have come from an over-pressure of gas coming on. Mr. Richards and family lost all their household goods and the loss, between \$200 and \$300, is a heavy one to them, as they had no insurance. The house was a two-story one and was owned by T. D. Collins. It was valued at \$200 and there was no insurance.  
 Popular Courses.  
 The Spring Term special courses at the Clarion State Normal School proved just season to be immensely popular and helpful to the hundreds of students who attended that institution. For the coming term, they have been greatly expanded. Special classes will be maintained for teachers who need Agriculture, Drawing, Music, and School Methods. Write for the Bulletin to J. George Becht, Clarion, Pa.

**PERSONAL.**  
 —John G. Jamieson went to Erie today on business.  
 —T. D. Collins, of Nebraska, returned Monday from California.  
 —Born, to Mr. and Mrs. Frank Carson, of Harmony township, Feb. 6th, a son.  
 —Miss Jessie Wells, of Salamanca, N. Y., was a guest of Mrs. G. T. Anderson Saturday.  
 —Mr. and Mrs. W. L. Wertz and daughter returned Saturday from a six weeks' visit with relatives in Lancaster, Pa.  
 —Mr. and Mrs. Floyd Stewart, of Brook street, arrived home today from a visit in Forest county.—Titusville Courier.  
 —Honorable Mrs. W. J. Campbell came home Friday from Harrisburg, during the usual week-end recess of the legislature.  
 —Prof. J. O. Carson, of the borough schools, has been confined to his room for the past few days with a severe attack of the grippe.  
 —Mrs. Frank Anslar and Miss Mae Sanner attended the funeral of the late George W. Scott, in Franklin, last Friday afternoon.  
 —Mr. and Mrs. Seldon Weant, of Newmansville, who had been visiting at the home of Albert Dolby, left today for Fresno, Cal., where Mr. Weant will be employed in the oil fields.—Oil City Blizard, Jan. 31.  
 —George Patch, of East Hickory, was one of our pleasant callers Saturday. Messrs. Tatt & Patch have issued invitations for a masquerade ball in the K. O. T. M. hall at East Hickory, Friday evening, Feb. 17th.  
 —Mrs. J. F. Mealy, of Tylersburg, who has been here the past week with her husband, who was operated on at the hospital a few days ago, returned home this morning, and reports that Mr. Mealy is recovering nicely.—Kane Republican, 4th.  
 —Ed. Rudolph, of Whig Hill, was a caller at the REPUBLICAN office last Wednesday. Although Mr. Rudolph has suffered a number of severe financial losses of late, he was in his usual good humor and is thankful that things are no worse.  
 —Mrs. Sarah E. Sutton is visiting her daughter, Mrs. Winfield F. Smith, at Washington, N. J., expecting to remain for several months. Richard J. Sutton left this morning for a visit in Kane, Pa., and will then go to New Jersey to join his mother.  
 —Miss Olive Lanson was in Buffalo, N. Y., to attend a grand concert given by the Boston Symphony Orchestra last Friday evening. Miss Lanson was a guest of Mrs. Hill, in Jamestown, last week, and assisted her in a concert which was given Tuesday evening.  
 —A son was born to Mr. and Mrs. Fred A. Ludwig at the city hospital last night. The little chap weighs 6½ pounds. Friends will be glad to know that the mother and child are both getting along nicely.—Titusville Herald, 6th. Mrs. Ludwig is the daughter of Mr. and Mrs. J. N. Sandrock of Tionesta.  
 —Mrs. Anna Stitzinger, of this place, sustained a stroke of paralysis at her home Sunday morning, her entire right side being affected. There is not much improvement in her condition at this writing, her many friends will be sorry to learn. Her daughter, Mrs. L. L. McCrea, of Meadville, is with her.  
 —Rev. L. H. Shindler, who recently resigned the pastorate of the local Methodist church, today moved his family to DuBois, where they will reside for some time, at least. Mr. Shindler has several offers of attractive positions, but has not yet decided upon which one to accept.—Sykesville Post-Dispatch.  
 —Mrs. Sannel J. Campbell and grandson, Master Warren Bigony, went to Beaver Falls, Pa., last Thursday for an extended visit with Mr. and Mrs. Edward Kirchariz. Miss Kathryn Bigony accompanied them to Youngstown, Ohio, where she will visit with Mr. and Mrs. Henry Giering and take training as a millinery trimmer. Master Harold Bigony also went to Oil City the same day for a visit with Mr. and Mrs. H. G. McKnight.  
 Post Meeting.  
 Monthly meeting of Capt. Geo. Stow Post, 21st, met at Hall, Feb. 6, 1911. Geo. W. Robinson, Com., in the chair. General orders Nos. 3 and 5 of the National Department and State Department of the order were read by Adjt. Irwin. These orders strongly recommend the observance of Lincoln's birthday, Feb. 12, and Washington's, on the 22d, where possible. At the meeting the following, owing to the absence of officers, were detailed to the observance of the 22d: R. B. Crawford, S. V.; H. W. Ledebur, J. V.; and Lyman Cook, Chaplain. Past Commander Jonathan Albaugh being present made some good remarks in his usual forceful style, saying, among other things, that now our posts were weak, but we should not be discouraged. His stirring address was full of patriotism and exhortation. He expressed his pleasure at meeting with the old parent post again, which was only clouded by the memory of loved ones that have passed away. When he joined here there were about 82 members, and how few today; but notwithstanding this all to stand by the colors. He was followed by Lyman Cook, who cheered the comrades in their noble work in the G. A. R., which he considered the noblest order in the world, and expressed his love for the flag and the badge of our order, and urged all to use their efforts to be present at our meetings and councils. Commander Robinson followed with well-timed remarks, and stated his pleasure at having Comrade Albaugh present, and that the order stands for patriotism, reform, and good citizenship, and always has done so; that the organization had been useful in the past and will continue to be so in the future; and that the order has and always will stand for fraternity, charity, and loyalty. Remarks were made by Adjt. Irwin also, mostly on the history of the post—how it had kept together so long, and referred to the departed worthies who have left our ranks, and the importance of maintaining our post. Comrades Crawford, Eden and Ledebur also made brief and appropriate remarks.  
 —When her child is in danger a woman will risk her life to protect it. No great act of heroism or risk of life is necessary to protect a child from croup. Give Chamberlain's Cough Remedy and all danger is avoided. For sale by all dealers.

We are pertaining Mrs. Watson. Interesting letter. Watson has written to say the following: Tionesta Methodist Episcopal G. F. School:  
 LAMISON, ALA., Feb. 1, 1911.  
 MY DEAR CLASS:—I will at least convince you of the fact that I have not forgotten you, even though I am away down here in Alabama. I have been here now about two weeks and have enjoyed every minute of the time since I came, as it is somewhat like getting out of the world up there with its snow and cold and living in a land that is sunny every day, although it is January. Such has been the case ever since I got here and I can hardly conceive what the really warm weather is like when it does get warm in the summer.  
 We are in a little mill town about midway between Birmingham and Mobile and about one hundred miles north of the latter place. This section is in the "black belt," and this immediate locality is what is known as the "flat woods," or "piney woods." It is the greatest cotton producing section in the south, although it still makes the old time cane 'lasses and the other end of the combination, which to a negro is life itself,—"latters." The place has about one hundred and fifty people, more or less. About one hundred of these are colored. Almost all of the white population work at the mill, but there are some plantation owners and other town people. We have six stores, a little drug store, a cotton gin, and with the mill make it quite a busy little place. The colored people have their own part of the town which is about a half mile from the rest, and most of them work on the mill. There are only three white men (all northern men) on the mill. All the rest are colored. No matter how small a body of negroes work in any one place, you will always see the customary white man to boss them, for it is such a well-known fact without him there will be no work. Speaking about your people that are perfectly contented, the Alabama negro is the living example of this person. It does not matter to him what any conditions are, just give him his accustomed 'lasses and 'latters and a place to sleep and you will find him well contented. He is just as happy with fifty cents a day as he is with three dollars and get along just as well, seemingly. You will find about one in fifty that can read and in every case he is the "bad" nigger of the bunch.  
 They still realize that the white man is superior to them and are very respectful to him at all times. Some of the old slave time negroes, and there are some here that can remember that time, will always lift their hat to a white man unless he is a working man, and then they do not think much of him. Every Saturday night they have their "frolics," as they always have done, and you can hear the same old banjos as I imagine they sounded before the war.  
 They have a small church here and have a growing Sunday School, and have preaching every two weeks and prayer-meeting on odd nights. The Presbyterians and Methodists share the one church, but the former are now trying to build one of their own.  
 Mr. Watson and myself are starting for Arcadia, Florida, today, to be gone a month. This is where Mr. Whittekin is located. We will see the Douth's while there and Mr. Watson is thinking of taking in the Panama Canal while near it.  
 Give my best regards to Mr. Feit and the rest of the school, and with my best wishes for my own class,  
 I am sincerely,  
 MRS. G. F. WATSON.  
 Good Well at Tidoute.  
 There is a lot of interest among local oil men respecting the fourth sand strike on the Clifton farm along Tidoute creek, mention of which has been made once or twice in the correspondence of the Herald. This well, which belongs to George Lowe of Jamestown and Messrs. Carnahan and Bucklin of Tidoute, is more than a week old and is still producing, according to reports of yesterday, better than 100 barrels a day. It is amber oil from the fourth sand and the pay is reached at 493 feet, very shallow for this territory. It makes a thorough test comparatively easy and inexpensive. If the well is not a freak, and its performance to date indicates nothing of that order, it may mean the opening of an important pool. From the manner of its production there is reason to believe that it is coming from a large pool of oil, while the sand possibilities are almost limitless. Mr. Lowe has been strangely fortunate in his oil ventures of the past two or three years, finding some wells in the neighborhood of Tionesta that are far above the average of production in that field. Mr. Carnahan is a brother of M. S. Carnahan of Pleasantville, an operator well known in the local field. Mr. Bucklin is a lumberman and financier of the Warren county village.—Titusville Herald, 7th. The Tidoute News says there was 29 feet of "sugar sand" in the well and that it was the fourth well put down on the tract, the first being dry, but as the line was extended north the better became the show. There is not much chance for an oil boom, all the territory being already under lease, but the strike has stirred up other operators to activity.
