

Republican Ticket.

President Judge, HON. W. D. HINCKLEY. Associate Judge, JOSEPH M. MORGAN. Prothonotary, SHARP R. MAXWELL. Sheriff, CHARLES CLARK. Treasurer, W. H. BRAZEE. County Commissioner, W. H. HARRISON. County Surveyor, ROY S. BRADEN.

When a Democrat solicits your vote ask him how many Republicans he usually votes for when he goes to the polls. This will "hold him" a little while.

A wireless message has been sent from San Francisco Bay to a battleship near Boston. This method of crossing the continent was undreamed of a few years ago.

The Democratic ticket looks good to us from top to bottom. There is no reason why the straight ticket should not be voted for.—Democratic Indicator.

This will be a good thing for Republicans to paste in their hats, and show to the Democrats who ask them to give a candidate of that party a "complimentary" vote at the election next Tuesday. It will also remind you that, while the Democrats are voting straight, you can take a whole lot of pleasure in doing the same thing and then when the votes are counted the laugh will be on the other fellow, and not on you. See?

HERE is the Republican ticket as it will be printed on your ballot: W. D. Hinckley, President Judge. Joseph M. Morgan, Associate Judge. Sharp R. Maxwell, Prothonotary. Charles Clark, Sheriff. W. H. Harrison, County Commissioner. J. C. Scowden, County Commissioner. W. H. Brazee, County Treasurer. A. C. Gregg, County Auditor. G. H. Warden, County Auditor. J. B. Eden, County Commissioner. Roy S. Braden, County Surveyor. One cross (x) will vote it entire. Put that cross in the square to the right of the word "Republican" and feel that you have done your duty to your party.

Support the Whole Ticket.

The present election is one of vast importance to the citizens of Forest county and to the 37th Judicial District, of which we form a part. For President Judge of this judicial district the Republicans present the name of Hon. W. D. Hinckley, an able and conscientious jurist and one that has proven himself since his appointment to the bench to be eminently qualified for the important position. He impresses the citizens of the district with the thought that they have made no mistake in the selection of their candidate, and he will be elected. The Republicans of Forest county present to the voters of the county a splendid ticket from top to bottom. They are all men that can be relied upon to care well for the interests of the whole people, men that are acquainted with the needs of the citizens of Forest county, and can be implicitly relied upon to give to any and all citizens a fair and impartial consideration of any and all questions that may present themselves in the various offices to which they aspire. When elected they will esteem themselves the servants of the whole people, and their names are a guarantee that the whole interests of the county will be guarded well without fear or favoritism. We present them to the voters of Forest county in all confidence that all that is said will be more than verified.

We insist that the Republican party must not get away from the old first principles as promulgated and enforced by Lincoln, Garfield and McKinley, namely, equal and exact justice to all men, for this is and has been our tower of strength. We insist that the party today should be united upon this great foundation; great because upon it our country has prospered and our people become a happy and contented people and our nation has become a world power. It is true that evils have crept in upon us in the shape of corporate greed, railroad discrimination, rebates, etc., but under the principles laid down by President Roosevelt and endorsed by President Taft and his administration, this can all be remedied inside of party lines. We urge upon the Republicans of Forest county that to bring about these reforms requires fidelity to the principles of the Republican party. The conditions in Forest county are encouraging in many respects. Our labor is all employed at fair wages, our mills are running, our agricultural conditions are improving, and crops are fairly good. The cost of living is high, it is true; more so, perhaps, than the situation would warrant. This is caused principally by short crops in this and other countries, and partly by speculation and combinations controlling the necessities of life. These latter evils can and will be eradicated in due time by the Republican party, not, however, by performing miracles, but by the enforcement of the laws governing these cases which are now well under way, and by the enactment of more drastic laws to govern the same. We confidently anticipate the election of our whole ticket and call upon the electors of the county to assist in the good work.

C. A. RANDALL, Chairman.

There is a blind girl in the Memorial Home, in South Brookville, named Susie (her other name we do not know), who can thread a needle almost as quickly and readily as one who can see. She places the needle and thread in her mouth and does the work with her tongue. It is most interesting to see her do this feat and it is surprising to see her sewing although entirely blind.—Democrat.

Thanksgiving Day, November 30.

President Taft has issued his annual Thanksgiving proclamation as follows: "The people of this land, having by long sanction and practice set apart towards the close of each passing year a day on which to cease from their labors and assemble for the purpose of giving praise to him who is the author of those blessings they have enjoyed, it is my duty as chief executive to designate at this time the day for the fulfillment of this devout purpose. "Our country has been singularly favored in many ways. The round of the seasons has brought rich harvests. Our industries have thriven far beyond our domestic needs, the production of our labor are daily finding enlarged markets abroad. We have been free from the curse of pestilence, of famine and of war. Our national councils have furthered the cause of peace in other lands and the spirit of benevolence has brought us into closer touch with other peoples, to the strengthening of the bonds of fellowship and good will that link us to our comrades in the universal brotherhood of nations. "Strong in the sense of our own right and inspired by as strong a sense of the rights of others, we live in peace and harmony with the world. Rich in the priceless possession and abundant resources wherewith the unstinted bounty of God has endowed us, we are unselfishly glad when other peoples pass on to prosperity and peace. That the great privileges we enjoy may continue and that each coming year may see our country more firmly established in the regard and esteem of our fellow nations is the prayer that should arise in every thankful heart.

"Wherefore, I, William Howard Taft, President of the United States of America, designate Thursday, the thirtieth of November, next, as a day of thanksgiving and prayer, and I earnestly call upon my countrymen and upon all that dwell under the flag of our beloved country, then to meet in their accustomed places of worship to God and to offer praise to Almighty God and devout thanks for the loving mercies He has given to us. "In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Chicago, this 30th day of October, in the year of our Lord one thousand nine hundred and eleven, and of the independence of the United States of America the one hundred and thirty-sixth." BY THE PRESIDENT. P. C. KNOX, Secretary of State.

It is Human; That's It.

The Pittsburgh Dispatch is to be congratulated on securing the right to publish "The Prodigal Judge," as a serial. It is one of the few novels that every one likes to read. "The Prodigal Judge" is the sort the men enjoy as well as the women. Here are just a few extracts from what some of the critics say about it. Read them and you will want to read the novel, too. They say, "It is one of the most fascinating, human and original novels that an American author has turned out in many a long year." "It is a companionable book." "It is a novel truly American." "It is a book of redemption." "Oh, where justice takes its inevitable course." "A book where mercy opens the road to regeneration." "A book rich with the ripest humor." "A story of dramatic thrills, of stirring and laughable scenes," etc. Read this great story now that you have the opportunity. The opening chapters will be published in The Pittsburgh Dispatch on Wednesday, November 1. Tell your newsdealer to get it for you, and tell your friends to read it. It is a great novel.
