—The farmers in this section are somewhat belated in their farm operations on account of the backwardness of the season. Very little ground has been prepared for the sowing of oats, and other crops, especially potatoes, will be delayed in the planting if this wet weather continues much longer.

—With two sawmills in operation within a radius of a mile of Tionesta sawing lumber from logs furnished largely by farmers, and with about twenty-five thousand railroad ties now piled on the docks at the depot, also brought in by farmers mainly, it looks as though the lumber and the business in this section would be neverending, timber of this nature seeming to be almost inexhaustible on account of its rapid growth. It makes business lively and provides a nice revenue for the farmer who has taken care of his woods lands, keeping out fires, etc.

—The evening of music at the M. E. church Saturday evening furnished a delightful entertainment to a large audience and there were many expressions of approval of the efforts both those who performed and those who directed. A nice sum was realized for the junior department of the Sunday school.

Miss Grove, of Tionesta, was off duty three weeks, returning to school last week, and Miss Beatty, of Franklin, is now going through her seige.

—While the Thomas Brothers were sawing a large cherry log a week or more ago at their mill on Smoky Hill, they cut into a large jackknife blade which was imbedded in the log to a depth of seven inches, showing that it had been left sticking in the tree many years ago. —A report from the hospital that Dale Kightlinger, the West Hickory lad who was so seriously injured recently while attempting to jump on a moving freight train and fell under the cars, is to the effect that he is getting along nicely although it will be some time before he will be well enough to be removed to his home, and he will be minus one foot.

—The parents of little Theodore Morton, who was drowned in the Allegheny river near his home in Salamanca, N. Y., April 16th, have offered a reward of \$50 for the recovery of his body. Fishermen and others, whom pleasure or business calls to the vicinity of the river, are urged to keep a close watch for the remains of the lad, as he may have floated down the stream many miles.

The Salmon Creek Lumber Company at Kellettville has just received a big order from the United States government which calls for 4,977 sticks of hemlock. This order is for the Panama Canal it is understood. In filling the order more than a million feet of timber will be cut.

—By notice in this paper it will be seen the Borough Council offers a reward of \$25 for evidence sufficient to convict the persons who destroyed the danger sign at the Tabbs run bridge. This sort of thing is vandalism of the meanest sort, for which there is absolutely no excuse or reason, and it is to be hoped the authorities may be able to catch the guilty culprit, and mete out such punishment as will be a lesson to the perpetrators of such cowardly meanness.

—In Essex county, New York, two villages have been swept by a reservoir that broke its dam. The people were saved by a heroic telephone girl. Instances of this kind of disaster will take place as long as dams are built above dwelling places so as to create a danger of that kind. To allow any more such dams to be built is a kind of idocy of which no people ought to be guilty.—Franklin News. Idocy is too mild a term. Nothing short of "criminality" fits the case.

Andrews murder trial from Warren county, says that the trial will start in Erie Wednesday, May 15. At this meeting officers for the coming year were elected as follows: President, Mrs. A. C. Brown; first vice president, Mrs. J. H. Derrickson; second vice president, Mrs. J. F. Inel-Corl.
On Tuesday afternoon at three o'clock in the Presbyterian church, Tidoute, Pa., the marriage of Miss Emma Catherine Corl, of Tidoute, and Mr. William Curtin Inel, of Tionesta, was solemnized in the presence of about one hundred invited guests. Miss Anna Grandie presided at the organ and promptly at three o'clock began the wedding march by Mendelssohn. The wedding party came down the aisle preceded by the ushers, H. E. Clarke, F. A. Shaw, C. A. Ulf and R. W. Smutz. These were followed by the bridesmaid, Miss Anna Martin, the flower girl, Miss Leah Anabel Senger, and the bride. They were met at the altar by the groom, the best man, Harry T. Klinefelter, and Rev. S. F. Marks, who performed the marriage ceremony. The beautiful ring service being used. The bride was beautifully gowned in embroidered French voile, trimmed in Spanish hand-made lace, and carried a shower bouquet of white sweet peas. The bridesmaid's gown was white batiste trimmed in Cluny lace, and she carried an armful of pink sweet peas. The flower girl was daintily dressed in white with pink sash, and carried a basket of pink carnations. The church decorations were simple but very beautiful, palms and ferns being used.

A reception was held in the church parlors following the ceremony, the color scheme of the decorations being prettily carried out with pink and white flowers. Covers were laid for eleven at the bride's table, which presented a very charming appearance with its centerpiece of a basket of pink and white roses and larkspur, the favors of spring flowers, and hand-painted place cards. The refreshments were served.

The gifts were many and valuable, consisting of silver, cut glass, linen, china, etc.

The bride is one of Tidoute's choicest daughters, while the groom is well and favorably known in both Tidoute and Tionesta, holding positions of honor and trust here. Mr. and Mrs. Inel left on train 33 for a trip to Washington, D. C., and other eastern cities. They will reside here.

Town Council of Tionesta Borough.

Kellettville.

Mrs. E. Wilson was a business visitor in Warren Monday.

While at work on log train No. 10 Tuesday Mr. Kline, one of the workmen, fell under one of the cars and the wheel ran over one limb, fracturing the bone. He was brought to town and put up at the boarding house, where he received medical attention and is improving as well as could be expected.

Clarence Jenkins' family are again under quarantine. Four members of the family were taken with scarlet fever during the week, but it was of such a mild form that they were only sick for a few days. They have been most unfortunate this winter, being once before under quarantine, and having other sickness in the family nearly all the time, but we wish for them brighter days in the future.

Kenneth Babcock is the latest victim of scarlet fever, coming down with the disease Saturday. While it looked as though he would have a more serious attack than the others at first, he has taken a turn for the better already and is expected to get along without any further trouble.

George Klinefelter was a business visitor in Erie during the week.

There will be a Sunday school rally in the M. E. church on Tuesday afternoon and evening, May 7th. Rev. Forsythe, one of the State workers, will be present and fill part of the program at both sessions. There will also be special music and several essays and papers by local talent. All are cordially invited to attend.

M. D. Spencer has added a new kitchen to his residence in town during the week.

Mrs. Wilkins and daughter, Mrs. O. L. Orcutt, and little daughter Gladys, are visiting the former's daughter near Butler this week.

The Mayburg dramatic club again presented the Prisoner of Andersonville to a full house in Johnson's hall Saturday evening. The music was a prominent attraction of the evening.

Mrs. J. Shaler will take up housekeeping at her home again this week. Joseph Wolfe, who has occupied her house the past winter, will move to Hunkey Row.

A number of our people were out fishing Saturday, but with the exception of several good-sized trout secured by Rev. Frampton, the reports show that the fish did not suffer much inconvenience from their would-be captors.

W. S. Hendricks and Dr. C. Y. Detar have been trying out their autos during the week, but the roads are too rough yet for much speeding.

H. E. Gillespie is having some improvements put on his home below town. He is raising the roof, fitting the house with large windows and glass doors and building new porches.

Mr. and Mrs. G. R. Johnson were Sheffield visitors over Sunday.

The League being disappointed in the last number of their lecture course, are in communication with another company which they hope to have fill this number. It will be a greater expense to the League to secure the troop they are negotiating for, but the committee are willing to sacrifice any profit that they may not dispart the ones who hold season tickets. If they cannot secure a suitable substitute they will refund the money for the number.

The high school and the town boys had another battle on the ball ground Saturday afternoon, but while the former play good ball for the time they have had in practice, they are not able to cope with the others and met with another defeat.

Prof. Strawbridge and Evan Morrison of Marienville were visitors in town Saturday.

Mrs. W. L. Watson visited her sister at North Warren several days during the week.

Janis Spencer is suffering with the quincy.

Mrs. John Sizle has returned from Nebraska where she had been nursing for the past three weeks.

Clark Watson has moved into the house vacated some time ago by J. M. Ault.

Additional Train Possible.

The Franklin Herald says that cottage owners up the Allegheny river and residents of the eastern end of the county are going to unite in a prayer to the Pennsylvania railroad for additional train service on the Salamanca branch of the road from June 1 to September 1. Petitioners looking to the attainment of such a service are now circulating and are being generously signed. The main thing the petitioners are asking for is a train going up river as far as Irvinet at 5:10 in the evening and returning at 8:20 the following morning and the changing of the time of the present afternoon train up river from 4 o'clock to 3 o'clock. The petition asking for the additional train and the change in time of another will be sent to the Pennsylvania railroad in a few days. It is argued by the petitioners that the schedule they ask for would be profitable to the company inasmuch as it would be sure to be liberally patronized by cottage owners, summer travelers and residents of the far eastern end of the county alike. With the present schedule it is impossible for a resident of the extreme end of the county to come to Oil City and do shopping, transact court business at Franklin and get back home the same day. At present the train from the river does not arrive in Oil City until 11:50 a. m. and departs at 4 o'clock. This does not permit of ample time for the transaction of business in both towns and it is believed that if the new arrangement goes through it will be a boon to all parties concerned.

—Through his attorney, Geo. B. Munn, Frank Sestido entered suit against the Pennsylvania Railroad Company for injuries received while in the employ of the railroad company as a section hand on Allegheny Valley division near West Hickory, says the Warren Times of the 24th inst. On the 24th of October, 1910 it is alleged by Sestido, that he is in company with other members of the section gang were riding on a hand car near West Hickory when an extra freight train came in sight and the men on the hand car had just time enough to jump off. Sestido claims that he was struck by the hand car when it was thrown off the track by the locomotive and that he suffered an injury to his back and internal injuries. He claims damages in the sum of \$5,000.

The substantial farm dwelling of John Bean, in Hickory township, three miles above Endeavor, was totally destroyed by fire, together with most of its contents, last Saturday afternoon, only a few of the household goods being saved. Mr. Bean carried no insurance and his loss will be several hundred dollars. We were unable to learn the origin of the fire.

RECENT DEATHS.

Dr. Edward William Smith, for many years a resident of Whig Hill, this county, died at his home Sunday afternoon, after an illness extending over a period nearly a year. Dr. Smith was born in Crawford county about 75 years ago, and has been a resident of Forest county for upward of 30 years. He began the practice of medicine in 1866 but had also given much of his time to farming. He was married four times, and his last wife survives him, together with two sons and one daughter, Charles of East Hickory; George, whereabouts not known, and Mrs. DeFalt residing in Erie, Pa. Funeral services will be held at her late home this afternoon at 2 o'clock, with interment in what is known as the Kifer cemetery.

M'CREA.
Samuel P. McCrea, well known to many of our readers, died at his home in Oil City Saturday, very suddenly of apoplexy. He was born at Eggle Rock, Sept. 17, 1853, being a son of the late Hugh McCrea, whose father, Patrick McCrea, was a pioneer at Eggle Rock and the only white settler in the Allegheny valley between Warren and Franklin. Mr. McCrea had resided near the old homestead until about 11 years ago, when he moved to Oil City. He was a man of kindly disposition and quiet manners, and retained the high esteem and respect of all who knew him. Besides his wife he is survived by Mrs. Joseph M. O'Hern and Beulah, daughters, and Hugh and Clarence McCrea, sons, of Oil City, one brother and three sisters: John W. McCrea, Reno, Pa.; Mrs. H. Dykles, Reno, Pa.; Mrs. P.
