—It's a pretty true saying, this from the Franklin News: "There are plenty of people who never had two consecutive thoughts worth expressing in their lives who will watch for years for an opportunity to say something mean about a preacher who is trying to do some good."

—The dandelion crop is a large one this year, far exceeding anything heretofore attempted in this country, so far as any one knows. Why this superabundance of the little yellow blossom the best of them seems unable to explain, but that there is "something in the air" that causes it is beyond question. Have you taken notice?  
—We are indebted to Prof. Archie R. Hillard, principal of the Ford City high school, for an invitation to attend their commencement exercises, which take place tomorrow evening. Prof. Hillard's work has been so satisfactory that the authorities are likely to make him a fixture in the schools of Ford City if he doesn't watch out.

—On Sunday evening, May 21st, at 8 o'clock, the Chorus of the Methodist Episcopal church, assisted by Miss Genevieve Douthett, Tionesta's talented reader, will give a sacred song service consisting of choruses, solos, duets, readings, etc. An enjoyable and profitable entertainment is assured. A cordial invitation is extended to all to be present and enjoy the service.  
—The American Flag association announces that Flag day this year will be observed on June 14. —Up at Irvinator 48 idle cabooses are now stored on side tracks. No better evidence of the lack of traffic on the Pennsylvania river division could be asked. Each of these idle cars means the lack of employment of five men to each car, and the unused cars means at least 41 freight cars idle, or a total of 1,640 that would handle over the road when they are in actual use.  
—The third quarterly meeting for this conference year will be held in Nebraska beginning with Friday evening of this week, at which time there will be a sermon by Rev. A. R. Rich, D. —A dispatch from Harrisburg says: The State Railroad Commission announced that it had declared discriminatory the action of the Bell Telephone Company in granting free service for a limited period as an inducement to subscribers. The complaint was made by the Johnstown Telephone Company, of Johnstown, and the Petroleum Telephone Company, of Oil City. The difference is the result of a prolonged investigation.—Franklin News.  
—Tidoute Chapter, D. A. R., held its regular meeting last Saturday at 2:30 o'clock with Mrs. L. L. Hunter, in Tidoute. An interesting report of the Continental Congress, held in Washington, was given by Mrs. Orion Siggins. Then followed the election of Mrs. Hunter as Regent and Mrs. Orion Siggins as First Vice Regent. The office of Regent was made vacant by the election of Mrs. Cummings as State Regent of Pennsylvania. All were invited to the dining room, where delicious refreshments were served.  
—A Dunkirk saloon man hung out a sign that he would give \$15 for 1910 Lincoln pennies, which a brawny iron worker noticed. He entered the place and throwing down four Lincoln pennies demanded \$60. The venerable joke was explained to the man wherein he had to tender 1,910 cents to get the promised \$15. It made him mad. Reaching over the bar he smashed the bartender on the jaw, knocking him to the floor. "You gets that for nothin'," said the giant. The act precipitated a fight in which the saloon was wrecked.  
—The Tidouteville Herald of Saturday contained this item. Who were they? "Two Tionesta men, who had thought to attend the Forepaugh and Sells Bros.' show Friday afternoon, were actors of the principal roles in a little drama entitled "An Old Grudge, or Fight It Out." The two young men alighted from a car at the Cold Storage building and without further ado took each other by their respective Adam's apples and rolled around in the street. They were arrested and taken before Police Magistrate Charles F. Leibrich, who found that the little clash was the result of an old quarrel, which still rankled. One of the men, who seemed to be acting partially in the defense of his life, was fined \$5 and the other gave up six iron dollars to settle the matter.

**FOREST FIRES RAGING.**

**Forest County Destined to Suffer Much By the Destructive Element.**  
Destructive forest fires have been raging throughout this county for the past three days causing inestimable damage to growing timber, logs, lumber and oil property. The townships of Green, Kingsley and Howe have suffered most, and at this writing the fires are still spreading. Although the sawmills, factories and other industries have been shut down and the available crews taken to the woods to fight the elements the help is still inadequate to cope with the flames while the weather remains so dry. Besides there is a limit to human endurance, especially in such strenuous work as battling with forest fires.  
The Forest Gas Company's lease near Golliza in Green township, on which are located forty or more producing wells, was saved with little damage, by the efforts of the lease workers after a hard fight in which Harry Lovell had his eyes so badly injured by heat and smoke that he has been unable to use them since. This fire was evidently started by pure vandalism, as it broke out Sunday afternoon in the woods where there was no habitation or work of any kind going on.  
The timber lands around Golliza have suffered great damage both to standing and "down" timber. The Nebraska company has still a large body of timber in that section into which the fire had gotten and was creating havoc Monday and yesterday. Monday afternoon E. L. DeWoody, jobber for the company, telephoned to Tionesta for men, but there were none to be had.  
In the region of Kellettville, on Salmon Creek and its branches great fires raged Sunday and Monday, but yesterday it was thought they were under control, and had been confined largely to the "slashings" where the losses would not be so great. A horse barn belonging to A. L. Weller who is jobbing for J. F. Proper on Salmon creek, was burned, but as the contents were mostly removed the loss was small. Some damage was sustained by Wheeler & Dusenbury in a tract of green timber above Kellettville where a large force of men have been fighting for the past three days, but what the extent of loss will be could not be determined yesterday.  
The fire had almost surrounded the oil lease of Capt. Haight, on the east side of Tionesta creek near Hastings station, but at last accounts it was thought the rigs could be saved.  
Judge Aul, who "stocks" for the Central Pennsylvania Lumber Co., reports the loss of five skidways and a lot of logs on his job over near Loleta, in Elk county, Saturday.  
Cropp & Daniels, operating in the woods back of Eagle Rock, lost a lot of ties scattered over their timber tract. Reed & Fisher, in the same neighborhood, also lost many.  
The rain of this morning, though light, will work incalculable good in subduing the fires in this section, and was never more welcome than now. It looks as though the forest fires were done for this season, as the vegetation will be a protection against any serious spread.

**Reading Club's Closing Meeting.**  
The Tionesta Reading Club, with a few invited guests, was entertained in a most charming manner by Mrs. A. B. Kelly and Mrs. Sula M. Sharpe, at their home Wednesday afternoon, May 10th, at which time a program of unusual interest was rendered.  
It was an auspicious closing of the year's study. The program began with a classical rendition of Mon Bijou, valse, Tessarin, by Mrs. Jas. D. Davis, followed with a vocal solo, Sunshine and Rain, Blumenthal, by Prof. F. W. Gill. The feature of the afternoon, and one to which the members had looked forward during the year with pleasant anticipations, was an account by Mrs. Nelson P. Wheeler of her recent trip abroad. She confined her talk principally to Germany and its people, a subject with which she is thoroughly conversant, having made a special study of the history and language of this country. Mrs. Wheeler considers Germany one of the most interesting countries she has visited. The Germans are lovers of the best in art and music, and classical in their tastes. The peasantry and common people are thrifty, honest, industrious and happy. The Emperor sets the example of industry, having himself learned the book-binding trade in his youth. The Crown Prince completed the carpenter's and joiner's trade. The Emperor is intensely interested in everything that concerns his subjects.  
Mrs. Wheeler's very pleasing and interesting description of this wonderful country was so highly appreciated that the club is likely to take up Germany as its coming year's study.  
Prof. Gill again favored the club, by singing "My Ain Country," Lemon, and "Sleep-time, Mah Honey," Howell, which he sang with exceptional sweetness.  
At the close of the program an elegant three course menu was served by the hostesses. The out-of-town guests were, Mrs. L. R. Freeman, of Warren, Mrs. G. W. Warden of Endeavor, Mrs. Carl Smith of Washington, D. C., Mrs. Frances M. Gaston of Meadville, and Miss Hannah G. Irwin, of Franklin.

**May Court a Short Session.**

Owing to the recalling of the jurors summoned for May term of court the session was one of short duration on Monday. Judge Hinckley presided, with Associates Hill and Aul on the bench.  
Five out of the nine constables in the county were present and handed in their reports, showing the peace and dignity of the county was fully up to the usual high standard of excellence. Constable Andrews of Hickory made report that the bridge over Hickory creek at the mouth of Otter creek, return of which had been made at the February session, had not yet been built. He also made return of persons setting an "outline" in the Allegheny river, contrary to law. Mr. Andrews also interrogated the court as to his duties regarding autoists who exceed the speed limit, and was referred to the district attorney. None of the other constables had any serious infractions of the law to report.  
A libel in divorce was filed in behalf of Oma Belle Mealy against her husband, Alvin Mealy, on the grounds of desertion. The viewers appointed in February to lay out a new road in Barnett twp., made their report, which was confirmed nisi. The viewers recommended the building of a road from a point near the Jeffries school house, on the Maple creek road, to a point on what is known as the Blood road where the Blue Ridge road intersects the said Blood road, and to vacate what is known as the old Marienville road beginning near the said Jeffries school house and ending at Upper Redcliffe, and also to vacate the road beginning on the said Blood road one mile north of where the Blue Ridge road intersects the Blood road. D. W. Clark, artist, and L. H. Mensch and T. J. Reyner, were the viewers.  
The charter of incorporation asked for by the Mt. Collins Cemetery Association was granted by the court.  
Prof. J. Orr Carson, the newly elected Superintendent of Schools of Forest county, appeared before the court and the oath of office was administered to him by Judge Hinckley. He will not assume the duties of the office until June 1st.  
Sheriff S. R. Maxwell disposed of the Lawrence Hanhold farm property, situated on Blue Ridge, in Barnett township, in a sale at one o'clock. The property was purchased by the plaintiff, Dr. J. J. Brewer.

**RECENT DEATHS.**  
CARD.  
Mrs. Helen M. Card, who made her home in this place for a time with her daughter, Mrs. H. S. Bohall, died at the home of her granddaughter in Sackett, Pa., May 15th, 1911, aged 76 years. O. C. Stroup, of Tionesta, is a grandson. Rev. W. O. Calhoun will conduct the funeral service in Warren, this, Wednesday, afternoon. Interment in that place. Mr. Stroup went up to attend the funeral.

**GRAHAM.**  
Raymond Graham, a lifelong resident of Kingsley township, died at his home near Kellettville, Sunday evening, May 14, 1911, after an illness of six weeks from a complication of diseases. The deceased was born October 19, 1845. In his younger days he worked at lumbering, and in after years followed farming. As a citizen Mr. Graham stood high in the estimation of those who knew him. A quiet, honest man who was generally on the right side of all questions of morality and good citizenship, he had a host of friends in the community in which the most of his days were spent, and his death is mourned and regretted by all. He is survived by his wife, whose maiden name was Lucy Berlin. Five sons and three daughters also survive, as follows: Alonzo, Frederick, Halsey, Mrs. Wm. Patterson, Mrs. Bert Shaffer and Mrs. Wm. Heman, residing in the community, and Edward and Earl Graham, at home. Funeral services, conducted by Rev. W. E. Frampton, were held in the M. E. church at Whig Hill, Tuesday afternoon, followed by interment in the Whig Hill cemetery.

**Duhring and Vicinity.**  
Mrs. Olsen and Miss Iva Kinney of Duhring spent last Sunday at Carlson's, at the Bear creek lumber camp.  
Mr. and Mrs. Frank Reed of Kane visited the former's mother, Mrs. Mitchell, at Duhring, recently.  
Mr. and Mrs. Chas. Anderson of Duhring called at Spring creek camp Sunday.

Mrs. W. B. Gaddy of Wagner's Mills is visiting her daughter, Mrs. Bert Eminger.

Mr. Heppinger has moved his family to Marienville from the camp at Spring creek. Sam Oyster will occupy the house vacated by them.  
Mrs. Bert Eminger, who has been quite ill for some time, went to the Kane Summit Hospital last Thursday, where she has undergone an operation. Mr. Eminger returned home Saturday evening and reports her doing nicely. Her friends wish her a speedy recovery.  
J. T. Godell of Watson Farm purchased some Early Rose seed potatoes from F. W. Knupp last week.  
Mr. Crispin of Hallow, employed on the standard gauge branch of the T. V. R. R., is contemplating building a house and moving his family to Parrish.  
The housewives of our vicinity are busy with their housecleaning, and the men are busier keeping out of their way.  
Rev. Charles Arters preached a helpful sermon in the Duhring hall Saturday evening.  
The forest fires have been raging in this vicinity, burning the school house at Lamona, and a house which had been occupied by Ed. Ficus. He had luckily moved his family and household goods to Marienville that morning. The T. V. railway had a number of men employed fighting the fires for two days.  
Mr. Ralfenyder of Enterprise, employed by the Enterprise Transit Co., was so unfortunate as to have the end of his left thumb cut off while at work on the lease, but aside from being very painful the wound is not serious.

Put running water in your home—in the kitchen—bathroom—toilet—and have an adequate supply in the barn for watering stock—washing carriages, harness—for the lawn, garden—or for protection against fire—besides. A Leader Water System costs \$15 to upwards and you can install it yourself, if you like.  
Let us show you how a Leader Water System in your home will save you money—in doctor's bills, and add to your own comfort and satisfaction at the same time.  
A Leader Water System suited to the needs of your home will never get out of order or need repairs. A few minutes attention each day is all that the apparatus requires.
