## New Spring Modes.

Every day brings some new addition to a showing that is ahead without a peer.

Easter is a bit tardy this year—doesn't come until the 16th of April. But fashion things figure largely in their showing by the Easter date, and this week finds the store getting into thorough readiness for the spring and summer season. Much of the spring merchandise is here—a showing that is exceedingly right now—though our formal show days are ten days away.

## Splendid Collection

Of Spring models in Women's Suits, Coats, Wraps and Dresses, as well as Novel Waists and Millinery.

We are particularly anxious that our fashion display of this season surpass our own best efforts. There is a wealth of things for you to see here now.

## Distinctly New Tailored Hats, \$5 to \$7.50.

For early spring wear—for now, in fact. It's too early to blossom out in the elaborate creations, but just right for these splendid tailored effects.

All of them are either originals here, or copies of some of the leading designs seen in New York at the moment, and are easily worth two or three dollars more than the price asked.

## Formal Showing of 1911 Wash Goods.

Every tint that nature employs in the blending of colors is to be seen in the vast showing of 1911 Wash Fabrics. "Dainty" is hardly the word—they are beautiful in the strictest sense.

Makers have vied with each other in the blending of colors, and whether printed or woven, they are beautiful in coloring and artistic in design.

Many of them have a texture like tulle, though the peculiar method of weaving the threads gives to them the necessary strength for wear and for laundering purposes.

### The Embroidery Sale.

We inaugurated Monday a week of strenuous merchandising. A week in which James' will be the most active merchandising center in this city. And the Embroidery Sale and what follows will prove a most fitting introduction to a week, every day and hour of which, will be crowded full of opportunity.

In the New York office of many of the large importers of Lace and Embroidery they have on display—in addition to the thousands of samples which are shown in one eighth and one quarter yard lengths—several hundred sample pieces no two alike. It was our good fortune, when in New York recently, to run across an importer with several hundred sample pieces which he was very anxious to close as his season was over. We bought this lot at prices that will enable us to sell

- 15c Edges and Insertions for 9c.
- 25c Edges and Insertions for 15c.
- 50c Gallons and Bands and Flouncings for 25c and 29c.
- 50c 4 inch Embroidery Bands for 25c.
- 50c 27-inch Embroidery Flouncings for 29c.
- 75c 27 inch Swiss Flouncings for 39c.

This constitutes the most remarkable purchase and sale of Embroidery made by any store in this city in several years.

### WHO IS THE F. S. ROYSTER GUANO COMPANY?

TRADE MARK F.S.R. REGISTERED

The F. S. Royster Guano Company is the largest independent manufacturer of Fertilizers in the United States.

The business was founded twenty-seven years ago by Mr. F. S. Royster, who is still at the head of the Company, and gives the business his personal attention. It requires eight large Factories to supply the demand for Royster goods in the South alone.

Being desirous of extending our territory, we have built in Baltimore one of the largest and most modern fertilizer and Sulphuric Acid plants in existence.

Ask your dealer for ROYSTER goods and see that the trade-mark is on every bag. If he does not handle them, write and give us his name and we will arrange with him, or some one else, to supply you.
