The business was founded twenty-seven years ago by Mr. F. S. Royster, who is still at the head of the Company, and gives the business his personal attention. It requires eight large Factories to supply the demand for Royster goods in the South alone.

Being desirous of extending our territory, we have built in Baltimore one of the largest and most modern fertilizer and Sulphuric Acid plants in existence.

Ask your dealer for ROYSTER goods and see that the trade-mark is on every bag. If he does not handle them, write and give us his name and we will arrange with him, or some one else, to supply you.
