The Late Charles A. Hill.

An obituary of the late Judge Charles A. Hill, whose death occurred Monday, will be found on the first page of today's paper.

—Following is the list of letters lying uncollected for in the Tionesta, Pa., post-office for week ending April 19, 1911: Mr. J. W. Garnette, Mr. John Burch.

J. W. JAMIESON, P. M.

—Spring's been on top for a full month, taking the almanac for it, but as yet not a foot of garden has been made hereabout that we're aware of. Thus far it's been a running fight between snow, rain and sunshine with elements predominating in the order here named.

—"Keep the hands wet while handling trout and save the little fellows from dying," is the advice of the scientific angler, but the old sport, with a world of experience to back him up says, keep the lips wet and the hands and little fishes will take care of themselves.

—Applications are steadily coming in for Summer School accommodations, and those having the matter in charge are greatly encouraged with the outlook. If any prospective students have not yet made arrangements, they should make provisions for accommodations immediately.

—The property and old homestead in Clarion of the late Judge Campbell, who was Forest county's first President Judge after its re-organization in 1866, was sold at public auction a few days ago. It brought \$11,450, and was purchased by Frank S. Bowman, one of Clarion's prominent citizens.

—The opening day of the trouting season, Saturday, was a cold one and wholly inauspicious, with a 60-mile gale blowing steadily, and what it did to the angling crank who ventured to "wet the line" was plenty. Nothing doing, so to speak was the almost universal report of the returning stragglers.

—The first run of boats for the season was brought out of Tionesta creek last week when Lewis Cook landed four boats at the mouth of the creek for Collins, Darrah & Co., of Nebraska. Two are empty and the others are loaded with hemlock lumber. The fleet got out for Pittsburg this morning.

—The tercentenary of the King James version of the English Bible, will be celebrated in the Methodist Episcopal church next Sunday evening with appropriate exercises. There will be a platform meeting at which time there will be a number of papers and addresses, interspersed with good music. A cordial invitation is extended to all.

—The Sibley campaign audit has been postponed until June 15. That date has been agreed upon although the formal order of court will not be made until the second Monday of May, the date originally set. Mr. Sibley's physical condition does not improve much, and it is doubtful whether he will be able to attend the audit even at the time set for it to begin.

—Petitions protesting against the taking up of the water power rights on Tionesta creek by a foreign corporation are now being circulated in all the townships along the creek and will be presented to the governor, at Harrisburg, April 25th, the date on which the charters are applied for. Let the residents of these townships array themselves against this grabbing of these water rights and sign these petitions as a protest.

—Dr. Serrill, of Kellettville, took Robert Ruhmsander to the Emergency Hospital at Warren, Friday morning to have an operation performed. About three years ago Ruhmsander, who is sixteen years old, was kicked in the knee by a horse, and tuberculosis of the bone set in, and it was found that the only thing that would save the young man's life was to have the injured member amputated, and he was taken to the hospital for that purpose.

—Twenty-five double cans of brook trout were received here last Wednesday by the Forest county fish and game protective association and distributed in the many excellent trout streams in this vicinity. It is estimated there were close to fifty thousand of the little speckled fellows, and they were in the finest possible condition. The sportsmen hereabout have made this a practice for years past, having each year increased the distribution, and in a short time will add another large consignment, so that, if a decent regard for the law were observed by fishermen the time would soon come when the pretty mountain streams of this section would once more afford the greatest sport to the lover of angling for trout.

—"The Mount and Stream Journal," a forty-page pamphlet published in the interests of hunters and fishers in Pennsylvania, has made its initial bow to the public. It is the creature of the Hunters' and Anglers' Association of the city of Harrisburg and will be devoted mainly to the conservation of the game, fish and forests of Pennsylvania, and in future will aim to champion the rights of the citizens of the state along the lines indicated, advocating the passage of common sense laws that are fair and just to all sections. With these objects in view and strictly adhered to the new venture deserves to live and progress, and we wish it abundant success. The Journal will be issued monthly at 50 cents a year. All communications should be addressed to Geo. D. Herbert, Editor, Harrisburg, Pa.

—Harry Potter, of the live-y firm of Potter & McCoy, of this place, and who has a lumber contract with the Salmon Creek Lumber Co., at Kellettville, was very seriously injured at eight o'clock on Tuesday night of last week, while at work loading piling on the cars near Hastings. They were working overtime to get some cars out early in the morning. The engine was taking a number of loaded cars and the steam log loader up a grade when the load stalled and began to run back. Harry took the grab of the loader and jumped off to get a hitch on a tree, when in some manner he was caught by the wire line or the grab and a six-inch cut torn around his right leg just below the knee. The flesh was also torn loose down from the cut, making a very bad wound. He was also thrown for some distance, alighting on his right hip and side on a sharp stump, giving him some very painful bruises. He was taken to Kellettville the same night, where Drs. Detar and Serrill attended him. Wednesday night he was brought to his home here and is now under the care of Dr. Dunn. He is improving, but it will be some time before he can resume his work.

—Floyd Fitch, aged 20 and employed on Olson's saw mill two miles out on Eagle Rock, was seriously injured by being hit by a board thrown over the edge saw Monday of last week. The board struck him on the left side fracturing several ribs and causing internal injuries. Dr. Howard was summoned on Tuesday and after rendering first aid took the man to the Warren Emergency hospital where he was assisted by Dr. Robertson in an operation which relieved the patient of considerable clotted blood in the abdominal cavity, and rendered his condition much easier. The young man was improving at last accounts and is expected to completely recover.

—Alphabet Scamper will prove a new and happy way of picking up a play-room and sharpening wits at the same time. At a signal from mother, the children run to find and put in their proper places all the A's—animals, arks and acrobats; the B's—balls, bats boxes and bisque dolls—that are scattered about, and so on through all the letters of the alphabet. A simple prize—a chocolate bar, a cookie or a big hug from mother, rewards the child who finds and puts away the most objects, and in five minutes the room will be cleared ready for some more rainy-day fun. A simple device, but it will bridge safely the stormy waves of a shut-in day. Bedtime will come before the children know it, and there will be no sorry, misunderstood little boy, unhappy and banished to a lonely corner.—The Ladies' World for May.

—Charles Creed, many years ago a well known and highly esteemed resident of this section, died at his home at Duncombe, Iowa, Sunday, April 2, 1911, aged 82 years. He was born in Lincolnshire, Eng., Feb. 25, 1829, and when 18 years of age came to America. For a number of years he was engaged in lumbering operations near Lickingville, Clarion county, and it was there, in 1869, that he was united in marriage with Mrs. Rachel (Everhart) Hays, who, with four sons and one step-daughter, survives. The family removed to Iowa in 1881, which state has since been their home. Mr. Creed will be remembered by most of the older residents of the community in which many years of his life were spent, and in which he was honored and respected in a high degree for his upright, sterling honesty and kindly, sympathetic nature as neighbor and friend.

—Hezekiah Culp, of Pinegrove township, Venango county, has a home made sword cane which he has good reason to believe was made more than 100 years ago by his father. Mr. Culp is past 74 years and his father told him that it had been made a great many years before the birth of Hezekiah. The cane proper is made of curly maple fully an inch in diameter and octagon in shape laid off in feet, inches and half inches. The ferrule is hand forged as is also the sword which is a four-cornered piece of finely tempered steel about a foot in length and tapering down to almost a needle point. The top is a round knob which serves as a handle while the cane serves as a scabbard. The idea of this old-fashioned weapon is that in case the cane, used as a club against a highwayman or other assailant, should be wrested from the owner's hand he would still have the dagger in his hand and it looks capable of killing almost anything living less in size than a full-grown elephant.

—F. E. Thompson, of West Hickory, was in town on Saturday, in the interests of the American Book Company, for whom he is out hustling in the intervals of teaching school at West Hickory, where he is principal of the High School.—Seneca Kicker.

—Mr. and Mrs. G. H. Killmer left Tuesday noon for Rochester, Minn., taking their young son Waldo to the Mayo hospital for an operation for a trouble that has been affecting the glands of the boy's neck for a number of years. Their many friends will wish them a speedy recovery and a safe return with their bright little boy.

—The following renewals and new subscriptions are thankfully acknowledged this week: S. W. Fitzgerald, Hottelville; Frank P. Walker, Lamson, Ala.; O. A. Jones, West Hickory; D. P. Walters, Irvine, Pa. (new); Charles Metz, Eagle Rock; M. A. McIntyre, Meadville, Pa. (new); Harry H. Smith, West Hickory, (new); S. E. Church, East Hickory.

—Friends here have word from Thomas Snodgrass to the effect that he was operated upon at Johns Hopkins hospital, Baltimore, Md., Monday of this week. While the operation was a serious one, the patient is doing well, and the physicians believe his recovery is only a question of a short time. This will be glad news to Mr. Snodgrass' host of Tionesta friends.

—Mrs. E. H. Van Derlin was pleasantly surprised at her home on Neubert street last night by a number of neighbors and friends, the event being her birthday. The evening was pleasantly spent in playing cards, music, etc. One of the chief features was the rendition of several vocal selections by L. A. Stover. A toothsome lunch was served and everybody had a good time.—St. Mary's cor. Ridgway Advocate, Mr. and Mrs. Van Derlin were former residents of Tionesta.

—The class of nineteen hundred and eleven of the Tionesta High School have issued invitations for the commencement exercises, which will be held in the Court House, Wednesday evening, May 3d, at eight o'clock. There are ten members of the class, as follows: Hazel Faye Clark, Margaret Haslett, Janet Marie Jamieson, Florence Margaret Maxwell, Glenn Loretta Weaver, Delbert Decker, James Aura Foreman, Parker Chambers Flick, Charles Willis Flick, Thomas Franklin Ritchey, Jr.

Whig Hill.

J. I. Dean came over from Pleasantville last Tuesday to attend to some important financial matters.

George Tobey and Ned Patterson are home from East Sandy for the summer, their work at that place having been completed.

Earl and Elmer Berlin were Tidouche visitors last Sunday.

What seems to have been a family of four people, a man and wife and two children, were seen traveling over our hill last Tuesday, taking shelter for the night in an unoccupied house on the east end of the hill. It has been learned later that they had been cared for at the County Home previous to their trip over in this locality. They traveled on toward Kellettville in search of work. At any rate such was their plea.

We have experienced some fierce spring winds and had the famous Easter snow storm. Now we have the beautiful sunshine and fair weather for a day at least.

Some of our people were attending Post duty at East Hickory Saturday last. The school realized a disappointment one day last week in not being photographed, and the teacher really was going to "stand in" with the bunch.

Argument and License Court.

At argument court yesterday, with President Judge Hinckley and Associates Hill and Aul on the bench, the following business was transacted:

On motion of S. D. Irwin Esq., a committee consisting of the bar of Forest County was appointed to draft suitable resolutions on the death of ex-Judge Charles A. Hill.

Charles L. Shippe was appointed guardian of Ethel J. Albert A., Catherine I., and Cornelia V. Shippe, minor children of H. K. Shippe deceased, and heirs of A. K. Shippe deceased. The bond was fixed at \$500.

Attorney Irwin made return of sale of real estate of Geo. B. Armstrong deceased by the executrix, Margaret Armstrong. The property located on Smokey Hill was sold to G. W. Robinson for \$150. The report was confirmed nisi.

Bond of Wm. Nicol, tax collector of Tionesta twp., in the sum of \$5,000, was approved.

The Road Supervisors of Hickory township were granted permission to levy an additional road tax of five mills.

The same permission was granted to the Road Supervisors of Tionesta twp.

In the case of the Commonwealth vs. Jesse Carson, for obstructing the public road, the road supervisors of Tionesta twp., prosecutor, the court granted a rule to show cause why the judgment, sustained for want of affidavit of defense, should not be allowed to stand.

The widow's inventory and appraisal in the estate of W. B. Osgood, deceased, setting aside \$300 for the widow, was approved.

The motion for a new trial in the case of Tionesta Borough vs. H. L. Hepler was withdrawn by the defendant's counsel.

The license applications were taken up after the noon hour, and there being no contest on those of Joseph J. Young, New Marien Hotel, and Geo. W. Buhl, Keystone Hotel, Marienville; R. A. Fulton, Central Hotel, and Chas. F. Weaver, Hotel Weaver, Tionesta, these were granted. Much testimony is being heard on applications of Ruland Putnam and Harry S. Canfield for hotel licenses at West Hickory, there being nearly a hundred witnesses subpoenaed, and they are still under consideration as we go to press. The application of John N. Gerow for a wholesale license in Tionesta has not been reached. The application of E. J. Hoy for a retail license at the Central Hotel, at Clarington, was heard Tuesday afternoon and was later withdrawn by counsel for the applicant.

More Railroad Rumors.

An important meeting was held in this place last Thursday which may result in an extension of the P. R. R. switch from the Oil City water works over to Venus and Fryburg. The conference was between the general freight agent of the P. R. R., superintendent James Buckalew, of Oil City, and owners of timberlands in Venango, Forest and Clarion counties. The latter included Messrs. Squires, Forbush, Gilbert, A. Keverline and D. B. Toby. The feasibility of a railroad connection from the P. R. R. to the Clapp tract recently purchased by Forbush et al., of Jamestown, and the Keverline lands and Kahle tracts adjoining was discussed. One proposition was a bridge at Tionesta and the use of the Collins lumber road to Nebraska with a short line to the Clapp tract. Also an independent road from the pump house switch at Oil City up the river via Horae creek, 18 miles. It was represented to Superintendent Buckalew that there was a vast amount of standing timber throughout the section the independent road would traverse; that it was good farming country and that the people of Fryburg and Lineville, both important resident settlements would probably subscribe liberally towards the construction of a road to or through those places. Mr. Buckalew agreed to forward the account of the conference to the head offices in Philadelphia. The gentlemen who were in conference with the P. R. R. representatives Thursday are the same who made similar representations to Superintendent Murray of the Lake Shore for an extension from the F. & C. into this section a week or 10 days ago. All are men of energy and especially those who recently purchased the timber of the vast tract of the E. E. Clapp estate are determined to get a railroad outlet from the property.

Girls' Basket Ball Game a Tie.

The basket ball game at the gymnasium last Thursday evening, between the girls' team of the Sheffield high school and the Tionesta girls, ended in a tie score of 10 to 10, after two lively fifteen minute halves. The visitors had a little the advantage of the local team in weight, age and experience, having been playing for some time, and therefore the latter are to be congratulated on holding the score down so well. It was the home team's first match game. Both teams played a snappy game and Miss Grove saved the game for her team by making a fine field goal in the last half minute of play. When the bell rang with the score a tie, Sheffield did not want to continue and Tionesta did not insist. The rules require the game to continue until one or the other scores two points. The score at the end of the first half was 5 to 4 in Tionesta's favor. This game had been scheduled for Friday night but at the request of Sheffield was brought forward a day. The crowd was the largest of the season and the girls have a nice surplus in their treasury. The lineup: Sheffield—10 Tionesta—10 Jaycox.....RF.....Edith Arner Hoffman.....LF.....Genavieve Grove Welsh.....C.....Lilla Weaver Langrish.....G.....R. M. Metz.....G.....Zellie.....LG.....Ruth Foreman

Field goals—Jaycox 1, Hoffman 2, Arner 1, Grove 3. Foul goals—Jaycox 3 out of 10, Hoffman 1 out of 6, Arner 2 out of 7, Grove out of 1. Referee—E. R. Small, Sheffield. Umpire—Miss Lenora Ritchey, Tionesta. Linesman—Joe Weaver, Ed Lawrence, Timekeeper—Glenn Ledebour. Scorers—Jeff Henry, Dr. J. A. Allen.

Whose Seeds Do We Sell?

This is a leading question, but it is so often asked that we are glad that all should know: After years of experimenting we have made selections that include only the most desirable varieties of Garden Seeds grown. No one seed house supplies all of these varieties, hence we gather our collection from the different growers who are able to furnish us just what we want, of seeds that will grow. A number of varieties are grown in this neighborhood by people who have grown seed for us for years. Box seed includes everything the seed grower chooses to send out. Our seeds are only the choicest varieties. H. C. MAPES.
