G. F. RODDA, Next Door to the Fruit Store, Elm Street, Tionesta, Pa.

WOMAN HUMAN TORCH

Hair Was Burned From Her Head by Gasoline.

Tried to Move a Stove Filled With the Fluid When It Spilled Out Into the Blaze and in an Instant the Room Was on Fire—Her Face Was Also Badly Burned—Other News of General Interest.

Mrs. Albert Sattora, a resident of Cuylerville, a hamlet about four miles north of Mount Morris, N. Y., had a narrow escape from being burned to death while moving a gasoline stove.

Some of the gasoline was spilled on to the blaze and in an instant the stove was in flames and she could not get out of the way quick enough to escape the blaze.

Her hair was burned from her head, and her face is one mass of burns. Had it not been for assistance being close at hand it is probable that she would have been burned to death, as her clothing was on fire, and she was too frightened to protect herself.

GREENE SEEKS LIBERTY Would Take Pauper's Oath to Avoid Paying Fine.

Benjamin D. Greene, who, with John F. Gaynor, was convicted of conspiracy to defraud the United States government in the Savannah harbor work and has just completed his sentence in the federal prison here, has begun his fight to avoid paying the \$75,000 fine imposed with the jail sentence. This fine stands between him and liberty.

Thursday he made a written application for permission to take the pauper's oath to Commissioner Colquitt. If allowed to take this oath he will gain his freedom.

The hearing is set for March 7, and it is understood that Gaynor will file a similar petition in a few days. The government, it is understood, will oppose the petition, asserting that the prisoners still have some of the \$75,000 left.

Dunkirk "Too Slow" For 5 Year-Old. A conductor on an east-bound inter-urban trolley car from Dunkirk, N. Y., found a boy, travelling alone, who, when asked for his ticket, said he had none, but Dunkirk was "too slow" for him and he was "going to Buffalo."

As the car was well outside the city limits when the discovery of the youthful adventurer was made, the conductor kept him on the car till the incoming car was met at Cook's Crossing, and then placed him in charge of the other conductor to return him to Dunkirk.

Woodman's Grit Saves Life. Remarkable grit saved the life of Daniel Snyder, a woodman, caught beneath a fallen tree near Brushton, N. Y.

Snyder's leg, crushed by the weight of tons of wood, hung by shreds to his body and he was rapidly bleeding to death when he reached his axe, severed the limb with it, tore off his shirt and checked the flow of blood by binding his shirt tightly about the stump. He then lay back and awaited the arrival of help. His recovery is expected.

Choked on Piece of Meat. James Clasby, an unmarried farm laborer, 45 years of age, who lives northwest of Clyde, N. Y., came to Lyons, registered at the Hotel Vendome, got up late for breakfast, ordered a steak, cut off a big chunk, attempted to swallow it whole and choked to death before help arrived.

Coroner Dr. George S. Allen was summoned and the remains were later taken to Clyde. Clasby was a son of the late Patrick Clasby.

Suicides by Drinking Ammonia. Miss Alice Woods, aged 57 years of Buffalo committed suicide at Titusville, Pa., by drinking ammonia. She had been visiting Mrs. James Hartrup of Breed street for a few days, and it is supposed that she became despondent from frequent headaches, which she thought incurable.

Dr. H. H. Dight was called, but medical aid was in vain. She was born in Tidoutle, Pa.

Engineer and Fireman Killed. Engineer Arden M. Lyman and Fireman Frank Morris, both of Binghamton, N. Y., were killed Monday morning when Delaware & Hudson railroad extra freight No. 829 crashed into the rear end of Delaware & Hudson No. 69, three miles west of Oneonta. The body of Morris has been recovered from the wreck.

\$45,000 Elaze at Cattaraugus. Cattaraugus, N. Y., was visited by a \$45,000 fire early Sunday morning, when flames ruined the three-story brick business building, known as the Wake building.

Killed by Erie Train. John Huff of Addison, N. Y., was struck and instantly killed by an Erie passenger train at that village. Huff was 55 years old and leaves a brother, George of Addison.

CHARLES D. HILLIS

His Appointment as Secretary to President Formally Announced.

SCHWARTZ SAW A VISION

Said His Dead Wife Invited Him to Join Her, So He Tried Suicide.

Claiming to have seen the vision of his dead wife and being commanded by her to join her in her celestial home, Samuel Schwartz, 72, of Sharon, Pa., tried to carry out her request by taking morphine. He was unconscious when found but was revived.

He said his wife's spirit summoned him, and Schwartz, expressing doubt as to whether he could go to heaven, the spirit told him it could be fixed. Then he begged off for a day to settle his accounts. This being granted he tried suicide.

Ontario County Appointments. The supervisors, assembled at Canandaigua, N. Y., reappointed P. L. Leahy of Geneva county attorney, at an increase of salary, also named Miss Frances McIntyre as stenographer.

Dr. S. R. Wheeler, superintendent of the county tuberculosis hospital, asked that physicians encourage persons in need of treatment to go there before their cases become hopeless. Miss H. Ida Curry of the State Charities Aid association asked the board to appropriate \$900 to help defray the expense of maintaining a competent agent to look after the dependent children of this county, declaring the need was great and that it would prove not only a humane, but an economical move for the county.

Whirled Around Shafting and Killed. Oscar Johnson, aged 22 years, was instantly killed at Lamont Station, Pa., where he was employed in the standard gas pump station. He was colling an engine, when his clothing caught in the wheel. He was whirled around and around, his shoulder and head striking the floor at every revolution of the wheel until something gave way and he fell to the floor. Johnson's body was found some time later by a man sent in search of him.

Wellsville's Mayor Renominated. Hon. T. J. Egan was renominated for mayor of the village of Wellsville, N. Y., Friday night without opposition by a caucus of Republicans and Democrats. Trustees Allen and Harder were also renominated. Egan will have no opposition for election. Collector, J. E. Beckwith; treasurer, George B. Booth, Jr.; assessor, William Opp, and police justice, F. M. Leonard, were also renominated.

Mitchell Mentioned For Editor. It is reported at the union's headquarters in Indianapolis that John Mitchell is to become the editor of the Mine Workers' Journal, the official organ of that organization. The present editor has resigned and the executive board will select his successor. It is understood that Mitchell has been offered the place at an increased salary.

Crumb Gets Science Berth. The board of education of the Bath (N. Y.) high school has engaged Ralph Crumb, who in June will be graduated from Alfred university, as instructor in science for the coming year, succeeding Professor Frederick Mason, resigned.

Pubic Debt Increased in February. The public debt of the United States according to a statement issued by the treasury department increased \$2,247,372 during the month of February. The debt less cash in the treasury on Feb. 28 was \$1,069,175,796.

Will Head Republican Ticket. William Collins Casey, who received the nomination on the village ticket for mayor of Batavia, N. Y., on the Republican ticket, and was later put at the head of the Democratic ticket, has declined the latter honor.

Held For Grand Jury. Arthur Burrell of Woodhull, N. Y., has been held for the action of the grand jury at the April term of supreme court at Bath. The 12-year-old daughter of Mr. and Mrs. Samuel Darling is the complainant.

MADE \$50,000 IN A DAY

Was James R. Keene's Private Telephone Operator.

Story Brought Out in Bankruptcy Proceedings of Lathrop, Haskins & Co. Before a Referee—Operator's Total Profits in Hocking Coal and Iron Alone Netted Him \$30,000—Said He Bought Stocks in at 26.

New York, March 7.—The story of how James R. Keene's private telephone operator made \$50,000 in Hocking Coal and Iron on the morning of Jan. 19, 1910, when the Keene pool broke and the stock fell from 88 to 25, was told yesterday in the continued bankruptcy proceedings of Lathrop, Haskins & Co. before Stanley W. Dexter, referee.

W. J. Ronan was the operator and he lives at South Fourth street, Brooklyn. Some time previous to the breaking of the pool, Ronan said he had opened an account with the firm of Albert Loeb & Co., now Rothchild & Co., with about \$1,000.

Dumped 420 Shares on Market. He admitted dumping 420 shares of Hocking Coal on the market on the morning of Jan. 19. He heard of trouble the night before and was not going to take any chances. He made about \$39,000 net \$50,000 by the transaction and some of this sum he still has in stocks and some he lost.

When the counsel for the trustees of the defunct firm tried to connect Mr. Keene with this transaction, Mr. Money, counsel for Keene, protested saying: "It would be very offensive to say my client, who is in a precarious state of health, to have an attempt made to connect him with these measly shares of stock."

Witness in reply to further questions by Mr. McGuire said his present holdings of stock consisted of 40 shares of Panhandle, 50 shares of Denver preferred, 2 shares of Interborough, 50 Minneapolis and St. Louis and 200 Hocking. The latter, he said, he had bought in at 26. Witness calculated his total profits on Hocking Coal were \$39,000.

Started With \$5,000. Asked what amount of money he possessed before he became mixed up in Hocking, Ronan stated that he had an account of \$5,000 in the United States Mortgage & Trust company.

"I made it speculating in Wall street, sir," he said. Ronan added that since his experience in Hocking he had made some \$1,000 the whereabouts of which had vanished from his memory.

The hearing will be resumed on Wednesday.

AUSTRALIA AND CANADA

Business Men Discuss Trade Situation Between Two Countries.

Melbourne, Australia, March 7.—A deputation of business men called on Frank Tudor, the minister of commerce, and discussed the trade situation between Australia and Canada. They pointed out the importance of securing new markets for Australian products and suggested that it would be a good move of the government to subsidize a cargo service between this country and Canada and thus help local exporters to keep their hold upon the Canadian market.

Minister Tudor promised to lay the matter before the cabinet but said he did not expect that any action would be taken on the suggestion as the export trade to Canada in the year 1909 amounted to only \$400,000. He did not think that the government would devote a large amount to subsidizing a direct line with Canada so long as the trade amounted to such a small sum.

PANAMA CANAL BONDS

Treasury Department Will Issue \$50,000,000 Worth Within a Few Months

Washington, March 7.—The treasury department within a few months will make an issue of Panama canal bonds probably to the amount of \$50,000,000. The exact date of the issuance of these bonds has not been set.

The secretary of the treasury was authorized in an act of congress, passed by the last session, to issue Panama canal bonds to the extent of \$290,569,000 but \$50,000,000 is all that is contemplated now.

The working balance of the treasury, which for months has not been above \$30,000,000, is expected to drop below \$25,000,000 before June and the treasury officials will strengthen it by the bond issue.

Building 70-Ton Freight Cars. Berwick, Pa., March 7.—Work has been started by the local plant of the American Car and Foundry company on an order of 300 steel hoppers of 70-ton capacity.

The advent of this car it is thought will mark a revolution in freight traffic, the largest heretofore built being of 55-ton capacity, and these were referred to as "dread-noughts."

Ninety People Perished in Fire. St. Petersburg, March 7.—During the progress of a cinematograph show yesterday at Bologe, a town in the neighborhood of the Nikolai railway, a fire broke out and 90 children and grown persons perished.

FAVORS GOOD ROADS

Governor Believes They Could Be Constructed Legally on Adirondack State Lands.

Albany, March 7.—In answer to an inquiry last night as to whether, in his opinion, it would be feasible to extend state roads through the Adirondacks over state lands, in view of the constitutional prohibition which declares that such state lands shall be forever kept in wild state, Governor Dix declared that he thought there was no barrier intended against the dedication of the state land for a purpose which would be for the public benefit.

Governor Dix believes that under this interpretation of the law that good roads can be constructed over state lands and that reservoirs can be built on state lands in the Adirondacks.

The lands would continue to be state property under such conditions and the reservoirs and electric energy to be generated would be state property.

Governor Dix let it be inferred that he favored the construction of state roads and reservoirs under state ownership on such lands in the Adirondacks.

MILLIONAIRE COOK IN ROMANTIC WEDDING

Mrs. Clark and Frank Smith Married in Kansas City.

Kansas City, March 7.—Details of the romantic midnight wedding of Mrs. Ortelia R. Clark, widow of the late Henry D. Clark, owner of the Orpheum theater, to Frank Smith, the millionaire cook and brother of Mrs. Charles Fair, who, with her husband, was killed in an European automobile accident in 1902, came to light yesterday. The wedding was performed by the Rev. J. M. Cromer, at the residence of Mrs. Clark in this city one week ago last night.

"Our only reason for keeping the marriage secret," said Mrs. Smith, "was that Mr. Smith thought best not to create any talk among the heirs of his uncle's estate back east. Mr. Smith has just come into three million dollars from that uncle, you know, and he thought it just as well not to have news of the wedding made public just yet."

The Clark estate, of which Mrs. Smith has had active management, is estimated to be worth over \$600,000. Just what Mr. Smith is worth probably no one but Mr. Smith knows. He was said to have received one quarter million dollars from the estate of his late sister, Mrs. Charles Fair. Before that Smith was cook in a Santa Fe restaurant.

HUGHES WILL HEAD INQUIRY

Commission Will Investigate Proposed Increase in Second Class Postage Rates.

Washington, March 7.—Associate Justice Hughes of the supreme court will be chairman of the commission which is to investigate the proposed increase in second class postage rates which the popular magazines of the country have combated so strenuously.

It became known at the White House that President Taft had decided to name him. Under the joint resolution adopted by congress in the closing hours of the question of the justness or the unjustness of an advance in rates was left to a commission of three members appointed by the president, one of them to be a member of the supreme court.

NO QUORUM AT ALBANY

Only Few Members Voted For Senatorial Candidates.

Albany, March 7.—Yesterday's joint ballot showed no material changes as the result of the governor's statements, but it was not regarded as a test because only a few members were present. The vote follows: Democrats—Sheehan 6, Littleton 14, Sulzer 2, Carlisle 1, Hopper 1, O'Brien 1, Thomas M. Mulry 1, Isaac M. Kopper 1.

Republicans—Dewey 2. Total vote cast 29. No quorum.

Player Moriarity Gets Back Pay. Cincinnati, March 7.—The National Baseball commission has allowed the claim of Player Moriarity against the Louisville club for \$110 back pay, withheld because the player was not in condition when sold to the Omaha club. Moriarity's contention was that his disability was from being spiked in the knee during a game.

Not Up to Modern Standards. "Your wife's new hat makes her look like a queen," said the man who tries to be complimentary.

"Don't let her hear you say that," answered Mr. Bliggins. "I have looked through the histories, and I never yet saw a picture of a queen who looked as if she employed a first class milliner."—Washington Star.

His Obligations. "I owe Pjenska a call."

"Going there this evening?"

"No. You see—er—that isn't all I owe him."—Cleveland Leader.

THE NEWS SUMMARY

Short Items From Various Parts of the World.

Record of Many Happenings Condensed and Put in Small Space and Arranged With Special Regard For the Convenience of the Reader Who Has Little Time to Spare.

Wednesday. A dispatch from Ottawa says that the reciprocity agreement with the United States will probably have a majority of forty votes.

Unless Germany asks the New York authorities to act, the burden of solving the theft of the Drummond Jewels will rest on private detectives.

It was learned at Boston that Robert E. Davie, the broker under detention at Rio de Janeiro, could not be extradited under the indictment charging him with larceny.

A second indictment charging George B. Cox, the political "boss" with perjury in denying that he had received "gratuities" from banks appointed county depositories was returned in Cincinnati.

Thursday. Mr. Fisher, premier of Australia, mentioned the United States as a leading example of the evil of trusts.

The German consul general in New York said he thought whoever stole Mrs. Malwin-Drummond's jewels would be immune from prosecution if he did not bring them into this country.

A dispatch from Albany says the up-state Democrats regard State Comptroller Sohmer's demand for the exemption of certain offices from the civil service as a Tammany raid on the offices.

A dispatch from Washington stated that when the president signed the new bill relating to the issue of gold certificates the mints would stop the coinage of the metal, and probably would not resume for three years.

Friday. Germans have obtained a concession for a railway line in San Paulo, Brazil.

F. F. A. Ogilvie, a former American soldier, was sentenced in London to ten years' imprisonment for bigamy.

Hakim Kahn, a noted Indian outlaw, and 30 followers were caught in a cave by British forces, and 26 of the bandits were killed.

George B. Cox, in an affidavit made at Cincinnati, charged Judge Frank M. Gorman with "bias and prejudice" in an attempt to "swear him off the bench."

It was announced at Washington that thousands were starving in the famine districts of China, and that the American consul general at Shanghai had appealed for \$100,000 to meet the immediate needs of the sufferers.

Saturday. A bomb was thrown by a native at the automobile of a police official in Calcutta, but it failed to explode.

Near Stanhope, N. J., 30,000 or 40,000 cubic yards of trap rock was blown from a mountain by a big blast on the Lackawanna cutoff.

Princess di Trigona, a lady-in-waiting to Queen Helena, was murdered in a small hotel in Rome by Lieutenant Baron Platner, who then shot himself.

The hearing in the case of Daniel A. Reilly, charged with causing the death of John J. Nugent at Matteswan, was postponed at Poughkeepsie, N. Y.

Thirty thousand persons have died in China from the pneumonic plague and two hundred are expiring daily; famine victims in the same country are numbered by thousands.

Sunday. It was announced in Berlin that the German operations against the rebels in the Caroline Islands had ended; fifteen were shot and 426 banished.

President Taft called a special session of congress to meet on April 4, when he will submit the Canadian reciprocity agreement again.

Senator Joseph W. Bailey of Texas resigned from congress, but at the request of Governor Colquitt withdrew his resignation.

Assemblyman Merritt, the minority leader, issued a statement at Albany showing that the assembly is far behind that of last year.

SCOUT SUICIDE PACT

Members of Coroner's Jury Not Satisfied That Adams and Wife Agreed to Die Together.

Reading, Pa., March 7.—Unable to reach an agreement, the jury empanelled to inquire into the deaths of Samuel Adams and his wife, who were found hanging in the attic of their home near Windsor Castle, adjourned last night after several hours' deliberation. Some of the jurors scout the idea that the wealthy farmer and his wife agreed to die together.

Marks found on the woman's body strengthen the theory that she was murdered. It is believed by some that the woman was rendered unconscious and then hanged by her husband, who then hanged himself when stricken with remorse. A letter addressed to a brother-in-law of Adams gave instructions as to the disposition of the children, the estate and the funeral arrangements. After the signature of the dead husband is a line supposed to have been written and signed by the wife, saying that she was willing to die with him.

The coroner's jury is not satisfied that this line is in the handwriting of Mrs. Adams.

HUNT FALL MAY PROVE FATAL

George Brooke, 3d, in Critical Condition as Result of Plunge From Horse.

Philadelphia, March 7.—George Brooke, 3d, 22 years old, the University of Pennsylvania student who was thrown from his horse while following the hounds at the Radnor hunt and suffered a fracture of the skull, is in a critical condition.

The young sportsman attempted to take a fence when his mount balked, throwing him. In addition to the skull fracture he was wounded internally. The hunt was stopped and Mr. Brooke was placed in an ambulance and rushed to the Jefferson hospital here, where an operation was performed immediately.

SIGHT RESTORED; REWEDS

Minister, 74 Years Old, Marries Widow, Who is 61.

Philadelphia, March 7.—The Rev. Egleston Burroughs, a Baptist minister of Burlington, Pa., who was 74 years old yesterday, married Mrs. Marle E. Ziert, a widow, 61 years old, last night.

The aged pastor has been blind for a long time, and came to Philadelphia for the purpose of having an operation performed on his eyes. While here he met the widow, and celebrated the recovery of his sight by marrying her.

Mrs. Burroughs is the third wife of the aged clergyman. He declares that a man never is too old to marry, and that prior marriages make no difference with love.

RAIDED A WHOLE TOWN

Authorities Arrest About 200 Persons For Making Moonshine Whiskey.

Wheeling, W. Va., March 7.—About 200 men, women and children were arrested at Fortney, W. Va., on Saturday, when the federal authorities swooped down on the town. All are charged with manufacturing moonshine whiskey, and will be held, probably for the grand jury.

After receiving news of a large amount of illicit liquor being sent from this section, the federal authorities raided the town, and arrested practically all of the inhabitants.

Grief Kills Big Bulldog.

York, Pa., March 7.—Killed by grief over the death of its mistress, Mrs. Wade McClure, yesterday, Tip, a big brown bulldog, is dead at the McClure home in South Water street. Tip was peeted and treated with the same kindness as the children. The dog never ceased to feel the tender hand of its mistress falling gently upon its head whenever she chanced to pass until she was recently stricken with apoplexy. After Mrs. McClure was taken ill the animal failed to receive the same attention. It seemed to realize that something was wrong and would eat but little. When the end came the faithful dog seemed to realize it and laid down to die in the back yard.

Many Wed in Widows' Guild.

Berwick, Pa., March 7.—Since the foundation of the Berwick Widows' association four years ago 16 members of the organization have found husbands. Until yesterday, when some outsider found the minutes of the meetings, the association was supposed to be a charitable organization. The minutes, however, show that the subject of matrimony has entered largely into its deliberations. One of the notations in the minutes' book show that the widows have decided this year to hold their annual picnic jointly with that of the Berwick Bachelors' club.

Dies at Bier of Old Sweetheart.

Indianapolis, March 7.—Death sternly denied Mrs. Harriett A. Malpas a last look at the face of her childhood friend and sweetheart, Judge George W. Stubbs, when, as she stepped into the Stubbs home yesterday she fell unconscious, dying in a few moments by the bier. Mrs. Malpas was 61 years old and was born on a farm adjoining Judge Stubbs' boyhood home.
