Business.

A Business College worthy of the name is a business institution. Warren Business College is such a place. It is not to be compared with the average school, run in an ordinary manner. We have rigid business rules, combined with business methods of a practical nature. Our students are taught by people of experience. They succeed in the business world for the reason that they have been taught what to expect. It pays to attend our college. Enter at any time.

The one necessary thing for everyone to do is to be personally careful of what he eats and drinks, see to it that he keeps his feet dry and that he gets the benefit of plenty of rest. Guard such things, which are within the reach of everyone, and you will be practically immune from any serious illness.

PERSONAL.

—The announcement of Fred Ledebur, of Tionesta twp., for Associate Judge, appears in the regular column for announcements this week.

—Four more men are dead from drinking wood alcohol. We should think men would understand by this time, say an exchange, that it isn't a beverage and it is hardly worth while making any more tests.

—State Zoologist H. A. Surface has announced that spring demonstrations will be given in the model orchards of this county as follows: J. E. Gaul, Marienville, April 19th; John T. Henderson, East Hickory, April 21st.

—The Ladies of the W. C. T. U. of Nebraska held a mothers' meeting at the home of Mrs. Waive Weaver, on Wednesday, March first. All present report a very instructive meeting, fine music and substantial refreshments.

—The services in the Methodist Episcopal church will continue all this week. Mrs. Crawford is a most pleasing speaker and the large congregations testify to the fact that her work is appreciated by her listeners. The subject for Sunday evening will be, "Heaven and How to Get There."

—The dwelling house of Chas. J. Harris, better known as the "Indian Doctor," located on his farm about three miles east of Marienville, on the Balltown road, was destroyed by fire of unknown origin on the 25th ult. Mr. Harris carried no insurance on the property and the loss falls heavily upon him at this time.

—Sixteen counties send patients to the Warren State hospital for the insane, namely: Armstrong, Butler, Center, Crawford, Clearfield, Clarion, Erie, Elk, Forest, Indiana, Jefferson, Mercer, McKean, Potter, Venango and Warren. It is therefore not surprising that the institution is always crowded to its full capacity.

—William Dallas, aged 55, a resident of Clarion, committed suicide at 12 o'clock Saturday by shooting himself through the head with a .32 calibre revolver. He had been a patient at the State Hospital at North Warren for several months, but was discharged from that institution last fall as cured. He is survived by his wife and five children.

—Howard Lusher expects in a few days to start the drill on a well on Little Tionesta creek, about half a mile from the mouth of the stream. The company operating is Say & Wray, residing at Butler, Pa. A well finished by these operators a short time ago, located on the road leading to Little Tionesta, about a mile from this new location, came in dry, or practically so.

—The Franklin Y. M. C. A. has received from Endeavor, this county, two car loads of lumber, which were presented for the proposed new building by Congressman Nelson P. Wheeler about a year ago. The value at the time of the donation is estimated at \$2,700. It is expected that the work on the new \$50,000 structure will begin as soon as the weather is favorable.

—A Baltimore paper of recent date gives an account of the saving of a young man who had attempted suicide, after hours of work by Dr. Wilbur Ledebur, at St. Luke's hospital. The boy and a girl stood on a street corner and attempted to drink carbolic acid from bottles. A bystander knocked the bottle from the girl's hand before it reached her mouth, but the boy was not so fortunate.

—One of the coldest days of the present winter was last Sunday morning, when thermometers registered as low as 3 degrees below zero. Sunday night brought on about as heavy a fall of snow as we've had in a given time this winter and sleighing was better than wheeling Monday morning. A few hours of March sun made things look different, and those who came to town in sleds found it a drag to reach home with any sort of load.

—There is at least room for argument as to whether the proposed state road from Oil City to Tionesta, by the way of Plumer, should be changed to go by the way of Mr. Brundred's duck farm and Coal Hill. There is considerable country out in the Pleasantville district.—Blizzard. The people of this section would greatly prefer a river route, that is, a highway that should follow the east bank of the Allegheny—a route which for grandeur and sublimity would surpass anything in the commonwealth. But if this cannot be had, the road by way of Plumer would be preferable to the duck farm route. However, its the road we want first, the "hagging" as to location can be postponed to a later date.

—The County Commissioners have decided that there shall be no nominations for township and borough offices at the primary election to be held June 3, 1911. All nominations for township and borough offices will be made in the same manner as heretofore. In Forest county the custom has been to hold party caucuses at convenient places and at such times as best suited the voters. As it will not be necessary to file certificates of nominations until eighteen days prior to the November election, these caucuses can be put off till some late date in the summer or early fall. In this way the nominations for township and borough officers will not interfere with or complicate matters at the regular June primaries.

—They are telling an awful mean story about DuBois. A traveling man who 'makes' the towns along the B. R. & P. railroad about once a month, left Buffalo not long ago on the night train and took a sleeper. He never fails to eat a midnight lunch and on this occasion had placed some Limberger cheese and crackers in his grip. About 12 o'clock he awoke, ate a couple of sandwiches and started toward the toilet to wash the rather heavy smell from his hands. As he passed the smoking compartment he noticed the brakeman sitting with his head propped against a window, contentedly snoring. The drummer stepped softly into the smoking room and passed his hand under the nose of the sleeping brakeman. The latter, so 'tis said, woke up and at the top of his voice yelled, "DuBois, DuBois, all off for DuBois!"

For Sale.

The one-story frame building, 40x100 feet, known as the Skating Rink, on Walnut street, below the Forest County National Bank, is for sale. Parties buying to take the building down and away, before the first of April. Inquire at Forest County National Bank.

GOOD ROADS SPECIAL TRAIN.

It will be in Tionesta March 21, 1911, and Everybody is Cordially Invited to See It and Hear the Lectures.

ED. REPUBLICAN:—The good Roads Special, the first train ever used in a state-wide campaign to improve the condition of the public high-ways, is being operated by the Pennsylvania Railroad Company with the assistance of the United States Department of Highways, the Pennsylvania State Highway Department, and the Pennsylvania State College.

There are two lecture cars in the train, two flat cars carrying machinery and various kinds of implements for building and maintaining the roads, and one car containing pictures, maps, charts and small sections of various kinds of stone and dirt roads. Each of the exhibit cars are in charge of a demonstrator, and the lecture cars are equipped with lanterns for illustrating the talks.

The Pennsylvania Railroad Company inaugurated its good roads campaign last year, and since that time it has been distributing literature and holding meetings at various stations, and the local officials have arranged to have this train scheduled to be at Tionesta March 21, 1911, arriving at 9:30, A. M. and departing at 11:30, A. M. where lecture will be held in lecture cars.

I am requested by our people to give this as wide circulation as possible as they are anxious to have every one present that is in any way interested in the improvement of our public highways and they especially desire the presence of the road supervisors and commissioners of the various townships surrounding Tionesta.

The cars will be open for inspection upon arrival and remain open until departure.

If you will place an item in your paper in regard to the proposed stop at this station it will be appreciated.

W. C. IMEL,
Station Agent, P. R. R.
Tionesta, Pa., March 4, 1911.

RECENT DEATHS.

MAUK.

Mrs. Frank Mauk, aged 38 years, 11 months and 15 days, died at Truemans, Howe township, Forest county, Pa., March 5th, 1911, of dropsy, after a short illness. Her home was at Yankee Camp, where her husband is employed in the lumber woods. Her daughter being ill, she had taken her to Truemans to be nearer medical treatment, and was herself stricken with illness. The deceased was a native of Clarion county, a daughter of Mr. and Mrs. Tans Zerbe, who, together with the husband and seven children—three boys and four girls—survive her. At a revival meeting in the early part of the winter, Mrs. Mauk was happily converted, and death, aside from parting with those near and dear to her, had no terrors for her. The funeral will be held today, Wednesday, the interment taking place at Tylerburg, where Rev. M. B. Riley will conduct the services.

ELLIS.

George Andrew Ellis was born in Tidouite, Pa., October 16, 1870, and died at Mont Alto, Franklin county, Pa., Monday morning, March 6, 1911. His parents were William and Elizabeth Ellis, the father having been dead a number of years. When the deceased reached young manhood he entered the employ of the Tidouite Chair Co., where he worked for 12 years, and then moved with his mother and other members of the family to Tionesta, since which he had been a resident here. For the past two years his health had been on the decline, yet being of an industrious turn, he continued to do such work as his physical condition permitted until about two months ago, when he went for treatment to Bon Air sanatorium near Bradford, and from there to Mont Alto, Franklin county, Pa., where his last days were spent at the tuberculosis sanatorium. George was a man of quiet disposition, respectful in his manner toward all, and had many friends in this community who will regret to hear of his demise. He is survived by his mother and two brothers, William of Tionesta, and Robert of near Tidouite. The remains will be interred at his native home in Tidouite tomorrow. Rev. W. O. Calhoun will officiate at the funeral services.

Yankee Camp.

T. D. Collins, of Nebraska, gave an organ for the benefit of the church and Sunday school. All appreciate his kindness.

One day last week, while working for Mr. Jones, of this place, Harry Hotel cut two fingers on the left hand nearly off, while the others were cut badly, which will lay him idle for some time.

Willard Albaugh, who resides in this place, came home over night from Cooksburg, where he was called two weeks ago on account of the serious illness of his wife, who is at the home of her parents, Mr. and Mrs. Thomas Knight. He reported her seriously ill and returned the next morning to be with her until she gains a little. We hope that will be soon, so we may see both back before spring-time, as they are missed greatly among their neighbors.

George Smith cut his foot badly and has been unable to work for some time, but is getting along nicely.

Rev. A. R. Rich, the district superintendent, visited our camp last Sunday, in company with our pastor, Rev. C. E. Arters, and held a good meeting Sunday morning. In the evening prayermeeting was held with a few moments of very fine singing and music. Miss Dauen-speck was the organist, while the choir was composed of Mary Kiffer, Scott Albaugh, Harry Hotel, Ernest Mauk and Mr. Cassatt.

Harry Potter, Jacob Bradybaugh and Jas. Pamitter erected a new watering trough for the company barn one day last week, which makes a great improvement, but the horses are most afraid for fear they are taken there for a bath instead of a drink.

Albert Gillespie, youngest son of Mr. and Mrs. Fred Gillespie, got hit in the eye with a ball, and it has proved to be a serious injury. He was taken to Kellettville Wednesday night, where Dr. Detar, by working some time, thinks he has restored the sight. We hope for the best.

Della Mauk, the young daughter of Mr. and Mrs. Frank Mauk, who has been seriously ill, is improving slowly.

Could there in this world be found Some little spot of happy ground, Without the village tattling.

MINUTES OF FEBRUARY COURT.

The case of the Commonwealth vs. Albert Burdick, who was charged with felonious rape, etc., was on trial last week when we went to press, and ended with a verdict of not guilty.

The case of Boyd F. Winans vs. Leon Watson and A. L. Weller, which was a damage suit involving stampage, was settled out of court.

The case of the U. S. Merchant Mutual Fire Insurance Co. vs. Marienville Lumber Co. Limited, was continued.

The case of the Borough of Tionesta vs. Mrs. H. L. Hepler, which was a suit to collect a sidewalk bill, was tried and the jury rendered a verdict of \$41.34 for the borough, Thursday afternoon. The costs, amounting to \$69.96, follow the verdict.

All jurors, excepting those engaged in hearing the Burdick and Hepler cases, were discharged Wednesday.

GRAND JURY REPORT.

The Grand Jury reported that they had acted upon four bills of indictment of which three were found true bills. They visited and inspected the court house, jails and public property of Forest county and find the said property in very fair condition. They request the annexation of a safety vault for the safety and protection of records belonging to the county of Forest in the Commissioners' office. They recommend that the court house closets have sanitary conditions, the cleaning out of all unnecessary rubbish in closet building and a general repair of jail. The eave spouts of said jail should be repaired and two rooms of sheriff's house should be papered and woodwork refinished. All new mattresses and pillows are also recommended. They recommend that the Commissioners replace a portion of board walk with stone walk to conform with rest of walk on southeast corner of court yard. They viewed the poor farm and suggest putting in one chair for each bed and one suitable stand for each two beds. The walls of the poor house and woodwork should be refinished. Also suggest the repairing of gutters of roof. The ladies' toilet room was found in bad condition. The building of new walks and a gravel drive from road around county house and back to road was recommended. The fencing of four or five acres of land for a bog pasture and the building of a new barn for the accommodation of the farm were also recommended.

Basket Ball.

In the presence of a large and enthusiastic audience the Tionesta athletic team defeated the Franklin High School team here last Friday in a game that was unusually fast and exciting. The Franklin bunch was a mighty lively aggregation and had us downed 16 to 19 in the first half. In the second half Craig held Park, their star player, to one field goal, while our boys by good work annexed eleven points. The Franklin boys expressed themselves as being well pleased with their treatment here and want to come back for another game.

The lineup:
Franklin.—18 Tionesta.—21
Johns RF J. Weaver
Woodell LF Ed Lawrence
Park C Phil Blum
Rallya RG Chas. Flick
Grant LG Don Campbell
Substitution—Harry C. Craig for Blum in second half. Field goals—Weaver 4, Lawrence 3, Craig 1, Flick 1, Johns 3, Park 3, Rallya 2. Foul goals—Weaver 3 out of 4, Park 2 out of 4. Referee—R. J. Hopkins. Scorer—Jeff Henry. Timekeeper—Wm. O. Atwell. Time, two 20 minute halves.

The Sheffield athletic team, which was scheduled to play here Monday night, could not get through on account of the P. & E. train being an hour late, and at the very last moment the Tidouite High School team was reached by phone and consented to fill the date. They arrived on the night train and the game began at 9:30 before the largest audience of the season. The visitors proved that they knew the game and while Tionesta won, it was only in the last five minutes of play that the result of the game was placed beyond doubt. At the end of the first half the home team led by a score of 17 to 6, but the Tidouite boys came very near to tying the score by some good work in the first part of the second half. Tidouite has lost only three games out of fourteen. The basket ball game seems to have caught on in good shape here and is very popular. The crowds were pleased with the gentlemanly conduct of both the Franklin and Tidouite players and they will meet with a good welcome when they appear here again. The lineup:
Tidouite.—14 Tionesta.—25
Carahan RF J. Weaver
V. Hawkey LF Lawrence
H. Hawkey C Blum
Lytle RG Chas. Flick
Carlson LG Campbell
Substitution—Craig for Blum in second half. Field goals—Weaver 1, Lawrence 6, Craig 3, Flick 1, V. Hawkey 1, Lytle 3, Carlson 2. Foul goals—Weaver 3 out of 7, Carahan 0 out of 2, Lytle 2 out of 6. Referee—R. J. Hopkins. Umpire—Haydn Carahan. Scorer—Jeff Henry. Timekeepers—G. H. Herman and Ralph Clinger. Time, two 20 minute halves.

A Foremost School.

The State Normal School at Clarion, Pa., is one of the foremost Normal Schools in the country. It stands for high ideals in scholarship and conduct. It has a fine body of young men and women. Its graduates take high rank in teaching and in other professions. Its equipment is unsurpassed. If you are interested, write for the catalogue and special bulletin to the principal, J. George Becht, Clarion, Pa.

We Want to Say

A few plain matter-of-fact words. This is a peculiar store. There is not a store anywhere that is more anxious for your money. But no store in existence will give you more for it and no store in existence will do as much to protect its customers as this store. We are not the only honest store in Oil City, but we go to extreme lengths with our honesty and we do so simply and solely because it pays. We have no smart clerks, no small tricks, no petty misrepresentations or humbugs. The swarthy laborer with his tin pail has to pay the same price as his kid glove neighbor and our constant study is to sell only reliable goods and to sell them as near the actual cost of production as it is possible to do.

We don't want your money until you are satisfied you are getting more for it than you can get anywhere else and you can have it back any time you call for it. You don't even have to tell us why you want it back. It is enough for us to know that you do. If you want to do business with that kind of a store, drop in to-day and get acquainted.
