WHEN YOU GET TO THE ROOF ON THE NEW BARN INSIST ON

# Amatite

A little problem in arithmetic will always settle the roofing question for both new and old buildings.

First—If your roofing costs 2c. a square foot and to paint it costs 1c. per square foot, how much does your roofing cost you in ten years?

Second—If Amatite costs you 2c. a square foot or less and you won't have to paint it at all, how much does an Amatite Roof cost you?

Just compare the prices of painted roofing with Amatite, taking into consideration the fact that you must paint the old-fashioned roofs every two years, while Amatite with its mineral surface needs no painting at all. You will find

that Amatite is so much more economical that you cannot afford to buy anything else.

Amatite is rapidly replacing painted roofings. Most of the manufacturers of painted roofings are trying to imitate the Amatite mineral surface. The time will come when nobody will think of buying ready roofings that need regular painting. They will insist on having Amatite, which thus far is the only successful well-proven mineral surface no-paint roofing.

Amatite costs no more than the other kinds; it is just as easy to lay. Nails and cement are supplied free. We will send you a sample of Amatite with booklet free on request.

**Everjet Elastic Paint**  
 Low in price. Great in durability. Invaluable about the farm for prolonging the life of ready roofings, fences, iron work, machinery, tanks, etc.

**Creonoid Lice Destroyer and Cow Spray**  
 Spray the hen house with Creonoid, and mites and lice will be killed and disease germs will be destroyed. Spray it on the cows and the flies will not bother them.

## DETECTIVES DOGGED FUNK

Tells Lorimer Investigating Committee of Their Activities.

Washington, June 27.—Clarence S. Funk, general manager of the International Harvester company, started the members of the Lorimer investigating committee when he charged that four private detectives of a Chicago agency had been shadowing him ever since he testified several months ago before the Helm committee of the Illinois legislature.

In his testimony at that time he told how Edward Hines of the Edward Hines Lumber company asked him for a \$10,000 contribution from the Harvester company to aid in paying the expenses of Senator Lorimer's election and he intimated that Hines could tell about the activities of the four detectives.

Followed Him to Washington. Funk testified that the sleuths had followed him to Washington and were still dogging him even to the doors of the committee rooms. Mr. Funk said he got one of the detectives in an "uncomfortable" position and quizzed him about his work.

"I do not care to give the name of this young man," the witness said, "but I will produce him before the committee if it desires."

"Do you mean to charge that these detectives have been employed by Senator Lorimer?" asked Chairman Dillingham.

"No," replied Mr. Funk. "Senator Lorimer did not employ him. But if you will place Mr. Hines on the witness stand and ask him if he is not being reported to by these men every night, you will get the information the easiest way."

## KAISER ENTERTAINS AMERICAN SAILORS

### Emperor Is Impressed by Appearance of Officers and Crew.

Kiel, June 27.—Emperor William was the guest last night of the Kiel Yacht club and as a special mark of distinction, Dr. David J. Hill, the retiring American ambassador, was seated at his right during the dinner which was attended by J. P. Morgan and other prominent Americans.

Rear Admiral Badger, commanding the American battleship squadron, told the correspondent that he and his officers were simply delighted with the reception which they had received here.

The Germans, he added, had left absolutely nothing undone to make the stay at this port an enjoyable one. He was particularly impressed by the foresight exhibited by the emperor in having beds provided free for the American sailors who chanced to be belated and forced to spend the night ashore.

Yesterday there were competitions in strength and skill between the American and German sailors outside of town. The best of humor prevailed and the crowd of spectators was a large one. There was a tie in the running of the relay race as the two nationalities each took a heat. The match was not run off.

In the tug of war the Germans won after a hard struggle, but an American sailor from the Louisiana captured the running high jump with a mark of 6 feet 2 inches. In the shot putting contest a man from the Kansas was first, while the 100-yard dash went to a Louisiana man.

## CHANGE IN G. A. R. PARADE

Department of New York Will Be Divided into Nine Divisions.

Albany, June 27.—At the national encampment of the G. A. R. in Rochester in August it was decided yesterday by the state council of the G. A. R. that the department of New York will be divided in the parade into nine different divisions along the lines of the nine judicial districts of the state.

The new state council of the administration will select men to command these divisions. Department Commander George B. Loud has announced these appointments: Assistant adjutant general, John S. Maxwell, Amsterdam; judge advocate, Horace D. Ellsworth, Canton; chief mustering officer, Bernard Mullin, Port Richmond; senior aide-de-camp, John W. England, New York.

## BUILDING WORK TIED UP

Utica Hod Carriers Strike for an Increase of Wages to 33 Cents an Hour.

Utica, N. Y., June 27.—Nearly 500 members of the Utica Hod Carriers' and Building Laborers' unions went out on a strike for more wages, practically putting an end to work on all new construction in the city. The strikers ask that they be paid 33 cents an hour for an eight-hour day.

They were receiving from 25 to 27 cents an hour with the former price the ruling one. There is probability that the strike may be a long drawn-out one.

## College Man Signs With Highlanders.

Ithaca, N. Y., June 27.—Edmund Burke Wagner, captain of the Cornell baseball team this year and member of the team for the last three years, has signed a contract to play with the New York Americans. Wagner is to report Saturday.

## "Called at End of Fifth Inning" His Last Words.

Saginaw, Mich., June 27.—"Called at the end of the fifth inning," jokingly remarked John Edward Long, 32 years old, a sugar beet worker near Cao, as he entered a baseball game near his home yesterday.

In the fifth inning Long stepped to the plate as the first man at bat and made a home run. Then he sat down on the players' bench and dropped dead. The coroner decided that heart trouble killed him.
