

Election Aftermath.

The official figures of the recent election are given in tabular form in the Republican today, and a study of the figures is quite interesting. Judge Hinckley, whose name was on both the Republican and Democratic ballot, received 815 votes from the former and 149 from the latter party. His Prohibition opponent has 299 votes. For Associate Judge Jos. M. Morgan, Republican, leads with 686 votes to 440 for F. E. Allison the Prohibition candidate, and 421 for Judge Hill, Democrat. Sharp Maxwell, Republican, for Prothonotary, received the largest vote of any candidate in the field, 1073, against 218 for K. R. Morrison, Prohibitionist his only opponent. For Sheriff Wm. H. Hood, Democrat, leads his Republican opponent, Charles Clark, by the narrow margin of 12 votes, thus making him one of four Democratic sheriffs elected in Republican counties in this end of the State, McKean, Mercer and Crawford counties electing Democrats. For County Commissioners Messrs. Harrison and Scowden, Republicans, and McClellan, Democrat, lead, Wm. Blum, the other Democrat falling 96 behind McClellan. For County Treasurer W. H. Braze, Republican, leads his Democratic opponent, J. H. Russell, 152 votes. Both these candidates received flattering support at their homes, Kelleitville and Marienville. For County Auditors, A. C. Gregg of Brookston and Geo. H. Warden of Endeavor, Republicans, were re-elected, with S. Van Shields of Clarion as the Democratic member of the board. J. B. Eden and A. M. Moore are respectively the Republican and Democratic Jury Commissioners. Roy S. Braden, Republican, of Clarion, will be the new County Surveyor, leading his Democratic opponent, D. W. Clark, 156 in the vote getting. The two constitutional amendments were almost lost in this county, and only a trifle more than a hundred votes being cast on the question, pro and con. The largest Socialist vote cast was for W. F. Weingard for Auditor, 225, and the smallest was for J. E. Whitmore for County Commissioner, 159. A study of the table would indicate that in the two leading parties little more than 50 per cent. were straight ballots.

Official Vote of Forest County Cast at the General Election November 7, 1911. Dr. Becht May Leave Clarion Normal. Word has been received at Clarion that the secretaryship of the State Board of Education has been unanimously tendered Dr. J. George Becht, Principal of the Clarion State Normal. He will in all probability accept. Dr. Becht has been at the head of the Normal for the past seven years and under his administration the school has had a marvelous growth. In 1903, his first year, there were sixty-two students presented to the State Board of Examiners and in 1911 four hundred fifty students were presented to this Board. During the period that he has been at the head of the institution, all of the buildings have been practically remodeled, a new dormitory costing \$75,000 has been built, and the school is generally recognized as standing for honest and thorough work. The student body is intensely loyal to Dr. Becht and all those who come to finish the course and those who come for a spring term only—all yield to his superior leadership and give due honor to his worth. Trustees, faculty and students are cognizant of the honor which has come to him and they feel that with his characteristic energy and splendid executive ability he is the man for the place; but it is with profound regret and a feeling of great personal loss that they learn of his contemplated removal to the new field. Governor's Proclamation. Governor Tener has issued his Thanksgiving Day proclamation as follows: "During the past year the Supreme Ruler of the universe showered abundant blessings upon our State and Nation. The earth yielded her increase in response to the labors of the husbandman. Workmen found employment; trade and commerce advanced; the arts and sciences made commendable progress, and the beneficent influence of education, religion and charity were felt throughout the Commonwealth. The blessing of peace with all the world has been ours in the largest degree. The Lord has shown us untold mercies and blessed our people with a large measure of health and happiness. "It is characteristic of devout and fervent hearts to acknowledge dependence upon Him and to express gratitude for all that He has bestowed upon mankind. Our forefathers have handed down to us the pious custom of setting apart each year a special day for thanksgiving and prayer. "In accordance with this venerated custom, I John K. Tener, governor of the Commonwealth of Pennsylvania, do hereby designate and set apart Thursday, November 30, 1911, as Thanksgiving day, and earnestly request the people of the Commonwealth on that day to lay aside all worldly pursuits and to enter their several places of worship in sincerity of heart for the purpose of giving thanks to Almighty God for His mercies and blessings, earnestly beseeching Him for a continuance of His Almighty favor. Cherry Grove. Mrs. Logan and children are guests of her parents, Mr. and Mrs. Wm. Cole, Sr. Mr. and Mrs. Herbert Rowley of Warren visited her parents, Mr. and Mrs. Christ Johnson, Sunday last week. Wm. Pope lost his cow Sunday evening, Oct. 5. Death is supposed to be the result of something she had eaten. The cow was giving milk. L. C. Hanson reports two more missing. Henry Farnsworth is home from his work at Nansen. A derrick blew on him and broke his arm above the wrist while he was at work, compelling him to abandon his work for a while. Miss Myrtle Nelson is home again. Mrs. Johnson is putting a new roof on her barn. Orda Vandenberg went to Mayburg, where he expects to find work, Monday. Mrs. John Rudy and baby are visiting her aunt, Mrs. H. Deshner, a few days. Mrs. Rudy is from Mayburg and staid with her aunt here previous to her marriage. Looking over the list of new subscribers printed in the REPUBLICAN we fail to see those persons' names who were so anxious to see our news in this paper. No further excuse for failing to send in your subscriptions. (We trust the friends alluded to in this item will "catch on" without delay.—Ed. REP.) Simon Allaire Jr. is working for James Cousins in Mayburg, dressing tools, a few days. Miss Ollie Vandenberg is in Porkey, a few days this week. Louis Allaire went to Mayburg Wednesday. Another bear of extraordinary size was killed near here Wednesday by two hunters from Titusville. All these bears, this makes the fifth, have been taken from about the same place, an old mill site, commonly known as Hall's Mills. Dr. Willard passed through here Thursday. Mrs. Simon Allaire drove to Sheffield Wednesday. Ralph Martin, the hub man from Tidouche, was in town on business, Wednesday. So far as is known, our town went Republican at the last election. Mr. Rush, of Pittsburg is here hunting a few days. We hope he may be able to capture some big game. —Last Friday negotiations were completed for the purchase of the Argeon farm, at Prentice station, on the Valley road, about midway between Oil City and Franklin, by Hon. J. C. Sibley, from Robert G. Lambertson. The consideration is private. When asked to what purpose he proposed to devote the well known estate Mr. Sibley stated it was his intention to conduct a model farm. It is known he has a number of schemes along agricultural lines and no doubt he will devote considerable time to demonstrating these with the assistance of Venango county soil. Mr. Sibley is no novice along agricultural lines and for many years has taken a great interest in this industry. There is no doubt he will carry out his scheme in developing the Lambertson property into one of the most up-to-date farms in this section of the country.—Blizzard. "There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Davidson, of Lexington, Miss. For sale by all dealers. Thought Reading. "Can I see you apart for a moment?" "You mean alone, don't you?" "Exactly. I want the loan of a fiver."—London Hystander. —Is your husband cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers.

Medical Inspection of School Pupils. The three hundred thousand girls and boys in the third and fourth class school districts of Pennsylvania are to undergo medical inspection by physicians under the directions of the State health board within the next two or three weeks. All the preliminary arrangements for the work of this inspection have been completed by Dr. Samuel G. Dixon, commissioner of health, and within the next week, according to dispatches from Harrisburg, the actual work will begin throughout the 821 boroughs and 460 townships which are made subject to the inspection under the act of Assembly passed by the recent legislature. It will take the 500 physicians who will be appointed for the task about two weeks to complete the work in the field. When this is done all the reports will be sent to the Department of Health where they will be studied and wherever a record is found of a child who is deficient in sight, hearing or otherwise in need of attention, the parent will be notified by the commissioner. In no instance will the doctor making the inspection communicate direct with the parents. This will be done by Dr. Dixon, through the teachers, who will receive a duplicate report which they are required to keep until the end of the school year. The first step in the examination of the pupils will be an identification record giving the name of the teacher, location of the school, age, sex, color and nativity of the pupil. All of which will be entered on a card. The examination will be made in the school room and when they so desire the parents or guardian may be present. The pupil's vision will be tested by the use of Snellen's chart and the degree of impairment if any noted. This will be followed by hearing tests, breathing tests and an examination of the cervical glands. Skin diseases, nervous disorders, quarantinable diseases, deformities and the general nutrition of the child all are to be considered. In making the examination no clothing will be removed and in looking at the teeth and tonsils the physicians will use a separate wooden tongue depressor for each pupil. In addition to the examination of the pupils the medical inspector will make a thorough report on the sanitary conditions of the school and its surroundings. This will be most complete as to details. The water supply will also receive attention, as will also the method of serving it to pupils in the school rooms. STATE OF OHIO CITY, OF TOLEDO, 188. LEUCIN COUNTY, FRANK J.
