LORIMER'S CLOSE CALL

Thrown into Road When Automobile Hits Pole.

En route to his home in Chicago from Washington former Senator William Lorimer narrowly escaped serious injury or death when, in trying to avoid a passing buggy, his automobile crashed into a telegraph pole near Clayville, Pa.

He and the two other occupants of his touring car were thrown to the ground. In the car were his private secretary and his chauffeur. Lorimer proved himself to be a hero, although painfully injured and mud-bespattered when he was thrown violently from his car. He jumped up and seized the reins of the horse, preventing it from running away and saving a farmer and his daughter in the buggy from probable injury. He held the horse until the farmer could jump from the buggy and take charge of the horse. Lorimer then collapsed and fell in the road.

NINE SWEEPED TO DEATH

Cloudburst Makes Run Overflow and Miners' Home is Carried Away. In a cloudburst struck the Jacobs Creek (Pa.) district nine persons were drowned. The family of John Raymond, a miner, including his wife and six children, was wiped out, only Raymond escaping. The mother and a brother of Mrs. Raymond also were drowned.

The family lived in an old log house on the banks of Barren run which overflowed and washed away the structure. The swirling water tossed Raymond into the branches of a tree. For twenty-four hours after the disaster the man's mind was a blank.

STATE POLICE IN DEMAND

Constabulary is Much Desired For Outdoor Affairs. If the state police force of Pennsylvania consisted of 1,000 work for every man could be found every day this summer just complying with requests for the aid of the troopers made by men interested in fair associations, camp meetings, old home week celebrations and other functions.

Applications for details of men for police work at such affairs are pouring into the office of the department at the capitol and some time two and three comes in a day. Pocket of Gas Ignites.

No. 5 mine of the Lehigh and Wilkes-Barre Coal company, near Wilkes-Barre, Pa., was the scene of a mine accident which cost the lives of three men, fatal injuries to another and serious injuries to three others. The explosion was caused by one of the miners firing a blast which ignited a pocket of gas.

Safe Crackers Do Bungling Job.

Four burglars cracked the safe in the office of the Superior Oil company, Pittsburgh. That they failed to obtain any loot was because the explosion attracted the attention of people in the neighborhood. Police were summoned and a running pistol fire with the men followed, but the cracksmen escaped.

Leaps From Train With Babe.

Seeing her father standing on the platform of the station at Oak Hill, near Pittsburg, Mrs. Eliza Bordick, aged twenty, with her one-year-old daughter in her arms, jumped from a passenger train and sustained a fracture of the skull. The infant was cut about the face.

Employs Knife and Fire.

After slaughtering her neck and throat three times with a butcher knife, Mrs. Simon LeVine, aged fifty-three, of Johnston, Pa., poured kerosene on her clothing and set fire to them. She died from the burns. Mrs. Levine had been mentally affected for the past four years.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Whig Hill.

Almost all of our people are busy at haying and some few are done. Wheat harvest is on. The hay crop was very light. In some fields the grass was very poor but in other a little provender they were gone over, for it was a case of necessity, as a little doodle of \$30 hay will look big in bossy's eye by next spring. The wet weather is here doing lots of good to potatoes, oats and new seeded ground but some seeding is past help.

Quite a large number of our young people will go to the Pleasantville camp meeting the coming Sunday. Theo. Barber shipped his goods away to the upper county, where he has employment. Mrs. Barber expects to go as soon as their goods get through. We hate to give up our neighbors, but this is a life of move and hustle.

The editor of the REPUBLICAN is kindly invited to attend the Whig Hill camp meeting, which commences August 1st. He will no doubt hear good preaching and get food for his soul, while we will try to do our part by giving him some good solid food for his stomach. Better come. [Thanks, we'll try.—Ed.]

E. N. Decker had a nice fat two-year-old heifer which went away some few weeks ago and did not return. Fred Rudolph, while tearing down his old house at Ross Run, heard strange noises and on going to the cellar found the heifer shut in. She had been in the cellar four weeks and two days. Mr. Rudolph let her out and she made a grab for some grass and ate a little, while we will try to do our part by giving him some good solid food for his stomach. Better come. [Thanks, we'll try.—Ed.]
