 —Lowe & Co. shot a fine well Thursday on the Baird lease, Dawson run, and during the first eighteen hours it was pumped the well made 107 barrels of oil. It has since been doing better than 75 barrels per day and the owners expect it to settle down to a 20-barrel well.  
 —Evan Morrison, son of former county commissioner James H. Morrison of Marienville, has signed as pitcher with the Pittsburgh team of the United States league. The young man is less than 20 years of age and bids fair to develop into one of the fast bowlers of the country.  
 —E. B. Catlin has purchased the W. T. Hart property on Main street, and Mr. Hart has purchased two lots on South Center street and has broken ground for the building of a handsome new residence.—Sheffield Observer. Both these gentlemen were formerly residents of Forest county.  
 —James Caulfield & Co., drilling on their Holeman run lease, near Hunter station, shot what they consider will make a nice producer, last Thursday. They have two other wells which they expect to hook up with a "power" soon. The last well seems to indicate the direction of the pool and another will be started shortly.  
 —The town of Sandy Lake was visited by the worst fire in its history last Saturday, nearly two blocks of buildings on Main street being destroyed. The property loss is placed at \$75,000, with about half that amount of insurance. Franklin went to the rescue with a steamer on a special train and did much toward placing the fire under control. Among the buildings burned was the Feathers building, famous on account of its peculiar style of architecture, and which cost \$22,000.  
 —A woods fire of considerable proportions kept the citizens of Harmony township quite busy for several hours Saturday afternoon in trying to check its progress. Some unknown vandal set it going out near the farm of Jacob Wagner and it raged till late in the night before it was gotten under control. One would hardly believe that a fire would run in the woods at this season with vegetation so far advanced, but with the ground rubbish as dry as tinder it makes the worst kind of fire to subdue, as the young green leaves quickly crisp up and burn, making the smoke so dense and pungent as to make it almost impossible for human effort to accomplish much against it. A hot fire in the early spring, before the leaves are out, is easier to fight against than the smoke and sandage caused by green leaves and woods verdure.

—Dr. and Mrs. J. B. Higgins, accompanied by their daughters, Virginia and Mary Alice, of Oil City, departed Sunday for a 10-day visit at Atlantic City, where the doctor will attend the convention of the American Medical association. Miss Mary Alice Higgins lately returned from Miss Bristol's school at Washington, D. C.  
 —The lectures to be given by the Rev. Dulon Edwin Finks, of New York, in the Presbyterian church on Thursday and Friday nights of this week, promise to be above the ordinary and should be attended by all who enjoy an evening's entertainment. He will talk on "The Mission Fields of the South and West." All cordially invited to attend.  
 —W. A. Showman, former owner of the Courier, has been engaged as editor and manager of the Stockman's Journal of this city, and commenced his duties this week. Mr. Showman has been in the newspaper game too long to feel at home away from the smell of printer's ink, and here is wishing, and predicting, that he makes a success of the work—the same old work, only a little different.—Courier, Oregon City, Ore.  
 —Orlo Stroup, gauger for the Wiburline pipe line, and living at pump station at Peters run, was taken to the Warren Emergency hospital Monday afternoon by Dr. Dunn to be operated upon for appendicitis. The operation was successfully performed yesterday evening by Drs. Robertson and Dunn, and although the case was considerably complicated the patient's recovery is looked for, which Mr. Stroup's many friends hereabout will be glad to learn.  
 —The commissioners of Erie county are engaged in counting what the recent retrial of J. M. Andrews for the murder of Emilie Amann will cost Warren county taxpayers. The first trial cost the county \$12,000, and it is expected these figures will be at least duplicated. The commissioners are deciding a close point in connection with the jurymen. More than 100 were called on the panel and the commissioners are figuring as to how many of these should be paid by Warren county. For the first three days two courts were running.  
 —One day last week while playing near the river bridge some boys picked up a monster fish of the pike species that had evidently been dynamited. When found the fish yet showed signs of life. It measured 3½ feet and would weigh close to 20 pounds—surely a beauty. A river which holds such magnificent specimens of game fish ought to have better protection from the dynamite than the grand old Allegheny gets, and doubtless it could have if the well paid fish wardens were made to earn their salaries, instead of spying around trying to catch some bare footed boy with a few undersized trout.  
 —Following were among the relatives who attended the burial of the late William Hood here on Monday: Mr. Seth Hason and Samuel Thompson, Utica; Oscar Hood and daughter, Philadelphia, Cochranton; John Coffield and son Harry and Mrs. Cora Crawford, Franklin; Amos Cooper, Valencia; Mrs. Geo. McNamara and Mrs. Clara Hayden, Geo. City; Miss Myrtle Andrews, Youngsville; Mr. and Mrs. J. G. Carson, Mr. and Mrs. Fred Carson and Amos Carson, West Hickory; Mr. and Mrs. William Walters, Mrs. Byron Walters, Mr. and Mrs. John Knapp and Mrs. Geo. McGown, Nebraska; Mrs. Peter Hepler, Irvineton.  
 —The state of Pennsylvania is now in charge of the main roads of this and other counties of the state named in the Sprout roads law as the main thoroughfares of the commonwealth, this having gone into effect June 1, Saturday. The few exceptions are the toll roads which have been kept up by private corporations and which are not in need of repairs at this time. The state authorities will now be responsible to the county commissioners for keeping up the main roads between this borough and Oil City, Clarion, Ridgway, Sheffield and Warren, according to the understanding of the general public as to the reading of the law. And if this interpretation is correct it strikes the average citizen that something more than surveying crews will have to be put to work on the state roads, many of which are in a condition bordering on the impassable. The counties of the state have been divided into districts and sub-districts, each of which will have a superintendent. Whether Forest county has been bunched to a district with some other county we know not. At any rate we have heard of no appointment being made to the county.  
 —Although Memorial Day, Thursday, opened threateningly, the clouds rifted toward noon and the weather was ideal for the occasion. The program as adopted by the Post and Corps was carried out to the letter, the attendance of citizens of the borough and surroundings being quite large. Riverside cemetery, where the exercises of decoration took place, never looked prettier, having been thoroughly beautified for the occasion, and lovely flowers were in evidence on every hand. The veterans were escorted in their line of march by the Relief Corps and Sons of Veterans wearing badges, a good martial band furnishing the musical inspiration. Following the impressive services over the graves of the fallen heroes, the assembly marched to the court house where Rev. W. S. Burton, orator of the day, delivered a splendid address, brimming with patriotic sentiment and eloquent reference to the achievements of the brave boys in blue in the dark days of '61-'65. Of those present in the line of march the following veterans were noted: John Carl, B. F. Felt, George Swab, S. D. Irwin, Samuel Pryor, R. B. Crawford, S. N. Flowers, W. W. Walford, Peter Lodal, Alex. McCalmont, J. B. Eden, D. W. Clark, J. A. Small, Wm. Lawrence, Daniel Walters, James Johnston.

 —It is now well known that no more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.

**Recent Deaths.**

**BURDICK.**  
 Nathan Burdick was born in Cattaraugus county, N. Y., Sept. 9, 1827, and died at the home of his daughter, in West Hickory, Pa., June 4, 1912. He came to this section when a young man and shortly after was united in marriage with a Miss Patterson, of Whig Hill, who preceded him to the grave about 18 years ago. Thirteen children were born to this union, eleven of whom survive, as follows: Robert of Henry's Mills, William of Tionesta, Albert of Hastings, George and Charles of Endeavor, Mrs. George Whitton of Allegheny township, Venango county, Mrs. Charles Southworth and Mrs. Frank Bean of Washington state, Mrs. Amos Chambers and Mrs. Rose Mesmarah of East Hickory, and Mrs. W. W. Higgins of West Hickory.  
 Mr. Burdick followed lumbering for the most part during his residence in this county, until his health broke down about sixteen years ago, since which time he had made his home with his children. He was a man of quiet disposition, respected by all who knew him and highly esteemed as a friend and acquaintance. Mr. Burdick was a civil war veteran, having given four years of honorable service in defense of his country.

**BONNER.**  
 Miss Mary Bonner, for many years a resident of Tionesta, died at 8:20 o'clock, Thursday morning, May 30, 1912, at the home of Mr. G. W. Robinson. The deceased was the daughter of Jeremiah and Margaret (MacCollum) Bonner, and was born in Kittanning, Pa., January 28, 1842. She was the third child in the family of four children born to Mr. Bonner's first marriage, and the sole survivor. The others were, Mrs. J. C. Cornwell, late of Stoneboro, Pa., William Bonner, and Mrs. G. W. Robinson, late of Tionesta. The children of the second marriage were: Alexander Bonner, of Stoneboro, deceased; Mr. Charles Bonner, of Chicago; Mrs. John P. Hines, of Stoneboro, and Mrs. Benjamin W. May, of Chicago. Miss Bonner's early years were spent in Maboning, Pa., and in the early 70's she came to Tionesta with the family of Mr. Robinson, where she had since made her home. Of a quiet disposition and being an invalid for many years, she lived a retired life, in her declining years being tenderly ministered unto by her niece, Mrs. James H. Kelly. She suffered a stroke of paralysis over a year ago but had recovered sufficiently to be about the house until a few weeks ago. The funeral services were held at ten o'clock, being conducted by Rev. H. A. Bailey, of Tionesta, assisted by Rev. J. F. Scherer, of Endeavor. Interment was made in Riverside cemetery.

**HOOD.**  
 William Hood, Esq., the oldest male resident of Tionesta and one of the last remaining of the early settlers and business men of Forest county, died at the home of his daughter, Mrs. R. L. Haslet, in this place, on Saturday, June 1, 1912, at 3:30 o'clock p. m., of infirmities of old age. He had reached the advanced age of nearly 85 years, and remained quite active and unusually well, for one of his years, up until a week ago, when he became seriously ill.  
 It was hoped by his many friends that he might rally from this attack, as the aged veteran made a brave fight for life, but these fond desires were disappointed by the last summons. He was a familiar and ever-welcome figure upon the streets of the village, and was venerated by all, remaining to the very last bright, cheerful, and hopeful and taking a lively interest in every public event. He was blessed with a vivid, retentive memory of the events of the early days in Tionesta and Forest county, and a natural faculty in relating such local history made him welcome everywhere and endeared him to those of this generation, so that he will be sorely missed by them.  
 William Hood was born near Utica, Canal township, Venango county, Pa., on January 10, 1828, and was the son of David and Elizabeth (Hasson) Hood, among the early pioneer settlers in that section. He was reared and educated in his native county, and when a young man came to Forest county, in April, 1848. He engaged in lumbering and in 1852 settled in Tionesta, continuing in the same business until 1877, when he retired and engaged in agricultural pursuits up until within a few years ago.  
 On August 28, 1855, he married Martha, daughter of Anthony Walters, of Clarion county, Pa., and has resided continuously in and near Tionesta ever since. He is the father of eight children, four sons and four daughters, six of whom survive, as follows: Mrs. James G. Carson, of West Hickory, Pa., Mrs. James H. Fones, Mrs. R. L. Haslet, Charles H., on the old homestead, William H., present sheriff of Forest county, and Samuel Tilden, all of Tionesta, Pa. He is also survived by one brother, John Hood, of Tionesta, and 17 grandchildren and four great grandchildren.  
 Mr. Hood was up to the time of his death the oldest living member of the local lodge of Odd Fellows, having been initiated into the local order September 13, 1851, more than three-score years ago. It is customary when a member of the lodge has been in good standing for a period of 50 years or more to present him with a badge of honor. This honor rarely falls to any member of the order, and when such badge was presented to the subject of this sketch less than a year ago, the attending ceremonies were highly impressive. At the regular stated meeting of Tionesta Lodge, No. 399, I. O. O. F., held on the evening of August 1, 1911, he was presented with the badge of honor, consisting of a 14 karat, solid gold jewel, representing the globe, with the word "Universal" on a scroll extending across the same. This is enclosed in a wreath of gold representing an olive-branch and is suspended by three links from a cross-bar, the number "69," set in diamonds, being suspended from the bar, indicative of the years of his membership. The reverse side bears the following inscription: "Presented to William Hood by Tionesta Lodge, No. 399, I. O. O. F., Initiated September 13, 1851, Pennsylvania, 55," the last number indicating that this was the fifty-third similar badge issued to members of the order in the entire State of Pennsylvania. Hon. S. D. Irwin made the presentation speech in eloquent language, and the recipient responded in appreciative words, that now seem prophetic: "This beautiful present represents you, my brothers, and it is you I cherish. It is for your sake I take

it and consider it one of the richest treasures it has been my good fortune to possess. And as the golden sun is setting and I see, just beyond a little way, my frail barque touching the golden strands of eternity, may the truth that makes men free shine brighter and better on the love and friendship that has bound our hearts together these many years."

The deceased was a member of the Tionesta M. E. church, having joined under the pastorate of Rev. F. M. Small, over 27 years ago. He faithfully discharged every trust, both private and public, committed to him during a long life time and, at the time of his death, was serving as a district member of the State Board of Health. In politics he took a leading part and was always a consistent adherent of Democratic principles, serving his party at different times as chairman of the county committee.  
 The funeral services were conducted by Rev. W. O. Calhoun, of Linesville, Pa., former pastor of the deceased, and Rev. W. S. Burton and H. A. Bailey, of this place, at the residence of R. L. Haslet, on Monday afternoon at 4 o'clock. At the conclusion of the service the interment was taken in charge by the Odd Fellows, and was made in Riverside cemetery, in conformity with the ritualistic ceremonies of the order.

**An Important Matter.**  
 The strong presentation to the Water Supply Commission of the sentiment in this locality against the granting of the charters to the water privileges of Tionesta creek and its branches, was instrumental in causing the applications to be refused. This work has now all to be done over again, as a similar application is to be made on June 6. As indicated by telegrams from Harrisburg, the announcement in the Derrick of the Commission had received that such a step was contemplated. It had been generally hoped that the matter had ended with the rejection of the first application, but the quick renewal of the scheme shows that the people back of it are determined to make every effort to obtain their object, which is to control the waters of this important stream for power purposes and divert them to supply their proposed plants on the Clarion river. Having obtained charters on the latter than it affords, and for this the Tionesta is best located. Having gained this the next step will be an application for a dam on the Allegheny river above Warren, so that its waters can be carried across the low divide at Clarion and Storeham into the Tionesta and thence into the Clarion. The completion of the scheme would be to leave the bed of the Allegheny, from Warren to Foxburg, practically dry. In summer there is little enough water in the channel. Oil City depends upon the river for its water supply, and this becomes very low in dry seasons, even with conditions as they now are. Reducing the flow more than half, and that half contaminated by the waste of manufactories and sewers from the towns, would be a menace to the health of the city too serious to be quietly considered. Oil City is therefore deeply interested in the matter from the standpoint of health alone, to say nothing of the danger to its lives and property from the proposed height of the dam which would be necessary. Every citizen of the Allegheny valley, from Warren to Foxburg, has an individual interest in opposing the scheme, and active efforts should be made at once to let the Water Supply Commission know that the sentiment against it remains unchanged. There is no knowing what representations may not be made by the applicants for the charters, and these must be met by the statements of our citizens. Letters should be written to the Water Supply Commission, Harrisburg, Pa. The chairman of this body is John Birkinbine, Cynwyd, Pa.; Frederic W. Flett, Scranton, is vice chairman, and Thomas J. Lynch, South Bethlehem, is secretary.  
 No citizen should neglect the duty of giving the Commission prompt information on the subject. The time in which to act is short, and it would be a wise move to have the city represented at the hearing on June 6.—Oil City Derrick.

**Former Forest County Girl Weds.**  
 The Tionesta Herald of May 30th gives the following account of the marriage of a young lady quite well known here, and whose parents for three years were Steward and Matron, respectively, of the Forest County Home: Miss Edith J. Paup, daughter of Mr. and Mrs. George Paup, of 21 East Main street, a most estimable and popular young lady of this city, and Clyde Eggleston, a trusted and respected employe of the Tionesta Iron company's boiler department, were married yesterday afternoon at 3 o'clock at the home of the bride's parents. Only the immediate relatives were present at the ceremony, which was performed by Rev. E. W. Morton, the impressive ring service of the Methodist Episcopal church being conducted. Miss Pearl Paup, sister of the bride, and R. D. Alcorn were the attendants. Following the ceremony and felicitations, a nicely prepared dinner was served. House and table decorations were of seasonable flowers and greenery prettily arranged. Mrs. Eliza Paup and daughter Ida of Tionesta were out-of-town guests. Mr. and Mrs. Eggleston left on the flyer last evening for Niagara Falls and other points of interest, after which they will take up their residence on North Martin street. The young people will have the best wishes of many friends for a long and happy life of conjugal felicity.
