A BILL has been introduced into the House at Harrisburg by Representative Benson of McKean county, creating two state normal school districts as follows: Thirteenth-Jefferson, Clarion, Forest and Venango counties; fourteenth-McKean, Warren, Potter, Elk and Cameron counties. If one of the schools could be located in Tionesta, the finest spot in the world for it, we'd heartily favor the bill.

THE deadlock in the New York legislature was broken by the election of one Mr. O'Gorman, to the U. S. Senate, Mr. Murphy having given up Mr. Sheehan and consented to the election of Mr. O'Gorman. These gentlemen, it goes without saying, are all Democrats, belonging to the Tammany Hall wing of the unaffiliated. The newly-elected Senator resigned his seat on the supreme court bench of the state to take the toga.

IT is alleged that Champ Clark would have no government-furnished auto, which moves the Franklin News to say: Far be it from a representative of the dear people to thus take pleasure in luxury while the toiling masses are without autos. But Mrs. Champ Clark and Speaker Clark have fitted up a nice private dining room in the Capitol building with delightful charm and some expense to Uncle Sam, though Speaker Cannon never could bring his Republican conscience to thus put burdens on the people. Mr. Clark has no trouble with his conscience, nor does the hand-decorated china and beautiful silver Uncle Sam is furnishing sound to him at all like an auto.

MONDAY night the House at Harrisburg, by a decisive vote reconsidered the vote by which it defeated the bill last week to increase the pay of the State Policemen. These meagerly paid men have proven a wonderful menace to evil-doers throughout the state, and in some sections have incurred much opposition on account of their efficiency in the quelling of riots, etc., and there should be no hesitancy on the part of our lawmakers in providing reasonable and living pay for this hazardous work, to the end that the efficiency of the state troop may not be impaired. Especially is this incumbent on the members of the legislature in the light of the fact that they have not gaged at voting increases of salaries to other, less worthy and less useful, officials. The bill should now pass with practical unanimity.

NEW LAW EXTENDS OFFICIALS' TERMS. The tangle into which the terms of county officers were thrown by the adoption of certain amendments to the state constitution in 1909 has been straightened out by an act of the legislature approved by Governor John K. Tener, March 2, 1911. Its effect, briefly stated, is to extend one year the terms of officials whose time would otherwise expire in an odd numbered year so as to bring them up on even terms with the rest.

THE new act, insofar as it bears upon local offices, is as follows: Section 1. Be it enacted, etc., that all public officers holding office at the date of the approval of said amendments, not otherwise provided for, whose terms of office expire at any time during an odd-numbered year, shall continue to hold their offices until the first Monday of January of the next even numbered year; and that all such officers whose terms expire in an even-numbered year shall continue to hold their offices until the first Monday of January in the next even-numbered year. (The last clause is understood to mean justices of the peace and notaries public.)

SECTION 2. All judges of the courts of the several judicial districts, associate judges and county officers holding office at the date of the approval of the said amendments, whose commissions expire on the first Monday of January in an odd-numbered year, shall continue to hold their offices until the first Monday of January in the following even-numbered year.

THE rest of the act validates the acts of officials during their extended terms and makes certain changes as to the day of the year on which public officials shall begin to their terms.

REGISTER and Recorder J. C. Geist of Forest County has received from Robert McAfee, Secretary of the Commonwealth, a letter advising him that aldermen and justices of the peace whose terms have been lengthened by the recently adopted constitutional amendments are entitled to serve their additional time without being re-commissioned, as the effect is to continue them in office during the extended terms without any other or further commissions. Official acts performed during the extended terms are by said act made valid and as of the same force and effect as if each of said officers had been elected "and commissioned to serve until the end of the extended terms." The letter directs attention to the fact that aldermen and justices whose terms are extended from May, 1911, to December, 1911, are not further extended. Their successors are to be elected in November, 1911, to serve from December, 1911, to January, 1912.

THE beef packers who confessed their sins 6 years ago, thought they could keep on robbing the cattle grower and consumer, without punishment, but Judge Anderson told them that they must now take their punishment like other criminals. An upright Judge.

Hotelville. Douglas Moore, who has been very sick for the past five weeks, is some better at this writing. David Silvis and wife visited at the home of John Kellogg, near Cooksburg, last Sunday. Guy Leslie, of Mayburg, was in town over last Monday night.

J. E. Moore, of Lolets, visited his father, J. D. Moore, last Saturday evening. J. E. Cosgrove was quite sick a few days last week, but is able to be out again. J. B. Campbell started last Friday for Greensburg, Pa., to consult a specialist in that place in regard to a peculiar ailment which he has been suffering from for several months and which the doctors around here have been unable to diagnose.

John Silvis has his cellar dug and will commence to build the stone wall around it as soon as the weather permits. Charles Campbell, a former resident of this place, but now of Hooker, Butler county, visited friends here a few days last week. Jacob Kuhns and family were all very sick with the grippe, last week, but are better now.

E. J. Landis, of Cooksburg, was transacting business in our town one day last week. Mrs. J. B. Campbell received a very favorable report last Wednesday from her daughter, Miss Eda, who is at Greensburg, Pa., taking treatment for tuberculosis. She is improving, quite rapidly. All join in wishing her a speedy recovery.

Harry Silvis got his fine team of grey horses clipped one day last week, which made a great improvement on them. John Bangham, of Marienville, was in our town on business last Thursday. S. W. Fitzgerald is taking out new timbers for the barn he expects to build on his farm this spring.

Cooksburg. Harry Knight was a business visitor in Clarion, Monday. Mr. and Mrs. T. B. Cook came up from Pittsburg last Tuesday to stay till after Easter. Mrs. Ernest Wilson, who has been suffering for the past month with appendicitis, was taken to the Kane hospital last Friday to undergo an operation. She was accompanied by her husband. We hope she may be able to return home in good health soon.

Dr. Beatty, of Kane, was a visitor here last Thursday night. Henry Beers departed Friday to a nearby town to have some dental work done. As yet he has not returned and we have not heard from the dentist. Mrs. Milton Albaugh expects to return to her home at Yankee Camp the latter part of this week.

Edward Maze and son Luther, of Halsey, where he is employed by the United Natural Gas Co., were business visitors here last week. That was an exciting little serenade we had last Saturday night, but we were sorry it was such disagreeable weather, so that a larger crowd might have been there to help us.

John Colhepp was a Brookville visitor last week. Mr. and Mrs. Jerry Cook celebrated the sixtieth anniversary of their wedding, March 30th, by inviting in a number of their friends to dinner. They are known to our readers as the oldest surviving inhabitants of Cooksburg. We hope they may live to celebrate many more anniversaries.

Joseph Cook went to Kane last week, where he is employed by the American Glass Co. Many of our raftmen returned Saturday from the city. Loyes Ward, who has been employed at Youngsville, Pa., for the past six months, returned home last Wednesday, bringing with him his "better half," which was a great surprise to the community. He was married Tuesday, March 28, 1911, to Miss Ethel Weaver, one of Youngsville's most esteemed young ladies. We understand they will visit at home for a short time. We wish them much happiness as they journey together through life.

Mr. and Mrs. Scott Agnew visited relatives in Leeper last Sabbath.

PLAGUE IN MANCHURIA

Total Number of Deaths in That Province Up to Feb. 15 is 12,083. Washington, April 4.—Mail dispatches from Mukden dated Feb. 15 and Feb. 22 give the official statistics of plague cases in that city and other parts of Manchuria. The total number of cases in Mukden, up to Feb. 14 was reported at 1,943, but the figures are regarded as incomplete. The total number of deaths up to Feb. 18 was given as 1,028. The population of Mukden is about 180,000.

The total number of deaths in Manchuria up to Feb. 15 was given as 12,083, but this is probably only a rough estimate and does not in any case include the deaths in the towns along the Russian and Japanese railways, which probably amount to as many more. The plague has appeared at nearly every town along the railways from Changchun west to Chinchou and south to Liaoang.

The number of deaths daily at Changchun is estimated at 200. Plague in Eastern Java. Batavia, Java, April 4.—The subonic plague has broken out in Eastern Java. So far 100 natives have succumbed to the disease.

NEW GOLD DISCOVERIES. Hundreds of Miners Are Flocking to Township of Marathon. Porcupine City, Ont., April 4.—New gold discoveries have been made north of the line of the National Transcontinental railway, just north of the township of Marathon. Hundreds of miners are flocking there from Porcupine.

When prospectors returning from Marathon a few days ago told of their finds of gold and silver, a procession of toboggans started over the half-broken trails. The rush thus far is confined to the most venturesome, trained prospectors not caring to take chances at this season with insufficient supplies in the new territory where no supplies of any kind can be had.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided. Sold by all dealers.
