—We have on hand and more coming best Agricultural Lime. Guaranteed analysis 90 per cent. pure. Price \$7.50 per ton.
—WANTED.—Railroad Cross Ties. We buy all kinds and pay cash. The Berry Co., Oil City, Pa.
—L. A. Davis, Agt., Tionesta, Pa.
—W. W. Thomas and family desire to thank all their friends for the sympathy and kindness extended to them in their late bereavement, the death of Mrs. Thomas.
—My, but isn't it hot? One of our Lawrence Hot Plates does away with overheating the kitchen these hot days. Ovens of all sizes and kinds. H. C. Mapes, Tionesta.
—There will be no preaching services in the Presbyterian church next Sabbath owing to the absence of the pastor, Rev. Mr. Batley. Regular services again one week from Sunday.
—Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all dealers.
—The Erie annual conference of the M. E. church will be held in DuBois commencing September 12th and continuing until the 19th. There will be about three hundred preachers in attendance and an equal number of laymen.
—Chas. A. Anderson finds he has a surplus of vegetables just at this time which he will dispose of at low prices for strictly cash: Roasting ears, cabbage, tomatoes and lettuce. All strictly fresh from the garden and just in season.
—The sixteenth annual reunion of the Stroup family will be held at Kennersdell, Venango county, Thursday, August 24th. Quite a number of the family connections are located in this vicinity and have usually attended these annual gatherings.
—The school board of the borough desires to inform parents and guardians of children who will enter school at the ensuing term that the vaccination law as to pupils is still in force, not having been amended by the last legislature, as has been the general impression. The board has, therefore, no alternative in the matter and must see that the law is observed. Persons interested should govern themselves accordingly. The schools will open Monday, August 28th.

—On Friday evening at 8 o'clock in the Methodist Episcopal church in Nebraska, Rev. W. H. Crawford, D. D., will deliver his lecture on the "Passion Play." No admission fee and no collection. Everyone invited to be present and enjoy the lecture.

—Dr. M. W. Easton, Osteopathic Physician, of Oil City, will visit Tionesta Wednesday. See him at the Hotel Weaver. Setting bones and the treatment of nervous and chronic diseases a specialty. Greatest success in all kinds of chronic diseases.

—Supt. Carson has set December 18th as the date for the beginning of the teachers' institute, which is to be held this year in Tionesta. He will have a strictly up-to-date corps of instructors for this occasion most of whom have already been engaged, and the evening entertainments will be high class in all respects.

—Saturday at 8 p. m., in the Methodist Episcopal church, Tionesta, Rev. A. R. Rich, D. D., will preach and at the close of the sermon will hold the fourth quarterly conference. Sunday at 10 a. m., the Love Feast, followed by a sermon by Dr. Rich and the Holy Communion. Sunday School at 2 p. m. At 8 p. m. a sermon by Rev. G. A. Barnard.

—The new school code is pretty severe on those teachers who absent themselves from the annual county institute. It says that every teacher who attends the institute will be paid \$3 per day and every teacher who is absent must forfeit \$3 per day out of their next month's salary, as well as lose the \$3 a day to which they are entitled. By the phraseology of the school code, it will cost the teacher of the county \$0 daily if they fail to put in an appearance or give a good and sufficient excuse for absence.

—The firm of Wheeler & Dusenbury at Endeavor is still doing some business in big pine timber, having a shipment about ready for transportation to foreign markets. This tractload will consist of fifteen or twenty cars of fine quality of square timber as well as taken out of the woods, all virgin pine and trued up with a jack-plane, a single stick of which brings as high as \$90 and \$100. It will be consigned to the British Admiralty, Liverpool, and is intended for use in building vessels for the English navy.

—President Taft will designate Thursday, November 30, as Thanksgiving Day this year. It always has been the custom to fix the last Thursday of the month. This year there had been some doubt because November happened to include five, instead of four Thursdays. The White House has been besieged by theatrical managers and those in charge of college football games to settle this doubt, so that definite arrangements could be made for the usual array of special performances and sports that mark the day.

—Mrs. Clara Crawford, of the Tenth Ward, Oil City, Pa., known to many of the readers of this paper, departed this life August 12, 1911. Several years ago she was converted and joined the Free Methodist church, of which she continued a faithful member. She was perfectly resigned to go and died in the triumph of faith. Funeral services were conducted by Rev. Beatty, pastor in charge. Sermon from First Kings, second chapter, second verse. Interment in Coblentz cemetery, Crawford county, Pa.

—The fall term of the Lock Haven State Normal School opens September 11th, and already almost all of its rooms are reserved. Now is the time to engage rooms if students desire to have any choice whatsoever. The expenses are moderate and the advantages are of the very best. Its faculty is made up of college and university graduates who have had wide experience as teachers. Being located in the central part of Pennsylvania Railroad and the New York Central, it is easily accessible. Write for its catalogue.

—West Hickory had a small fire Saturday morning at an early hour that might have swept a good portion of the town had it not been discovered in time to prevent. In some manner unknown the blacksmith shop belonging to J. S. Vail, attached to his livery barn and very close to other buildings, caught fire and when discovered the roof was ready to fall in. Prompt work prevented the fire from communicating with other buildings but the shop was a total loss. Had there been the least breeze in any direction many adjacent properties would have gone up in smoke.

—At a conference of interested parties held in the Citizens National Bank here last Thursday afternoon, an agreement was reached whereby the Tionesta Valley and Hickory Railroad will be consolidated with the Sheffield & Tionesta Railway, T. D. Collins purchasing the interest of G. F. Watson. The T. V. & H. is that part of the system extending from Nebraska to Ross Run, a distance of five miles, and for the past ten years has been operated under a lease to the S. & T. When completed the merger will give the S. & T. a clear right of way under one charter from Tionesta to Sheffield.

—The Lock Haven State Normal School has graduated 2300 students. A large percent of them have followed the profession of teaching but some are in business and otherwise engaged. Wherever they have gone, they have carried with them the high ideals and progressive aims of this great home school. Parents can feel absolutely safe concerning their children when they become Lock Haven students. The sympathetic discipline about the institution is inspiring and helpful to students. This is one of the reasons why careful parents are selecting this school. It has a modern equipment, a fine faculty, and the location is healthful and attractive. Write for its illustrated catalogue.

—The Titusville Herald of Friday said: "A Warren gentleman, so well known throughout this section that his name would bring surprise, said to the Herald yesterday that in his opinion John M. Andrews will never clear himself of the charge of murder; and he further expressed the belief that Andrews is not guilty. He said that it is a most peculiar case and one which perhaps could hardly be duplicated. He says that a good many Warren people believe that someone besides Andrews slew Emilie Amann, but that the truth in the matter will never be known. He intimated that there are worse things in the world than hanging, as much as to infer that something deep and rank and mysterious and disgraceful lies behind the whole affair. He stated that it is about the only subject of conversation in Warren and that public sentiment is very strongly against the accused man."

—It transpires that Phil Blum came home from Bradford last week to nurse some severe burns which he sustained in a gas explosion. A well on which he was working had just struck the sand and was "gassing" heavily while the boiler was being run when the owner, who was in the derrick, struck a match to light his pipe. There was nothing to it but a big flash of fire enveloping the whole derrick space. Phil was waiting at the mouth of the hole for the boiler to appear and got the full force of the explosion. Both arms were severely burned to the elbows, and his face was also severely scorched. He is getting along all right now, and will be able to return to his work in a couple of weeks.

—Dr. Edward Glenn Henry, of Tionesta, has been taken into the office of Dr. J. B. Siggins as assistant. Dr. Henry is a graduate from the University of Pennsylvania class of 1911, with a record of 98 per cent., the highest standing of any student passing the State board examination this year. He was reared in Tionesta and comes here with the highest recommendations as to reliability and character. Dr. Siggins was graduated from the University of Michigan in 1883, and has been practicing medicine and surgery in Oil City since 1886. He is considered among the best in both lines in the State and his practice has reached proportions where he must have assistance.—Derrick.

—William S. Pace, president of the Venango Motor Boat and Canoe club, Oil City, received a letter Friday from J. W. Arras, assistant engineer of the War Department, Pittsburgh, of pleasing contents to local navigators. Engineer Arras writes that Mr. Cook of Nebraska, Forest county, Pa., and a force of government employees are working at obstructions along the river and will soon be in Oil City. That the Department has written Mr. Cook to place himself under the direction of Mr. Pace and co-operate with the local navigators' association in dredging channel and removing obstructing rocks at and between Oil City and Rockmeadow. The engineer adds that Mr. Cook has been authorized to hire teams and to use scrapers where they can be worked to advantage. The letter closes with the assurance that the Motor Boat and Canoe club will receive every possible assistance from the Department short of the construction of dams.

—In this issue of the REPUBLICAN is published the new law relative to forest or woods fires, the cutting of trees on other people's property, etc., passed by the Pennsylvania legislature last winter. Those interested—and that takes in about everybody—will find this piece of legislation drastic enough to suit the most venomous taste. Stringent laws are necessary in order to prevent woods fires, or the willful cutting of timber or trees on another's property, but to say that by stepping upon another's property and thereby "do or cause to be done" other act to the damage of said land, shall subject the innocent offender to heavy damages and imprisonment, is rather too much so. And we betide him who "negligently" allows a fire set in a "clearing" to get away from him, thereby causing any damage to the land of another, for he shall be liable to be thrown into prison, and made to pay heavy damages besides. It looks as though the legislators had overstepped themselves in their efforts to be stringent.

Forest Gas Co. Finds a Good Well.

The Forest Gas Company of Tidoute drilled in a fine oil well on the Lucy lands, near Golliza, Green township, last Thursday. It is located on Scipio run, warrant No. 5503, and is about 800 feet south of the previous developments by this company. The company has a large number of good paying oil wells on the lease, the oil being found in a stratum. The new well differs from these in that the pay streak was developed in the fourth sand. While the well was being drilled through the sand it began to flow, throwing out about 100 barrels of oil. The well has not been shot and was put to pumping Monday afternoon. In eighteen hours it put fifty barrels of oil in the tank, which would indicate that the company has opened up an exceptionally rich pool. A great deal of interest has been created by this new strike. This company has a large acreage under lease, covering about everything in that section.

Wm. Blum Painfully Injured.

It is with sincere regret that we chronicle the severe accident which befell our fellow townsman and near neighbor William F. Blum last Thursday. While shoading a horse belonging to George Brady of Starr, the animal stepped upon Mr. Blum's left ankle throwing him forward to the floor, and in another step the horse set his foot upon Mr. Blum's left arm breaking the bone about midway between the shoulder and elbow in such a manner as to almost permit of the bones protruding through the flesh or muscle. Dr. Bovard was summoned and reduced the fracture and on the following day Dr. Siggins of Oil City was called in consultation and it was deemed best to encase the injured member in a plaster cast in order to hold it in place. Although suffering severely from pain Mr. Blum is doing well and keeping as cheerful as could be expected under the trying ordeal, and hopes to be able in a few days to leave his bed, but it will doubtless be many weeks before he can resume his usual avocations. The horse is not one of the vicious kind, in fact rather of the docile sort, so that the accident was entirely unavoidable—the kind that happens when least expected.

McCalmont, President; A. J. Burbehn, Warren; U. S. Day, Niagara Falls; R. B. Kiffer, Endeavor; C. F. Thomson, Bradner, Ohio.

—Dr. W. A. Baker and family, of Kane, who have been enjoying camp life on one of the large islands two miles north of Tionesta for the past five weeks, "broke up housekeeping" yesterday and returned to their home. They had such a royal time that they are already planning to come back next summer.

—Mr. and Mrs. Thomas Snodgrass, who have been absent with their daughter in Bradford since January, came home Wednesday. During his absence Mr. Snodgrass underwent a serious operation

at Johns Hopkins hospital, Baltimore, and it is pleasing to note that he has almost completely recovered his usual health.

—W. S. Thomas of Warren was down yesterday to pay a visit to his brother Wm. W. Thomas of the Township, who has become totally blind from the effects of an injury to one of his eyes several years ago. These brothers represent the two extremes in their family, the former being the youngest and the latter the oldest of the boys.

—Roy and Rex Wheeler and Frank Withrell expect to leave Endeavor next Wednesday for a trip into the Canadian wilds, where they will try their luck for big trout. They will be located somewhere along the Kenogamy river, north of Lake Superior, and will get far enough into the "back woods" so as not to disturb any one should their enthusiasm bubble over when they pull in the big speckled beauties.

—Prof. D. W. Morrison and Prof. C. F. Felt have removed their household goods from town and will follow later in the week with their families. Mr. Morrison goes to Mt. Jewett as principal of the schools and Mr. Felt goes to East Kane as supervising principal of the Wetmore township schools. Many friends will regret their removal from the community and will wish them abundant prosperity in their new homes.

—Ira B. Shoup, former boys' work secretary of the Y. M. C. A., was a visitor in the city today, on his way to his home in Musette, Pa. Mr. Shoup finished his first year at Allegheny college this spring. Word from New Castle is to the effect Mr. Shoup has been elected principal of the Lincoln and Garfield buildings, of the New Castle schools, where he will have 17 teachers and about 600 pupils under his direction.—Oil City Blizzard.

A Peculiar Accident.

A peculiar incident occurred in connection with an accident to Earl Jennings at West Hickory Thursday night. The young man, who is clerk to Supervisor Hilliard, had gone to West Hickory with one of the P. R. E. policemen to investigate trouble with switch lights. When the train from Olean approached Jennings started for the station but mistook the south bound track for the northbound with the result that unaccountably he was disputing the right of way with the oncoming train. He was struck on the shoulder by the pilot and tossed over the bank, his shoulder being broken.

When the alarm was given his policeman companion and members of the crew secured lanterns and began to search the river bank for him but he could not be found. He had been knocked down at the front end of the train and by the time the train stopped he was near the rear end. He climbed aboard and took a seat in the ladies coach, not realizing that he was classed as missing. A woman passenger seeing the lights in the dark asked a trainman what was wrong and was told, "I guess he's in here," she said, "there's a young man with his head all cut up on this car."

Blum Family Reunion.

On Thursday, August 10, the Blum family gathered at the home of Wm. Blum, on German Hill, and inaugurated a custom which will result in an annual reunion. The forenoon was spent in greetings and in an exchange of family occurrences. At noon every one gathered around a bountiful spread board. The onslaught on the food was an eloquent testimony of the skill exercised in preparation. During the afternoon the young people indulged in sports, as is the custom of youth, while the older members of the family, being in a reminiscent mood, recalled former days and happenings until the setting sun terminated the event. One by one the families departed reluctantly, vowing they would meet again next year. The following families were represented: Herman Blum, Charles Blum, Ed. Blum, F. H. Dickrazer, Mrs. Rheese, Fred Rudolph, Jake Walters, Fred Ledebur, Henry Blum, Mrs. Emma Blum, Mrs. Davis, Walter Ledebur, Howard Blum, Ray Child, John Ernest and George Zundel, Henry Giammer, Wm. Shellhouse. Also Mrs. Joyce and the Misses Bruner and Canfield, making in all a total of ninety-four guests in attendance.
