He again imposed the lightest sentence possible under the law, which was \$20 each and costs, the

The fines and costs in these cases were promptly paid by the parties, amounting visiting the family of her son, Rev. W. In all to \$150.75, all of which, with the exception of the costs, goes to the state for

the use of the department of fisheries. While regretting that in the fulfillment of their duties some who can illy afford it must be distressed, Messrs. Albert and MacDonald declare that from hence forth the fish laws shall be rigidly enforced, and as fast as they can be caught violators will be prosecuted, to the end that all illegal fishing on the Allegheny river shall cease. This to apply to Sunday fishing as well as all other forms of violations.

#### Protest Against Tionesta Dam.

Editor Oil City Derrick: Notice to all property owners and citizens of cities, villages and farms located on the Allegheny river between Tionesta rille, and Ethel J. Douglas, of Endeavor, and Pittsburg, should be called to the Jone 13, 1912, regarding the charter for -Mr. and Mrs. A. W. Cook, who are incorporating a company composed of Mesars, W. H. Douglass, J. P. Fife and J. R. Paul, with a capital of the large sum of \$5,000,00 to build a dam on Tionesta creek for the purpose of furnishing power

to the surrounding counties. The object of the incorporators is a very good business proposition, but the con tinual danger to people living along the Allegheny river more than offsets any advantage which would be gained by cheap power and light. What would our property be worth in Oil City, should we have a disaster visit our valley such as happened to Austin last fall? How many of our shops and industries would rebuild in Oil City? What would the resulting blow caused by loss of life and property mean to Oil City? How many Oblo River R. R. Co., spent the week end of us working people would have to start all over again to save up enough to buy our homes?

Having seen the dam of the Bayles Paper Co., which caused such destruction in the Valley of Austin and Costello, and noting its smallness in comparison to the one proposed to be built on Tionesta east and left last Friday for Toronto, ers, taxpayers and men of families, should protect our homes and property by making a personal protest against the chartering of the company, the same to be mailed direct to the Water Supply Commission at Harrisburg at once. ### Fryburg Has a Disastrous Fire.

The Fletcher block with a frontge of 60 feet on Main street and two stories high and the residence of Dr. H. N. Hess at Fryburg, Clarion county, were destroyed by a fire of supposed incendiary origin early Friday morning. The larter building was owned by George A. Fletcher, who occupied the greater portion as a drug store. The other business establishments were John F. Smecker's barber shop and Albert Deitz's bowling aliey. Mr. and Mrs. Deitz occupied the second floor as living rooms, It was Elsie F. Brecht, both of Endeavor, Pa., about 2:30 o'clock in the morning that Mr. and Mrs. Deitz were awakened by the heat in their bed room and found the ceiling above them on fire. They ran out doors in their night clothing and gave

Practically all the community responded and men, women and children formed a bucket brigade. There is no fire fighting apparatus and the water supply soon ran short and as a result the business block and the Dr. Hess residence, one of the landmarks of the village and erected more than 50 years ago, were destroyed Some of the best furniture was removed from the Hess home before the flames reached it.
