We are authorized to announce George H. Warden, of Hickory township, as a candidate for County Auditor, subject to the decision of the Republican voters at the primaries.

We are authorized to announce J. B. Eden, of Tionesta, as a candidate for County Auditor, subject to the decision of the Republican voters at the primaries.

We are authorized to announce Roy S. Braden, of Bassett township, as a candidate for County Surveyor, subject to the decision of the Republican voters at the primaries.

Who Wants the New Pen?

Apparently there is no one in a position to hazard a guess as to the probable location of the new penitentiary that is ultimately destined to replace the two penal institutions at Philadelphia and Allegheny, but as the act creating the same provides that it shall be located in Central Pennsylvania, preferably on a state forest reservation, it is hardly probable that it will be located in Forest county, yet there has been some talk that our county might receive consideration. It is asserted in some quarters that the prison board of commissioners, recently appointed by Governor Tener, as soon as organized, will possibly view the Carter farm at West Hickory. The tract contains about 3,200 acres, with half or three-fourths of a mile frontage on the Allegheny river, including the Hickory town flats of about 150 acres, under a good state of cultivation. The attention of the commissioners has also been called to the E. E. Clark estate at President, Venango county. These would be among the best localities on the river, provided the commission did not want to get away into the wilderness for a new penitentiary site.

Governor Tener recently approved of the plans for an early inspection of sites by John Francis, the warden and superintendent of construction, preliminary to the work. The governor was visited by the warden and five of the inspectors, who discussed with him the plans and heard his views on the subject. No time will be lost and the first steps will be taken at an early day. The inspectors authorized Mr. Francis to make the tour and he will start from Harrisburg as

soon as he takes the oath as superintendent.

We are not sure that any one in this section is clamoring for the new pen, as to some it might seem like a gruesome adjunct to our peaceful community, yet if it were thrust upon us it would so effectually put Forest county "on the map" that it would be hard to efface us in the future, and might be the means of diverting attention in this direction to such an extent as to bring our county into the limelight, and make us a great name throughout the commonwealth. Why not?

Porkey.

Claude Littlefield has moved into the Chas. Blum property on Pious ave., and is at home to his many friends at that place. They are nicely located and happy. The S. & T. log train had a car off at this place on Friday last that hung up the passenger for 30 minutes, but that is not bad.

Miss Ivy Kinney of Duhring was a visitor in the village Friday, and made just a short visit with the Rupert family while here. This was her home until about five years ago when she went to Duhring to keep house for her brother Arthur.

Victor Hendrickson and his brother Hamfried were here on Sunday last when Victor filled the pulpit at Minister church. These young men are originally from Cherry Grove and their parents live at Mayburg now. Mr. Hamfried expects to leave for the west the first of the coming week, and our best wishes accompany him.

Walter Slocum of Kelleetville was a guest of the Geo. Blum family here last Friday evening.

There was a very nice dance at Minister on Saturday night and everything went off in a lovely manner. How different now.

Mrs. D. W. Downey is visiting her mother and sisters at Pleasantville for a few days, expecting to return the coming week.

Warren M. Cook, now at Slippery Rock State Normal, has been elected as our teacher for the coming term, and should be accepted the position our people will find him a perfect gentleman in every respect. This will stand the test.

Justin Luse is entertaining Mr. Harris and family of Salamanca for a few days, as Mr. Harris is on a vacation, being an engineer on the B. & P.

Last week Trueman had a very enjoyable time but wasted a lot of rice. John Fitzgerald of Mayburg and Miss Olive Whitehill were married. Edward Borch and Reida Fitzgerald of Mayburg were married at the same time. The morning train came into Trueman and rice was flying in a very extravagant manner, and we were thinking if the people would leave the rice in the original packages and give it to the married folks to cook after they went to housekeeping, how nice that would be. They could have rice, rice and rice, while potatoes are so high.

A car load of people from Yankee Camp came down on Thursday evening and had a fine time at the residence of the bride's mother, Mrs. Elmira Whitehill. After wishing the newly married couple all the good possible they returned to Yankee Camp. Then came the Fools Creek marital band and an old fashioned serenade was given the couple, who appeared to view and gave the crowd a treat.

James Welsh is entertaining Miss Sarah Orem, Miss Marie Groves and her son James. Miss Orem and James are from West Virginia and Miss Groves is from Kelleetville.

Mr. and Mrs. Bradybaugh of Balltown were at Sheffield on Saturday last on a shopping tour.

Mr. and Mrs. J. J. Haight of Cooper Tract called on the Rupert family on Sunday last for a short time. We were pleased to see Mrs. Haight able to take a drive and hope they will come often.

Sherman Durnell of Hastings spent Sunday with Marian Rupert and they had a fine time—even got a woodchuck.

A Sunday School picnic is booked for Thursday next and we expect to be present if possible, for this is one place where we can shine. We hope the children will have a good day for it. A full description next week.

We are pleased to know that Mrs. Thomas Miller is now able to do her own work and let Miss Jennie Mager return home on Saturday last. We are not pleased to lose Jennie, for she was a good girl, but are glad that our sister is able to do her own work.

George Blum spent Sunday with his family here driving up with one of Father Abraham's driving stock. Abe has some good horse flesh—and goats also, they say.

Great improvements are being made on our roads this summer and they are all right. There is nothing 'round joining us that is equal to it except in parts of Kingsley township.

On May 31st the first mass ever held in Trueman was celebrated at the residence of Miles O'Donnel, by Father Wiersbinski of Tidoute. We are pleased to see this increase of opportunity for religious enjoyment and hope the good work will move on and on. This priest has a host of friends wherever he goes among Catholics and protestants alike.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Hall's Family Pills are the best.

At Charles A. Anderson's Greenhouse, Tionesta, Pa.

FLOWERING PLANTS.—Asters, 25c per doz.; Pansies, 25c per doz.; Single Petunias, 40c per doz.; Balsams, 40c per doz. 10c on all the above prices.

VEGETABLE PLANTS.—Early Cabbages, 25c per 100; Celery, 50c per 100; Tomato Plants, 15c and 25c per doz.

HEALTH HINT FOR TODAY.

Intestinal Disturbances. The presence of diarrhea indicates such a disturbance of the alimentary process as requires abstinence from food, but if any food is eaten the most suitable is dry toast, well masticated, rice with cream (not milk), sago or tapioca. If any drink except water is taken the least objectionable is weak tea or toast water. Fresh bread, pork and cereals generally should be avoided. It is not advisable to check diarrhea, but to determine its cause and regulate the habits.

Kelleetville.

Mr. and Mrs. W. S. Weber and son James are visiting relatives at Washington, Pa.

Mrs. Schumaker of Pittsburg is the guest of her sister, Mrs. John Watson. Leon Watson and daughter Ruth attended the commencement exercises of Alden Academy, at Meadville, last week.

Mr. Watson's son, James Alva, was a member of the class of 1911.

Mr. and Mrs. Fred Atkins and children of Mayburg visited her mother, Mrs. O. H. Wise, here over Sunday.

Mr. and Mrs. E. B. Catlin and son Russell of Sheffield visited friends and relatives in town Sunday.

Ralph Whitehill spent Sunday in Sheffield visiting friends.

Mr. and Mrs. W. E. Carbaugh and family visited relatives at Venus over Sunday.

Melvin Dotterer returned home from Meadville, Friday, where he has been attending school.

F. B. Robbins and John Olson accompanied the Endeavor band to Tidoute Saturday evening, where they gave a concert.

Mrs. Forest Beck of Mayburg visited Mrs. Scott Smith, Saturday.

Mrs. M. Andrews of Collinwood, Ohio, is visiting friends in town.

Mrs. J. W. Blum and children visited friends at Ross Run, Sunday.

Mrs. M. D. Spencer returned from Beaver Valley last week, where she has been visiting her mother, who is very sick.

Mr. and Mrs. Steve Steel and little son of Mayburg visited her parents here Sunday.

W. A. Kinch is suffering from a severe attack of rheumatism. Grace Detar of Lamartine is the guest of her uncle, W. J. Detar.

The Fourteenth Annual Sunday School Convention of Forest County will be held at this place in the M. E. church, June 20 and 21. —With the exception that the reports of the unusual abundance of potato bugs are not greatly exaggerated, the following from the Titusville Courier sizes up the situation about right: "Complaints come from every section as to the many potato bugs or Colorado beetles that are found in the tuber patches, it being claimed that they were never before so plentiful. This is probably an exaggeration and like the weather no one ever before saw or heard of, must be taken with a grain of salt, for as a rule, people forget from one season to another and tell things that are far from the truth. It is alleged in some quarters that the bugs have been sitting around on the fences sharpening their teeth and waiting for the tops of the plants to come through the ground. Others say that they have found the eggs of the beetles laid on weeds, there not being potato plants enough to go around. The farmers profess to be considerably alarmed over the crop, prophesizing a failure thereof next fall. The fellow who freely uses Paris green or some preparation for killing the bugs will soon put the quietus on the ravaging hordes, it not requiring many applications by spraying or in other ways to have a discouraging effect. It will require concerted action on the part of potato growers to rid themselves of the pest, as the beetles fly from one point to another, besides coming out of the ground, where they have hibernated like the 17-year locusts."

—Speaking of a well known pest that infests almost every climate during the summer months, and which is commonly known as the June bug, Prof. Surface, state zoologist says: These beetles are the mature or adult forms of the large white grubs that you often see in plowing sod. In this stage they are called "grub worms." They are often quite conspicuous and injurious to lawns, and are to be killed in the larval stage by putting holes in the ground and putting into each of these a half ounce of carbon bisulfide, and closing them with earth. A physician in this city cleaned up his lawn by this method after it was badly infested by these pests. Fall plowing and rotation of crops is one of the best practical means of reducing their numbers. Spraying trees and shrubs with one ounce of arsenate of lead in each gallon of water is a good eradicator, the professor says.

—The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.

PHILADELPHIA now enjoys the distinction of supplying the House at Washington with the "father of the House," General Bingham, and "the baby," the son of Mayor Reyerburn. Philadelphia's ways did like to work both ends.

—Whooping cough is not dangerous when the cough is kept loose and expectoration easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by all dealers.

LADIES! An old established Suit and Cloak House desires to secure Lady Agent to take orders for our Skirts in her own home. Man-tailored—made to any measure. We help you to establish a splendid and pleasant business. No investment necessary. Write us today that you are interested, and for full information. Fashion Bulletin free on request. THE JONES DRY GOODS CO. PITTSBURGH, PA.

Carefully state size or bust measurement when ordering.

BOGGS & BUHL, NORTH SIDE, PITTSBURGH, PA.

WHEN YOU GET TO THE ROOF ON THE NEW BARN INSIST ON Amatite

A little problem in arithmetic will always settle the roofing question for both new and old buildings.

First—If your roofing costs 2c. a square foot and to paint it costs 1c. per square foot, how much does your roofing cost you in ten years?

Second—If Amatite costs you 2c. a square foot or less and you won't have to paint it at all, how much does an Amatite Roof cost you?

Just compare the prices of painted roofing with Amatite, taking into consideration the fact that you must paint the old-fashioned roofs every two years, while Amatite with its mineral surface needs no painting at all. You will find

Everjet Elastic Paint Low in price. Great in durability. Invaluable about the farm for prolonging the life of ready roofings, fences, iron work, machinery, tanks, etc.

H. C. Mapes, Kepler Block, Tionesta, Pa.

YOU CAN START YOUR BOY IN A BUSINESS OF HIS OWN WHEN YOU save enough money. Start to save for your boy and your boy will start to save for himself, and for your old age, too. Saving is a habit, the best habit a man can have. Have you ever said to yourself: "If I only had \$1,000 now?" The first one thousand saved, easily and quickly makes many thousand more. We will help you make your money grow fast by paying interest.

Forest County National Bank, TIONESTA, PA.

Will You Paint, This Summer? That is the question that is agitating your mind just now, and before you settle it you ought to know just what you are getting in the way of Paint.

In prepared paints we have the Billings Chapin or the John Lucas & Co. makes and look where you will, you cannot find a better article. We can also supply you with White Lead, Oils, Varnish, Turpentine, Brushes, or anything needful for that painting job.

Let Us Quote You Prices. Estimates cheerfully given.
