The Gold Medal Linens are manufactured by Wm. Liddell & Co., of Belfast, Ireland. All over the civilized world their product is known well and favorably. The Gold Medal Linens are dependable. They are the kind that constant laundering improves, rather than destroys. Therefore, when we say to you—here's your chance; take your pick of this great lot of snowy cloths and napkins, for one-third less than usual price, it means a golden opportunity to save money.

The lot contains—
About 100 dozen Napkins, all grades,
About 300 Cloths, size 3x3 feet to 9x15 feet.

The New Trouser Skirt,

Recently created by Poiret and Doucet, has been perfected by American Women.

We present this new unique skirt in a style adopted from the mode recently launched in Paris.

Unfortunately this new skirt is the victim of a name that infers the possibility of its being impracticable. On the contrary, it is one of the most graceful and practical skirts ever designed. It is ideal for walking, outdoor sports and traveling. It proves its desirability particularly when a woman alights from a vehicle or car.

It does not in the least suggest masculine attire, as its name is merely suggested because the skirt is somewhat divided, and is not unlike a riding skirt.

A demonstration of this skirt on a living model every afternoon.

A Trust Company Has Great Advantages as the Executor of an Estate.

In the first place it is absolutely responsible. Its large capital guarantees its fidelity. It is practically perpetual. Men may come and men may go, but the Trust Company goes on for generations. It combines the capital, the brains, the experience and the judgment of many men of proven financial ability. It has the impersonal but dependable honesty inherent in a banking institution that is hedged about by stringent laws, and whose financial statements are regularly and frequently given to the public. It is entirely free from those temptations which often encompass the ruin of the individual executor and wreck the estate entrusted to his care.

KILLS NO PASSENGER IN 1910

Pennsylvania Carries 136,000,000 East of Pittsburgh Without a Fatal Accident.

Philadelphia, March 14.—Not a single passenger out of 136,000,000 carried on the Pennsylvania railroad in 1910 was killed in a train accident.

This is brought out in a report issued by the company, giving accident statistics for the year 1908, 1909 and 1910 for the lines east of Pittsburgh and Erie, including the Pennsylvania railroad proper, the Philadelphia, Baltimore and Washington, the Northern Central railway, the Cumberland Valley, the Maryland, Delaware, Chesapeake and Atlantic railway; the West Jersey, and the Long Island railroad.

Combining the statistics for 1908, 1909 and 1910, it is shown that in that time the number of passengers carried on the lines east of Pittsburgh and Erie was 371,858,277—more than four times as many persons as there are in the United States, and only one of them was killed as a result of a train wreck.

INSANE AFTER AUTO KILLING

Mother Loses Reason After Picking Up Mangled Body of Baby.

Cincinnati, March 14.—After seeing her five-year-old daughter Esther hit by an automobile, picking up the mangled body and running four squares to the City hospital, Mrs. Mary Koffman of this city, went violently insane when informed by the officials of the institution that the child was dead. She is in a precarious condition.

A riot was averted by the arrival of the police following the accident. The little girl was playing in the street, when the machine, owned by Mrs. W. A. Leach of Norwood, O., ran over her. The car was occupied by Mrs. Leach, a daughter and her maid. A number of men attacked the car after the child's body had been pulled from under it.

ELEVEN MAD DOGS KILLED

Fernwood and Yendon, Pa., Rid Themselves of Dangerous Animals.

Fernwood, Pa., March 14.—Police-man John Leighton of the Upper Darby police department killed six mad dogs in Fernwood. They were bitten a week ago when a building ran through Fernwood, East Lansdowne and Yendon, biting a large number of dogs.

Constable Hampton Leech of Yendon also killed five dogs in that borough, the dogs having been bitten by the mad dog, and showed signs of rabies. The tongues of the animals were black, showing that the disease had developed after being bitten.

THIEVES START AUTO FIRE

Machine Burns Driving Them Away. Brass Plunder Neglected.

Norristown, Pa., March 14.—Thieves entered the garage in the rear of the residence of B. I. Whitby, a member of the local board of health and vice president of the Montgomery National bank, and while they were stripping a Mitchell touring car of all its brass the automobile took fire and was completely destroyed.

The plunderers fled, leaving a basket of brass of the machines on the lawn, between the garage and house.

BABY MINUS ARMS AND LEGS

Freak Child Born In York Well In Other Respects.

York, Pa., March 14.—A girl born to Mr. and Mrs. Robert McClure in Dillsburg has no arms or legs. The child is healthy, but there is no sign of any legs, and stumps about one inch long are where the arms should be.

Mr. and Mrs. McClure are the parents of two other perfectly formed children.

Sixteen Hour Race Saves His Life.

Bloomington, Ind., March 14.—A 16-hour marathon for life resulted in victory for Thomas Easton of this city, thanks to the assistance of Indiana university students, who aided in a wild chase to keep the man from going to sleep after he had taken poison in an effort to kill himself. At a skating rink he was stripped to the waist and forced to keep on the go for sixteen hours, wet towels being applied vigorously to his back.
