GRISCOM ELIMINATED FROM ARNOLD CASE

Lawyer Says Girl Is Probably Dead by Her Own Hand.

New York, Feb. 14.—After a conference with John Arnold, John S. Keith of Garvin & Armstrong, who has been in charge of the search for Dorothy Arnold, said that the situation demanded an emphatic statement on behalf of both families.
"In the first place," said Mr. Keith, "we want people to believe what is the absolute truth—that George S. Griscom, Jr., has been eliminated from the situation. Unless Mr. Griscom has more information that we have, he ceases to be of interest insofar as Miss Arnold's whereabouts are concerned."
"He could not have been telling the truth when he said he expected to see Miss Arnold soon and that he was to marry her with the acquiescence of the family. That statement, provided Griscom was correctly quoted, was not only an untruth, but an impertinence."
"The presence of the Griscom family at Atlantic City has no significance so far as the Arnold case is concerned."
"All interested directly have been forced to believe that Miss Arnold is dead and probably by her own hand. Love was not the only thing that may have made Miss Arnold despondent. She wanted to be a writer and failed. She took the failure to heart."

POLICE WERE NOT BLUFFING

Another Cornell Student Arrested and Charged With Rioting.

Ithaca, N. Y., Feb. 14.—These Cornell students who professed to believe that the local police were bluffing when they threatened to make further arrests on account of the fight between a band of 500 students and officers on the night of Feb. 1 learned today that the officers had something up their sleeves when Benjamin W. Jenks, a junior in the university, and son of Professor Jeremiah W. Jenks, a well-known member of the Cornell faculty, gave himself up when he heard a warrant was out against him.
Jenks employed an attorney and as his father is out of town, a merchant went on his bond for \$500 and the young man was released for an examination. It is understood that Jenks is to fight the case and he has the support of the students, who already have tried hard to obtain the releases from jail of Ralph W. Perkins, a student who is serving a 10 days' sentence.

The police had eight warrants in all and several of the officers went on the campus looking for the men wanted for rioting. Jenks was the only one arrested, but more students will be corralled later.

MUCH METAL BURIED YEARLY

Manufacturer of Coffin Hardware Estimates One Million Tons.

Winsted, Conn., Feb. 14.—A Winsted man who has been employed in the manufacture of coffin hardware for the last quarter of a century, and is now with the National Casket Company of Pittsburgh, has been studying the census figures on the death toll of the country.
He has also done some figuring as to the amount of metal used by coffin hardware manufacturing companies, two of which are in Winsted. He estimates that one million tons of metal goes under ground every decade in the United States in the burial of the dead.

AIMS BLOWN AT NEWSPAPERS

Governor Baldwin, in Lecture, Says Nearly Everything Printed is Untrue.

Bridgeport, Conn., Feb. 14.—During an address before a men's meeting at the Young Men's Christian association here on "Man His Own Maker," Governor Simeon Baldwin quoted from Thomas Jefferson that "newspapers might be approved."
He endorsed the statement, and suggested that newspapers nowadays are made up as follows: "Proof, one-quarter of a column; probability, one column, possibly a little more, and lies the rest of the sheet."
The governor returned to New Haven after the meeting.

CHICKENS MAKE GOLD FIND

Particles Found in Gizzards Lead Land Owner to Profitable Search.

Chatanooga, Tenn., Feb. 14.—Gold recently discovered near Vonore, Monroe county, has been pronounced pure virgin gold by Dr. Lucius Brown, state chemist.
This gold was found when the family of James Pace, living half a mile from Vonore, killed a chicken for Christmas. In its gizzard Mrs. Pace found about a thimble full of gold particles. A train on Jan. 1 killed three more chickens, and 37 particles of gold were found.
J. W. Woody, owner of the land, in trying to learn where the chickens got their gold supply, sunk a shaft seven feet deep, striking black slate and black sand. For the particles in the first pan, found at seven feet, he got \$1. At other points panning yielded \$3 and \$1 worth.

ARRESTED WILD MAN

His Hair is More Than Foot Long and His Identity is Unknown.

Chatanooga, Tenn., Feb. 14.—A dispatch from Guntersville, Ala., says that a wild man, with hair more than a foot long and finger nails grown to a length of two inches, has been arrested and placed in the Marshall county jail.
The mania is about 25 years old and from all that can be learned regarding him he has been roaming wild several years.

Several days ago he attacked a physician who was passing along a public road. The authorities after searching a few days located him. An effort is being made to learn his identity.
He was clothed with rags only and was barefooted and bareheaded. He cannot talk intelligently and the officials had a struggle with him before he was brought into subsection.

ROBERT CA'LE DEAD

Picturesque Figure of Central New York Has Passed Away.

Utica, N. Y., Feb. 14.—Robert Caple, one of the most picturesque figures in Central New York, and a man who was widely known because of the eccentricity, simplicity and humility of his life for more than a score of years past, died in his cabin at Clayville, 10 miles south of here yesterday, aged 70 years.

In his young manhood he engaged in various business and acquired a fortune. He was a noted dealer in horses, always ready to swap, buy or bargain and invariably sure to come out ahead in the transaction.

Business was very profitable with Mr. Caple, while he remained at it, but about a score of years ago his mind took a religious turn and he joined the Roman Catholic church. Since then he traveled from place to place, reimbursing those that he bested in horse trading.
This done, as best he could, Mr. Caple set about giving the balance of his fortune to the poor. Soon he was reduced to poverty.

Friends in Clayville then built a modest cabin for him and here for the past 15 years he lived, prayed and fasted, leaving his home each day while able to visit the sick, to carry food to the poor and to beg his own meals and clothing. He retained his mental faculties unimpaired to the end.

Dies a Pauper at Age of 101.

Allentown, Pa., Feb. 14.—John Reinhardt, believed to be the oldest resident of Lehigh county, died at the almshouse, aged 101 years 4 months. Reinhardt was a German, and came to this country about 70 years ago. He was peddler. For the last 20 years he spent the winter at the poorhouse.

President Payne Dead.

REMNANTS.

Semi-Annual REMNANT SALE

Thursday, Friday and Saturday, February 16, 17, 18

Every woman within the advertising radius of this store knows what Remnant Sale means at James'. Originated and established six months after this store entered and became part of the commercial life of this city, it has occurred regularly at intervals of a half year and has become a fixed institution—the most important sale of this or any other store in this section. Never more than two Remnant Sales in a year—one in July, the other in February. Time has now arrived for our February Remnant Sale, and more Remnants than at any previous sale.

The purpose of a Remnant Sale here is not merely to sell off the hundreds of Remnants which accumulate in a half year's business, but all other slow merchandise which a reasonable reduction in price has failed to move, has a **Red Ink Remnant Sale Price**. This marks the absolute limit of Price Reduction here, and rarely ever fails to convert instantly such merchandise into cash.

Every Remnant has been carefully measured and the yards are carefully marked on each ticket.

The regular yard price of each Remnant appears on the ticket and the price for the Entire Remnant is marked in **Red Ink**.

There's a feature of these sales—all Remnants and Remnant Sale Merchandise is marked in **Red Ink**.
